

Dear Letter Writer,

Dr. Anita Borg (1949 - 2003) devoted her adult life to revolutionizing the way we think about technology and dismantling barriers that keep women and minorities from entering computing and technology fields. Google's 2008 Anita Borg Scholarship is part of our ongoing commitment to further Anita's vision by encouraging women to excel in technology fields and become active role models and leaders.

Scholarships will be awarded based on the strength of candidates' academic background and demonstrated leadership. Since letters of recommendation are a key component in evaluating scholarship applicants, we would like to learn more about the applicant from you. Specifically, we'd like information in regards to the applicant's technical abilities, leadership skills, community involvement, and personal qualities.

Recommendation letters must be postmarked by Friday, February 1, 2008. Please use the following mailing address:

*Anita Borg Memorial Scholarship Program
Google Inc.

Thank you in advance for taking the time to write a recommendation for your 2008 Google Anita Borg Scholarship applicant.

Kind Regards,
Google Diversity Programs
