

# Google Apps Connector for BlackBerry Enterprise Server

## ABOUT GOOGLE APPS

Google Apps offers simple, powerful communication and collaboration tools for enterprises of any size in business, education, or government – all hosted by Google to streamline setup, minimize maintenance, and reduce IT costs. With Gmail (including Google email security, powered by Postini), Google Calendar, and integrated IM, users can stay connected and work together with ease, even in private domains. And, using Google Docs, which include word processing, spreadsheet, and presentation tools, they can share files and collaborate in real-time, keeping versions organized and available wherever and whenever users work.

## GOOGLE APPS CONNECTOR FOR BLACKBERRY ENTERPRISE SERVER

### System requirements

Windows 2003 Server SP2 (approximately 500MB of disk space per user) and BlackBerry Enterprise Server 4.1.6 Maintenance Release 5 or higher.

## Overview

Experience the benefits of Google Apps without interrupting the BlackBerry experience you're already accustomed to. With Google Apps Connector for BlackBerry Enterprise Server, IT administrators can integrate the Google Apps messaging suite with BlackBerry devices, letting business professionals use built-in BlackBerry applications for push-based wireless access to their Google Apps email, calendar, and contacts. IT administrators can continue to use BlackBerry Enterprise Server, while business users can continue to use their BlackBerry devices without interrupting productivity.

## Features

**Push email delivery and send** Messages sent from and received in your Gmail inbox are automatically pushed to your BlackBerry device within 60 seconds, keeping both inboxes up-to-date.

**Read/delete synchronization** Emails read or deleted on your BlackBerry device are marked as read or deleted in your Gmail inbox, and vice-versa.

**Folder/label synchronization** Select folders on your BlackBerry device to synchronize with labels in your Gmail interface.

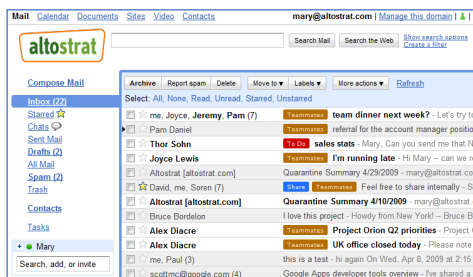

**Global address lookup** Search for and access email addresses and phone numbers for other users on your company domain.

**Calendar access** View your Google Calendar events and schedule from the native BlackBerry application, with one-way synchronization from your Google Calendar to BlackBerry device.

**Contacts synchronization** Contacts in your BlackBerry address book and in your Gmail account are automatically synchronized. Information added to Gmail is pushed to your BlackBerry device within 5 minutes, and vice-versa.

## Details

**Availability** Google Apps Connector for BlackBerry Enterprise Server is available free of charge to customers of Google Apps Premier and Google Apps Education Edition.

Wireless synchronization between your BlackBerry and Google Apps account
