HOW WE DID IT

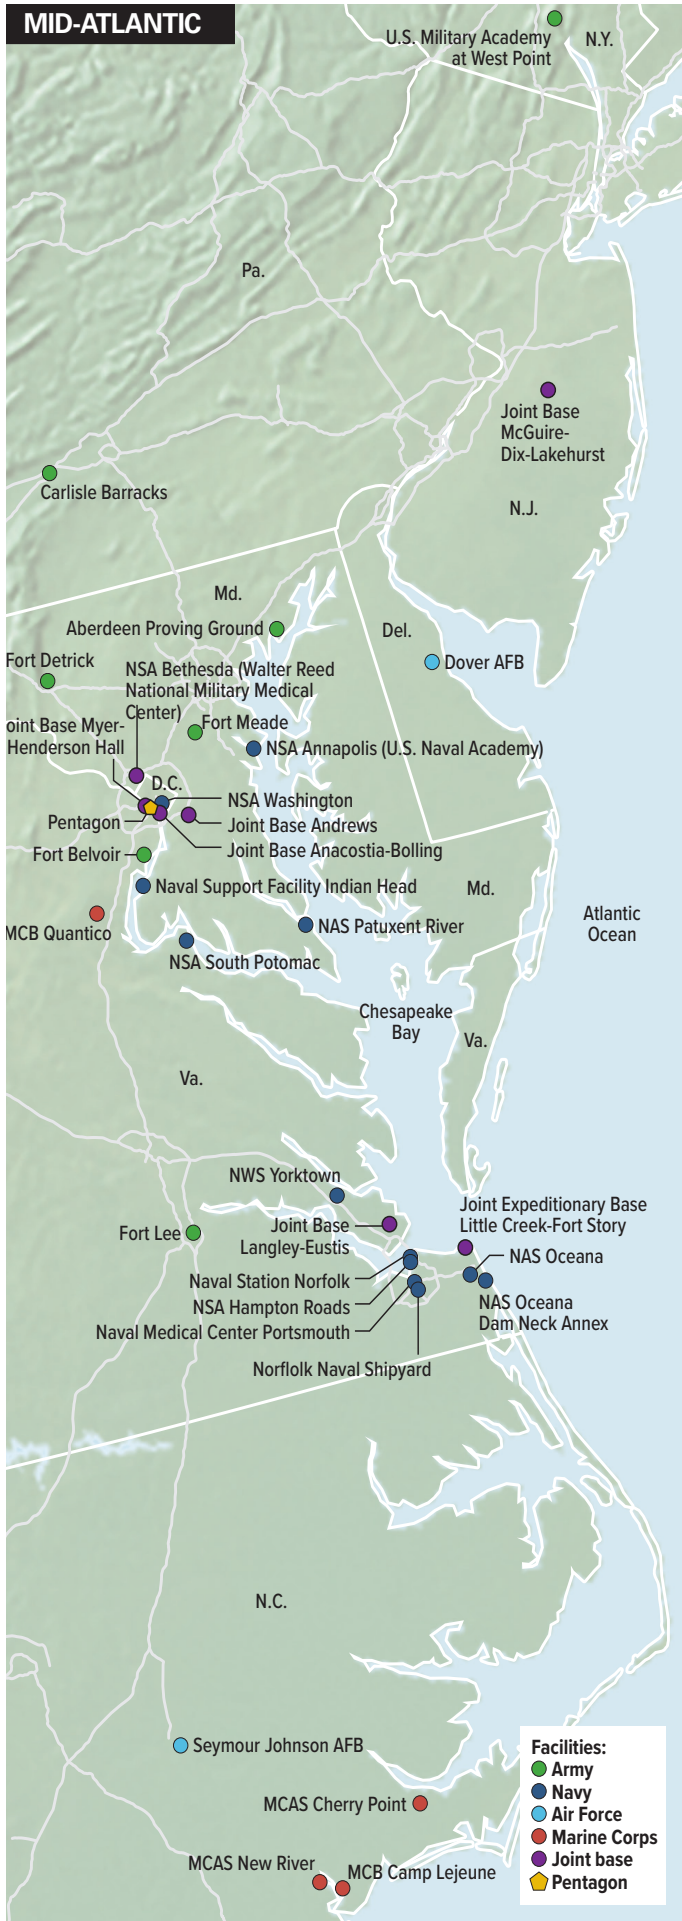

Information in this guide came from the Defense Department, Air Force, Army, Marine Corps, Navy and the Exchange and Commissary websites. Prior Military Times research also was consulted. Defense Department information came from the website installations.militaryonesource.mil, as well as the most recent available DoD Demographics Report. The Army Morale, Welfare and Recreation's Paths Across America and the Navy Gateways' websites — get.dodlodging.net — provided campground information. Some information also came from installation websites. Installations that the military indicated had fewer than 500 active-duty service members were excluded from this year's guide.

Please note that some of the phone numbers and other information may not be fully operational or up to date because of changes resulting from closings and other precautions related to the COVID-19 pandemic.

Suggestions, corrections and additions: Accuracy is very important to us. If you find any errors in this guide or would like to reach out to us, please email installations@militarytimes.com.
