TOURNAMENT REGULATIONS FOR ALL SPORTS

- A Tournament is defined as competition involving Teams or individual students representing three (3) or more schools in which the Teams or individual students, as representatives of schools, are competing for a championship (first place) and other places. All Tournaments must be conducted in accordance with the Constitution, By-Laws, Policies and Procedures, and Rules and Regulations of PIAA.
- With the exception of invitationals and/or Tournaments sponsored by at least one PIAA member school and involving only PIAA member schools, and conference or league championship Tournaments**, all Regular Season invitational and/or Tournament applications involving PIAA member schools must be reviewed by the PIAA Executive Director, or the Executive Director's designee. Tournament applications may be obtained from the PIAA Office via the PIAA Web site at www.piaa.org/Resources/Forms.
- The Tournament application must be completed, signed by the host and/or sponsor PIAA member school Principal, and forwarded to the PIAA Executive Director, or the Executive Director's designee, with a check payable to PIAA in the amount of \$75.00 for PIAA Member School, \$100 for Non-Member School, Sponsored Tournament. Following review and either approval or disapproval of the application, the PIAA Executive Director, or the Executive Director's designee, shall post all approved applications to the PIAA Web site at www.piaa.org/Schools/Tournaments. Forms must be received in the PIAA Office at least four (4) weeks or twenty (20) business days prior to the first date of competition or a \$25.00 late filing fee will be charged.
- No Inter-School Practice, Scrimmage, or Contest may be played with a Team not sponsored and controlled by a public school or Private School nor any school not belonging to PIAA, unless the non-PIAA member school's eligibility rules for school, Team, and contestants meet the requirements of PIAA. A Team which participates in a non-approved or a disapproved Tournament in a sport may be required to forfeit championship rights in that sport.
- PIAA-approved invitationals and/or Tournaments must be conducted during the PIAA-defined Regular Season for that sport. No Team, no individual member or members of such Team, and no individual representing any PIAA member school, may Practice or participate in an Inter-School Practice, Scrimmage, Contest, and/or Open Gym on more than **SIX DAYS** in any Calendar Week during the Regular Season.
- The Principal of each competing school must submit an eligibility list to the invitational and/or Tournament director prior to the start of the Tournament. All contestants must have undergone a Comprehensive Initial Pre-Participation Physical Evaluation (CIPPE), and this fact must be certified to, by the Principal of the competing school when that Principal submits the school's eligibility list to the invitational and/or Tournament director.
- Adequate locker room and shower facilities must be provided by invitational and/or Tournament authorities, and these shall be kept in a safe and sanitary condition.
- An adequate number of law enforcement officers must be provided for the Tournament. The number of law enforcement officers needed to provide adequate security must be determined by the owner or director of security of the facility. The owner or director of security of the facility is in the best position to make that determination.
- The host/sponsor of the Invitational/Tournament shall ensure that a licensed physician of medicine or osteopathic medicine attends the invitational and/or Tournament or be within instant call in case of emergency.
- Only PIAA-registered sports officials on active status and in good standing shall officiate the invitational and/or Tournament, and only National Federation of State High School Associations (NFHS) Contest rules, as adopted by PIAA, may be used in the invitational and/or Tournament.

DEFINITION OF AN INTER-SCHOOL PRACTICE

All of the following elements must be present for an Athletic Event between two or more schools to be considered an Inter-School Practice:

1. The involved schools agree, in advance of the Athletic Event, that the Athletic Event will be an Inter-School Practice rather than a Scrimmage or a Contest.
2. No admission may be charged.
3. The Teams participate only in conditioning exercises and/or limited and closely controlled drills.
4. The Teams are dressed in Practice uniforms only.
5. No score may be displayed or recorded.
6. The results of the Inter-School Practice shall not be counted as a part of the involved Teams' season win and loss records.

Any Athletic Event involving two or more schools must be considered a Scrimmage or Contest unless it meets all of the criteria listed above.

DEFINITION OF A SCRIMMAGE

All of the following elements must be present for a school to consider an Athletic Event with other schools as a Scrimmage:

1. The involved schools agree, in advance of the Athletic Event, that the Athletic Event will be a Scrimmage rather than an Inter-School Practice or a Contest.
2. No admission is charged.
3. The head Coaches of the involved Teams may stop the activity at any time to provide instruction or to make substitutions.
4. There are no restrictions concerning the number of times a player/contestant enters or leaves the Scrimmage.
5. No score may be displayed or recorded.
6. The results of the Scrimmage shall not be counted as a part of the involved Teams' season win and loss records.

Any Athletic Event involving two or more schools must be considered an Inter-School Practice or Contest unless it meets all of the criteria listed above.

METHOD OF COUNTING AN INTER-SCHOOL PRACTICE OR A SCRIMMAGE

The method of counting an Inter-School Practice or a Scrimmage is as follows: each Team, at all levels (varsity, junior varsity, or otherwise) of competition, is limited to one (1) Inter-School Practice or Scrimmage per day. The Inter-School Practice or Scrimmage activity in which the Team participates may not exceed two (2) hours and thirty (30) minutes from the start of the Inter-School Practice or Scrimmage activity until the Inter-School Practice or Scrimmage activity ends, for that particular Team. For example, Varsity Team A may participate in an Inter-School Practice or a Scrimmage for a maximum of two (2) hours and thirty (30) minutes on a given day. Varsity Team B may participate in an Inter-

School Practice or a Scrimmage for a maximum of two (2) hours and thirty (30) minutes on a given day. Similarly, Junior Varsity Team A may participate in an Inter-School Practice or a Scrimmage for a maximum of two (2) hours and thirty (30) minutes on a given day. Junior Varsity Team B may participate in an Inter-School Practice or a Scrimmage for a maximum of two (2) hours and thirty (30) minutes on a given day. The number of schools or Teams participating in an Inter-School Practice or a Scrimmage does not affect the method of counting an Inter-School Practice or a Scrimmage as each Team's participation is controlled by the regulations stated above.

FORFEITURE OF CONTESTS

Except as otherwise noted, the following rules govern situations in which schools shall or may be required to forfeit a Contest.

1. The failure of a Team to participate in a Contest shall constitute an automatic forfeit, regardless of the reason(s) thereof, unless the school not participating convinces the District Committee that its failure to participate was unavoidable, in which event the District Committee may treat the matter as if the Contest had not been scheduled.
2. A forfeit constitutes a loss for the Team school not participating and a win for its opponent for purposes of records, standings, and eligibility for playoffs.
3. A forfeit is not subject to refusal by an opponent.
4. Schools may voluntarily agree to terminate a contract for a Contest, in which event the matter shall be treated as if the Contest had not been scheduled. In Districts in which scheduling is done by or pursuant to the authority of the District Committee, permission of the District Committee or its authorized designee shall be required for failure to participate to be treated as if the Contest had not been scheduled.
5. Schools may agree to reschedule a Contest which was not or will not be played at the scheduled time, in which event the failure to play the Contest at the originally scheduled time shall be treated as if the Contest had not been scheduled to be held at that time. In Districts in which scheduling is done by or pursuant to the authority of the District Committee, permission of the District Committee or its authorized designee shall also be required for rescheduling of a Contest.
6. When a Coach has been disqualified from a Contest but fails to leave the vicinity of the competition area, resulting in the termination of the Contest, the Contest shall be forfeited to the opponent.
7. Except as otherwise provided in "Forfeiture of Contests", provisions of the official rules for sports in which PIAA member schools participate, which relate to forfeits of Contests, shall apply according to their terms.

8. ARTICLE XII, ATHLETIC RELATIONS, Section 5B, Temporary Closure of School, of the PIAA By-Laws, governs situations in which schools are closed, and Procedures During Strikes (set forth in the PIAA Policies and Procedures) governs situations in which a school is affected by a professional labor dispute.

The following should also be noted in connection with the forfeiture of Contests:

1. ARTICLE XII, ATHLETIC RELATIONS, Section 3, Requirements of Written Contract, of the PIAA By-Laws, requires that, except where scheduling is done by or pursuant to the authority of the District Committee, all schools must enter into either paper or electronic contracts for all Contests in which they participate. All contracts shall be on the official contract form entitled "Contract for Contests Under PIAA Rules", or an equivalent electronic version thereof. Where the opponent is not a member of PIAA, the school shall also enter into a supplement to either a paper or an electronic contract on the official form entitled "Supplement to Contract for Contests Under PIAA Rules Involving Non-PIAA Member Schools", or an equivalent electronic version thereof. Disputes arising from oral agreements will not be considered by PIAA, and the foregoing rules governing "Forfeiture of Contests" shall not apply under such circumstances.
2. ARTICLE XIII, PENALTIES, Section 3, Forfeiture of Contests, of the PIAA By-Laws, which provides for forfeiture of Contests under certain circumstances, is not affected by the foregoing.
3. A Team must be accompanied and supervised by a Coach from the member school that the Team is representing. ARTICLE XIV, COACHES, Section 1, Who May Coach, of the PIAA By-Laws, relevantly provides that a Coach is a person (including volunteer high school alumni, professional athletes, and citizens of the community) engaged, either for an entire season or any part thereof, by a school to provide Coaching to a Team. If a disqualification and ejection of a Coach leaves a Team without supervision by a Coach approved by both the Principal and the Athletic Director, the Contest shall be forfeited to that Team's opponent.

**NFHS MEDICAL RELEASE FORM
FOR WRESTLER TO PARTICIPATE WITH SKIN LESION(S)**

The National Federation of State High School State Associations' (NFHS) Sports Medicine Advisory Committee has developed a medical release form for wrestlers to participate with skin lesion(s) as a suggested model which has been adopted by PIAA. The NFHS Sports Medicine Advisory Committee (SMAC) conducted a survey among specialty, academic, public health and primary care physicians and reviewed extensively the literature available on the communicability of various skin lesions at different stages of disease and treatment. No definitive data exists that allow us to absolutely predict when a lesion is no longer shedding organisms that could be transmitted to another wrestler. Another finding from the survey was the significant differences that exist among physicians relating to when they will permit a wrestler to return to participation after having a skin infection.

Neither the NFHS nor the NFHS SMAC presumes to dictate to professionals how to practice medicine. Nor is the information on this form meant to establish a standard of care. The NFHS SMAC does feel, however, that the guidelines included on the form represent a summary consensus of the various responses obtained from the survey, from conversations and from the literature. The committee also feels that the components of the form are very relevant to addressing the concerns of coaches, parents, wrestlers and appropriate health-care professionals that led to the research into this subject and to the development of this form.

GOALS FOR ESTABLISHING A WIDELY USED FORM:

1. Protect wrestlers from exposure to communicable skin disorders. Although most of the skin lesions being discussed generally have no major long term consequences and are not life threatening, some do have morbidity associated with them and student-athletes should be protected from contracting skin disorders from other wrestlers or contaminated equipment such as mats.
2. Allow wrestlers to participate as soon as it is reasonably safe for them and for their opponents and/or teammates using the same mat.
3. Establish guidelines to help minimize major differences in management among appropriate health-care professionals who are signing "return to competition forms". Consistent use of these guidelines should reduce the likelihood wrestlers catching a skin disease from participation and suffering from inequalities as to who can or cannot participate.
4. Provide a basis to support appropriate health-care professional decisions on when a wrestler can or cannot participate. This should help the appropriate health-care professional who may face incredible pressure from many fronts to return a youngster to competition ASAP. This can involve any student athlete who never wins a match or the next state champion with a scholarship pending.

IMPORTANT COMPONENTS FOR AN EFFECTIVE FORM:

1. Each state association needs to determine which appropriate health-care professional can sign off on this form.
2. Ensure that appropriate health-care professionals will understand that covering a contagious lesion is not a permitted option. Covering a non-contagious lesion after adequate therapy to prevent injury to lesion is acceptable.
3. Inclusion of the date and nature of treatment and the earliest date a wrestler can return to participation. This should mitigate the need for a family to incur the expense of additional office visits as occurs when a form must be signed within three days of wrestling as some do.
4. Inclusion of a "bodygram" with front and back views should clearly identify the lesion in question. Using non-black ink to designate skin lesions should result in less confusion or conflict. Also including the number of lesions protects against spread after a visit with an appropriate health-care professional.
5. Inclusion of guidelines for minimum treatment before returning the wrestler to action as discussed above. This should enhance the likelihood that all wrestlers are managed safely and fairly.
6. Inclusion of all of the components discussed has the potential to remove the referee from making a medical decision. If a lesion is questioned, the referee's role could appropriately be only to see if the coach can provide a fully completed medical release form allowing the wrestler to wrestle.

Below are some treatment guidelines that suggest **MINIMUM TREATMENT** before return to wrestling:

Bacterial Diseases (impetigo boils): To be considered “non-contagious,” all lesions must be scabbed over with no oozing or discharge and no new lesions should have occurred in the preceding 48 hours. Oral antibiotic for three days is considered a minimum to achieve that status. If new lesions continue to develop or drain after 72 hours, CA-MRSA (Community Associated Methicillin Resistant Staphylococcus Aureus) should be considered and minimum oral antibiotics should be extended to 10 days before returning the athlete to competition or until all lesions are scabbed over, whichever occurs last.

Herpetic Lesions (Simplex, fever blisters/cold sores, Zoster, Gladiatorum): To be considered “non-contagious,” all lesions must be scabbed over with no oozing or discharge and no new lesions should have occurred in the preceding 48 hours. For primary (first episode of Herpes Gladiatorum), wrestlers should be treated and not allowed to compete for a minimum of 10 days. If general body signs and symptoms like fever and swollen lymph nodes are present, that minimum period of treatment should be extended to 14 days. Recurrent outbreaks require a minimum of 120 hours of oral anti-viral treatment, again so long as no new lesions have developed and all lesions are scabbed over.

Tinea Lesions (ringworm on scalp or skin): Oral or topical treatment for 72 hours on skin and oral treatment for 14 days on scalp.

Scabies, Head Lice: 24 hours after appropriate topical management.

Conjunctivitis (Pink Eye): 24 hours of topical or oral medication and no discharge.

Molluscum Contagiosum: Upon treatment with curettage and hyfrecator, may cover with bioocclusive and wrestle immediately.

NOTE TO TREATING *AME: Non-contagious lesions do not require treatment prior to return to participation (e.g. eczema, psoriasis, etc.). Please become familiar with NFHS Wrestling Rules 4-2-3, 4-2-4, and 4-2-5, which states:

“ART. 3 . . . If a participant is suspected by the referee or Coach of having a communicable skin disease or any other condition that makes participation appear inadvisable, the Coach shall provide current written documentation as defined by the NFHS or the state associations, from an appropriate health care professional stating that the suspected disease or condition is not communicable and that the athlete’s participation would not be harmful to any opponent. This document shall be furnished at the weigh-in for the dual meet or Tournament. The only exception would be if a designated on-site meet appropriate health care professional is present and is able to examine the wrestler either immediately prior to or immediately after the weigh-in. Covering a communicable condition shall not be considered acceptable and does not make the wrestler eligible to participate.”

“ART. 4 . . . If a designated on-site meet appropriate health care professional is present, he/she may overrule the diagnosis of the appropriate health care professional signing the medical release form for a wrestler to participate or not participate with a particular skin condition.”

“ART. 5 . . . A contestant may have documentation from an appropriate health care professional only indicating a specific condition such as a birthmark or other non-communicable skin conditions such as psoriasis and eczema, and that documentation is valid for the duration of the season. It is valid with the understanding that a chronic condition could become secondarily infected and may require re-evaluation.”

Once a lesion is considered non-contagious, it may be covered to allow participation.

GENERAL CONTROL OF INTER-DISTRICT CHAMPIONSHIP CONTESTS

The PIAA Board of Directors has general control of and responsibility for all Inter-District Championship Tournaments and Contests, including PIAA Inter-District Championship (Final) Contests.

The District Committee of each PIAA District conducts and controls all District Championship Contests, subject to approval of the PIAA Board of Directors.

PIAA District qualifying procedures must conform to the Constitution, By-Laws, Policies and Procedures, and Rules and Regulations of PIAA.

PIAA Districts shall conclude all District Championship Contests in each sport no later than the deadline for the conclusion of District Championships, as established by PIAA. In the case of emergency or extenuating circumstances, District Championships may be completed following the PIAA District Deadline, with prior approval from the Executive Director, or the Executive Director's designee.

The Executive Director, or the Executive Director's designee, has the authority and responsibility for determining preliminary, first, second, quarterfinal, and semi-final round sites for all Inter-District Championship Contests.

DESIGNATION OF ENROLLMENT CLASSIFICATIONS

For competition purposes, PIAA classifies Teams (other than in competitive spirit) by (1) gender and (2) size of enrollment at schools. These classifications are created to promote equal opportunities for both boys and girls to participate in interscholastic athletics and to reduce the competitive imbalance created through competition between schools that vary significantly in enrollment.

Each Team shall be placed in a class for each sport in which there is more than one class, based upon its school's enrollment as reported pursuant to ARTICLE IV, DUES AND ENROLLMENT REPORT, Section 1, Annual Dues and Enrollment Report, of the PIAA Constitution, for each odd-numbered year. Multi-class boys' sports are classified according to total male enrollment in grades 9, 10, and 11 and multi-class girls' sports are classified according to total female enrollment in grades 9, 10, and 11. Enrollment figures shall include all Cyber Charter School and Home-Schooled Students eligible to participate on Teams at the school; all students attending an Alternative School, a Magnet School, or a Technology school who are eligible at the schools which the students would otherwise attend by virtue of their residences; and all

students attending a Charter School who are eligible at a school in the school district of their residences.

The classification shall go into effect for the next school year and remains in effect for two school years, except as hereinafter provided.

When a school is merged into, or consolidated with, another school, the classification of Teams of the surviving or new school shall be based upon the school's enrollment as affected by the merger or consolidation, measured as of the date of merger or consolidation, and effective beginning with the first sports season which starts thereafter. When a school closes, and its students Transfer to one or more other schools, the classification of each Team at each school receiving students from the closed school shall be based upon the school's enrollment as affected by the closing, measured as of the date of enrollment of the students from the closed school, and effective beginning with the first sports season which starts thereafter.

 - a. The head referee shall choose the goal at which all of the kicks from the penalty mark shall be taken.
 - b. Each Coach will select any five players, including the goalkeeper, on or off the field (except those who may have been disqualified) to take the kicks.
 - c. A coin toss shall be held as in NFHS Soccer Rule 5-2-2d(3). The Team winning the toss shall have the choice of kicking first or second.

The Coach may choose additional players from the first five kickers to ensure that five different players participate in the second set of kicks.

FOOTBALL

FOOTBALL PRE-SEASON HEAT-ACCLIMATIZATION GUIDELINES

Practice or competition in hot and/or humid environmental conditions poses special problems for student-athletes. Heat illness is a primary concern in these conditions. Having a scripted practice plan with breaks from activity as well as scheduled hydration and cooling off periods will be of great assistance in preparing student-athletes for the football season.

Core Principles:

1. **Acclimatization Period:** All schools sponsoring high school football are recommended to institute the heat acclimatization program on Monday or Tuesday (**August 7 or 8, 2017**) for 5 consecutive days prior to the Monday starting date (**August 14, 2017**) for the 2017 football season. If a school opts to institute heat acclimatization during this period, the intent is to have all members of the team be present and participate in all 5 consecutive days of the heat acclimatization period, but minimally, a player must be present for 3 consecutive days of these first 5 days of heat acclimatization to satisfy the requirement. A school must have 5 consecutive days of heat acclimatization prior to their first contact drills and contact drills may not be initiated before Monday, **August 14, 2017** (the first legal practice date of fall sports).
 - The practices for this week are limited to a 5-3-5-3-5 hours of practice daily for the 5 days of heat acclimatization. Practice sessions may be no longer than 3 hours in length and teams must have 2 hours of rest (recovery period) between sessions. Days 1,3 and 5 are limited to 5 hours per day and Days 2 and 4 are limited to 3 hours per day.
 - Helmets and shoulder pads with shorts are permitted the first 5 days of heat acclimatization. Full gear and contact may not be worn until Monday, **August 14th** after the completion of the five consecutive day heat acclimatization period.
 - If a school starts heat acclimatization on Monday, **August 7th**, if they choose, they may practice on Saturday, **August 12th**, but there may be no contact on this day the same as the previous 5 days of heat acclimatization since it is prior to the first contact day of Monday, **August 14th**. If a school starts heat acclimatization on Tuesday, **August 8th**, then Saturday **August 12th** is their 5th consecutive day of heat acclimatization and no contact is permitted.
 - If a school starts heat acclimatization on the first practice day, Monday, **August 14th**, they must have 5 consecutive days of heat acclimatization with helmets, shoulder pads, shorts, prior to their first legal practice with contact. If starting on **August 14th**, a school must have 5 heat acclimatization days, plus the 5 regular practice days (where contact and full gear is permitted) before their first scrimmage. If they are scheduled to play on the first play date of the fall season, this schedule may limit them to only 1 scrimmage. Schools are advised to be cautious in scheduling a second scrimmage if starting heat acclimatization on **August 14th**.
 - The only exception to the first legal play date for football is those schools who are playing Week Zero by trading a scrimmage for their first regularly scheduled contest. That varsity team may play the optional weekend of **August 25 & 26** with junior varsity competition to follow.
2. **Scrimmages:** A team shall not participate in a scrimmage prior to the first available scrimmage date as provided in Article XVI: Season and Out-of-Season Rules and Regulations of the PIAA By-Laws.
3. **Participation Limitation:** No Team, no individual member or members of such Team, and no individual representing any PIAA member school, may Practice or participate in an Inter-School Practice, Scrimmage, Contest, and/or Open Gym on more than six days in any Calendar Week during the Regular Season.
4. **Out-of-Season Activities:** General conditioning provides only partial heat acclimatization. Therefore, studentathletes should be exposed gradually to hot and/or humid environmental conditions to provide better heat acclimatization. Each exposure also should involve a gradual increase in the amount of exercise that is undertaken over a period of days to weeks until the exercise intensity and duration is comparable to that likely to occur in competition. If conditions are extreme, training or competition should be held during a cooler time of the day.
 - When protective gear and clothing is authorized by the school Principal outside of the defined season, frequent rest periods should be scheduled so that the gear and clothing can be loosened to allow evaporation of sweat and other forms of heat loss. During the acclimatization process, it may be advisable to use a minimum of protective gear and clothing and to Practice in T-shirts, shorts, socks and shoes. Excessive tape and outer clothing that restrict sweat evaporation should be avoided. Rubberized suits should never be used.

Maximum Practice Time: The maximum allotted time per day for practice is 5 hours and teams must have 2 hours of rest between sessions.

Minimum Practice Time: The minimum practice time for the first five days is 3 hours per day.

Practice: The time a player engages in physical activity. It is defined that any practice session be no greater than three (3) hours in length. Warm-up, stretching, conditioning, weight training and 'cool-down' periods are all considered practice.

Recovery Period: A minimum of a two (2) hour recovery period must be provided after any session.

Walk-through: No protective equipment or strenuous activity permitted. Only balls and field markers (cones) may be used. Prevention of Heat Illness from the Sport Medicine Guidelines of the PIAA Handbook should be observed. These include regular measurements of environmental conditions. See Sports Medicine Guidelines for more detail or consult with your athletic trainer and/or team physician.

CONTACT GUIDELINES FOR FOOTBALL

Regular and Postseason: No football player is allowed to participate in more than **three (3) days of contact and sixty (60) minutes of full contact practice per week.** A team may continue to dress in full pads for practice, but may only participate in live action drills and game time simulations **no more than sixty minutes per athlete per week.** It is assumed that when players are in shells (shorts, shoulder pads, and helmets) no live action drills or simulations will occur. This rule is intended to limit live action drills and simulations and not the number of practices a team may participate in full pads. A team may participate in “air,” “bags,” and “wrap,” drills and simulations at any point. Live Action and Thud are considered full contact drills. These contact levels are defined below:

- **Air** – Players should run unopposed without bags or any opposition.
- **Bags** – Activity is executed against a bag, shield or pad to allow for a soft-contact surface, with or without the resistance of a teammate or coach standing behind the bag.
- **Wrap** – Drills run at full speed until contact, which is above the waist with players remaining on their feet.
- **Full Contact:** For the purposes of the rule, “full contact” is defined as football drills or live game simulations where “live action” occurs.
- **Live Action:** as defined by USA Football, is contact at game speed where player execute full tackles at a competitive pace taking players to the ground.
- **Thud:** – Same as wrap but tempo is competitive with no pre-determined winner and the players are not tackling to the ground.

JUNIOR HIGH SCHOOL/MIDDLE SCHOOL FOOTBALL PRACTICE CANNOT BEGIN PRIOR TO **AUGUST 14, 2017**

The first three (3) days of mandatory football Practice for junior high/middle schools shall be non-Physical Contact. Players may wear helmets, shoulder pads, and football shoes; however, all other contact pads are PROHIBITED during the first three (3) days of mandatory football Practice for junior high/middle schools.

RESOLVING TIED FOOTBALL CONTESTS

The following procedure to resolve ties has been adopted by PIAA whenever a **senior high school varsity football Regular Season or Postseason Contest** ends regulation play with the Teams having identical scores:

An overtime period is un-timed play after a regulation Contest has ended with the score tied. During an overtime period each Team has an opportunity for an offensive series of downs. However, an overtime period may include only one offensive series of downs if the defensive Team scores a safety or touchdown.

3-1: When the score is tied at the end of the 4th period, the referee will instruct both Teams to return to their respective Team boxes. There will be a 3-minute intermission during which both Teams may confer with their Coaches. All officials will assemble at the 50-yard line, review the overtime procedure, and discuss how penalties, if any, including any carry-over penalties from the regulation Contest will be assessed to start the overtime procedure. At the end of the intermission, the linesman will go to the Team on the side of the field where the line-to-gain equipment is located and the line judge will go to the other Team. They will inform the Coaches of any special penalty enforcements that apply.

3-2-1: At the coin toss in the center of the field the visiting-Team’s captain shall be given the privilege of choosing “heads” or “tails” before the coin is tossed. The winner of the toss shall be given his choice of defense or offense first, or of designating the end of the field at which the ball will be

put in play for this set of downs. The loser will have his choice of the other options. The referee will indicate the winner of the toss by placing a hand on his shoulder. To indicate which Team will go on offense, the referee will have that captain face the goal toward which his Team will advance and indicate this with the first-down signal. The other Team captain will face the offensive captain with his back toward the goal he will defend.

3-5-1: Each Team shall be permitted one time-out during each overtime period (a series for A and a series for B). The Team scoring the greater number of points in the overtime shall be declared the winner. The final score shall be determined by totaling all points scored by each Team during both regulation time and overtime periods.

5-1-1: To start the overtime, the offensive Team shall put the ball in play, first and goal, on the defensive Team's 10-yard line or succeeding spot if carry-over penalty has been administered anywhere between the hash marks. The first offensive Team shall have a series of four downs. That series shall be terminated by any score by the offensive Team or if the defensive Team has possession of the ball.

If the Team on offense scores a touchdown, it is entitled to the opportunity for a try unless the points would not affect the outcome of the Contest or playoff qualifying.

A field-goal attempt is permitted during any down.

If the defensive Team gains possession, the ball becomes dead immediately and the offensive Team's series of downs is ended.

After the first Team on offense has completed its series of downs, the first Team on defense will become the offensive Team with the ball in its possession at the same 10-yard line anywhere between the hash marks. The same end of the field will be used for possessions by both Teams during the two sets of downs to ensure equal Contest conditions and conserve time.

If the score remains tied after each Team has been given one series of downs in an overtime period, then the procedure shall be repeated with other overtime periods until a Contest winner is determined. In this case, there shall be an intermission of two minutes. At the subsequent meeting of Team captains the loser of the overtime coin toss will be given first choice of the options. If additional overtime periods are required, then first options will be alternated with no coin toss.

5-1-2: If a safety is scored by the offensive Team, the succeeding spot will be the 10-yard line in possession of the Team that was on defense, provided the defensive Team has not had its series of downs (the temporary overtime score is: Team A-2; Team B-0). When the defensive Team gains possession of the ball, the down and series immediately end for the offensive Team.

- 5-2-1:** The offensive Team shall be awarded a new series of downs when any one of the following occurs:
- a. Offensive Team recovers a scrimmage kick (field-goal attempt) between the goal lines after it has been touched first by the defensive Team beyond the neutral zone.
 - b. Defensive Team is guilty of roughing the kicker, place-kick holder, snapper, or passer.

5-3-1: The line-to-gain is always the goal line.

8-1: If the defensive Team scores a safety or touchdown, the Contest is ended.

8-3: No try will be attempted if the winner of the Contest has been determined.

10-4-3a: Post scrimmage kick enforcement is not applicable in this procedure.

The divisions for PIAA Competitive Spirit Championships are as follows:

- | | | |
|-----------------------|---|--------------------------------------|
| SMALL VARSITY | - | No more than 15 squad members |

WRESTLING

Weight Control Program

Pursuant to the Weight Control Program adopted by PIAA: 1) the deadline for a PIAA member senior high school to enter its complete varsity wrestling schedule into the National Wrestling Coaches Association (NWCA) Optimal Performance Calculator (OPC) is one week prior to the first assessment (**Friday, October 20, 2017**) (see **NOTES 1 and 2**) prior to the participation by any student in interscholastic wrestling, the Minimum Wrestling Weight (MWW) at which the student may wrestle during the season must be (a) certified to by an Authorized Medical Examiner (AME), and (b) established **NO EARLIER THAN** six weeks prior to the first Regular Season Contest day of the wrestling season (**Friday, October 27, 2017**) and **NO LATER THAN** the Monday preceding the first Regular Season Contest day of the wrestling season (**Monday, December 4, 2017**) (see **NOTE 2**). This certification shall be provided to and maintained by the student's Principal, or the Principal's designee.

In certifying to the MWW, the AME shall first make a determination of the student's Urine Specific Gravity/Body Weight and Percentage of Body Fat, or shall be given that information from a person authorized to make such an assessment ("the Assessor"). This determination shall be made consistent with National Federation of State High School Associations (NFHS) Wrestling Rule 1, Competition, Section 3, Weight-Control Program, which requires, in relevant part, hydration testing with a specific gravity not greater than 1.025, and an immediately following body fat assessment, as determined by the National Wrestling Coaches Association (NWCA) Optimal Performance Calculator, Scholastic Edition (together, the "Initial Assessment").

NOTES:

1. Any subsequent additions or substitutions to a PIAA member senior high school's complete varsity wrestling schedule must be approved by that school's PIAA District Wrestling Chairman.

2. For senior high school wrestlers coming out for the Team **AFTER** the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open until January 15th and for junior high/middle school wrestlers coming out for the Team **AFTER** the Monday preceding the first Regular Season Contest day of the wrestling season the OPC will remain open all season.

3. Any athlete who disagrees with the Initial Assessment may appeal the assessment results one time by having a second assessment, which shall be performed prior to the athlete's first Regular Season wrestling Contest and shall be consistent with the athlete's weight loss (descent) plan. Pursuant to the foregoing, results obtained at the second assessment shall supersede the Initial Assessment; therefore, no further appeal by any party shall be permitted. The second assessment shall utilize either Air Displacement Plethysmography (Bod Pod) or Hydrostatic Weighing testing to determine body fat percentage. The urine specific gravity testing shall be conducted and the athlete must obtain a result of less than or equal to 1.025 in order for the second assessment to proceed. All costs incurred in the second assessment shall be the responsibility of those appealing the Initial Assessment. Where the Initial Assessment and/or a second Assessment establishes a percentage of body fat below 7% for a male or 12% for a female, the student must obtain an AME's consent to participate.

For all wrestlers, the MWW must be certified to by an AME.

To reduce or eliminate "clerical errors", it is **required** that each head wrestling Coach initial the MWW of **each** of his wrestlers before the school's Principal certifies to the eligibility of the school's wrestlers.

A two (2)-pound growth allowance is authorized on or after **Monday, December 25, 2017** for both junior high/middle school and senior high school wrestlers.

The deadline for senior high school wrestlers to establish their MWW is Friday, February 16, 2018.

Procedure to Request Relief from Delinquent Hydration Test(s) and/or Weight Assessment(s) in PIAA Wrestling Weight Control Program

1. A member school shall submit the following, relative to its request for relief:
 - a. A letter requesting relief from the delinquent hydration test(s) and/or weight assessment(s) submitted, on behalf of the affected student(s), by the concerned Principal.

b. Confirmation from the school's attending assessor of the respective dates of failed hydration test(s) and the hydration level(s) achieved.

c. Any pertinent information from the attending assessor of any assessments attempted and the rationale of why those assessments failed.

2. All information must be forwarded to the PIAA District Wrestling Chairman **on or before Friday, February 16, 2018**, for that wrestling chairman's consideration, with a courtesy copy of the cover letter requesting relief from the delinquent hydration test(s) and/or weight assessment(s) forwarded to the involved PIAA District Chairman.

3. The District Wrestling Chairman will submit all provided information to that District's Chairman with a cover letter of support or nonsupport of the request for relief.

4. The District Chairman will review all information and either approve or reject the request for relief.

5. Upon request by the Principal of the concerned school, the District Chairman may convene a hearing before his District Committee into the request for relief.

6. Decisions of District Committees may be appealed by the Principal of the concerned school to the PIAA Board of Directors or a PIAA Board of Appeal by requesting an appeal, in writing, to the PIAA Executive Director.

1. When walking behind the Team bench to encourage wrestlers.
2. To approach the scorer's table to request the match be stopped to discuss the misapplication of a rule.
3. During a charged time-out or at the end of the match.

Coach misconduct (during the match) is called when a conference is requested with the referee regarding a misapplication of a rule, and the referee determines there is no misapplication involved, or when, during a conference, a Coach questions the judgment of the referee. The referee shall penalize the **head Coach** for misconduct.

Penalty for Coach misconduct (during the match):

First Offense: Warning.

Second Offense: Deduct one (1) Team point.

Third Offense: Deduct two (2) Team points and immediate removal from the premises of the head Coach for the remainder of the day.

The offender shall be penalized for unsportsmanlike conduct without warning.

Penalty for unsportsmanlike conduct of contestants (not during the match), Coaches, and other Team personnel:

First Offense: Deduct one (1) Team point.

Second Offense: Deduct two (2) Team points and immediate removal from the premises for the remainder of the dual meet, Multiple School (Dual) Event, or Tournament.

Flagrant misconduct on the part of the Coach or any other Team personnel is any act which the referee considers serious enough to remove the offender from the premises. These acts can occur prior to, during, or after a match. This includes the use of tobacco products. Flagrant misconduct shall be penalized without warning.

Penalty for flagrant misconduct of Coaches and other Team personnel:

First Offense: Deduct three (3) Team points and immediate removal from the premises for the remainder of the dual meet, Multiple School (Dual) Event, or Tournament.

Premises are defined as a tract of land with the building thereon.

The PIAA Wrestling Championships are one Tournament series, starting with section Tournaments. A Coach, other Team personnel, and/or contestant disqualified and ejected from a PIAA Section, District, or Region Tournament for unsportsmanlike conduct or flagrant misconduct is eliminated from further participation in any remaining competition in the PIAA Wrestling Championships Tournament series.

A written report must be filed with the PIAA Office by the appropriate PIAA-registered wrestling official when a Coach, other Team personnel, and/or contestant is disqualified and ejected from a Regular Season and/or Postseason Contest for unsportsmanlike conduct or flagrant misconduct.

Written reports received by PIAA shall be copied and distributed to the Principal of the involved school, the District Chairman, sport specific chairperson, District Officials' Representatives, and the Sportsmanship Chairperson of the PIAA District Committee having jurisdiction over the school. In addition, the Principal of the involved school is required to complete a disqualification response form and submit same to the sport specific chairperson of the PIAA District having jurisdiction over the member school.

2. The head Coach may stand and/or leave the coaching box to confer with personnel at the scorer's table to request a time out.
3. The head Coach may stand within the coaching box to replace or remove a disqualified/injured player or player directed to leave the Contest; but **shall** replace that player within 15 seconds when a substitute is available.
4. The head Coach **shall not** permit a Team member to participate after being removed from the Contest for disqualification.
5. The head Coach **shall not** permit a Team member to participate while wearing an illegal uniform.
6. The head Coach **shall not** permit Team members to leave the bench area and/or playing court for an unauthorized reason.

Ejected adult bench personnel shall leave the vicinity (out of sight and sound) of the playing area immediately and are prohibited from any further contact (direct or indirect) with the Team during the remainder of the Contest. Failure to comply with the rules of ejection may result in the Contest being forfeited.

If the disqualification and ejection of a Coach leaves a Team without supervision by an adult Coach approved by both the Principal and Athletic Director, the Contest shall be forfeited.

A written report must be filed with the PIAA Office by the appropriate PIAA-registered basketball official when a Coach, bench personnel, and/or a player is disqualified and ejected from a Regular Season and/or Postseason Contest for unsportsmanlike conduct or flagrant misconduct.

BASEBALL AND Fast Pitch SOFTBALL

PIAA BASEBALL AND/OR SOFTBALL SUB-VARSITY DOUBLEHEADERS

Sub-varsity level (junior varsity and junior high/middle school) participating member schools, by mutual agreement prior to the start of a doubleheader, **may** limit the number of innings played in each game of that doubleheader to five (5).

PIAA BASEBALL PITCHING RESTRICTION (6-1-6)

Will be determined by using pitch counts as a part of pitching restrictions.

If a baseball player pitches more innings than are permitted under the "restriction" the school is using an ineligible player (pitcher) and shall forfeit the Contest. Violations of the "restriction" subject the school to other penalties under ARTICLE XIII, PENALTIES, of the PIAA By-Laws. As is the case with all PIAA rules and regulations, it is the responsibility of the Principal to ensure that the school's baseball Coaches and players comply with the PIAA baseball pitching restriction (6-1-6).

PIAA BASEBALL SUSPENDED GAME RULE (4-2-4)

A Contest called for any reason, where a winner cannot be determined will be treated as a suspended Contest. If the Contest is to be completed, it will be continued from the point of suspension, with the lineup and batting order of each Team the same as the lineup and batting order at the moment of suspension, subject to the rules of the game.

PIAA SOFTBALL SUSPENDED GAME RULE (4-2-3)

Contest suspending procedure - once the first pitch is thrown, and until a winner can be determined, the Contest will be suspended (to be completed at a later date) with all the rules of the game in force. Once a Contest has started, and the first pitch is thrown, a Contest will NEVER start over.

SOFTBALL REGULAR SEASON AND POSTSEASON TIEBREAKER PROCEDURE

If the score remains tied upon completion of 9 innings, the player who last completed her turn at bat is placed on 2nd base.
