

- The Virginia Water Well Association was established in June, 1949. The purposes, as set forth in the Association's original Constitution, are as relevant today as they were in 1949:*
- *To put the water well drilling business in the Commonwealth of Virginia on a thoroughly scientific and businesslike basis;*
 - *To maintain an organization to assist, promote, encourage and support the interests and welfare of the water well drilling industry within the Commonwealth of Virginia;*
 - *To foster aid and promote scientific education, standards, research and techniques in order to improve the methods of drilling;*
 - *To promote and encourage harmony and cooperation between the members and governmental agencies relative to the proper development and protection of the underground water supplies of the Commonwealth of Virginia; and,*
 - *To advance the mutual interests of those engaged in the water well industry in their own and the public welfare.*
