This third edition of the International Talent Directory is the most global in scope. Added are features such as international artist listings, more international cities in the restaurant section and more countries with the inclusion of Denmark.

Among the expanded features, the addition of more than 30 U.S. cities to the restaurant listings is noteworthy. The listing also

reflects more refined research in terms of identifying the top restaurants in each market.

Improvements in terms of conveniences are seen in the combining of booking agents, personal managers and contacts, now in a single section. As before, to contact an artist, note the appropriate BA, PM or contact following the artist's name and then see the new combined section for contacts.

“It’s opening night in NEW YORK and our equipment is still on the ground in Albuquerque!”

“Here’s our big break, sharing top billing at The Garden and our equipment still hasn’t arrived. Had I called Pilot Air Freight and arranged for their exclusive Display and Equipment Routing Service, I could be concentrating on the performance and not worrying whether we’re going on at all!”

Many air freight companies deliver only small packages. Not Pilot Air Freight. Pilot can arrange to ship any size load, quickly, safely, and

inexpensively. Plus, Pilot is the ONLY company in the air freight business that specializes in handling the difficult problems associated with transporting the music industry and display materials. With Display and Equipment Routing Service, you know your equipment will be picked up at the close of the show and delivered ON TIME for your next date . . . safely! With Display and Equipment Routing Service,

extra care is taken to insure your valuable instruments and electronics arrive ready-to-go, every time! Don’t miss your opening date. Contact Pilot Air Freight Corporation and ask about Display and Equipment Routing Service and how it can make sure you’ll be on time for your next show! Call today . . . in Los Angeles Bill Barnack 213-776-6425 and in Philadelphia Stewart Davis 215-461-0500 or Toll Free 1-800-523-7423.

Our Stanley Screammers Will Outlast Your Roadies

Concert tours can be tough on equipment... and your crew. Speakers dropped off stage, components crushed by forklifts, cabinets bounced in the back of semis... it's enough to drive your roadies crazy!

That's why you need Stanley Screammers. They're built to take the punishment and abuse of constant touring and still sound great.

Together, Altec Lansing and Stanal Sound Ltd. designed the Stanley Screammers to be the most reliable, dependable sound reinforcement system on the road.

Their sturdy enclosures are constructed of non-resonant plywood, coated with a rugged fiberglass finish, complete with steel corner caps and recessed carrying handles.

Larger models even feature hardwood skids and some have protective fiberglass lids, too.

To make setup easier, we've also added 8-pin AMP connectors to all "road" models. That means you only need one cable-type to wire your entire system, saving time and nerves.

Ready to settle down? Then check out our "utility" Stanley Screamer models. They feature the same quality components inside and out, just minus the lids, skids and hardware.

So if you want to keep your roadies on this side of sanity, check out our Stanley Screammers. They're the best form of therapy we know.

OLD TIME FILM SHOW

In my program I try to re-create the atmosphere of the early movie theatres, where wonderful piano players accompanied the great old films of Charlie Chaplin, Buster Keaton, Laurel & Hardy, Harold Lloyd, and the many others who made movies during the Early Silent Years.

I accompany my vast selection of short 8-mm films with great old melodies and my own compositions. Show-time is 20-25 minutes. A good time is guaranteed for all.

One reason Jim King sells 75% of his cassette tape loaders overseas is because it's profitable.

Another is because we showed him how.

Can we do the same for you?

HELPING HIM DOESN'T HAVE TO MEAN TURNING YOUR BACK ON HER.

Some people only give financial support to the large, well-known charities. That's fine, but there are also a lot of small agencies providing vital aid to a lot of people. And United Way helps them do it. Because it helps not just the well-known causes, but those people you wouldn't turn your back on if you knew how much they really needed your help.

Thanks to you,
it works.
For all of us.

Best picture of the year.

This is Phoenix Civic Plaza—Phoenix' exciting downtown convention center/cultural arts complex.

On the left is our 250,000 sq. ft. convention center boasting 120,000 sq. ft. of clear span exhibit space, up to 20 meeting rooms, a grand lobby and food/drink capabilities for up to 5,000.

On the right is majestic Symphony Hall - with its 2,557 seats filled for great attractions like Liberace, Johnny Mathis, Sammy Davis, Jr., George Burns, the production of "A Chorus Line" and others.

Phoenix is one of the most sought after cities for conventions, shows, regional meetings, musical attractions, etc. And Civic Plaza is right in the center of it all.

So we think this is the Best Picture of the Year.

The only thing missing in it is you.

A LOT OF THE ABUSES CHILDREN ENDURE ARE EVEN WORSE THAN BROKEN BONES.

Battered children are what most people think of when they think of child abuse. But horrible as it may seem, physical abuse is only one of several ways over a million children are abused each year.

Some are emotionally abused. Constantly belittled, teased or made to feel inferior in light of unreasonable parental expectations.

Others are sexually abused. Generally by an adult who is a trusted friend or member of the child's family. Still others suffer from neglect—the lack of food, clothing, shelter or medication when necessary.

All of these abuses can and do kill. About five children die from abuse every day. Those who survive are scarred for life, often ending up in mental institutions or jails. Many grow up to abuse their own children. The situation is desperate but not hopeless. Over 80% of the abusers can be helped. We know what to do but we can't do it alone.

Abused children are helpless. Unless you help.

we're uniquely positioned to
capture the ever-expanding New
Jersey share of the vast metro-
market. And most important to
you, we've got a price structure
that practically guarantees a
profit: a good 20% off the cost of
doing business in comparable
New York theatres.

Sure Newark Symphony Hall is
pretty. But we're much more.
We're big, affordable, convenient
and ready to work for you!
Give us a call. You'll see we're
more than just another pretty
space!

**YOUR GENEROSITY
HAS APPRECIATED.**

These people are a statement of how a good investment pays dividends. When you invest in the United Negro College Fund, you help support 41 private, predominantly black, four-year colleges and universities. Colleges that produce thousands of black graduates each year, with training in accounting, computer sciences, management and engineering that America's industry needs today.

Your investment gives our young people the opportunity to attend college by enabling us to keep our tuitions low and grant financial aid. If we couldn't do this, then some 70% of our students would not be able to attend college at all.

UNCF graduates have proven to be a precious commodity in the business community as technicians, marketing professionals, financial wizards and administrators.

So make an investment everyone can appreciate. Send your check to the United Negro College Fund, Box M, 500 East 62nd St., New York, N.Y. 10021. We're not asking for a handout, just a hand.

GIVE TO THE UNITED NEGRO COLLEGE FUND.
A mind is a terrible thing to waste.

Just ask the Gambler.

When Kenny Rogers came to Reunion Arena for its recent Grand Opening Concert he was dealt a full house. Twice. That's 39,000 people in two nights. The first concert sold out in a few hours. A second was planned on the spot. It sold out too. That's what Reunion Arena is all about. And that's what the entertainment business in Dallas is all about. Why fool around trying to draw to

an inside straight. Come to Reunion Arena where your openers can be a full house. Reunion Arena. The home of the Superstars. For scheduling information call or write now.

The book that turns businessmen into best sellers.

Many who've read it are now reaping the rewards. Because they've found that U.S. exports are a more than \$100 billion a year business, that exporting creates both company profits and company growth, that U.S. goods have never been more competitive in international markets. Above all, they've found that, with the help available from the U.S. Commerce Department, selling overseas is no more difficult than selling at home. And this fact-filled book can prove the same to you. Write The Secretary of Commerce, U.S. Department of Commerce, BED 8C, Washington, D.C. 20230.

BILLBOARD GIVES THE MUSIC INDUSTRY STATISTICS SEVEN TIMES A YEAR.

Billboard's seven annual directories contain information and vital statistics about suppliers and services and are the main sources for the entire Music/Record/Tape industry in doing business effectively.

- INTERNATIONAL BUYER'S GUIDE:** The music/record/tape industry's "Yellow Pages." Listings include record companies, marketers, suppliers, publishers, wholesalers and services.
- TAPE/AUDIO/VIDEO MARKET SOURCEBOOK:** Complete guide to manufacturers and suppliers including tape/audio/video equipment, pre-recorded video, blank loaded tape, tape services and supplies, accessories and merchandising aids.
- INTERNATIONAL RECORDING EQUIPMENT AND STUDIO DIRECTORY:** Up-to-date statistics on professional recording equipment, recording studios, independent record producers and a special survey on recording studio equipment usage.
- COUNTRY MUSIC SOURCEBOOK:** The only directory in the business devoted to country music containing names and addresses of country music organizations, artists, Nashville area recording studios, state fairs, radio stations, plus the Opry Hall of Fame.

cardioid dynamic microphones

a new look for the 80's

There's so much new about these professional microphones we can only touch the highlights. Exclusive "picture perfect" SUEDECOAT™ Tan or Ebony matte finish looks great—*permanently*. Significantly smaller, exceptionally light in weight; yet so extraordinarily rugged and reliable we call them the "Light Heavyweights." They feature the crisp sound that makes Shure the world's most widely used professional performer microphones.
