Docking station for iPod/iPhone/iPad  
Lightning connector USB charging, for iPod/iPhone/iPad

AJ7050D/37

# Highlights

## Play and charge via Lightning

Enjoy your favorite music while charging your iPod/iPhone/iPad via the new Lightning connector! Just dock it directly on the speaker to play your hand-picked tunes in superb sound. It also charges your device quickly while playing, so you don't have to worry about the battery running out.

## Neodymium speaker driver

Neodymium speaker driver for rich and clear sound

## 8W RMS

This system has 8W RMS total output power. RMS refers to Root Mean Square which is a typical measurement of audio power, or rather, the electrical power transferred from an audio amplifier to a loudspeaker, which is measured in watts. The amount of electrical power delivered to the loudspeaker and its sensitivity determines the sound power that is generated. The higher the wattage, the better the sound power emitted by the speaker.

## FM digital tuning with presets

Digital FM radio offers you additional music options to your music collection on your Philips audio system. Simply tune into the station that you want to preset, press and hold the preset button to memorize the frequency. With preset radio stations that can be stored, you can quickly access your favorite radio station without having to manually tune the frequencies each time.

## Wake up to iPod/iPhone/iPad/FM

Wake up to music that you love best. Select your favorite radio station or soothing tunes from your iPod/ iPhone/iPad and make a difference to your mornings. The clock starts to play your selection softly, with gradual increases in volume, till it reaches the volume level you chose. Now you can control how you wake up and start your day right every single time.

## Auto clock synchronization

When connect and dock, this docking system will automatically synchronize the clock with your iPod/iPhone/iPad within a few seconds. With this convenient feature, you do not need to set the time manually.

## Dock in its case

The smartly designed spring-loaded docking port of this Philips speaker effortlessly accommodates any iPod or iPhone, without special adaptors. What's more, it works even when most protective cases are on – just dock your iPod or iPhone as it is. Now you can truly have fuss-free enjoyment of your music.

## Additional USB

Extra USB for charging an additional smartphone or tablet

## Weekday/ weekend alarm

Designed with modern day lifestyles in mind, this clock radio has a dual alarm feature, allowing you to set different alarm times for weekdays and weekends or even vary the alarm settings for couples. The alarm settings can be tailored for the same alarm times for the entire week from Monday to Sunday. Or you can set the alarm for an early start on weekdays from Monday to Friday, and lazy lie-ins for Saturday and Sundays. Whichever you choose, this convenient features saves you from the hassle of fiddling with different alarm times every single night.

Made for
