

FARFISA

l'Italia nella musica

FARFISA

La **Farfisa**, icona culturale e leader mondiale nel settore degli strumenti musicali negli anni 60-70, rappresenta oggi un brand che esprime una realtà tutta italiana dedita alla progettazione e produzione di strumenti musicali, quali piani digitali, tastiere e moduli Karaoke.

Il know how, l'esperienza e la cultura musicale della storica Farfisa rappresentano un fondamento ed un patrimonio sui quali oggi, si costruisce un presente fatto di entusiasmo, di ricerca, di innovazione e tecnologia, con una gamma che comprende tastiere, piani digitali, moduli expander e Karaoke, caratterizzati da timbri brillanti e caldi, ricchi di "feel", suoni vintage, riproposti attraverso le moderne tecnologie digitali, eccellenti soluzioni grafiche per i moduli Karaoke.

L'autenticità e l'espressività dei suoni, il design moderno e le nuovissime soluzioni tecnologiche e acustiche rispettano appieno la filosofia Farfisa, basata su Storia & Tradizione, Innovazione & Performance, Stile & Desiderio di realizzare il meglio.

Farfisa, emblema dell'italianità, assicura livelli di qualità e affidabilità d'eccellenza, con un'attenzione altissima verso la sicurezza ed il servizio, e con la consapevolezza di proiettarsi verso un futuro che la vedrà sempre più protagonista.

Farfisa, a cultural icon and a world leader in musical instruments during the 1960-70s, is an Italian brand totally dedicated to the design and manufacture of musical instruments, such as digital pianos, keyboards, expander and karaoke modules.

Farfisa has built on its own experience, musical culture, enthusiasm and gives a range of products with warm and bright sounds, rich of feeling, vintage sounds realized with the advanced technology, excellent graphic solution for the karaoke modules.

Farfisa, the Italian icon, proud of itself in producing instruments of highest quality, oriented to great care for safety and customer service. It approaches to challenge the future with research, innovation and advanced technology, with the aim of consolidating its position in the international markets.

PIANOFORTE DIGITALE

88 tasti con "graded hammer action" e interfaccia USB per Flash Memory

Pianoforte digitale portatile con suoni e tocco davvero sorprendenti. L'espressiva tastiera GH graded hammer e l'autenticità dei 261 suoni, campionati multi layer con cura meticolosa, catturano tutte le sfumature create con il tocco della mano. La funzione dual voice consente l'utilizzo simultaneo di due diversi suoni ed il sequencer a 2 tracce permette di catturare le proprie performances.

Il sistema di diffusione e amplificazione incorporato con Bass Reflex produce un suono potente e pulito, mentre gli effetti di riverbero e chorus garantiscono profondità e spazializzazione del suono.

Con la doppia uscita cuffia è possibile suonare a 4 mani o effettuare lezioni di piano senza creare disturbo a nessuno.

DIGITAL PIANO

with 88 "graded hammer action" Keys and USB host interface

A portable digital piano with amazing sound and touch. The "realness" of its 261 sounds, sampled multilayer with greatest care, and its natural expressiveness capture each musical nuance created by the touch of your fingers. The dual voice function lets you play two different sounds at the same time, while the 2 tracks sequencer lets you record your own performances. The built-in amplification and bass reflex speaker system produce a clean, powerful sound, while the reverb and chorus effects provide depth and dimensional spatiality. The twin headphone jacks allow four-handed playing or giving/taking piano lessons without bothering anyone.

Inclusa **USB FLASH MEMORY** con 20 brani midi e software di organizzazione files.

USB FLASH MEMORY with 20 midi songs and file management software, included

TK 89.2

TASTIERA DIGITALE GENERAL MIDI
con tasti sensibili al tocco, Karaoke
e USB host per Flash Memory

La TK 89 con scheda video ed ingresso microfonico è la tastiera più completa per entrare nel mondo della musica da protagonisti.

La TK 89 è in grado di leggere i testi delle canzoni contenuti nella USB flash memory, realizzati nei formati midi e kar più diffusi. Grazie all'interfaccia video incorporata è sufficiente collegare la tastiera ad un normale apparecchio TV per visualizzare sullo schermo le parole che si illumineranno in diversi colori, in sincronia con la musica.

GENERAL MIDI KEYBOARD
with touch-sensitive keys, Karaoke
and USB Host interface

With its video card and microphone input, the TK 89 is the most complete keyboard for entering the world of music with style.

The TK 89 can read the lyrics of songs stored in USB flash memory and saved in the more popular formats. Thanks to the built-in video interface you only need to connect the keyboard to a normal TV set to see the words that will light up in different colours following the music.

for School

La Farfisa, fortemente cosciente della valenza che l'insegnamento musicale ha in un progetto educativo che punti ad una valorizzazione culturale, sociale ed intellettuale della persona, ha progettato e realizzato una collezione scuola, di tastiere e claviette, che si pongono a diversi livelli nel soddisfare le molteplici esigenze del corpo docente e degli studenti.

Le tastiere "for School", ad esempio, pur essendo di facile utilizzo, sono complete e dall'elevato contenuto tecnologico, con SUONI, STILI, CANZONI, ACCOMPAGNAMENTO AUTOMATICO a due livelli, SEQUENCER, METRONOMI, EFFETTI DI, RIVERBERO e SUSTAIN, STILI DJ, etc.

Le tastiere "for School" sono corredate da una sezione MAESTRO e da LIBRI CANZONI, che aiutano lo studente nell'apprendimento della musica, rendendo l'approccio creativo, divertente e semplice.

Il sistema MAESTRO insegna i 5 aspetti fondamentali della musica:

- 1) IL TEMPO
- 2) LE NOTE
- 3) LA MELODIA
- 4) GLI ACCORDI
- 5) L'ACCOMPAGNAMENTO

ed è stato studiato e realizzato per dare immediata soddisfazione allo studente, coadiuvando l'insegnante nell'importante ruolo di far avvicinare i ragazzi al meraviglioso mondo della musica.

SUONA & IMPARA

Strongly committed to promoting the teaching of music as a means for cultural, social and intellectual advancement, Farfisa has developed a special collection of keyboards and mouthpianos, with different levels of sophistication that meet the requirements of teachers and students alike.

The "for School" keyboards, for example, are simple to use, yet complete and technically advanced, with SOUNDS, STYLES, SONGS, two levels of AUTOMATIC ACCOMPANIMENT, SEQUENCERS, METRONOMES, REVERB and SUSTAIN EFFECTS, DJ STYLES, etc.

The "for School" keyboards are provided with a MAESTRO section and supplied with SONG BOOKS to help students learn music through a creative, easy and fun approach. The MAESTRO method is based on the five fundamental aspects of music:

- 1) THE TEMPO
- 2) THE MUSICAL NOTES
- 3) THE MELODY
- 4) THE CHORDS
- 5) THE ACCOMPANIMENT

and is designed to bring immediate gratification to students while helping teachers carry out the important task of introducing children to the wonderful world of music.

Play & learn
