23200   23210

WELCH ALLYN AM 232™ MANUAL AUDIOMETER

Ergonomic panel design and convenient controls allow one-handed operation of this easily portable audiometer. Frequency values and HL levels are easily visible at a glance. The AM 232 also offers selection modes for steady, pulsed or frequency-modulated stimulus for increased reliability of response. +10 dB push-button prevents mistaken presentation of uncomfortable frequency tones. Provides ample storage space inside hard-shell case for standard headphones and optional accessories.

WELCH ALLYN AUDIOSCOPE® 3 SCREENING AUDIOMETER/OTOSCOPE

Versatile instrument for screening hearing loss combines 20, 25 and 40 db HL levels in one unit. Tones are presented in random intervals so patients can not second guess their hearing screen. This varied timing means improved results. Built-in 1000 Hz pretone, presented at 20 db HL above the screening level, allows patients to practice listening before they're actually screened. After pretone, patient is given the easiest tones for enhanced reliability of responses. 110-130V.

WELCH ALLYN SURESIGHT™ VISION SCREENER

Screen with one-button touch from 14˝ away. Five-second, automatic test addresses compliance problems and makes testing easier. Minimal cooperation is required, making it ideal for use with young children. The lights and sounds engage the child's attention. Automatically measures and indicates abnormal readings. Addresses eye charts' sensitivity and specificity problems. Automatically screens for common vision problems, including near- and farsightedness, astigmatism, and anisometrophia. Hand-held unit operates for three hours of continuous testing. Available battery-operated printer enables you to get print-outs anywhere, anytime. Weighs two lbs. and features an ergonomic grip and replaceable, self-adjusting hand strap. Features optics and electronics shock-mounted inside housing to protect unit. The sealed unit helps keep out dirt. Screens babies, children, and adults. You can even test patients while they're wearing glasses or contact lenses.

3M™ TEMPA-DOT™ PLUS THERMOMETERS

A single-use, disposable clinical thermometer pre-assembled in a sheath for use in measuring rectal body temperature.

5192R   Thermometer, Rectal, Non-Sterile, Fahrenheit, Provided w/sheath, 100/bx, 16 bx/cs
5502R   Thermometer, Rectal, Non-Sterile, Celsius, Provided w/sheath, 100/bx, 16 bx/cs

COVIDIEN/KENDALL FILAC 3000 THERMOMETER

Accuracy: direct mode 0.1°C; standard prediction mode 0.1°C; quick prediction mode (oral only) 0.3°C. Rapid response time: standard mode 6-10 second oral; 10-15 second axillary/rectal; quick mode 3-4 second oral; 10-15 second axillary /rectal. No assembly required, intuitive icons, and progress bar allows for ease of use. Temperature measurement status indication. Intuitive, contributes to ease of use. Alternates celsius/fahrenheit scale to customize temperature read outs to follow facility protocol. A "beep" allows facility to recognize that the temperature is completed. Color coded isolation chambers with matching probes helps keep probe covers and probes together for aiding in infection control. Auto on turns on when the probe is withdrawn from probe well. Auto off conserves battery life. Allows history of patients last temperature. Convenient for pulse monitoring. Lower preheat temperature option. Provides quicker accurate readings for post OR patients: 12-15 seconds oral; 15-20 seconds axillary/rectal. Electronic anti theft and locking base protects investment. Deters casual theft by disabling the thermometer after a preset number of temperatures have been taken. Easy to read with black light.

COVIDIEN/KENDALL GENIUS2™ TYMPANIC THERMOMETER

Utilizes infrared technology to derive the most accurate body temperature from the tympanic membrane. Records and analyzes up to 100 temperature measurement, and selects the highest and most accurate in less than 2 seconds. Reduces the chance of an inaccurate reading due to improper technique or patient movement. Durable tip-based sensor technology improves durability and accuracy, minimizing the need for recalibration. Small tapered tip facilitates proper alignment with the tympanic ear canal to minimize technique errors, enhance patient comfort and facilitate pediatric use. One to two second response time. Provides actual current temperature status unlike predictive devices. Shows oral, rectal, auxiliary and core or an absolute temperature reading in the ear setting, and can be customized according to hospital protocol. No contact with mucosal membranes and the no-touch probe cover application and release reduce potential of cross-contamination.

ADC ADTEMP™ I DIGITAL THERMOMETER

An electronic thermometer designed and priced to be a viable replacement for mercury filled glass thermometers, which are gradually being phased out of healthcare. This new model features a striking translucent housing with integral case. It is dual-scale (C/F) switchable, water resistant and offers a last reading memory. It does not have a beeper, but it will lock in the reading once measurement is complete. This makes an ideal item as a true mercury thermometer replacement. Features a storage case, long life battery and auto-off feature.

412-00	Single Patient Use Digital Thermometer, Bulk, 20/pk
412K	Single Patient Use Digital Thermometer SPU Kit

ADC ADTEMP™ II DIGITAL THERMOMETER

Features a water resistant design, last reading memory and is dual scale (C/F) switchable. Replaces the 410 and 6001 series thermometers.

413B	Oral Digital Thermometer
413B-00	Oral Digital Thermometer, 25/pkg
413BK	Oral Digital Thermometer SPU Kit
413R	Rectal Digital Thermometer
413R-00	Rectal Digital Thermometer, 25/pkg
413RK	Rectal Digital Thermometer SPU Kit

ADC ADTEMP™ III DIGITAL THERMOMETER

An electronic thermometer with a flexible probe designed and priced to be a viable replacement for mercury filled glass thermometers, which are gradually being phased out of healthcare. The flexible probe provides greater patient safety and is ideal for pediatric applications. This new model features a 2-piece case. It is dual-scale (C/F) switchable, water resistant and offers a last reading memory. Beeps when measurement is complete. Features a storage case, long life battery and auto-off feature.

415	Digital Thermometer
415K	Digital Thermometer SPU Kit
ADC 415	Digital Thermometer

ADC ADTEMP™ TYMPANIC THERMOMETER

The most compact Tympanic thermometer on the market. Measures core temperature instantly from the ear reliably and accurately. Switchable dual scale measurements in either °F for °C modes. Range 89.6°F - 08°F +/- .4°F or 32°C - 42.2°C +/-.2°C depending on scale selection. Probe cover FREE design is less costly and more convenient to use. Large 6mm displays is easy to read. Illuminated backlight display. Compact (" long, 1.9 oz.) ergonomic design fits comfortably in operator's hand and patient's ear. Audible fever alarm at 99.5° (37.5°C). Stores last 12 readings in memory. Complete with Lithium battery, storage/travel case, and operating instructions. Two year warranty. Made in China, Inspected in U.S.A.

421	Tympanic Thermometer

ADC ADTEMP™ V DIGITAL THERMOMETER

Represents state-of-the-art in micro digital fever thermometers. This new unit features a stylish European design, extra large display and flexible tip. It is water resistant, dual scale (C/F) switchable and has a last reading memory. The response time is 10 seconds rectal and 18 seconds oral. Beeps when measurement is complete. Features a storage case, long life battery and auto-off feature.

418	Super Fast Read Digital Thermometer, Flex Tip, Boxed w/5 sheaths

ADC ADTEMP™ THERMOMETER SHEATHS

Disposable design eliminates cross contamination. Cost effective. Easy to apply. Suitable for oral or rectal use. Digital model designed for use with ADC® and most comparably sized digital thermometers. Made in the U.S.A.

416-100	ADTEMP™ Digital Sheaths, 100/bx
416-1000	ADTEMP™ Digital Sheaths, 1000/bx
416-50	ADTEMP™ Digital Sheaths, 50/bx

ADC ADTEMP™ 422 VETERINARY DIGITAL THERMOMETER

Auto-off function conserves battery life. Range 90°F - 109.9°F or 32°C - 43.9°C ± 1°C depending upon scale selection. Replaceable 1.55v (LR41) type battery provides up to 1,500 measurements. Specially designed housing with lanyard attachment for enhanced removal. Integral carry case.

422	Adtemp™ 422 Veterinary Digital Thermometer

RIESTER THERMOMETRY

Its innovative infrared technology not only allows ri-thermo® N to measure the body temperature of children and adults easily in a matter of seconds but also means that it can measure the temperature of surfaces, rooms and bathwater. The temperature values are displayed in a range from 0 to 100°C or on the corresponding scale in ° Fahrenheit. Its large LCD display with backlighting makes the values easy to read. Even in the dark. Displays up to 12 stored temperatures. Temperature curves can also be plotted retrospectively or different measured values compared, so patients large and small can be monitored even more closely. The ri-thermo® N sounds a handy acoustic signal when it has finished measuring and if it detects a fever, has an energy-saving automatic switch-off function and comes with a hygienic storage container with probe covers.

GRAHAM FIELD HEALTHTEAM® DIGITAL THERMOMETER WITH BEEPER

Quickly records and displays oral, rectal, or axillary temperature. Beeper sounds when peak temperature is reached. Easy-to-read LCD display. Auto shut off.

HT1856-1	Thermometer, Fahrenheit
HT1857	Thermometer, 10 Sec Response, Dual Scale F° or C°

GRAHAM FIELD HEALTHTEAM® DISPOSABLE PROBE COVERS

Helps stop infection. Fits most glass and digital thermometers.

HT1859	Disposable Probe Covers, 100/bx

OMRON BASAL DIGITAL THERMOMETER

Identify ovulation timing. Includes temperature tracking chart. Beeps at peak temperature. Waterproof for easy cleaning. Measures in 60 seconds and is three times faster than basal glass thermometers. Meets ASTM (E1112) standard.

MC-301N	Basal Digital Thermometer

OMRON COMPACT DIGITAL THERMOMETER

No fear of broken glass or mercury poisoning. Fast, accurate reading in 60 seconds. Premium long life battery (up to 400 hours of continuous use). Waterproof for easy cleaning.

MC-102	Digital Thermometer (Spanish/Portuguese) Centigrade
MC-110	Digital Thermometer, 60 Second, Compact
MC-110B	Digital Rectal Thermometer, 20/cs

MC-130MO *MC-130MR*

OMRON DIGITAL FEVER THERMOMETER

Oral or rectal available. Quick accurate temperature in 60 seconds. Beeps at peak temperature. Memory recalls last temperature. Meets ASTM (E1112) standard. Waterproof for easy cleaning.

MC-130MO	Digital Oral Thermometer
MC-130MR	Digital Rectal Thermometer

OMRON DIGITAL FLEXIBLE THERMOMETER

Flexible tip for added comfort and safety. Beeps at peak temperature. Memory recalls last temperature. 10 second reading. Meets ASTM (E1112) standard.

MC-206N	Flexible Digital Thermometer

OMRON DIGITAL RIGID THERMOMETER

3 times faster than traditional digital thermometers. Features include jumbo display for easy reading, memory and long-life 3-volt battery. For use oral, underarm and rectal locations. Safe, no fear of glass breakage or mercury. Includes 5 probe covers.

MC-106N	Rigid Digital Thermometer

OMRON PROBE COVERS

Individually wrapped disposable probe covers fit securely over the sensor portion on any Omron or Marshall thermometer.

0007PROB	Probe Covers, 50/bx
0009PROB	Probe Covers, 100/bx
600RPROBE	Probe Covers For MC-600, 25/bx

WELCH ALLYN CLASSIC HAND ANEROID

Unsurpassed accuracy and durability in the traditional classic design. For more than 30 years, the Tycos Classic Hand Aneroid has delivered performance and reliability in worldwide clinical use. Precision, jewelled bearings resist wear for consistently accurate readings. Every dial face is individually laser-engraved for exact calibration. Crisp white graphics on large charcoal-gray scale for better readability. Unique phosphor-bronze aneroid bellows ensure consistent pressure measurement. Recessed dial brings needle and dial markings close together and eliminates parallax. Single-tube leur connector allows for easy interchange of cuff sizes. Lifetime calibration and manufacturing warranty. All latex free.

WELCH ALLYN TYCOS® DS66 HAND ANEROID

Latex free. More accurate blood pressure readings & lower lifetime ownership cost due to award-winning design that is gear-free & shock-resistant. Welch Allyn's line of aneroid sphygmomanometers featuring gear-free, shock-resistant DuraShock technology offer practical benefits compared to traditional sphygmomanometers w/gears. This is especially true in busy medical environments where instruments may be handled roughly or dropped. With DuraShock technology, Welch Allyn sphygmomanometers will remain in calibration longer, providing more accurate readings than traditional sphygmomanometers w/gears. They won't need to be replaced as often as traditional guauges w/gears, providing lower lifetime ownership cost.Only Welch Allyn aneroids feature gear-free, shock resistant DuraShock technology to deliver unprecedented durability. The only guage capable of passing AAMI Shock Resistant standard ensures your sphygmomanometer will remain accurately calibrated longer. Lower lifetime cost of ownership since DuraShock guages don't need replacing as often due to drops & rough handling. Only Welch Allyn offers a jeweled movement w/an industrial sapphire at the key friction point for long product life. Only Welch Allyn calibrates by computer & laser engraves a unique, custom-matched dial face for unprecedented accracy over the instrument life. Lighter weight than traditional sphygmomanometers so it won't weigh down your lab coat. 1-piece cuff design is more durable than traditional cuff & bladder systems & it eliminates the need to remove or replace bladders. Latex-free cuff is easy to clean, disinfect, or sterilize for safety. 15-year calibration warranty for overall value.

WELCH ALLYN PLATINUM SERIES DS58 HAND ANEROIDS

Maintain accurate blood pressure readings with lower lifetime cost with gear-free DuraShock™ technology. Part of our Platinum Series, this premium gauge provides unsurpassed reliability in a traditional handheld design. Super shock-resistant — can withstand up to 60° drop (twice the AAMI "Shock Resistant" standard) and remain in calibration. Jewel movement for long life. Laser-engraved dial face for accuracy. Premium inflation system for comfort. Ergonomic inflation bulb enhances user comfort. Lifetime calibration warranty. Lighter weight than traditional models — won't weigh down your lab coat. Premium aesthetics. Latex-free.

DS58-11	Aneroid, Gauge w/adult duable 2 piece cuff & nylon zipper case (replaces 5098-02)
DS58-MCCB	Aneroid, Gauge w/family practice kit w/cuff & bladder, Includes Large Adult, Adult & Child Cuffs (replaces 5098-23C)

ADC ADTOON™ PRO'S COMBO II POCKET ANEROID KIT

Take our best selling aneroid and add an oversized 2 compartment matching nylon case with color coordinated Sprague type scope and you have the ultra-popular Adtoon™ Pro's Combo. Contemporary black enamel 300mmHg no-pin stop manometer. Adtoon™ nylon cuff with ADC's proprietary Size Guide™ marking system prevents mis-cuffing. Latex inflation bladder and bulb. Chrome-plated deflation valve. Complete aneroid, matching case, and color-matched stethoscope Sprague colors: Peanuts/Frosted Glacier, Garfield/Purple, Betty Boop/Royal Blue, Hello Kitty/Frosted Lilac. Assembled, inspected, and packaged in the U.S.A. from foreign components.

768-641BOO	Combo 768/641 Kit, Adult, Betty Boop
768-641BOOLF	Combo 768/641 Kit, Adult, Betty Boop, LF
768-641GAR	Combo 768/641 Kit, Adult, Garfield

850-6013	Cuff & Bladder, Adult For 6013 BP Monitor, Navy, Latex Free
850-6013SA	Cuff and Bladder, Adult for 6013SA BP Monitor, Navy, Latex Free
850-6013X	Cuff & Bladder, Large Adult For 6013 BP Monitor, Navy, Latex Free

ADC ADVANTAGE™ 6014 ADVANCED BP MONITOR

Smart Logic™ Technology determines ideal inflation level. Measures systolic, diastolic pressure, and pulse. Automatic inflation and deflation control. Average mode automatically averages three readings for more meaningful results. Self adjusting latex free D-bar cuff. Advanced two zone memory with date and time stamp recalls last 30 readings for two different people. Auto off. Optional thermal printer (sold separately). Optional AC adapter (sold separately).

6014	Advantage™ 6014 BP Monitor

ADC ADVANTAGE™ 6015 DIGITAL WRIST BP MONITOR

Smart Logic™ Technology determines ideal inflation level. Measures systolic, diastolic pressure, and pulse. Latex free wrist cuff fits 5˝ to 7˝ wrists. Recalls last 90 readings. Auto off. Compact storage case.

6015	Advantage™ 6015 BP Monitor

ADC ADVANTAGE™ 6016 DIGITAL WRIST BP MONITOR

Smart Logic™ Technology determines ideal inflation level. Measures systolic, diastolic pressure, and pulse. New 8 bit microprocessor and advanced algorithm for more accurate readings. Average mode automatically averages three readings for more meaningful results. Latex free wrist cuff fits 5˝ to 7˝ wrists. Advanced two zone memory with date and time stamp recalls last 30 readings for two different people. Auto off. Compact storage case. Optional thermal printer (sold separately).

6016	Advantage™ 6016 BP Monitor

Diagnostic Products

ADC DIAGNOSTIX™ 700 SERIES POCKET ANEROID

Heavily chrome plated precision crafted 300mmHg no-pin stop manometer. Luminescent dial features bold white numerals and extended graduation marks on contrasting black face. ADCUFF™ nylon cuff with ADC's proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Cuff includes convenient gauge holder. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control and years of reliable service. Complete with leatherette zippered carrying case with nylon zipper. Assembled, inspected, and packaged in the U.S.A. Two year inflation system warranty. Lifetime calibration warranty. Latex free units are completely free of any latex.

ADC DIAGNOSTIX™ 720 SERIES SPHYGMOMANOMETER

Offering more features than any other sphyg in its class, the 720 provides out finest value. Precision crafted 300mmHg no-pin stop manometer with classic black baked enamel finish, exceeds industry standards. Extended scaleplate graduation marks reduce parallax for easier viewing from virtually any angle. Adcuff™ nylon cuff with ADC's propriety Size Guide™ marking system prevents mis-cuffing. Dip molded latex or latex-free inflation bladder withstands heavy use. Latex or latex-free inflation bulb, fitted with filter screen end valve to reduce dust build-up. Adflow™ chrome-plated brass air release valve for precise deflation control. Leatherette carrying case with durable nylon zipper. Two year inflation system warranty. Lifetime calibration warranty. Assembled, inspected, and packaged in the U.S.A. from foreign components.

ADC DIAGNOSTIX™ 922 SERIES SPHYGMOMANOMETER

Rugged diecast aluminum housing with textured black baked enamel finish complements any decor. Fold down cover with spring lock mechanism. Graduated unbreakable plastic cartridge tube features 4.00mm inside bore for unrestricted, friction-free mercury flow. High visibility red graduations. Filter system keeps mercury clean for reliable performance. Locking reservoir secures mercury during storage, transport, or maintenance. ADCUFF™ black nylon cuff with ADC®'s proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Dip molded latex inflation bladder withstands heavy use. Latex inflation bulb fitted with filter screen end valve reduces dust build-up. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control and years of reliable service. Comprehensive owner's manual. Assembled, inspected, and packaged in the U.S.A. from foreign components. Two year inflation system warranty. Lifetime warranty on cartridge tube.

ADC DIAGNOSTIX™ 932 SERIES SPHYGMOMANOMETER

Rugged housing constructed from a combination of virtually indestructible ABS and diecast aluminum. Striking black finish complements any decor. Contemporary upright design with weighted base and integral wire inflation system basket. Graduated unbreakable plastic cartridge tube features a massive 5.00mm inside bore for unrestricted, friction-free mercury flow. White oversized numerals on contrasting black scale combined with high visibility red graduations for easy reading. EZ-Tube™ system allows safe, simplified maintenance of the cartridge tube or top cap filters. Additional safety provided by the locking reservoir which secures mercury for transport or maintenance. ADCUFF™ black nylon cuff with ADC®'s proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Dip molded latex inflation bladder withstands heavy use. Latex inflation bulb fitted with filter screen end valve reduces dust build-up. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control. Comprehensive owner's manual. Assembled, inspected, and packaged in the U.S.A. from foreign components. Two year inflation system warranty. Lifetime warranty on cartridge tube.

ADC DIAGNOSTIX™ 972 SERIES SPHYGMOMANOMETER

Rugged housing constructed of a combination of virtually indestructible ABS and diecast aluminum. Striking black finish complements any decor. Graduated unbreakable plastic cartridge tube features a massive 5.00mm inside bore for unrestricted, friction-free mercury flow. White oversized numerals on contrasting black scale combined with high visibility red graduations for easy reading. EZ-Tube™ system allows safe, simplified maintenance of the cartridge tube or top cap filters. Additional safety provided by the locking reservoir which secures mercury for transport or maintenance. Spider-Leg™, 5 leg weighted base for stability. 2″ casters for easy mobility. Height adjustable stand from 40″ to 54″ (from bottom of base to top of unit). Scale angled back 15° for improved readability. ADCUFF™ black nylon cuff with ADC®'s proprietary Size Guide™ marking system ensures proper cuff positioning and use of correct cuff size. Dip molded latex inflation bladder. Latex inflation bulb fitted with filter screen end valve reduces dust build-up. ADFLOW™ chrome plated brass air release valve with filter screen protection permits precise deflation control and years of reliable service. Complete with 8 foot length (when extended) of coiled latex tubing. Includes all assembly tools and hardware. Comprehensive owner's manual. Inspected and packaged in the U.S.A. from foreign components. Two year inflation system warranty. Lifetime warranty on cartridge tube.

ADC E-SPHYG 2™ DIGITAL MERCURY SPHYG

The unique backlit LCD display mimics the appearance of a traditional mercury column, but can be easily read in low light conditions. A second numeric LCD displays pressure, pulse, and a host of other vital information. The e-sphyg™ 2 features auto/manual settings. In manual mode, blood pressure is measured using the traditional, time-tested auscultatory method. Auto mode can be used with child, adult, and large adult size cuffs to automatically obtain systolic/diastolic pressure and pulse in about 1 minute.

ADC E-SPHYG DIGITAL ANEROID SPHYGMOMANOMETER

Virtually indestructible design can withstand repeated drops of 5 feet or more. Extra large backlit LCD with 7/8″ digits, is easy to read in virtually any light. Splash resistant housing for use in harsh environments. Swivel cuff clip allows the manometer to be re-positioned for easy viewing. Auto off function conserves battery strength. Dual low battery warnings. Recalibration reminder after 10,000 cycles (recalibration is free for the life of the instrument). Systolic assist alerts practitioner to the onset of Korotkoff sounds - makes a great training aid. Deflation rate display promotes proper technique in accordance with AHA guidelines. Pulse rate display at completion of measurement. Manometer works with virtually every cuff on the market. Requires familiar and trusted manual auscultation to obtain blood pressure readings (use of stethoscope). 2 "AAA" batteries (included). May be ordered as a complete sphygmomanometer or gauge only for use with existing inflation systems. Lifetime calibration warranty.

ADC ADCUFF™ S.P.U.™ BLOOD PRESSURE CUFF

Index and range marking to assure use of correct size. Artery mark simplifies correct positioning. Color coded sizes facilitate cuff selection. Latex free construction reducing risk of allergic reaction. Ultra-soft lining for patient comfort. Individually leak tested to assure dependability. Durable enough for repeated use, economical enough for single patient applications. Vinyl material treated with antibacterial agent. One and two tube configuration for versatility. A wide selection of connectors and adaptors for use with most blood pressure instruments.

8400A-10	Adult Blood Pressure Cuff, 2 Tubes, No Connector, Range 23-33cm, Navy/White, 10/pkg
8400A1-10	Adult Blood Pressure Cuff, 2 Tube For Screw Connector, Range 23-33cm, Navy/White, 10/pkg
8400A2-10	Adult Blood Pressure Cuff, 2 Tube For Slip Connector, Range 23-33cm, Navy/White, 10/pkg
8400A3-10	Adult Blood Pressure Cuff, 2 Tube For Female Connector, Range 23-33cm, Navy/White, 10/pkg
8400C-10	Child Blood Pressure Cuff, 2 Tubes, No Connector, Range 12-19cm, Lavender/White, 10/pkg
8400C1-10	Child Blood Pressure Cuff, 2 Tube For Screw Connector, Range 12-19cm, Lavender/White, 10/pkg
8400C2-10	Child Blood Pressure Cuff, 2 Tube For Slip Connector, Range 12-19cm, Lavender/White, 10/pkg
8400C3-10	Child Blood Pressure Cuff, 2 Tube For Female Connector, Range 12-19cm, Lavender/White, 10/pkg
8400I-10	Infant Blood Pressure Cuff, 2 Tubes, No Connector, Range 8-13cm, Light Blue/White, 10/pkg
8400I1-10	Infant Blood Pressure Cuff, 2 Tube For Screw Connector, Range 8-13cm, Light Blue/White, 10/pkg
8400I2-10	Infant Blood Pressure Cuff, 2 Tube For Slip Connector, Range 8-13cm, Light Blue/White, 10/pkg
8400I3-10	Infant Blood Pressure Cuff, 2 Tube For Female Connector, Range 8-13cm, Light Blue/White, 10/pkg
8400LA-10	Adult Long Blood Pressure Cuff, 2 Tubes, No Connector, Range 23-33cm, Orange/White, 10/pkg
8400LA1-10	Adult Long Blood Pressure Cuff, 2 Tube For Screw Connector, Range 23-33cm, Orange/White, 10/pkg
8400LA2-10	Adult Long Blood Pressure Cuff, 2 Tube For Slip Connector, Range 23-33cm, Orange/White, 10/pkg
8400LA3-10	Adult Long Blood Pressure Cuff, 2 Tube For Female Connector, Range 23-33cm, Orange/White, 10/pkg
8400SA-10	Small Adult Blood Pressure Cuff, 2 Tubes, No Connector, Range 17-25cm, Green/White, 10/pkg
8400SA1-10	Small Adult Blood Pressure Cuff, 2 Tube For Screw Connector, Range 17-25cm, Green/White, 10/pkg
8400SA2-10	Small Adult Blood Pressure Cuff, 2 Tube For Slip Connector, Range 17-25cm, Green/White, 10/pkg
8400SA3-10	Small Adult Blood Pressure Cuff, 2 Tube For Female Connector, Range 17-25cm, Green/White, 10/pkg
8400X-10	Large Adult Blood Pressure Cuff, 2 Tubes, No Connector, Range 31-40cm, Pink/White, 10/pkg

OMRON DIGITAL BP MONITOR WITH EZ WRAP CUFF

In the clinical setting, the EZ Wrap Cuff (9″-17″) allows the unit to be used on a wider range of arm sizes, often regating the need for separate, larger sized cuffs. For home use, the EZ Wrap Cuff makes applying the cuff much easier for an individual without assistance. The IntelliSense technology allows for comfortable, personalized inflation and accurate results. Two person, 21 memory recall with date and time stamped for reach person. AC adapter and 4 "AA" batteries included. Five-year warranty.

Features a diaphragm only chestpiece with a traditional raised stem design, lightweight adjustable binaurals, flexible PVC 22″ Y tubing and choice of eartips. One year warranty. Latex free.

P542029   Bowles Stethoscope, Black

PRO ADVANTAGE® INFANT STETHOSCOPE

The Pro Advantage infant stethoscope features a combination chestpiece with a 22mm diaphragm and bell, slip on gray non-chill bell ring, lightweight adjustable binaurals, flexible PVC 22″ Y tubing and choice of eartips. One year warranty. Latex free.

P542131   Infant Stethoscope, Black
P542141   Infant Stethoscope, Gray

PRO ADVANTAGE® PEDIATRIC STETHOSCOPE

Features a combination chestpiece with 1 1/4″ diaphragm and 3/4″ non-chill bell and rim, lightweight adjustable binaurals, flexible PVC 22″ Y tubing and choice of eartips. One year warranty. Latex free.

P542111   Pediatric Stethoscope, Black
P542121   Pediatric Stethoscope, Gray

ADC ADSCOPE™ 600 CARDIOLOGY STETHOSCOPE

Unique design that combines the acoustic response of a traditional bell and diaphragm into a convenient one-sided chestpiece. Bell-type low frequency response is achieved by simply holding the chestpiece in place with light pressure. Firm pressure will produce diaphragm-type frequency performance. A rubber gasket recessed into the chestpiece alters the diaphragm permitting the scope to achieve multi-frequency response. Custom molded extra thick bilumen 19″ PVC tubing stays soft and flexible. Extra thick tubing walls minimize extraneous noise. Includes one pair of plastic eartips and two pairs of ADSOFT™ PVC eartips (small and large). Overall length 28″. Weight 8.5 oz. Scope ID tag included. Lifetime quality performance guarantee. Latex free.

ADC ADSCOPE™ 601 CARDIOLOGY STETHOSCOPE

Threaded chestpiece drum allows rapid conversion from a pediatric diaphragm to an adult bell. Chestpiece precisely machined to exacting tolerance from surgical stainless steel for outstanding performance and rugged durability. Extra deep bell for unsurpassed low frequency response. Ultra-sensitive diaphragms for greater amplification and crisper high frequency transmission. Non-chill bell and diaphragm retaining rims for patient comfort. Large internal bore stainless steel binaurals are fixed at a 15° angle for greater comfort. Custom molded bilumen 19″ PVC tubing stays soft and flexible. Latex free. Extra thick tubing walls minimize extraneous noise. Double leaf internal spring construction reduces bulk and prevents kinking when folded. Complete with one pair of PVC eartips and ADSOFT™ deluxe PVC eartips in small and large sizes for the ultimate in wearing comfort and acoustic seal. Complete with an accessory case containing the adult bell, 2 spare diaphragms, and two sets of eartips. Scope ID tag included. Weighs 9 oz (adult bell) and 10 oz (pediatric diaphragm). Overall length 28″. Lifetime warranty.

ADC ADSCOPE™ ADVANCED ELECTRONIC SCOPE

The next generation in electronic stethoscopy combining impressive acoustic amplification, electronic noise filtering, and comfortable ergonomic design. Amplifies up to 16x (24db) over traditional acoustic scopes. Patented piezoploymer film contact microphone provides wider frequency response than acoustic mikes used in competing models. Three frequency modes: Bell (15-200Hz) for cardiac sounds, Diaphragm: 100-500Hz for lung sounds, Extended Range: 15-1000Hz allows the practitioner widest frequency response). 8 level volume control. Holds last mode and volume setting foe convenience. Auto-shut off after 3 minutes extends battery life. Battery warning LED signals when replacement is needed. Binaurals fixed at 15° angle for snug anural fit. Specially constructed Adsoft™ PVC eartips for the ultimate in wearing comfort and acoustic seal. Lightweight and compact-weighs under 6oz., measures just 28″. Uses AAA Lithium battery (included). Two year warranty. Made in Korea, Inspected in U.S.A.

657BK   Advanced Electronic Scope, Black

ADC ADSCOPE™ 609 ADSCOPE-LITE™ STETHOSCOPE

Combination adult chestpiece precisely machined to exacting tolerances from lightweight aluminum is remarkably durable, yet extraordinarily comfortable. Extra large 1 3/8″ diameter bell. High sensitivity 1 3/4″ diaphragm. Non-chill bell and diaphragm retaining rim for patient comfort. Double leaf internal spring binaurals are fixed at 15° angle for greater comfort. Custom molded 22″ PVC tubing. ADSOFT™ PVC eartips and spare diaphragm included. Weighs 4.5 oz. Overall length 31 1/2″. Five year quality performance guarantee. Latex free.

WELCH ALLYN HARVEY DELUXE DOUBLE AND TRIPLE HEAD STETHOSCOPES

The Harvey™ DLX Stethoscope is our most prestigious and durable model with dual-lumen PVC tubing, brass chestpieces and binaurals, and triple-leaf binaural springs. Optimized for listening to higher frequency and critically important sounds like murmurs, clicks, and ejection sounds. Provides clear transmission of the first and second heart sounds. Ideally sized bell bridges intercostal space between the ribs. Tightly constrained diaphragm provides superior response at large frequencies. Additional corrugated diaphragm for detecting mid-range and low frequencies.

WELCH ALLYN MEDITRON™ ELECTRONIC STETHOSCOPE SYSTEM

Welch Allyn has teamed up with Meditron AS of Norway to provide the first computer power and Auscultation combination. A unique, patented listening system that dramatically enhances sound clarity. Ideal educational tool. Records sounds and images and speeds consultant review and future analysis (based on Microsoft™ wav files). Should be used by any physical examination where additional amplification is required, including doctor's offices, EMS sites, veterinarian's office, tele-medicine site, hospitals, and medical schools. Reimbursement is the same as regular physical examination (multiple codes). 200 hours or four years of use from the battery. Excellent for use with difficult patients (weak sounds, obese patients, children). May be cleaned with a lightly moistened cotton wipe using chlorhexidine or alcohol. Does not contain any latex.

3M™ LITTMANN® ELECTRONIC STETHOSCOPE MODEL 3000

Ambient Noise Reduction (ANR) reduces distracting room noise by an average of 75% (-12dB) without eliminating critical body sounds. Amplification up to 18 times greater than the best non-electronic stethoscopes. Ergonomic, one-button control allows you to adjust volume and frequency mode with one finger. Traditional cardiology tube set allows scope to easily fold and be placed in pocket. Single AAA battery provides up to 200 hours (approximately 6 months) of use. Two-year warranty.

Lightweight stethoscopes feature adjustable binaurals for a comfortable fit, one-piece molded PVC tubing for good sound transmission, and built-in rubber non-chill rings. Includes extra pair of eartips and diaphragm.

412BLK	Dual Head Stethoscope, Silver Chestpiece w/black tubing
412BLUE	Dual Head Stethoscope, Blue Chestpiece w/blue tubing
412GRAY	Dual Head Stethoscope, Silver Chestpiece w/gray tubing
412GREN	Dual Head Stethoscope, Green Chestpiece w/green tubing
412RED	Dual Head Stethoscope, Red Chestpiece w/red tubing

OMRON LIGHTWEIGHT SINGLE HEAD NURSE STETHOSCOPES

Match a favorite uniform with one of eleven brightly colored nurse stethoscopes. Silver chestpiece. These colorful stethoscopes are useful for color coding departments or identifying contagious areas.

411BLK	Nurse Stethoscope w/black tubing
411BLUE	Nurse Stethoscope w/blue tubing
411RED	Nurse Stethoscope w/red tubing

OMRON NEONATAL STETHOSCOPE

Chrome-plated brass chestpiece with screw-on retaining ring and slip-on non-chill ring. Quality sound transmission. Chrome-plated binaurals and 22″ Y-tubing. Overall length, 30″.

13-310	Gray Neonatal Stethoscope
13-311B	Light Blue Neonatal Stethoscope
13-315P	Pink Neonatal Stethoscope

OMRON SPRAGUE RAPPAPORT-TYPE STETHOSCOPES

5-in-1 multipurpose Quintscope™ has approximately 22″ long tubing (except #416) and silver chestpiece. Accessories include three different size open bells, two different size replacement diaphragms, and two pairs of eartips in a vinyl storage case.

416-22-BLK	Black Stethoscope
416-22-DB	Dark Blue Stethoscope
416-22-DKGN	Dark Green Stethoscope

OMRON BOWLES STETHOSCOPE

Most economical professional stethoscope features a chrome-plated binaural and black PVC tubing. Standard single stem.

0407	Black Bowles Stethoscope

Stethoscopes

OMRON DISPOSABLE NURSE STETHOSCOPE

Lightweight plastic scopes are ideal for single-patient use in contagious areas. Sound transmission is comparable to a standard nurse scope.

0300BLUE	Blue Nurse Stethoscope
0300RED	Red Nurse Stethoscope
0300YELLOW	Yellow Nurse Stethoscope
13-176H	Yellow Nurse Stethoscope w/aluminum binaurals, 50/cs
HSS-490	Lightweight Nurse Stethoscope

OMRON DUAL-HEAD TRAINING SCOPE

Two-channel stethoscope provides accurate sound transmission to both student and instructor. Dual-head chest piece converts from diaphragm to an open bell head with a single turn of the stem.

0405	Dual-Head Training Scope

OMRON FETAL STETHOSCOPE

Designed for superior auscultation of the fetal heart. Stethoscope is equipped with chrome-plated brass binaurals and stem. 22″ tubing can be easily shortened to facilitate use of the headrest.

13-570	Black Fetal Stethoscope

ADC PLATINUM EDITION ADSCOPE-LITE™

Unique design that combines the acoustic response of a traditional bell and diaphragm into a convenient one-sided chestpiece. Bell-type low frequency response is achieved by simply holding the chestpiece in place with light pressure. Firm pressure will produce diaphragm-type high frequency performance. A rubber gasket recessed into the chestpiece alters the diaphragm permitting the scope to achieve multi-frequency response. Chestpiece made from lightweight zinc alloy plated with an attractive satin finish. Non-chill diaphragm retaining rim for patient comfort. Large bore chrome plated brass binaurals with matching satin finish. Double leaf internal spring fixed at 15° angle for greater comfort. Reinforcing yoke molded into flexible 22″ PVC Y tubing. ADSOFT™ deluxe PVC eartips in small and large size for the ultimate in wearing comfort and acoustic seal. Spare diaphragm included. Scope ID tag included. Weighs 6 oz. Overall length 31″. Lifetime warranty.

ADC ADSCOPE™ 615 PLATINUM PROFESSIONAL EDITION

Combines the acoustic response of a traditional bell and diaphragm into a convenient one-sided chestpiece. New gasketed diaphragm enables the scope to achieve multi-frequency response simply by altering pressure. Light pressure produces bell-type low frequency response. Firm pressure will produce diaphragm-type high frequency performance. New ovoid shaped chestpiece improves ergonomics. Chestpiece made from lightweight zinc alloy plated with an attractive satin finish. Non-chill diaphragm retaining rim for patient comfort. Large bore chrome-plated brass binaurals in satin finish. Double leaf internal spring fixed at 15° angle for greater comfort. Reinforcing yoke molded into flexible 22″ PVC "Y" tubing. Adsoft™ deluxe PVC eartips in small and large size for the ultimate in wearing comfort and acoustic seal. Spare diaphragm included. Scope ID Tag included. Weighs 5.4 oz. Overall length 30.5″. Lifetime Warranty.

ADC ADSCOPE™ 617/618 ADIMAL STETHOSCOPE

Distinctive molded resin animal face chestpiece in choice of adult or pediatric size. Perfectly compliments our Adtoons™ line of character print aneroid sphygs. Multi-frequency design combines the acoustic response of a traditional bell and diaphragm into a single sided chestpiece. Gasketed diaphragm switches between bell-like low frequency and diaphragm-like high frequency performance simple by altering pressure. Lightweight aluminum binaurals in satin finish. Double leaf internal spring fixed at 15 for greater comfort. Reinforcing yoke molded into the flexible 22″ PVC tubing. New Ultra Adsoft™ deluxe eartips with threaded insert for the ultimate in wearing comfort and acoustic seal. Seven interchangeable animal face snap ons included: panda, frog, koala, deer, monkey, tiger and bear. Adult chestpiece 1 7/8″ diameter diaphragm. Pediatric chestpiece 1 1/2″ diameter diaphragm. Overall length 30″. Weight: adult 4 oz., pediatric 3 oz. Five year warrant.

ADC ADSCOPE™ 617/618 ADIMAL STETHOSCOPE

Distinctive molded resin animal face chestpiece in choice of adult or pediatric size. Perfectly compliments our Adtoons™ line of character print aneroid sphygs. Multi-frequency design combines the acoustic response of a traditional bell and diaphragm into a single sided chestpiece. Gasketed diaphragm switches between bell-like low frequency and diaphragm-like high frequency performance simple by altering pressure. Lightweight aluminum binaurals in satin finish. Double leaf internal spring fixed at 15 for greater comfort. Reinforcing yoke molded into the flexible 22˝ PVC tubing. New Ultra Adsoft™ deluxe eartips with threaded insert for the ultimate in wearing comfort and acoustic seal. Seven interchangeable animal face snap ons included: panda, frog, koala, deer, monkey, tiger and bear. Adult chestpiece 1 7/8˝ diameter diaphragm. Pediatric chestpiece 1 1/2˝ diameter diaphragm. Overall length 30˝. Weight: adult 4 oz., pediatric 3 oz. Five year warrant.

RIESTER LARYNGOSCOPES

Reliable quality products. They are excellently finished and guarantee extreme durability. All handles and blades are made of high quality materials and are subjected to strict quality controls. All conventional laryngoscope models with excellent XL 3.5V or 2.5V xenon illumination and fiber optics or with tired and tested 2.7V vacuum illumination. Exceptionally high light intensity thanks to XL xenon illumination technology and the extra-strong fiber bundles of the F.O. blade. Macintosh and Miller blades with innovative blade design for optimum visibility of the epiglottis and vocal chords, simple insertion of the endotracheal tube. Large choice of power sources: Manoeuvrable and sturdy battery handles and practical charging bases. Wide selection of laryngoscope sets for pediatrics and adults with particularly convincing cost effectiveness. All handles and blades are supplied single and each can be individually combined within the fiber optics or standard model ranges.

WELCH ALLYN HALOGEN COAXIAL AUTOSTEP OPHTHALMOSCOPE

Provides 68 viewing lenses with continuous single diopter steps or automatic progression from -30 to +38. Wide range of diopter steps facilitates precise focusing. Lens values fully displayed, no mathematical calculations required. Advanced halogen coaxial optics for high intensity illumination.

11730	3.5-V Halogen Coaxial Autostep Ophthalmoscope

WELCH ALLYN HALOGEN COAXIAL OPHTHALMOSCOPE

23 lenses. Illuminated lens dial. Sealed optics provide better dust protection. Coaxial optical system eliminates shadows and facilitates exam through virtually any size pupil or vitreous disorder. Special contoured mirror and matching lamp filament allow axis of illumination to be practically coincidental with axis of physician's vision. Apertures include microspot, small spot, large spot, fixation, cobalt blue, and slit.

11720	3.5V Halogen Coaxial Ophthalmoscope, Head Only

WELCH ALLYN PANOPTIC™ OPHTHALMOSCOPE

Patented new Axial PointScource™ Optics. Illumination system converges the light to a point at the cornea, allowing easy entry into small, undilated pupils. The illumination pathway then diverges to the retina, illuminating a very wide area of the fundus. Viewing system enables the operator to view the illuminated area on virtually the same axis, creating the widest field-of-view attainable. Provides a five-times larger view of the fundus than every before achieved with a standard ophthalmoscope in an undilated eye. Increases magnification by 26% over a standard ophthalmoscope. Patented Glare Extinguishment System prevents interference from unwanted glare and reflections. Works with all existing Welch Allyn 3.5v power sources (battery handle or wall transformer) saving additional investment. The patient eyecup establishes and maintains proper viewing distance, provides stabilization for the view, is a pivoting point for leverage in panning around the retina, occludes ambient light, and helps with orientation. The dynamic focusing wheel adjusts the focus in a continuous, smooth action for more precise control and the optimum view with a focusing range of -20 to +20 diopters. The aperture dial has micro, small, and large spot sizes, a slit aperture, and red-free filter, and cobalt blue filter with add-on corneal magnifying lens (Model 11820 only).

WELCH ALLYN 767 WALL TRANSFORMERS

Puts everything needed for fast, accurate diagnoses at arm's length. Convenient, modular package. Handle-based rheostats for quick light-intensity adjustments. Comfortable, contoured handles are easy to hold and maneuver. Modular coiled cords are guaranteed for 10 years. High-impact ABS housing is durable and easy to clean. Improved cradle design featuring OptiSense™, a reliable optical sensor that automatically turns handles on when they are removed from the cradles. New Halogen HPX™ Lamp provides 30% more light output. Optional digital clock and pulse timer. KleenSpec® Plus Dispenser with a large, 200-specula capacity and integral storage area. Optional third handle module makes expansion a snap.

RIESTER DIAGNOSTIC CHARGER SETS

10701.1	Diagnostic Set w/charger (Ri Charger®), Otoscope Head L1 w/halogen light 2.5V, Ophthalmoscope Head L1 w/halogen light 2.5V, Two AA-Handles & Two Rechargeable Battery NiMH (Ri Accu®)
10701.2	Diagnostic Set w/charger (Ri Charger®), Otoscope Head L1 w/halogen light 2.5V, Ophthalmoscope Head L1 w/halogen light 2.5V, Two C-Handles & Two Rechargeable Battery NiMH (Ri Accu®)
10702.1	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L1 w/xenon light 3.5V, Ophthalmoscope Head L1 w/xenon light 3.5V, Two AA-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10702.2	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L1 w/xenon light 3.5V, Ophthalmoscope Head L1 w/xenon light 3.5V, Two C-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10703.1	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L2 w/LED light 3.5V, Ophthalmoscope Head L2 w/xenon light 3.5V, Two AA-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10703.2	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L2 w/LED light 3.5V, Ophthalmoscope Head L2 w/xenon light 3.5V, Two C-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10704.1	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L3 w/LED light 3.5V, Ophthalmoscope Head L2 w/xenon light 3.5V, Two AA-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10704.2	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L3 w/LED light 3.5V, Ophthalmoscope Head L2 w/xenon light 3.5V, Two C-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10705.1	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L3 w/LED light 3.5V, Ophthalmoscope Head L3 w/xenon light 3.5V, Two AA-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)
10705.2	Diagnostic Set w/charger (Ri Charger® L), Otoscope Head L3 w/LED light 3.5V, Ophthalmoscope Head L3 w/xenon light 3.5V, Two C-Handles & Two Rechargeable Battery Li-ion (Ri Accu®)

RIESTER DIAGNOSTIC LAMPS

5090	Diagnostic Penlight Fortelux N w/vacuum light 2.2V, Laryngeal Mirror, Tongue Blade Holder & Red Open Filter in a Plastic Case w/2 AAA-Batteries, Ri-Light® Set

RIESTER E.N.T. INSTRUMENTS ACCESSORIES

10416	Ophthalmoscope Head Uni® HL 3.5V
10417	Ophthalmoscope Head Uni® HL 2.5V

5312-3	Dermascope Head
5312-4	Lamp 2.5V Halogen
5312-ZC	Black Zipper Case

Diagnostic Products

AARON SPECIALTY LIGHTS

Individually packaged. Two AA batteries. All lights have a 4-year shelf life.

6800	Tech Light™ w/concentric beam
6801	White Slit Beam For Cataract Screening
6804	1mm Light (for muscle tests)

AARON WOODS LIGHT

UV59	Hand-Held Ultra-Violet Light

Accessories

UV59B	Replaceable Black Lamp For UV59

WELCH ALLYN 3.5V HALOGEN NASAL ILLUMINATOR

When attached to throat illuminator section of No. 20000 otoscope/throat illuminator, provides illumination of the nasal passages through a 9mm speculum.

26530	3.5-V Halogen Nasal Illuminator, Complete w/9mm polypropylene speculum
26535	Nasal Illuminator Section Only
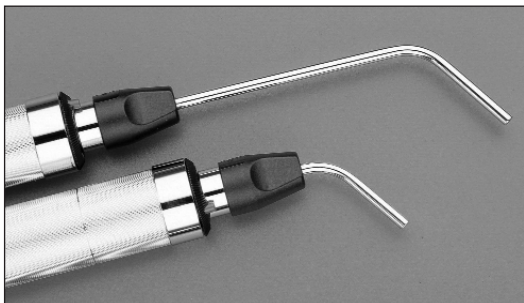

WELCH ALLYN 3.5V HALOGEN TRANSILLUMINATORS

These instruments use halogen illumination transmitted through fiber optics for brilliant, yet cool illumination. Fits any Welch Allyn 3.5V power source. May be sterilized by steam, gas, or some germicidal solutions.

41100	3.5V Finnoff Transilluminator (Cobalt Blue Filter Optional 41002)
43300	Curved All Purpose Transilluminator

WELCH ALLYN EPISCOPE™

For examining the entire skin surface and making accurate measurements of skin lesions. Bright, 3.5-V halogen illumination and 10x optics system ensure true tissue color and accurate identification of suspicious lesions. Attaches to rechargeable handle. Reticle contact plate allows easy measurement in millimeters. Removable contact plate is autoclavable to eliminate the possibility of cross-contamination. Easy to focus, large knurled focusing ring. Comfortable eyepiece with soft rubber eyewear protector. Fully portable. Soft carrying case accommodates handle and includes pouch for extra front cover. Handles must be ordered separately.

47300	EpiScope Skin Surface Microscope w/reticule contact plate
47351	EpiScope Set Includes EpiScope, Reticule Contact Plate, Rechargeable Handle, Nickel Cadmium Battery & Soft Carrying Case

HUNTLEIGH DOPPLEX® PRINTA™ II DOPPLER

Small, compact, portable, thermal printer for use with MD2 and FD2. Battery or AC operated for high quality print out on 112mm width paper.

PRINTA2/ACC76   Dopplex® Printa™ II w/buffer box

HUNTLEIGH DOPPLEX® REPORTER™ DOPPLER

Software program designed to run on the Windows™ operating system. The upper/lower limb program enables complete arterial and venous assessment documentation and data storage. Interfaces with MD2 Doppler only.

DR3   Dopplex® Reporter™

97

HUNTLEIGH FETAL DOPPLEX® I PLUS DOPPLER

Fetal dopplex with LCD display of fetal heart rate, fixed 2 MHz transducer and built-in loudspeaker. Waterproof.

FD1+-P-USA   Fetal Dopplex® I Plus

HUNTLEIGH FETAL DOPPLEX® II POCKET DOPPLER

Advanced pocket Doppler offers three Fetal Heart Rate (FHR) modes, LCD display, auto-correlation, active noise reduction, digital interface to Dopplex® Printa™ to produce FHR tracings. Supplied with one transducer of choice.

FD2PUSA/OP2HS	Fetal Dopplex® II w/2 MHz Probe
FD2PUSA/OP3HS	Fetal Dopplex® II w/3 MHz Probe
FD2PUSA/VP10HS	Fetal Dopplex® II w/10 MHz Probe

FD2PUSA/VP5HS	Fetal Dopplex® II w/5 MHz Probe
FD2PUSA/VP8HS	Fetal Dopplex® II w/8 MHz Probe

HUNTLEIGH FLEXI DOPPLEX® DOPPLER

Dedicated fetal Doppler with fixed 3 MHz transducer and integral loudspeaker. Waterproof. Includes carry case, headphones, alkaline battery (9V) and gel.

D930-P-USA   Flexi Dopplex®

HUNTLEIGH AUDIO DOPPLEX® DOPPLER (WITHOUT DISPLAY)

Dedicated fetal Doppler with fixed 2 MHz transducer and internal loudspeaker. Waterproof. Includes carry case, headphones, alkaline battery (9V) and gel.

D920-P-USA   Audio Dopplex® w/o display

HUNTLEIGH MINI DOPPLEX® DOPPLER (WITHOUT DISPLAY)

Non-directional pocket Doppler with internal loudspeaker. Supplied with one transducer of choice, carry case, headphones, alkaline battery (9V), gel and operating instructions.

D900USA/EZ8	Mini Dopplex w/EZ8 Widebeam Probe

HUNTLEIGH TRANSDUCERS

For FD2, MD2, SD2, and D900.

EZ8-HS	EZ8 Widebeam Probe
OP2-HS	2 MHz Probe For Fetal Heart Detection, High Sensitivity
OP3-HS	3 MHz Probe For Fetal Heart Detection, High Sensitivity
VP10-HS	10 MHz Probe For Very Superficial Vascular Applications, High Sensitivity
VP4-HS	4 MHz Probe For Very Deep Vessels, High Sensitivity
VP5-HS	5 MHz Probe Moderately Deep Vessels, High Sensitivity
VP8-HS	8 MHz Transducer For Peripheral/Superficial Vessels, High Sensitivity

HUNTLEIGH BABY DOPPLEX® DOPPLER 3000 - USA

The advanced electronic design enables accurate data to be produced using autocorrelation signal processing techniques, and displayed and recorded on the thermal paper trace. The pulsed Doppler, 7 Crystal Array Ultrasound Transducer provides excellent fetal heart pick-up and wrap-around bumpers provide additional impact protection. The standard monitor also includes: ultrasound channel, contractions measurement (Toco), automatic fetal movement detection with adjustable sensitivity, patient event marker, clinical event marker and annotation facility, clear LED indication of FHR and UA, high quality audio FHR reproduction, signal quality indicator (dual for twins), internal thermal printer.

NICOLET IMEXDOP CT+™ DOPPLER SYSTEM

Counter top/wall mount Doppler designed for hospitals, clinics and heavy volume offices. Features interchangeable probes, convenient recharging stand and a fetal heart rate display in easy-to-read digital numbers. Supplied with recharging stand, gel, battery pack, monaural earphone and mounting kit. Includes a five-year parts, one-year labor warranty against manufacture defects.

CTWP	Unit w/2 MHz Waterproof OB Probe

NICOLET IMEX FREEDOP™ DOPPLER SYSTEM

Unique cordless Doppler that allows freedom of movement anywhere in the room during obstetrical or vascular exams. One-hand operation with on/off and volume controls on the probe. Available with interchangeable 5 MHz or 8 MHz vascular probes, 2 MHz or 3 MHz obstetrical probes. Supplied with recharging stand, gel, battery pack and earphone. Includes a five-year parts, one-year labor warranty against manufacture defects.

FR58	Imex FreeDop™ w/5 & 8 MHz Probes
FR80	Imex FreeDop™ w/8 MHz Vascular Probe

NICOLET IMEX POCKET-DOP 3™ DOPPLER SYSTEM

A valuable aid in detecting pregnancy and monitoring the fetal heartbeat. Features interchangeable probes: the 3 MHz probe is for early fetal heartbeat detection and the 2 MHz probe is for use in later pregnancy or with larger patients. Also features auto-correlation which is a pattern recognition technique that quickly acquires and accurately tracks the complex signal of the fetal heart rate. Comes with a convenient recharging stand to be placed on a counter or mounted to a wall. Covered by a 5-year parts and 1-year labor warranty.

J200	Doppler w/2 MHz OB Probe
J230	Doppler w/2 & 3 MHz OB Probes
J300	Doppler w/3 MHz OB Probe

P200 *P500* *P800*

NICOLET IMEX POCKET-DOP II™ DOPPLER SYSTEM

Hand-held ultrasonic Doppler features interchangeable probes and built-in speaker for vascular and obstetrical applications. Supplied in soft sided case with 1 or 2 probes, recharger, walkman style headset, gel, batteries and CD ROM of pulse sounds. Includes a five-year parts and one-year labor warranty.

VLS48
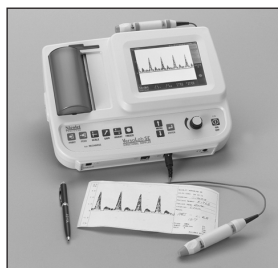

VLS80

NICOLET IMEX VERSALAB BI-DIRECTIONAL DOPPLER SYSTEM

Continuous wave doppler transducers optimized for detecting blood flow throughout peripheral parts of the body. Optional color display feature allows quantification, documentation and qualification of blood flow using a color frequency distribution spectral analysis for accurate determination of direction and velocity of blood flow. Fast, built-in printer for quality documentation of all information obtained. A variety of industry standard calculations and indices calculated to complement the diagnostic capabilities of the VersaLab. Includes a one-year parts and labor warranty against manufacture defects.

NICOLET IMEX ELITE™ 100 DOPPLER

Non-digital (no display) ultrasound Doppler used to determine fetal viability and to assist in monitoring peripheral arterial and venous blood flow. Options include interchangeable obstetric, vascular and waterproof obstetric probes. The system comes with the choice of probe(s), alkaline battery, gel, belt clip and operators manual. Includes one year labor warranty and five year parts warranty against manufacture defects.

HUNTLEIGH TWIN BABY DOPPLEX® DOPPLER 3002

Having all of the features of the 3000 Mark 2 version, the 3002 has a unique and extremely useful feature. Ultrasound FHR traces are produced on "Double Width" paper allowing two completely separate traces to be viewed. This avoids possible confusion which can occur, if conventional twins monitors which superimpose one trace on top of another, are used. A carry case is available to transport the products from clinic to clinic.

BD3002	Baby Dopplex® 3002

MVAPM   *MVAPT*

NICOLET IMEX VERSALAB ANTEPARTUM MONITOR™

Easy-to-use antepartum monitor designed for the office or the antepartum testing area of the hospital. Pulsed, directional 1.5 MHz ultrasound locks into the fetal heart rate; sensitive toco transducer tracks maternal contractions. Trace prints out on Z-fold paper for easy scanning and storage. Supplied with chart paper, belt, plastic membrane for toco, gel and patient event marker. Includes a one-year parts and labor warranty against manufacture defects.

MVAPM	Single APM Unit w/toco & 2 MHz Doppler Transducer
MVAPT	Twin APM Unit w/toco 1.8 & 2 MHz Doppler Transducers

NICOLET IMEX ANTEPARTUM MONITOR ACCESSORIES

D200	Z-Fold Chart Paper
D300	Belts, Pre-Cut, 2/pk

HUNTLEIGH INTRAOPERATIVE PROBE

Provides confirmation of blood flow following vascular reconstructive procedures. Potential post-operative complications can be minimized by confirming blood flow prior to closing, including the need for re-opening the surgical site. Sterilizable by Autoclave or Ethylene Oxide. Audible confirmation of blood flow; visual and hardcopy confirmation depending on Dopplex® system used. 8MHz operation for reliable flow detection in native vessels and some prosthetic grafts. Simple operation - special electronic adaptor resists diathermy interference and allows connection to any Vascular Dopplex® Advanced Pocket Doppler. A unique easy clean connector system. Bidirectional velocity waveform printouts - when used with the Multi Dopplex® II and the Dopplex® Printa II or Dopplex® Reporter software package. A Dopplex main unit and Adaptor are required to operate your Intraoperative Probe.

IPP3-USA	Probe Pack, 3/pk (Currently available for hospital use only)
ISP3-D900	Starter Pack, Includes: D900 Doppler, Adaptor, Clamp & 3 Probes (Currently available for hospital use only)
ISP3-MD2	Starter Pack, Includes: MD2 Doppler, Adaptor, Clamp & 3 Probes (Currently available for hospital use only)
ISP3-SD2	Starter Pack, Includes: SD2 Doppler, Adaptor, Clamp & 3 Probes (Currently available for hospital use only)
ISP3-USA	Starter Pack, Includes: Adaptor, Clamp & 3 Probes (Currently available for hospital use only)

Accessories

PA8	Adaptor (Currently available for hospital use only)

HUNTLEIGH DIABETIC FOOT ASSESSMENT KIT

The Diabetic Foot Assessment Kit is ideal for assessing the neuropathic and ischemic foot of the diabetic patients. The complete kit allows the clinician to: Measure the Ankle Brachial Index (ABI), Measure toe pressures TBI, Detect neuropathy, and Record Doppler waveforms (using the optional Dopplex Printa2 or Reporter Software Package).

DFK1/MD2	Diabetic Foot Assessment Kit
DFK2-USA-D900	Diabetic Foot Assessment Kit w/D900 mini doppler, includes: Sphygmomanometer, 8MHz Doppler Probe, Arm/Ankle Cuff, Large & Small Toe Cuff, 10g Monofilament, Educational Video, ABI Guide, TBI Guide, Tube of Gel, Headphones, large Polypropylene Case.

GE MEDICAL FETAL CHART PAPERS

Designed for GE Corometrics monitors. Serialized pages for case documentation. Thermal array provides accurate, vivid tracings.

4305CAO	Fetal Chart Paper, Red Grid, 30-240 BPM, Serialized Pages, Z-Fold, 160 sheets/pk, 40 pk/cs
4305DAO	Fetal Chart Paper, Red Grid, 50-210 BPM, Serialized Pages, Z-Fold, 160/pk, 40 pk/cs
4305FAO	Fetal Chart Paper, Red Grid, 50-210 BPM, Serialized Pages, Additional 1 Minute Time Marks, Z-Fold, 160/pk, 40 pk/cs
4306CAO	Fetal Chart Paper, Green Grid, 50-210 BPM, Serialized Pages, Z-Fold, 150/pk, 40 pk/cs
4482AAO	Fetal Chart Paper, 30-240 BPM, Serialized Pages, Pre-Loaded on Cartridges, Z-Fold, 17 cart/cs

P301008   *P301105*

PRO ADVANTAGE ULTRASOUND TRANSMISSION GEL

Thick, no-slip formula eliminates air between the transducer and skin offering exceptional coupling efficiency for more effective treatment and diagnosis. Formulated to be acoustically correct for the broad range of frequencies used in medical ultrasound applications. Non-irritating hypoallergenic formula will not sting or chafe patient tissue. Description Salt-free and formaldehyde-free. Water soluble formula prevents damage to equipment or clothing.

P301008	8 oz. bottle w/ flip cap , 12/CS
P301105	5 liter collapsible container w/empty bottle , 4/CS

PARKER LABS AQUASONIC® 100 ULTRASOUND TRANSMISSION GEL

The most widely used gel for diagnostic and therapeutic medical ultrasound. Recommended for all procedures where a viscous gel is required. Completely aqueous, will not stain clothing or damage transducers. Hypoallergenic, bacteriostatic, non-sensitizing and non-irritating. No formaldehyde. Not a spermicide.

01-02   Ultrasound Transmission Gel, Non-Sterile, 60g Doppler® Size Tube, 12/bx, 12 dz/cs

01-08   Ultrasound Transmission Gel, Non-Sterile, 0.25 Liter Bottle, 6 dz/cs

01-34   Ultrasound Transmission Gel, Non-Sterile, 1 Liter dispenser bottle, 6/bx, 2/cs

01-50   Ultrasound Transmission Gel, Non-Sterile, 5 Liter Sonicpac® w/dispenser bottle, 4/cs

PARKER LABS AQUASONIC® CLEAR ULTRASOUND GEL

Based on the same ˝can't be copied˝ formula as Aquasonic 100 Ultrasound Transmission Gel, without fragrance or color. Acoustically correct for a broad range of frequencies. Hypoallergenic, non-irritating and bacteriostatic. Water soluble. No formaldehyde. Not a spermicide.

03-02   Ultrasound Gel, 60g Doppler® Size Tube, 12/bx, 12 dz/cs
03-08   Ultrasound Gel, .25 Liter Bottle, 6 dz/cs
03-34   Ultrasound Gel, 1 Liter w/dispenser cap, 6/bx, 2 bx/cs
03-50   Ultrasound Gel, 5 Liter SONICPAC® w/disposable bottle, 4/cs
03-54   Ultrasound Gel, 5 Liter ECONOPAC w/2 dispensers, 4/cs

PARKER LABS STERILE AQUASONIC® 100 ULTRASOUND TRANSMISSION GEL

Recommended for diagnostic and therapeutic ultrasound applications when sterility is indicated. Overwrapped, sterilized foil pouches. Acoustically correct for the broad range of frequencies used in medical ultrasound. Non-irritating, hypoallergenic. Completely aqueous, will not stain clothing or damage equipment. Not a spermicide.

01-01   Ultrasound Transmission Gel, Sterile, 20g Overwrapped Sterilized Foil Pouches, 48/bx, 6 bx/cs

TRIAD ULTRASOUND GEL

Conducts a broad range of frequencies, does not allow air to intrude between the transducer and skin and requires only minimal pressure to make contact. It is water soluble, non-irritating and hypoallergenic. It will not stain skin or clothing.

10-9208   8 oz Ultrasound Gel, 12/cs
10-9228   Gallon Ultrasound Gel w/dispenser, 4/cs

PARKER LABS ECLIPSE® PROBE COVER

A soft, latex free, disposable probe cover for medical ultrasound probes/transducers, pre-gelled inside with Aquasonic® 100 Ultrasound Transmission Gel. Fits most endocavity ultrasound probes. Non-irritating and non-sensitizing.

30-00   Probe Cover, 7.1˝L x 2˝ W (180mm x 52mm), 100/bx, 12 bx/cs
38-01   Probe Cover, 2.5˝/1.75˝W x 9.5˝L (64mm/44mm x 241 mm), 100/bx, 6 bx/cs

PARKER LABS TRANSEPTIC® CLEANSING SOLUTION

Multi-purpose spray for professional use in cleansing ultrasound transducer/probe surfaces between procedures. Will not cause transducer membrane swelling. Does not contain phenol or glutaraldehyde.

09-25   Cleansing Solution, 250ml (8.5 fl oz) Clear Spray Bottle, 12/bx, 4 bx/cs
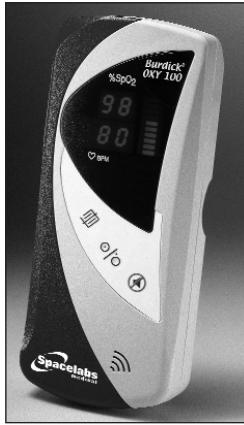

BURDICK OXY 100 PULSE OXIMETER BY CARDIAC SCIENCE

Fast, accurate SpO2 levels whenever and wherever needed. Displays SpO2 level, pulse rate and pulse strength on an easy to read LED screen. Uses 3 ˝C˝ cell batteries and automatically switches off when not in use. Compact, portable and durable. Up to 99 individual tests can be stored for printout using the optional printer.

92521-1A   Burdick Oxy 100 w/finger sensor

COVIDIEN/RESPIRATORY & MONITORING N20 SERIES HANDHELD PULSE OXIMETERS

Rugged, durable construction with protective boot. 32 to 37 hours long battery life. Easy-to-see day/night display. Three-year warranty. Comes with four C alkaline batteries, a finger clip sensor, a sensor extension cable, protective boot and moisture-resistant jacket. All models have a constant-pitch beep tone that sounds with each detected pulse. Displays oxygen saturation, pulse rate, vertical bar graph pulse amplitude indicator/battery meter, pulse search indicator, low battery indicator.

N20PA   N-20PA Handheld Pulse Oximeter, Includes: 4-C Size Batteries,
             1-Finger-Clip Sensor (DS-1000A), DEC-4 Sensor Extension
             Cable, Integral Thermal Printer w/12 rolls paper (901624),
             Protective Boot (024605), Moisture-Resistant Jacket & Manual
N20PAV   Pulse Oximeter w/continuous operation, Printer & Alarms (Vet
             Only)
Accessories
024605   Protective Boot, N-20P Series
024607   Soft Carrying Case for N-20 Series Pulse Oximeters
029043   Dual Soft Carrying Case for Pulse Oximeters
901624   Printer Paper, 12 rolls/box

OC-3   OxiCliq Sensor Cable, 3 ft, 1/bx
POSEY   Velcro Wrap for Reusable Sensors, 12/pk
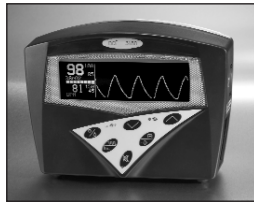

BCI 3180 PULSE OXIMETER

Provides an exceptional value for everyday oximetry needs. This compact, stand-alone monitor delivers fast, reliable SPO2, pulse rate and pulse strength measurements, complete with a plethysmographic waveform and up to 30 hours of on-screen trending. Plus, the bright liquid crystal display, easy-to-use menu and audible and visible alarms enhance clinical efficiency and quality of care for patients ranging from neonate to adult.

3180   3180 Pulse Oximeter

BCI AUTOCORR™ DIGITAL PULSE OXIMETER

Uses refined noise-reducing hardware and a unique patented software algorithm. Instead of relying on a voltage threshold to determine a pulse, it analyzes a digitized signal at a rate of 120 times per second, and compares it to previous pulse data. These pulses are constantly stored and updated, and used as dynamic templates to determine the validity or invalidity for newly-encountered pulsatile signals. Patented Serial Autocorrelation (SAC) technology provides reliable monitoring.

3304	Autocorr® Pulse Oximeter
3304LS	Autocorr® Pulse Oximeter w/loud alarms
3404-000	Autocorr® Plus SpO2 Pulse Oximeter
3404-001	Autocorr® Plus SpO2 Pulse Oximeter/ECG/Respiration

BCI DIGIT™ FINGER OXIMETER

Combines monitor and sensor into one unit that provides fast, reliable Sp02, pulse rate, and pulse strength measurements on patients from pediatric to adult. Ideal for use within emergency settings, in hospital or clinical environments, or for home use. Portable, lightweight pocket-size monitor. One-button keypad. Large LED display. Pulse-strength display bar indicates relative perfusion at the measurement site. Auto power shutdown after 8 seconds. Low battery indicator flashes when 30 minutes of battery time remains.

3420Y   Finger Oximeter, Yellow

BCI FINGERPRINT® HAND-HELD PULSE OXIMETER

Portable pulse oximetry monitoring system with built-in printer includes: 3401 Monitor (with 3 rolls of paper); 1884 Operation Manual; 3418 Protective Rubber Boot; 3044 Oximetry Finger Sensor; (4) Alkaline AA Cell Batteries.

3401-000	FingerPrint® Hand-Held Pulse Oximeter
3403-000	FingerPrint® Sleep Hand-Held Pulse Oximeter/Summary Printer

BCI 3301 HAND-HELD PULSE OXIMETER

Portable pulse oximetry monitoring system includes: 3301 Monitor; 1818 Operation/Service Manual; (3) Alkaline C Cell Batteries.

3301   Hand-Held Pulse Oximeter, with Oximetry Finger Sensor

BCI 3303 HAND-HELD PULSE OXIMETER WITH ALARMS

Portable continuous or spot check pulse oximetry monitoring system with alarms and internal rechargeable battery includes: 3303 Monitor; 3311 Oximetry Cable, 5 ft; 3044 Oximetry Finger Sensor; 1850 Clinician's Operation Manual; 1854 Home-Use instruction Book; 8210 AC Charger, 105-125V 60Hz; 3353 Protective Rubber Boot with Carrying Strap and Tilt Stand.

3303   Hand-Held Pulse Oximeter w/alarms

BCI MINICORR DIGITAL HAND-HELD PULSE OXIMETER

Designed to provide fast, reliable measurements on challenging patients. The device rejects spontaneous motion and other artifacts. Informs the operator of excess artifacts and improper sensor positioning and processes low perfusion signals. Designed for spot-checking or bedside monitoring. This portable unit is ideal for use in home care and clinical environments, as well as during sleep screening. Easy to use, 5-key operation. Infrared link to printer. Battery or charger. Boot is available. System includes 3402 Monitor; 3311 Oximetry Cable, 5 ft.; 3044 Oximetry Finger Sensor; 1896 Operation Manual.

3402   MiniCorr Digital Hand-Held Pulse Oximeter

DEVON C1 FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality LED display; 1 year limited warranty.

300C1	Pulse Oximeter, C1 Fingertip w/2 AAA Batteries, Carrying Pouch, Rubber Case, Lanyard & User Manual

DEVON C202 FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED display; multiple display modes; 1 year limited warranty.

300C202	Pulse Oximeter, C202 Fingertip w/2 AAA Batteries, Carrying Pouch, Lanyard & User Manual

GE Healthcare

When fast, accurate, portable performance is vital.

Dash ® 2500 and CARESCAPE ™ V100 Vital Signs Monitors

The rugged, affordable Dash 2500 bedside or mobile monitor sets a standard of excellence for lower-acuity monitoring. Leveraging the same parameters and algorithms of GE's clinically advanced, higher-acuity monitors, the Dash 2500 helps you treat every patient with exceptional quality, speed and precision.

The compact, portable CARESCAPE V100 monitor can go with you from one patient to the next, capturing vital signs quickly and accurately. Wireless connectivity to your EMR creates a seamless patient record wherever care is being delivered.

DEVON C3 FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED display; pulse signal strength indicator; pulse rate tone modulation adjustable brightness; 1 year limited warranty.

300C3   Pulse Oximeter, C3 Fingertip w/2 AAA Batteries, Carrying Pouch, Rubber Case, Lanyard & User Manual

DEVON C5 PEDIATRIC FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rates of children with accuracy and ease. Widely used in hospitals, pediatricians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED display; multiple display modes; anti-artifact. 1 year limited warranty.

300C5   Pulse Oximeter, C5 Fingertip w/2 AAA Batteries, Carrying Case, Lanyard & User Manual

DEVON 300I HANDHELD PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. It's durable lightweight design and superior performance makes it suitable for use in any healthcare facility including hospitals, outpatient surgery centers, nursing homes, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED display; multiple display modes; 1 year limited warranty.

300I   Pulse Oximeter, 300I Handheld w/2 AA Batteries, User Manual, BCI Compatible Adult Finger Sensor

DEVON PC60A FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto shut-off after idle for 8 seconds; low voltage indicator; high-quality LCD display.

PC-60A   Pulse Oximeter, PC60A Fingertip w/2 AAA Batteries, Lanyard, User Manual, Carrying Pouch & Quality Certificate

DEVON PC60C FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood), pulse rate, and Perfusion Index with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; and PI%; auto on and auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED multi-color display; multiple display modes; audio and visual alarm functions; measures perfusion index.

PC-60C   Pulse Oximeter, PC60C Fingertip w/2 AAA Batteries, Lanyard, Carrying Pouch & User Manual

DEVON PC60D PEDIATRIC FINGERTIP PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rates of children with accuracy and ease. Widely used in hospitals, pediatricians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value and pulse rate; auto on and auto shut-off after idle for 8 seconds; low voltage indicator; high-quality OLED multi-color display; audio and visual alarm functions; measures perfusion index. 1 year limited warranty.

PC-60D   Pulse Oximeter, PC60D Pediatric Fingertip w/2 Rechargeable Lithium Batteries, Lanyard, Battery Charger, Power Adapter, Charger Cable, Carrying Pouch, User Manual & Quality Certificate

DEVON PC60E ADULT/PEDIATRIC PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in all healthcare facilities, including hospitals, nursing homes, outpatient surgery centers, physicians' offices, emergency and ambulatory situations, as well as inside the home. Key features: FDA and CE approved; lightweight, compact and easy to carry; auto on and auto shut-off after idle for 8 seconds; low voltage indicator; audio and visual alarms, high-quality color OLED display; automatic 180° display change by built in orientation sensor; includes external pediatric SPO2 probe; 1 year limited warranty.

PC-60E   Pulse Oximeter, PC60E Fingertip, Adult & Pediatric w/2 AAA Batteries, External Pediatric Probe, Lanyard, Carrying Pouch, User Manual & Quality Certificate

DEVON PC66/PC66C HANDHELD PULSE OXIMETER

Measure SPOÇ (percentage of oxygen saturation in the blood) and pulse rate with accuracy and ease. Widely used in hospitals, pediatricians' offices, emergency and ambulatory situations, as well as inside the home. Also available for pediatric and infant use with addition probes. Key features: FDA and CE approved; lightweight, compact and easy to carry; accurately measures SPO2 value, pulse rate and perfusion index; LCD display; stores up to 70 hours of continuous SPO2 and pulse rate readings; recalls previous SPO2 measurements and pulse rate readings in real-time; audio and visual alarms; manual power on/off features. Adjustable alarm based on desired SpO2 and Pulse rate level. 1 year limited warranty.

PC-66   Pulse Oximeter, PC66 Handheld w/3 AA Batteries, User Manual, Stand, Extenstion Cable & Adult Probe

PC-66C   Pulse Oximeter, PC66C Handheld Combo w/3 AA Batteries, User Manual, Stand, Extension Cable, Adult Probe, Pediatric Probe & Infant Probe

Into the EMR. In a heartbeat.

ECG-to-EMR Connectivity Solutions

EMR Gateway seamlessly transfers a patient's ECG into the EMR using industry-standard formats and protocols. This easy-to-install software utility runs in the background, transmitting ECGs from the acquisition device to your EMR in seconds without user intervention, so they are immediately ready for review.

The CardioSoft™ (CS) Cardiac Testing and Data Management System software transforms your laptop or PC into a sophisticated cardiac data acquisition and analysis system – complete with Marquette® ECG analysis programs. And with full connectivity, you're just a click away from sending ECG data and interpretation to your EMR.

DEVON PC68B WRIST PULSE OXIMETER

Continuously monitors and records SPO2 (percentage of oxygen saturation in the blood), pulse rate readings, and perfusion index with accuracy and ease. Its durable, lightweight design and superior performance make it suitable for sleep centers, hospitals, nursing homes, in-home use. Key features: FDA and CE approved; continuously monitors and records SPO2 value and pulse rate; allows user to measure SPO2 in intervals of 1/2/4/8; auto power-on; lightweight, compact and easy to carry; measures perfusion index; high-quality OLED multi-color display; audible and visible alarm functions; records up to 72 hours of data; reviews and manages stored data; transmits data to a PC; autoshut-off after idle for 20 seconds; measures and records in power save mode, to extend battery life; date/time settings. 1 year limited warranty.

PC-68B   Pulse Oximeter, PC68B Wrist w/2 AAA Batteries, User Manual, Quality Certificate, USB Cable, Data Management Software & Wrist Band

MIDMARK IQECG® DIGITAL ECG

An easy-to-use, 12-lead, digital ECG and software solution that helps you to quickly administer testing and access the patient information you need to make informed cardiac assessments and provide more efficient patient care. Lightweight, portable design, weighing less than 11 oz. Interpret and analyze data for neonate, pediatric, and adult patients. Review and edit ECG results on-screen with free text or customizable quick edit statements. Save time and reduce data entry errors by populating patient information directly from your EHR/EMR software.

Diagnostic Products

BURDICK UNIVERSAL ECG BY CARDIAC SCIENCE

Portable and easy to use. Patient data is instantly and accurately obtained, viewing up to 12 channels. Unlimited data analysis including the ability to reanalyze data if system parameters are modified. Compatible with your favorite off-the-shelf PC, laptop, tablet PC or Compaq iPAQ. Connect with HeartCentrix for bi-directional communications. Download patient demographics and orders, perform tests, and upload test results to your EMR.

92309-01	Burdick Universal ECG Non-Interpretive, AHA, English
92309-02	Burdick Universal ECG Interpretive, AHA, English

BURDICK ECG CARTS BY CARDIAC SCIENCE

Designed to accommodate all Burdick ECG products. Electrocardiographs mount securely to the carts. Their sturdy design makes these carts a functional and attractive addition to the physican office. Shipped fully assembled. Mar-resistant finish.

008008	Cart, Light Duty, For Use w/any Burdick ECG
010-0001-001	Cable Hanger For Atria Carts 010-1639-01 & 010-1728-00
010-1639-01	Standard Duty Atria Cart
010-1728-00	Cart Heavy Duty, Atria

GE MEDICAL CARDIOSOFT ECG NON-INVASIVE MONITOR

Basic ECG resting modality+CAM14 with USB+EMR-AHA. English language manual. 12SL+ECG measurements+full disclosure+ECG hisotry. PDF and auto export. Technical support.

CSF65-AXAGXC-BXXXXX	CardioSoft ECG Monitor w/LAN-Storage to Network
CSF65-AXAGXC-XXXXXX	CardioSoft ECG Monitor

GE MEDICAL CARDIOSMART, CARDIOSYS, MAC CABLES & LEADWIRES

Easy to clean, wipe with damp cloth. Built for durability. Latex free. One year warranty. Coaxial cable reduces potential noise.

22341802	7 ft ECG Cable for CardioSmart, MAC 1000, CardioSys, AHA Uses CAM 14 Leadwires
22341809	10 ft ECG Cable For MAC 1100/1200/1200ST, AHA, Uses CAM 14 Leadwires
38401742	Leadwire Set, Banana/Cardiosmart, 0.156˝ Banana, AHA, 10/set

Accessories

086063	Operators Manual For EK-10

BURDICK ELITE II INTERPRETIVE ECG BY CARDIAC SCIENCE

Simultaneously acquires 10 seconds of ECG data for all 12 leads. Menu displays guide user through all functions. Stores up to 30 ECGs in memory. Includes 10 lead accessory group and 12.5-V nickel cadmium battery. Compact and portable. A powerful interpretation algorithm based on five clinically significant criteria we well as pediatric analysis and pacemaker enhancement is also available. Internal fax and communication modem.

Accessories

007697	Elite II Factory Installed Fax Option
086136	Elite II Operators Manual
086175	Elite II Service Manual
086245	Elite II ECG Interpretation Criteria, GRI

BURDICK EQUIPMENT CARRYING CASS BY CARDIAC SCIENCE

007039	Soft Shelled Carrying Case For EK-10, Elite & Spirotouch
007160	Soft Shell Carry Case For Eclipse LE/LEI
007771	Soft Shell Carry Case For Eclipse 8, 800, 850

BURDICK ATRIA 3100 ECG BY CARDIAC SCIENCE

Compact yet powerful. Our technology assures high quality and accuracy while giving protocol choices, helping eliminate transcription errors and improving workflow. This ECG offers high quality 12-channel ECG tracings. Ethernet communications included on all models, wireless 802.11g and BlueTooth available. A powerful interpretation algorithm based on five clinically significant criteria, as well as pediatric analysis and pacemaker enhancement, is also available. Connect with HeartCentrix for be-directional communications. Download patient demographics and orders, perform tests and upload test results to your EMR.

BURDICK ECG ACCESSORIES BY CARDIAC SCIENCE

007153	Plastic Cardiogram Mount Inserter
007154	ECG Caliper w/case, For Use w/all ECGs
007157	Adult Limb Plate Sensor, 4 electrodes/pk
007158	Limb Strap For Sensor, Single Hole, 18˝, Adult
007159	Limb Strap For Sensor, 2 Holes, 16˝, Adult
007161	Infant Limb Plate Sensor, 4/pk
007162	Limb Strap For Sensor, Infant, Single Hole
007163	Welsh Suction Cup Sensor, Self-Retaining, Adult
007264	Alligator (Veterinary) Adapter Clip
007364	Welsh Suction Cup Sensor, Spring-Clip, Infant
007374	Stress Cable Belt, Black Buckle, 5 ft
007463	Lead Adapter For Snap End
007469	Lead Adapter For Grabber End
007517	Patient Cable, Stress, 10 Lead, Stress, Non-replaceable Leads, AHA, For Use w/Elite, EK-10, E350, E350i, E550, E560, Eclipse LE/Lei
007519	Patient Cable, Stress, Non-replaceable, EK-8, E100, E200, E310, E320, E600
007526	Stress Belt, 4 ft, White, Velcro
007550	Adult Limb Plate Sensor, 4mm, Set of 4
007557	How To Operate The Burdick EK-10
007558	A Guide To Good ECG Technique
007690	Welsh Suction Cup Sensor 4mm, Set of 6
007704	ECG Patient Cable, 10 Lead, AHA, Replaceable Leads, For Use w/Eclipse 4, 400, 8, 800, 850, Plus & Premier, LEII & Atria Systems
007705	ECG Patient Cable, 10 Lead, Resting, Replaceable Leads, AHA, For Use w/EK10, Elite, E350, E350i, E550, E560, Eclipse LE/Lei
007707	Patient Cable, Resting, 10 Lead, Replaceable (IEC), Eclipse 4, 400, 8, 800, 850, Plus
007710	Patient Cable, Three Lead Wires (Replacement Kit) For 007704, 007704, Includes: one 20˝, one 30˝, one 40˝ Lead Wire & 10 Lead Identifiers
007711	Patient Cable, Three Lead Wires (Replacement Kit) For 007706, 007725, Includes: One 20˝, One 30˝, One 20˝ Lead Wire & 10 Lead Identifiers

BURDICK ECG ACCESSORIES BY CARDIAC SCIENCE (Continued)

007725	Patient Cable, 10 Lead, Stress, Replaceable Leads, AHA, Eclipse Connector, For Use w/Eclipse, 8, 800, 850, 850i, Plus, LEII, LEi2
007751	EKS-95 Electronic Patient
007797	Lead Adapter, 0.158˝ (4mm) diameter to snap end
008003	How To Operate The Burdick Eclipse
012-0700-00	ECG Patient Cable, 10 Lead, AHA, Non-Replaceable Leads, For Use w/EK-10, Elite, E350, E350i, E550, E560, Eclipse LE/Lei
012-0701-00	ECG Patient Cable, 10 Lead, Non-Replaceable Leads, AHA, For Use w/EK-8, E100, E200, E300, E310, E320, E600
012-0702-00	Patient Cable, Resting, 5 Lead, Non-Replaceable, EK10, Elite
012-0844-00	ECG Patient Cable, 10 Lead, AHA, Non-Replaceable Leads For Use w/Eclipse 4, 400, 8, 800, 850, Plus & Premier, LEII & Atria Systems
013-0150-00	30˝ Replacement Stress Leads, Green and Brown
047246	DC Input Cable (1V to 1mV)
047254	Patient Cable, Twist-Lock Connector For PA-101 Preamp
047262	Power Cord DC 200, Medic-5
086061-01	Electrocardiography: A Better Way Workbook
107067	Welsh Sensor Kit, Infant Plates/Straps & Bulbs
107068	Welsh Sensor Kit, Adult Plates/Straps, Infant Bulbs
107546	4mm Sensor Kit, Adult Plates/Straps, Infant Bulbs
146-0126-00	Replacement Battery for Burdick Atria ECGs
147235	5-Lead Wire Kit For 047236 Cable Only, Snap
860062	Retaining Strap Only For 107155 Set
860403	Bulb Only For Welsh Infant Sensor (007364)
860404	Bulb Only For Welsh Adult Sensor (007163)
862278	Battery Pack For ELITE, EK-10
863696	Battery Pack, 16.8V, 0.7A HR For Burdick Eclipse 850 ECG

GE MEDICAL MAC 1200 STANDARD RESTING ECG

A 12-lead electrocardiograph with a full-size paper, alphanumeric keypad and waveform display. Optional Marquette® 12SL™ ECG analysis program, data storage, and bi-directional data transmission capability. AC line or battery operation from NiCd battery. All models listed include: Printed measurements and starter kit (Silver Mactrode® electrodes, grabber adapters, paper, patient cable, power cord).

NIHON KOHDEN CARDIOFAX V ELECTROCARDIOGRAPH

What you see is truly what you get as the screen display and waveforms are the same size as the internal high-resolution thermal array printout. The display even has a background of grid lines exactly like the recording paper. The most recent five minutes of all 12-lead ECG waveforms are stored in memory. This decreases the chance of losing important data. Averaged waveforms of the latest 5 exams can be compared on the same screen and ECG changes are viewed on a time interval basis. The standard internal memory stores approximately 400 12-lead resting ECGs with the optional flash card, another 2,500 resting ECGs can be stored. Stored data can be transferred to a PC via flash card, LAN, or Wireless LAN interface. The optional QB-903E ECG viewer software resides on the PC and allows the clinician to take additional measurements and modify the interpretation if necessary. The optional PC viewer software allows the clinician to print reports to PDF files that many EMR systems will accept.

ECG-1550A-S	Cardiofax V Electrocardiograph, Includes All Accessories Except For The Cart, Cable Arm & Extended Memory Card
ECG-1550A-STR	Cardiofax V Stress w/o Treadmill, Includes All Accessories Except For The Cart, Cable Arm & Extended Memory Card

BURDICK VISION HOLTER SYSTEM BY CARDIAC SCIENCE

For practices performing routine Holter monitoring, the Burdick Vision Holter System provides a practical diagnostic tool ideal for today's tightly managed health care environment. Highly accurate and easy to use, the system is available in a variety of configurations. 99.95% accurate, data collection for up to 48 hours of three-channel ECG recordings, download full disclosure report in less than two minutes. Windows-based software is easy to learn and easy to use. All our optional HeartCentrix connectivity software for bi-directional communications with your EMR.

010-1640-00	Compact Flash Card, 128MB, Use w/Vision 5L Recorder
V53-1DG	Burdick Vision Software w/PC card interface. Vision 5L recorder and English language Single user license

92514-01	Vision 5L Digital Holter Recorder Kit

BURDICK BASELINE HOLTER CASSETTE PREP KIT BY CARDIAC SCIENCE

Each kit contains: 1 Hook-Up Guide,1 Surgical Prep Razor, 1 Skin Prep Scrub, 3 Alcohol Prep Pads, 12 Stress Loop Tape, 1 60 Minute Audio Cassette, 1 9V Battery, 1 Patient Diary.

043084	2 Channel Cassette Prep Kit, w/5 Holter Electrodes, 30/cs
043085	3 Channel Cassette Prep Kit, w/7 Holter Electrodes, 30/cs

BURDICK BASELINE HOLTER DISC PREP KIT BY CARDIAC SCIENCE

Each kit contains: 1 Hook-Up Guide, 1 Surgical Prep Razor, 1 Skin Prep Scrub, 3 Alcohol Prep Pads, 12 Stress Loop Tape, 1 Patient Diary, 1 Patient ID Card, 2 9V Batteries.

043101	2 Channel 6532 Prep Kit, w/5 Holter Electrodes, 30/cs
043104	3 Channel 6532 Prep Kit, w/7 Holter Electrodes, 30/cs

BURDICK HOLTER PATIENT CABLE

010-1642-00	Replacement Cable, 5 Lead, Use w/Vision 5L Recorder

BURDICK PC CARD RECORDER PREP KIT BY CARDIAC SCIENCE

Each kit contains: 1 Surgical Prep Razor, 3 Alcohol Prep Pads, 7 Holter Electrodes, 1 Patient ID Card, 1 Hook-Up Guide, 1 Skin Prep Scrub, 12 Stress Loop Tape, 1 Patient Diary, 4 "AA" Batteries

043202	PC Card Recorder Prep Kit, 30/cs

BURDICK HOLTER PREP KITS BY CARDIAC SCIENCE

Item 043250 Kit contains: 1 Surgical Prep Razor, 3 Alcohol Prep Pads, 5 Holter Electrodes, 1 Patient ID Card, 1 Hook-Up Guide, 1 Skin Prep Scrub, 12 Stress Loop Tape, 1 Patient Diary, 2 "AA" Batteries. Item 043272 Kit contains everything above except it has 7 Holter Electrodes instead of 5.

043250	Holter Prep Kit For 2-Channel Compact Digital Recorder, 30/cs

MIDMARK IQHOLTER™

Small and lightweight, making it easy and comfortable for your patient to wear. The readable, well-lit display and intuitive keypad make clinician navigation and menu control simple. Lightweight and comfortable, weights only 2.8 oz. On-screen leads and channel identification for speed and simplicity during patient hookup. Automatic pacemaker detection eliminates setting changes between patients. Automatic startup self-test with warning alarm ensures reliable recording. 5-lead hookup for 3-channel recording, 7-lead option available. Removable Secure Digital (SD) Card allows for immediate patient turnaround.

GE MEDICAL CARDIODAY HOLTER SYSTEM KIT

2034411-001	CardioDay Holter System Software & 1 Recorder w/2 channel cable

GE MEDICAL CARDIOMEM RECORDERS

CardioMem offers a genuine data storage without reduction or preanalysis as well as easy and field-proven handling procedures. The integrated graphical display allows an easy and quick check of the electrode application before the recording is started. The recorder features user-friendly, menu-guided operations visible directly on the display. A continuous open-lead monitoring detects bad or detached electrodes and prevents errors during subsequent analysis.

2014606-211	Recorder Kit: 1 Recorder CardioMem300, Pouch & 128mb SD Card

GE MEDICAL HOLTER 12-LEAD AMBULATORY CABLES

Ribbon cable design with strategic electrode snap placement. No need for separate leadwires; one piece design. Cable can be cleaned or disinfected. Lightweight wire can be used on a large cross section of patients. Latex free. 90 day warranty.

421825-001	Cable SEER MC Recorder, 12-Ld Ambulatory, AHA, 36″, Includes Electrode Snap Connections
421825-002	Cable SEER MC Recorder, 12-Ld Ambulatory, IEC, 36″, Includes Electrode Snap Connections

GE MEDICAL HOLTER 5 & 7 LEAD SNAP-LOCK CABLES & LEADWIRES

Locks leadwires in place to ensure a good connection. Release button allows the leadwires to be removed when depressed. Snap end of leadwire provides secure connection to snap style electrodes. Latex free. 90 day warranty.

409106-001	Cable 8500 Holter, Snap-lock, 5-Ld, DIN, 42″
409106-002	Cable 8500 Holter, Snap-lock, 7-Ld, DIN, 42″
409106-003	Cable SEER Holter, Snap-lock, 5-Ld, DIN, 42″

08241-0000	Holter Hook-Up Kit, Includes 1.5V AA Batteries, Patient Diary, Razor, Abrading Pad, Alcohol Prep Pads, 5 Disp. Holter Electrodes
80188-0000	Patient Cable, Short, MT-100
80189-0000	Fiber Optic Transfer Cable, MT-200

BURDICK QUEST® EXERCISE STRESS SYSTEM BY CARDIAC SCIENCE

Features easy, intuitive touch screen. Lets you focus on the patient. Performs both resting 12-lead ECGs and stress tests on one system. Accurate ECG data acquired at the patient eliminating non-cardiac electrical noise. Flexible programming means you choose the protocol. Generous storage, enhanced online data editing and several data management options. Full-range reporting offers over 15 different report configurations. Optional treadmill not included. See TM55 or TM65. Optional T-Wave Alternans helps predict Sudden Cardiac Death (SCD). Add our optional HeartCentrix connectivity software for bi-directional communications with your EMR.

B24-1ALMP	Exercise Stress System Quest, English Language w/resting ECG, Aha Accessories Kit & Communications (XML, HL7 & PDF) Options, 120V
B24-1AP	Burdick Quest System w/o treadmill. Includes standard US Thermal Paper and AHA Patient Cable, English Language (120V)
B24-1AP01	Burdick Quest Exercise Stress System, English Language w/AHA accessories kit and TM55 Treadmill
B24-1APM01	Burdick Quest Exercise stress system, English language, with AHA accessories kit, TM55 treadmill and network communications option (120V)

Accessories

004219	Patient Data Acquisition Cable
007772	Patient Module
214-1022-01	Belt & Pouch w/quick buckle for Quest
214-1023-00	Belt Extender w/quick buckle for Quest

BURDICK QUNTION Q-STRESS® EXERCISE STRESS SYSTEM BY CARDIAC SCIENCE

Q-Stress now in its ninth generation was designed to provide superior clinical data while meeting your procedural needs. Start by importing your patients' demographics. It will streamline your work, eliminate unnecessary keying, and minimize documentation errors and mishandled billing. Run our proprietary algorithm, baseline wander, and motion artifact filters for better ECG tracings with less noise. Display 3-, 6-, or 12-leads of data and easily view, print, save, or email in-tests or final reports. Be confident knowing the system alerts you to significant ECG changes. It updates analyses and displays anomalies, including ST anomalies and ectopic beats. Append significant data to the final report or export the complete full disclosure to your electronic medical record (EMR) systems. Configured with our TM55 or TM65 treadmill, you'll be full equipped for to performance. Our medical treadmills have been the industry's gold standard for more than three decades and are among the test selling in the world.

037225-001	Patient Cable Pouch For Q-Stress
60-00180-01	Patient Cable For Q-Stress or HeartStride, AHA 25˝ Leadwires w/pinch connection

BURDICK TM55 AND TM65 TREADMILLS BY CARDIAC SCIENCE

Thousands of clinicians worldwide rely on the TM55 and TM65 to deliver the accuracy and reliability required for exercise stress tests. Proven design maximizes system reliability. Controlled "soft start" for patient safety. Digitally controlled AC-drive system provides high torque for accurate speed and grade, regardless of weight. Quiet Operation through entire speed range calms patients and eliminates office disruption. Fully integrated into the Burdick Quest & Quinton Q-Stress exercise stress system.

BURDICK HEARTSTRIDE EXERCISE STRESS SYSTEM BY CARDIAC SCIENCE

Enjoy the HeartStride's simple graphical user interface while knowing you have access to enhanced clinical features and optional connectivity capabilities. Change testing protocols with a simple mouse click. Use the full range of in-test and final report configurations to document exactly what you want. Save time with the QuikList feature that provides conventional words or phrases for final report preparation. Easily connect the HeartStride to your echo or nuclear system, selecting the output channel you want. Store virtually unlimited data and reports on the hard drive or export information to your EMR. Add our optional HeartCentrix connectivity software for bi-directional communications with your EMR.

MIDMARK IQSTRESS™

An easy-to-use system that combines sophisticated cardiac testing with straightforward features. Includes a lightweight, digital ECG, integrated stress analysis software, stress cart and a medical grade treadmill. Everything is just a click away with a user-friendly, one-level menu. Customizable user profiles make procedure setup fast and easy. Quick access to customized test protocols, measurement parameters, display formats and reports. Seven protocols preprogrammed to begin testing immediately, including the Bruce and Modified Bruce. Easily review up to four stress tests for side-by-side comparison of a patient's progress. Correct, ergonomic patient testing orientation. Summarize and review test results with detailed rhythm strips and averaged beats immediately after the test is completed, either locally or from any network. The medical grade treadmill is reliable, quiet and runs smoothly for assured patient comfort.

BURDICK POWERHEART AED G3 AUTO DEFIBRILLATOR BY CARDIAC SCIENCE

Clear voice prompts guide the user through the entire process and a text screen provides helpful information. Simplifies the rescue process by eliminating the need to press a shock button. Once the defibrillation pads are attached to the patient, the device detects the person's heart rhythm, analyzes the rhythm using the patented RHYTHMx® software, and if a life-threatening rhythm is detected, instructs the user to stand clear and automatically delivers a defibrillation shock. Patented RescueReady® technology verifies functionality daily. Industry leading 7 year product warranty. 4 year battery warranty.

9300A-501PPC	AED G3 Auto Pkg Includes: AHA 2005 Guidelines Compliance, 2 pr Adult Electrodes, 1 ea: Quick Start Tool Kit, AED Carry Bag, Ready Kit, Serial Communication Cable, 9146 Battery

BURDICK POWERHEART AED G3 PRO DEFIBRILLATOR BY CARDIAC SCIENCE

Powerheart G3 Pro AED offers the industry's first ECG color display, provides manual override features, multiple rescue capability, and the most advanced technology available to provide healthcare and rescue professionals extended capabilities for emergency treatment of sudden cardiac arrest and continuous cardiac monitoring. Patented RescueReady® technology verifies functionality daily. Industry leading 7 year product warranty.

9300P-501PPC	AED G3 Pro® Pkg Includes: AHA 2005 Guidelines Compliance, 2 pr Adult Electrodes, 1 ea: Quick Start Tool Kit, AED Carry Bag, Ready Kit, Serial Communication Cable, 9145 Battery

BURDICK POWERHEART AED G3 SEMI-AUTO DEFIBRILLATOR BY CARDIAC SCIENCE

Clear voice prompts guide the user through the entire process and a text screen provides helpful information. Once the defibrillation pads are attached to the patient, the device detects the person's heart rhythm, analyzes the rhythm using the patented RHYTHMx® software, and if a life-threatening rhythm is detected, instructs the user to press the shock button. Patented RescueReady® technology verifies functionality daily. Industry leading 7 year product warranty. 4 year battery warranty.

9300E-501PPC	AED Package Includes: 2 pair Adult Electrodes, 1 ea: Quick Start Tool Kit, AED Carry Bag, Ready Kit, Serial Communication Cable, 9146 Battery

ZOLL AED PLUS

The AED Plus is the first and only Full-Rescue AED that helps with both defibrillation and CPR. ZOLL's Real CPR Help® technology provides real-time feedback on both rate and depth of chest compressions during CPR. This ensures that the rescuer is providing the best manual CPR possible during a rescue, giving the victim a better change of survival. This technology, being the first of its king, is what makes the AED Plus the only AED that will help make a difference during an SCA rescue.

A Defibrillator for Every Rescuer...

Look to ZOLL® for your next defibrillator and give your patients yet another reason to put their trust in you and your services. Whether it is a professional device such as the M Series®, or an AED, such as the AED Plus® or AED Pro®, ZOLL has earned the respect of users of all skill levels.

With more than 20 years of experience in defibrillation, ZOLL is a pioneer in resuscitation solutions. ZOLL develops technologies to help advance the practice of resuscitation. With products for pacing, defibrillation, circulation, ventilation, data management, and fluid resuscitation, ZOLL provides a comprehensive set of technologies that can help clinicians and lay rescuers resuscitate sudden cardiac arrest and trauma victims.

BURDICK HEARTLINE® MONITORING ELECTRODES BY CARDIAC SCIENCE

Designed to deliver high quality, easy-to-read tracings and long-lasting adhesion for consistent, dependable performance.

007778	HeartLine Comfort Tape Wet Gel Electrodes, 48mm, 30/pouch, 600/cs
007781	HeartLine DuraFoam Wet Gel Electrodes, 48mm, 30/pouch, 20 Pouches/cs
007782	HeartLine Radiolucent Universal Electrode, 30/pouch, 600/cs
007784	HeartLine SensaCloth Electrodes, 30mm, 30/pouch, 600/cs
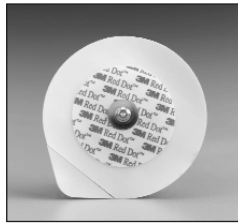

3M™ RED DOT™ CLEAR PLASTIC MONITORING ELECTRODES

A tear-drop style monitoring electrode with clear plastic backing that is ideal for situations when immediate skin assessment is required without the need to remove the electrode. The gel's low chloride content minimizes skin irritation for increased patient comfort.

2235	5.1cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
9642	5.1cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs

3M™ RED DOT™ DIAPHORETIC FOAM MONITORING ELECTRODES

A rectangular-shaped electrode that offers a high-tack adhesive and foam backing designed for diaphoretic clinical situations. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.

2230	5.1cm x 5.5cm Monitoring Electrodes w/o abrader, 50/bg, 20bg/cs
2270-3	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
2270-5	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 5/bg, 20 bg/bx, 10 bx/cs
2270-50	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 50/bg, 20bg/cs

3M™ RED DOT™ DIAPHORETIC SOFT CLOTH MONITORING ELECTRODES

A rectangular-shaped electrode that offers a high-tack adhesive and soft cloth backing designed for diaphoretic clinical situations. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.
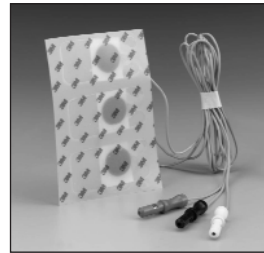

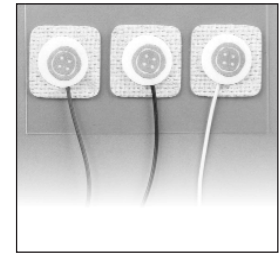

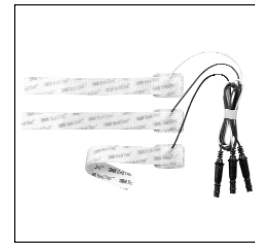

2231	5.1cm x 5.5cm Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2271-3	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
2271-5	5.1cm x 5.5cm Monitoring Electrodes w/abrader, 5/bg, 20 bg/bx, 10 bx/cs

3M™ RED DOT™ ECG MONITORING ELECTRODES WITH PRE-ATTACHED LEAD WIRE

|	
2269T	Neonatal, 2cm x 4cm, Pre-Wired Radiolucent Electrode w/clear tape, 3/bg, 10 bg/bx, 10 bx/cs
2280	Neonatal, 22mm x 22mm, Pre-Wired Non-Radiolucent Electrode w/soft cloth, 3/bg, 100 bg/cs
2282	Neonatal, 22mm x 22mm, Pre-Wired Radiolucent Electrode w/soft cloth, 3/bg, 100 bg/cs
2282L	Neonatal, 2.2mm x 2.2mm, Pre-Wired Radiolucent Monitoring Electrode w/soft cloth, 26˝ Leadwire Length, 3/bg, 100 bg/cs
2283	Infant, 33mm x 22mm, Pre-Wired Radiolucent Electrode, 3/bg, 100 bg/cs
2284	Neonatal, 17mm x 22mm, Pre-Wired Radiolucent Limb Band Electrode, 3/bg, 100 bg/cs

3M™ RED DOT™ FOAM MONITORING ELECTRODES

Tear-drop style monitoring electrodes with foam backing. Patented solid gel penetrates the skin quickly allowing high quality, uninterrupted traces. Low chloride content minimizes skin irritation.

2237	4.4cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2237-3	4.4cm Dia. Monitoring Electrodes w/o abrader, 3/bg, 20 bg/bx, 10 bx/cs
2237-5	4.4cm Dia. Monitoring Electrodes w/o abrader, 5/bg, 20 bg/bx, 10 bx/cs
2259-3	5.1cm Dia. Monitoring Electrodes w/abrader, 3/bg, 20 bg/bx, 10 bx/cs
2259-50	5.1cm Dia., Monitoring Electrodes w/abrader 50/bg, 20 bg/cs
9640	5.1cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs

3M™ RED DOT™ INFANT SOFT CLOTH MONITORING ELECTRODES

2258-3	Infant, 3.2cm Dia., Soft Cloth Electrode w/o abrader, 3/bg, 20 bg/bx, 10 bx/cs
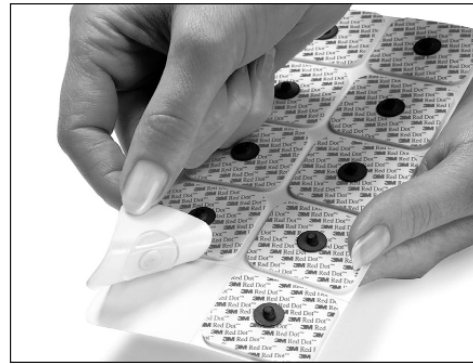

3M™ RED DOT™ MONITORING ELECTRODES WITH FOAM TAPE & STICKY GEL

Multi-purpose monitoring electrodes with foam backing and sticky gel are ideally suited for the OR, ER and diagnostic stress testing applications. Conveniently packaged in individual strips of ten electrodes for easy use and less waste. Remains fresh for 30 days out of the bag.

2560	Monitoring Electrode w/o abrader, 10/strip, 5 strips/bg, 20 bg/cs
2570	Monitoring Electrode w/abrader, Radiolucent Stud, 50/bg, 20 bg/cs
2570-3	4cm x 3.5cm Monitoring Electrodes w/abrader, Radiolucent Stud, 3/bg, 200 bg/cs
2570-5	4cm x 3.5cm Monitoring Electrodes w/abrader, Radiolucent Stud, 5/bg, 200 bg/cs

3M™ Red Dot™ Electrodes

Excellent trace and patient comfort
GUARANTEED*

Improved 9643 3M™ Red Dot™ Electrodes are more flexible and conformable for your clinician and their patients. Feedback from evaluators viewed it as a substantial improvement over the old design.

This change is a major reason why you should choose 3M™ Red Dot™ Electrodes. Our electrodes have been a trusted choice of health care providers for more than 32 years. And, as you will see, 3M continues to find ways to improve electrode performance and convenience.

Product features include:
- Standard 5-day wear
- Strip Delivery
- Outstanding Trace Quality
- Facility Wide Standardization

* Good as Gold Guarantee: If at any time and for any reason you are dissatisfied with 3M™ Red Dot™ Monitoring EKG Electrodes, we will replace the unexpired, unused product or, if you prefer, refund the purchase price.

3M and Red Dot are trademarks of 3M © 2009

3M

3M™ RED DOT™ MONITORING ELECTRODES WITH MICROPORE™ TAPE BACKING

A round-style monitoring electrode with 3M Micropore™ Surgical Tape backing. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation. Radiolucent to minimize the need to replace or remove electrodes in most radiological imaging applications.

2239	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2249-50	6cm Dia. Monitoring Electrodes w/abrader, 50/bg, 20 bg/cs
2248-50	Pediatric, 4.4cm Dia., Micropore Paper Tape Electrode, 50/bg, 20 bg/cs

3M™ RED DOT™ REPOSITIONABLE MONITORING ELECTRODES

2660-3	Repositionable Monitoring Electrodes, 1.56″ x 1.25″, 3/bg, 200 bg/cs
2660-5	Repositionable Monitoring Electrodes, 1.56″ x 1.25″, 5/bg, 200 bg/cs
2670-3	Repositionable Monitoring Electrodes, 1.56″ x 1.25″, 3/bg, 200 bg/cs
2670-5	Repositionable Monitoring Electrodes, 1.56″ x 1.25″, 5/bg, 200 bg/cs

3M™ RED DOT™ RESTING MONITORING ELECTRODES

Resting electrodes for 12-lead EKG applications.

2330	2.2cm x 2.2cm Monitoring Electrodes , Tab Style, 10/strip, 10 strips/bg, 10 bg/bx, 4 bx/cs
2352	1 3/4″ x 7/8″ Monitoring Electrodes , Snap Style, 10/bg, 100 bg/cs
2360	2cm x 2cm, Monitoring Electrode w/conductive adhesive, Tab Style, 10/card, 10 cards/bg, 40 bg/cs
2364	2cm x 2cm, Monitoring Electrode w/conductive adhesive, Tab Style, 10/card, 10 cards/bg, 40 bg/cs
9650	2.2cm x 2.2cm Monitoring Electrodes , Tab Style, 100/bg, 10 bg/bx, 4 bx/cs

3M™ RED DOT™ SOFT CLOTH MONITORING ELECTRODES

A round-style monitoring electrode with soft cloth backing for general ECG monitoring. Patented solid gel penetrates the skin quickly allowing high quality. Low chloride content minimizes skin irritation.

2238	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs
2238-3	6cm Dia. Monitoring Electrodes w/o abrader, 3/bg, 20 bg/bx, 10 bx/cs
2238-5	6cm Dia. Monitoring Electrodes w/o abrader, 5/bg, 20 bg/bx, 10 bx/cs
2255-50	6cm Dia. Monitoring Electrodes w/abrader, 50/bg, 20 bg/cs
9641	6cm Dia. Monitoring Electrodes w/o abrader, 50/bg, 20 bg/cs

3M™ RED DOT™ TRACE PREP

A gentle abrasive material designed to remove the non-conductive skin layer to achieve a better trace quality.

2236	3/4″ x 196″ Trace Prep w/dispenser, 36/cs

3M™ RED DOT™ WET GEL FOAM MONITORING ELECTRODES

Tear-drop style monitoring electrodes with wet gel. Low chloride content minimizes skin irritation.

2256-50	5.1cm Dia. Monitoring Electrodes w/abrader, 50/bg, 20 bg/cs

GE MEDICAL DISPOSABLE RESTING ECG ELECTRODES

Latex free. Rapid, stable baseline. Reduces potential for cross-contamination. Secure adhesion. Silver/silver chloride construction.

2014778-001	SilverTRACE® Plug Disposable Resting ECG Electrodes, Plug B4MO Foam Rectangle, Banana Socket, 30/pch, 10 pch/bx
402207-210	BabyMAC® Pediatric Disposable Resting ECG Electrodes, Tab, 10/card, 10 card/pk, 5 pk/cs
900703-310	SilverTRACE® Disposable Resting ECG Electrodes, Adult Foam Rectangle, Wet Gel, Snap, 5/strip, 2 strip/pch, 160 pch/cs
9623-003	Silver Mactrode® Disposable Resting ECG Electrodes, Tab, 10/card, 10 card/pk, 10 pk/cs
9623-003P	Silver Mactrode® Plus Disposable Resting ECG Electrodes, Tab, 10/card, 10 card/pk, 10 pk/cs
9623-103P	Silver Mactrode® Plus Disposable Resting ECG Electrodes, Tab, 14/card, 10 card/pk, 10 pk/cs

GE MEDICAL EXERCISE/STRESS, HOLTER, TELEMETRY SNAP ELECTRODES

Latex free foam and vinyl tape electrodes Two-piece snap connectors. Silver/silver chloride electrodes with wet or solid get.

2014768-001	SilverTRACE® Multi P21MO, Disposable Adult ECG Electrodes, Foam Oval w/tab, Solid Gel, 30/pch, 10 pch/bx
2014775-001	SilverTRACE® First P28MO, Disposable Adult ECG Electrodes, Wet Gel, 30/pch, 10 pch/bx
2014777-001	SilverTRACE® Soft P55MO, Disposable Adult ECG Electrodes, Foam Round, Wet Gel, 30/pch, 10 pch/bx
2014780-001	SilverTRACE® Soft Stress PS50MO, Disposable Adult ECG Electrodes, Foam Round, Wet Gel, 30/pch, 10 pch/bx
2014783-001	SilverTRACE® Window P50TR, Disposable Adult ECG Electrodes, Vinyl Tape Round, Solid Gel, 30/pch, 10 pch/bx
2014784-001	SilverTRACE® Window P50TR, Disposable Adult ECG Electrodes, Vinyl Tape Round, Solid Gel, 5/strip, 60 strip/bx
2014785-001	SilverTRACE® Window P50TR, Disposable Adult ECG Electrodes, Vinyl Tape Round, Solid Gel, 7/pch, 50 pch/bx
900703-205	SilverTRACE® Disposable Adult ECG Electrodes, Foam Oval, Wet Gel, 5/strip, 30 strip/bx, 4 bx/cs
900703-230	SilverTRACE® Disposable Adult ECG Electrodes, Foam Oval, Wet Gel, 30/pch, 10 pch/cs
9653-305	SilverTRACE® Disposable Adult ECG Electrodes, Clear Vinyl Tape, Solid Gel, 5/pch, 60 pch/cs
9653-507	SilverTRACE® Disposable Adult ECG Electrodes, Clear Vinyl Tape, Solid Gel, 7/pch, 50 pch/cs

GE MEDICAL QWIK CONNECT® PLUS FETAL SPIRAL ELECTRODES

Locking mechanism secures the electrode during attachment. Electrode wires stabilized inside the guide tube until unlocked by the clinician. Latex free. Sterile.

7000AAO	Fetal Spiral Electrode, 50/cs

GE MEDICAL RADIOTRANSLUCENT ELECTRODES

Latex free polyethylene foam base. Carbon snap is x-ray translucent and non-magnetic. Conductive wet gel provides clear ECG traces.

2014786-001	SilverTRACE® First Carbon P28MO, Disposable Radiotranslucent ECG Electrodes, Foam Rectangle, Wet Gel, 30/pch, 10 pch/bx
2014787-001	SilverTRACE® First Carbon P28MO, Disposable Radiotranslucent ECG Electrodes, Foam Rectangle, Wet Gel, 5/strip, 60 strip/bx
9408-401	SilverTRACE® Disposable Adult Radiotranslucent ECG Electrodes, Foam Oval, Wet Gel, 5/strip, 60 strip/cs

GE MEDICAL QWIK CONNECT® PLUS DISPOSABLE ATTACHMENT PADS

Reduces potential for cross-contamination. Nickel-plated stud insures good conductivity. Eliminates the need for uncomfortable leg plate adapter straps. Latex free. Secure adhesive.

2464AAO	Spiral Leg Plate Attachment Pads, 1″ x 3″, 50/cs

GE MEDICAL REUSABLE RESTING ECG ELECTRODES & ACCESSORIES

German silver electrodes minimize baseline drift and reduce contact resistance. GE suction electrode perfect fit for 0.156″ (4mm) banana plug leadwires. Limb clamps that are latex free, easy to apply, and accepts both banana plug and snap leadwires.

5608-003	GE Gray Suction Bulb
9033-014	GE Suction Electrode
9033-015	GE Suction Electrode & Gray Bulb
Accessories	
9033-006	Rubber Limb Strap, Latex Free
9033-401	Limb Clamps, 4/set

Welch Allyn has a broad range of devices that connect today.

Now you can automatically transfer patient information and test data into your EMR without redundant work steps, misidentified patients, transcription errors or delay.

With a broad range of devices that connect today, Welch Allyn can tailor a solution that's perfect for your office workflow. Using the Welch Allyn CardioPerfect™ Workstation Software and our vital signs software integration kit, you can transfer both cardiopulmonary and vital signs information directly into your Electronic Medical Records system. This eliminates the need for manual data entry, improves accuracy and enables immediate access to patient diagnostic information, enhancing your practice's efficiency.

For a personal demonstration or for more information, please contact your local representative.

NIKOMED DIAGNOSTIC TAB ELECTRODES

The Nikotab System with Nikomed diagnostic ECG is easy. Unique design allows for quick and easy prep. The highest quality adhesive and innovative shape prevent twisting and deliver the greatest percentage of first time recordings. Wide-body design holds Nikotab absolutely flat, securing it in place to eliminate the twist. This product is latex free.

007983	Heartline Thermal Paper Pads, 5.910″ (150mm) Red Matrix Grid, Perforated w/blank header, 8.5″ (216mm) x 11″ (279mm) Format, Z-Fold, For Use Quest, Eclipse Plus & Atria, 200 sheets/pad, 10 pd/cs
007988	Heartline Thermal Paper Pads, 5.910″ (150mm) Red Matrix Grid, Perforated w/blank header, 8.5″ (216mm) x 5.5″ (140mm) Format, Z-Fold, For Use Eclipse 850, 300 sheets/pad, 10 pd/cs

GE MEDICAL LASER PRINTER PAPERS

Quality paper stock minimizes wear on laser printers. Save time printing traces on preprinted grid paper. Red grids improve trace legibility.

9402-053	Laser Printer Paper, Red Grid w/blank interpretation area, 8.5″ x 11″, 500 sheets/pk, 5 pk/cs
9402-054	Laser Printer Paper, Full Page Red Grid, 8.5″ x 11″, 500 sheets/pk, 5 pk/cs

We offer:
• Great Service
• Great Pricing
• Great Products

GE MEDICAL PREMIUM THERMAL RECORDING PAPERS

Exclusive chemical composition resists trace fading for 5-7 years following recommended storage procedures. Clear, precise trace. Designed for reading ease.

22613001	Premium Thermal Paper, 55mm x 40M
22616606	Premium Thermal Paper, Full Page Brown Grid, Queue Mark, 8.5″ x 11″, Z-Fold, 150 sheets/pk, 10 pk/cs
22616802	Premium Thermal Paper, Brown Dot Grid, 3.54″ x 115 ft, 10/cs
385-1000-015	Premium Thermal Paper, Brown Grid, 8.5″ x 11″, Z-Fold, 400 sheets/pk, 10 pk/cs
9402-018	Premium Thermal Paper, Red Grid, 4″ DDW 4.25″ x 150 ft, 32/cs
9402-020	Premium Thermal Paper, Full Page Red Grid, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9402-021	Premium Thermal Paper, Full Page Red Grid, A-4 Modified, 8.26″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9402-023	Premium Thermal Paper, Red Grid, 4.25″ x 75 ft, 2/pk, 9 pk/cs
9402-024	Premium Thermal Paper, Red Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9402-028	Premium Thermal Paper, All White, 2″ x 100 ft, 48/cs
9402-029	Premium Thermal Paper, All White, Queue Hole, 8.5″ x 11″, Z-Fold, 300 sheets/pk, 8 pk/cs
9402-030	Premium Thermal Paper, All White, Black Queue Mark, 8.5″ x 11″, Z-Fold, 300 sheets/pk, 8 pk/cs
9402-031	Premium Thermal Paper, Green Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9402-046	Premium Thermal Paper, 2″ x 100 ft, 48/cs
9402-050	Premium Thermal Paper, Red Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 500 sheets/pk, 5 pk/cs
9402-060	Premium Thermal Paper, Full Page Red Grid, Queue Hole, 8.5″ x 11″, Z-Fold, 150 sheets/pk, 16 pk/cs
9402-061	Premium Thermal Paper, Red Grid w/blank interpretation area, Queue Hole, 8.5″ x 11″, Z-Fold, 150 sheets/pk, 16 pk/cs
9402-324	Premium Thermal Paper, Red Grid w/blank interpretation area, 3-Hole Punch, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9472-103	Premium Thermal Paper, All White, 2″ x 100 ft, 4/bx

GE MEDICAL UNIVERSAL THERMAL RECORDING PAPERS

Bright white paper offers excellent trace legibility. Best choice for MUSE customers. Electronic record reduces need for more expensive, long-term trace retention.

9902-020	Universal Thermal Paper, Full Page Red Grid, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-021	Universal Thermal Paper, Full Page Red Grid, A-4 Modified, 8.26″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-024	Universal Thermal Paper, Red Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-024GY	Universal Thermal Paper, Gray Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-030	Universal Thermal Paper, All White, Black Queue Mark, 8.5″ x 11″, Z-Fold, 300 sheets/pk, 8 pk/cs
9902-031	Universal Thermal Paper, Green Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-324	Universal Thermal Paper, Red Grid w/blank interpretation area, 3-Hole Punch, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 8 pk/cs
9902-920	Universal Thermal Paper, Full Page Red Grid, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 10 pk/cs
9902-924	Universal Thermal Paper, Red Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 10 pk/cs
9902-931	Universal Thermal Paper, Green Grid w/blank interpretation area, 8.5″ x 11″, Z-Fold, Queue Hole, 300 sheets/pk, 10 pk/cs

COVIDIEN/KENDALL CHART PAPERS

Kendall-LTP manufactures one of the largest offerings of recording chart papers in the industry. With more than 40 years of manufacturing experience, our customers can expect consistent trace quality as well as a product that is designed to meet or exceed the instrument specifications.

20608594	Recording Chart Paper, Compatible to Spacelabs/Burdick 007868, 10 pads/cs
30015682	Recording Chart Paper, Compatible to Spacelabs 307438, 50 rl/cs
30540499	Recording Chart Paper, Compatible to Spacelabs 307568, 20 pad/cs
30561354	Recording Chart Paper, Compatible to Quinton 16211-002, 20 pad/cs
30597226	Recording Chart Paper, Compatible to GE/Corometrics 4305AAO, 40 pad/cs
30659745	Recording Chart Paper, Compatible to Nihon Kohden FQW50-3-100, 100 pad/cs
30718970	Recording Chart Paper, Compatible to Physio-Control 804700, 50 rl/cs
30725389	Recording Chart Paper, Compatible to Philips 40477A, 80 rl/cs
30729225	Recording Chart Paper, Compatible to Quinton 18416-001, 20 pad/cs
30748696	Recording Chart Paper, Compatible to Philips M1910A, 40 pad/cs
30763711	Recording Chart Paper, Compatible to Spacelabs 006-0196-00, 100 pad/cs
30768678	Recording Chart Paper, Compatible to Philips M1707A, 8 pad/cs
30781747	Recording Chart Paper, Compatible to GE/Marquette 9402-046, 50 rl/cs
31002176	Recording Chart Paper, Compatible to GE/Marquette 9402-020, 8 pad/cs
31002184	Recording Chart Paper, Compatible to GE/Marquette 9402-024, 8 pad/cs
31091427	Recording Chart Paper, Compatible to Physio-Control 805319-03, 18 rl/cs

TECH-MED ECG PAPER

3306	ECG Roll Paper For 3 Channel, 183mm x 30mm, Red Grid

BURDICK SINGLE CHANNEL ECG MOUNTS BY CARDIAC SCIENCE

007036	ECG Mounts, Elite Folder, Pressure-Sensitive, Full Information, 100/bx, 5 bx/cs
007037	ECG Mounts, Card, Pressure-Sensitive, 100/bx, 5 bx/cs
007857	ECG Mounts, Card, Pressure-Sensitive, 12-Lead, 100/bx, 5 bx/cs
007909	ECG Mounts, Card, Pressure-Sensitive, 3 Sec., 12-Lead, 100/bx, 5 bx/cs
007911	ECG Mounts, Folder, Pressure-Sensitive, 3 Sec., 12-Lead, 100/bx, 5 bx/cs
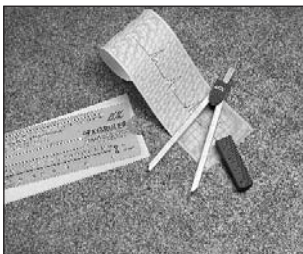

ADC EKG CALIPER

A precision crafted instrument of hardened steel for accurate measurement of tracing intervals. Point protector has built-in 40mm metric scale. Measures 4 3/4″

395	EKG Caliper

PARKER LABS REDUX® ELECTROLYTE CRÉME

For routine ECG. Cosmetic quality, pleasing to patients. Non-irritating. Highly conductive electrode cream.

66-04	Electrolyte Creme, 114g (4 oz) Tube, 10/bx, 5 bx/cs

PARKER LABS REDUX® ELECTROLYTE GEL

Non-abrasive, water-based gel for routine ECG and defibrillation. Highly conductive. Water soluble, non-staining, non-gritty.

65-04	Electrolyte Gel, 114g (4 oz) Tube, 10/bx, 5 bx/cs

PARKER LABS REDUX® ELECTROLYTE PASTE

Water-based, abrasive gel for short term monitoring, ECG and defibrillation. Highly conductive and water soluble.

67-05	Electrolyte Paste, 142g (5 oz) Tube, 10/bx, 5 bx/cs

PARKER LABS SIGNACREME® ELECTRODE CREAM

Highly conductive cream electrolyte for use in electromedical procedures. Bacteriostatic, non-irritating and hypoallergenic. Cosmetic quality; pleasing to patients.

17-05	Electrode Cream, 5 oz Dispenser, 12/bx, 6 dz/cs
17-20	Electrode Cream, 2 Liter (70 oz) w/2 dispensers & 1 Dispenser Pump, 4 bx/cs

PARKER LABS SIGNAGEL® ELECTRODE GEL

Highly conductive, multi-purpose electrolyte is an ideal saline electrode gel. Recommended for all electromedical procedures. Bacteriostatic, non-irritating, non-gritty. Water-soluble and non-staining.

15-25	Electrode Gel, 250g Tube, 6 dz/cs
15-60	Electrode Gel, 60g Tube, 12 dz/cs

PARKER LABS SIGNASPRAY® ELECTRODE SOLUTION & SKIN PREP

Highly conductive, multi-purpose spray electrolyte and non-gritty skin prep which provides superior conduction between skin and electrodes. For ECG and muscle stimulation. Assures clean, artifact-free ECG tracings. Bacteriostatic, hypoallergenic, non-staining. No residue build-up.

18-04	Signaspray Pac® Electrode Solution w/4 gallon containers, 2 Spray Dispenser Bottles, 1 Pump, 1/cs
18-25	Electrode Solution, 250-ml Spray Dispenser Bottle, 12/bx, 6 dz/cs
18-28	Electrode Solution, Gallon w/spray dispenser bottle, 4/cs

MIDMARK IQSPIRO™

Combines a digital spirometer with innovative software solutions that make it fast and easy to capture, interpret and retrieve patient information. The digital spirometer also features correct patient positioning that can optimize testing and an eject lever that saves time and alleviates handling of used mouthpieces. View real-time flow/volume loop and volume/time graphs with fully customizable parameters. Pre- and post-bronchodilator testing with automatic interpretation. New eject lever alleviates handling of used mouthpiece. Accurate and precise; meets or exceeds ATS 2005 standards. Lightweight, portable design weighs only 9 oz. Correct, ergonomic patient testing orientation. Easy grasp, new T-shaped handle design for patient support and stability during testing. Improved mouthpiece stability and protection with new easy-latch door design. Easy to print full page reports on standard paper.

4-000-0020	IQspiro, Serial Version w/o software
4-000-0021	IQspiro w/syringe, Serial Version w/o software
4-000-0025	IQspiro Digital Spirometer, USB Version w/o software
4-000-0026	IQspiro w/syringe, USB Version w/o software

MIDMARK IQSPIRO™ ACCESSORIES

2-100-1205	Disposable Spirometer Mouthpiece, 25/bx
2-100-1206	Disposable Spirometer Mouthpiece, 25/bx, 4 bx/cs
2-100-1207	Mouthpiece, Individually Bagged, 500/cs

MIDMARK IQMARK® DIGITAL SPIROMETER

4-000-0006	IQmark® Digital Spiro w/syringe, Serial Version w/o software
4-000-0010	IQmark® Digital Spiro w/syringe, USB Version w/o software
4-000-0012	IQmark® Digital Spiro, Serial Version w/o software
4-000-0013	IQmark® Digital Spiro, USB Version w/o software

MIDMARK IQMARK® SPIROMETRY SUPPLIES

1-100-0003	IQmark® 3-Liter Calibration Syringe
2-100-1200	Disposable Pneumotach Mouthpieces, 25/bx
2-100-1201	Disposable Pneumotach Mouthpieces, 25/bx, 8 bx/cs
3-100-8500	Syringe Adapter

BURDICK SENSAIRE HANDHELD SPIROMETER BY CARDIAC SCIENCE

Full functioning ATS compliant spirometer that weighs less than 13 ounces. User friendly touch screen provides quick navigation and easy interpretation. Base station allows easy battery recharging and data transfer. Print reports by connecting the spirometer or base station to a computer.

92524-01	Burdick Sensaire Handheld Spirometer, English Version, 120V

BURDICK SPIROCARD SPIROMETER BY CARDIAC SCIENCE

Performs all the tests you would expect from a conventional device. Features patented, pre-calibrated, disposable patient filters. Interface to Office Medic software for real-time data access, reporting and archival. Compatible with your favorite off-the-shelf PC, laptop, tablet PC or Compaq iPAQ.

92526-01	Burdick SpiroCard PC Card Spirometer, English

NDD EASYONE™ DIAGNOSTIC SPIROMETRY SYSTEM

Ultrasonic flow measurement assures fast, accurate, reliable results. No moving parts, No codes to enter. Single patient use spirette has hygienic mouthpiece that reduces risk of cross infection. Alpha numeric keypad/graphic display makes navigation and data entry fast and easy. Graphic curve display allows to review curves without waiting for a printout. Meets ATS 1994 diagnostic standards. Meets NIOSH/OSHA and SSD guidelines. Customizable configuration. Automated coaching messages and QC. Automated interpretation. Two AA batteries. Stories up to 700 test sessions. Optional 8.5 x 11 or A4 printout. PC data transfer. Toll free technical support. Three-year exchange warranty. If your spirometer fails, we will replace if overnight without charge. Extended warranties are activated upon receipt of end-user information and must be received within six months of invoice date.

1000-1	EasyOne™ Diagnostic Spirometry System II Includes: #2001-2 Diagnostic Spirometry System I, #3104-4 Four Year Extended Warranty, #2040-2 EasyWare Software, #2050-1 Case of 50 Spirettes™

GE MEDICAL DISPOSABLE AIRWAY FLOW SENSORS

No sensor calibration required. Minimal dead space, Auto-zero feature. Single patient use reduces risk of patient cross-contamination. Combination CO2 sensor also monitors EtCO2. Latex free.

420687-002	Airway Flow Sensor, Ped/Adult, 10/cs
420687-003	Airway Comb/CO2 Flow Sensor, Ped/Adult, 10/cs

GE MEDICAL DINAMAP® PROCARE PATIENT MONITORS

More than 3 million times every single day critical patient care decisions are made based on blood pressure determinations using DINAMAP® technology. With the ProCare Series, you can take BP measurements that are fast, accurate and comfortable. Get reliable temperature readings in seconds and get oxygen saturation readings with your choice of leading SpO2 technologies.

DPC220X-US	DINAMAP ProCare 220 Monitor, NIBP, Heart Rate, IVAC® TurboTemp®, & Printer; Typical Accessories Included At No Additional Charge; Two (2) Year Parts & Labor Warranty
DPC320N-US	DINAMAP ProCare 320 Monitor w/Nellcor SpO2, NIBP, Heart Rate, Nellcor® OxiMax® SpO2 & Printer; Typical Accessories Included At No Additional Charge; Two (2) Year Parts & Labor Warranty

Accessories

GE MEDICAL BLOOD PRESSURE TUBING

107363	12 ft Adult/Pediatric Air Hose, Gray, Submin
107365	Air Hose, Adult-Pediatric, 12' Gray Shroud to Screw Connector
107366	Air Hose, Adult-Pediatric, 24' Gray Shroud to Screw Connector
107368	Air Hose, Neonatal, 12' Gray Shroud to Female Slip Luer, Lt Blue
414876-001	Blood Pressure Tubing Adult/Ped Cuffs, Use w/Dash & Tram Modules
9461-216	Dual Tube BP Tubing, Dual Connector for Monitor, Single Female Connector for Single Lumen Cuffs, Rectangular Connector, 12', Use w/Eagle 3000, Dash, Tram or Solar
9461-217	Blood Pressure Tubing Plug, Male Luer, Rectangle Connector, Screw Connectors for Critikon Cuffs
9461-218	Blood Pressure Tubing Plug, Female Luer, Round Connector

GE MEDICAL CRITIKON CLASSIC-CUF® BLOOD PRESSURE CUFFS

Easy to fit, easy to clean, the original Critikon blood pressure cuff remains a time-tested favorite with healthcare professionals worldwide. Durable, easy cleaning vinyl construction. Strong enough for repeated inflations. Economical enough for single-patient use.

2357	Adult, 23-33cm Circumference, 2-Tube Sub-min, Navy/White, 20/bx
2358	Large Adult, 31-40cm Circumference, 2-Tube Sub-min, Rose/White, 20/bx

GE MEDICAL CRITIKON DURA-CUF® BLOOD PRESSURE CUFFS

Gentle nylon, strong enough for repeated inflation. Reusable. Convenient and easy to clean. Color-coded by size. Sized to meet AHA, AAMI/ANSI/SP9 and EN1060 requirements. Easy-to-use range markers and index line. Extra hook and loop. Latex free, PVC-free.

002297	Adult Assorted, Includes: (1) Small Adult, (2) Adult, (1) Adult Long, (1) Large Adult, (1) Large Adult Long, 2-Tube, Sub-Miniature, 6/bx
002299	Assorted, 2-Tube Sub-Miniature, Includes 1 Each: Infant, Child Small/Regular/Large; Adult; Thigh, 6/bx
002697	Child Assorted, 2-Tube Screw Connector, Assorted Colors, Includes: (2) Infant, (3) Child, (1) Small Adult, 2-Tube Screw, 6/bx
002698	Adult Assorted, 2-Tube Screw, Includes: (1) Small Adult, (2) Adult, (1) Adult Long, (1) Large Adult, (1) Large Adult Long, 6/bx
002699	Assorted, 2-Tube Screw, Includes: (1) Infant, (1) Child, (1) Small Adult, (1) Adult, (1) Large Adult, (1) Thigh, 6/bx
002774	Adult Blood Pressure Cuff, 2-Tube Screw, Navy, 23-33cm, 5/bx
002781	Child Blood Pressure Cuff, 2-Tube Screw, Green, 12-19cm, 5/bx
002783	Infant Blood Pressure Cuff, 2-Tube Screw, Rust, 8-13cm, 5/bx
002791	Large Adult Blood Pressure Cuff, 2-Tube Screw, Wine, 31-40cm, 5/bx

GE MEDICAL CRITIKON SENSA-CUF® BLOOD PRESSURE CUFFS

Extra strong, extra sensitive, highly versatile solution for a wide range of extended-care settings. Designed to maximize patient comfort. Soft, breathable, easy-to-clean material. Durable enough for multi-patient use. Economical enough for single-patient use.

2464	Adult, 23-33cm Circumference, 2-Tube Screw-Connector, Navy/Gray, 5/bx
2466	Large Adult, 31-40cm Circumference, 2-Tube Screw-Connector, Navy/Gray, 5/bx

GE MEDICAL CRITIKON SOFT-CUF® BLOOD PRESSURE CUFFS

The ultimate in patient comfort, Soft-Cuf® solutions are designed to help you maintain high-quality care and patient satisfaction. Soft, absorbent material with rounded corners enhances patient comfort. Economical enough for pairing with single patient throughout hospital stay. Single patient use increases infection control at an affordable price.

2404	Adult, 23-33cm Circumference, 2-Tube Sub-min, Navy/White, 20/bx
2405	Large Adult, 31-40cm Circumference, 2-Tube Sub-min, Rose/White, 20/bx

GE MEDICAL CARESCAPE™ V100 VITAL SIGN MONITOR

This monitor can go with you from one patient to the next, enabling you to capture vital signs on all your patients using a single, mobile vital signs monitor. With speed, accuracy and connectivity, it helps you manage Clinical Information Logistics™ by collecting the right information at the point of care, and presenting it wherever it is needed. So you can make fast, quality care decisions informed by relevant, current clinical intelligence.

GE MEDICAL DASH 2500 PATIENT MONITORS

Provides flexibility in a single platform. With a comprehensive set of clinical parameters, the monitors capture vital patient measurements while sophisticated algorithms helps prevent false alarms. Highly configurable, enabling you to add features and parameters accommodating varying acuity levels for patients across the entire care continuum. From presentation in the Emergency Department to surgery in the OR to recovery in the PACU, treatment in the ICU and transfer to the Stepdown unit, the monitor is the right choice for every point of care.

WELCH ALLYN SPOT VITAL SIGNS LXI

SureBP™ technology measures blood pressure in about 15 seconds as the cuff as inflating — resulting in time savings for you and improved comfort for your patients, pulse rate and MAP included. Ability to manually enter weight, height, respiration rate, and pain level; calculates Body Mass Index. 50-reading memory allows retrieval of previous data for review, to print or to download later. Connectivity-ready. Error messages give you descriptions and real solutions — not just error codes. Bigger, brighter LCD display provides greater visibility from farther distances.

BURDICK AMBULATORY BLOOD PRESSURE SYSTEMS BY CARDIAC SCIENCE

Our ABP monitors are among the smallest and lightest weight on the market today, with advanced reporting software that allows rapid analysis of patient information. Extensive testing by independent clinicians has validated ABPM accuracy time and time again, making them widely recognized and the "gold standard" for ABP. Both the 90217 Ultralite and 90207ABP monitors feature a compact, lightweight design that optimizes patient comfort-a key factor in successful ABP monitoring. Comfort helps ensure patient compliance and, consequently, may decrease the number of artifactual readings. Collects measurements for a period of 24 hours or up to 8 days. Lightweight recorder operates quietly for patient comfort. Oscillometry measures systolic, diastolic and mean blood pressure. No chest electrodes or microphones reduce operatory costs. Uses a real-time clock to facilitate diary notations.

## WELCH ALLYN KLEENSPEC® 580 DISPOSABLE VAGINAL SPECULA WITH BARRIER

Superior halogen illumination for a whiter, brighter light for truer tissue color rendition. Smooth, one-handed angulation and elevation mechanism with positive locking positions. Light handle is completely sealed when inserted into the speculum. Built-in reservoir prevents fluids from contaminating the outside of the speculum handle. Optional disposable sheath covers the exposed sections of the light handle and cord, virtually eliminating the threat of cross-contamination.

58010   Disposable Sheaths, 25/bx, 5 bx/cs

WELCH ALLYN KLEENSPEC® 580 SERIES DISPOSABLE VAGINAL SPECULA

Halogen light for true tissue color and consistent, long lasting illumination. Disposable for economy, safety and convenience. One-hand operation with angulation and elevation for convenience. Especially narrow blade width available for adolescent and geriatric patients. Individually wrapped specula. Pederson style.
