CONVOTHERM 4 & MAXX PRO - DESIGNED AROUND YOU

Listening carefully to you, the customer, we have developed the Convotherm around your needs in the kitchen. The two control-panel designs - easyTouch and easyDial - give you the degree of control you require: from full automation to maximum customisation. The aim of both is to deliver the functions you need in a user-friendly design.

1 REDEFINED: CLEAR DESIGN MEETS FUNCTIONALITY

The new Convotherm 4 & Maxx Pro design is also ideal for "front-of-house cooking". Developed in strict adherence to the principle of "form follows function", clear aesthetics are combined with a new dimension in intuitive operation and straightforward servicing.

2 LOWER OPERATING COSTS WHILE HELPING THE ENVIRONMENT

Every Watt and litre count Convotherm 4 & Maxx Pro represents our gold standard for energy efficiency and minimum water consumption. Using hydroelectric power and heat produced from biomass for production at our Eglfing site sends the clear message that sustainability starts back at the factory for us.

3 | THE NEW STANDARD IN FLEXIBLE, RELIABLE CLEANING

ConvoClean+ and ConvoClean have been developed to deliver maximum flexibility with minimum consumption. And strictly fully automatic cleaning means you avoid any contact with chemicals. With a new range of operating functions and a single-measure dispensing option, these cleaning systems can satisfy absolutely every user profile.

4 YOUR COOKING RESULTS IN FOCUS

The legend lives on! The Advanced Closed System+ (ACS+) offers perfection in the 3rd generation. It delivers the ultimate in even cooking and baking, with results always optimised to your requirements.

CONVOTHERM 4 - YOUR BENEFITS

YOUR COOKING RESULTS IN FOCUS

All equipment stands are made of high-quality stainless steel and ensure maximum hygiene standards. To aid installation, all equipment stands include additional rigidity so that a fork-lift truck can move both stand and combi steamer together.

Caution when ordering Spacer Stands with Maxx Pro models:

- For use with 6.20 and any stand (if installing with condensation hood, use stand with feet only)
- For use with 6.10 only on stand with feet
- Do not use with 10 shelf models

Order stands with feet when adding a condensation hood. A stand with casters should not be used when a hood is included.

CONVOTHERM ACCESSORIES — WATER TREATMENT OPTIONS

REQUIRED WATER QUALITY

Combi oven maintenance and ensuring water quality standards are met are the responsibility of the owner/user. The use of water that is outside the manufacturer's specifications will void the warranty.

The RO systems below are mandatory in every case where a complete water test has not been conducted.

A filtration system (in lieu of an RO system) should be ordered ONLY if the incoming water into the combi was sampled, lab tested by Optipure, and found to be within the required water spec as outlined on the Convotherm spec sheets.

NOTE: The owner / operator / purchaser must ensure that the drinking/potable water quality requirements are met. Not meeting the water quality requirements will void the original equipment warranty. A water quality analysis is required prior to installing the water treatment system, since water conditions vary throughout the country.

A booster pump is required if the existing flow pressure is less than 60 psi | Contact Optipure for low water pressure solutions

CONVOTHERM STATEMENT OF POLICIES

STATEMENT OF POLICY

Convotherm Steam Cooking Equipment is intended for Commercial use only by professionally trained personnel.

Convotherm Steam Cooking Equipment is built to comply with applicable standards of manufacturers. Included among these approval agencies are: U.L., N.S.F., A.S.M.E./Ntl. Bd., C.S.A., A.G.A., C.G.A., E.T.L., C.E., and others. Many local codes exist, and it is the responsibility of the Owner and Installer to comply with these codes.

Constant product improvement makes it necessary for new or improved models to be submitted for testing by these various agencies. Therefore, not all models may have all agency approvals at all times.

Convotherm Combi Steamer are National Board registered and carry the approved stampings and listing of the American Society of Mechanical Engineers (A.S.M.E.).

Convotherm Steam Cooking Equipment, when properly installed according to instructions, complies with the intent of the O.S.H.A. Act.
