Simplex LCD Display

The weather resistant LCD Enclosure manufactured for TYCO is a NEMA 3R rated, 16 gauge gasketed enclosure to house the Simplex LCD 4606-9101 and LCD 4603-9101 fire alarm LCD keyboard display units. Each enclosure holds one display unit.

The front door is gasketed to prevent dust and moisture encroachment and is locked with a Simplex B (CAT 30) lock and key set.

The enclosure is equipped with a detachable mounting plate so that other equipment may be installed in the enclosure where required.

The enclosure is powder coated and silkscreened with the TYCO, SimplexGrinnell logo to mark it's exclusivity to the TYCO company from Space Age Electronics.

Standard Features:

- NEMA 3R Rated Surface Mount Enclosure
- Back Box dimensions 12.75x6.62x3.75.
- Houses 1 Simplex 6 Gang LCD Display
- 16 Gauge CRS Construction
- Full length piano hinge
- Clear Lexan Window
- Simplex B Key Locked Door
- Heater with Thermostat (Optional)
