Size it to your space

Size is really important when selecting your ceiling fan. If a fan is too large, it can overwhelm the space. On the flip side, if the fan is too small, the airflow may be inadequate for that area.

El tamaño es realmente importante al seleccionar el ventilador de techo. Si un ventilador es demasiado grande, puede saturar el espacio. Por otro lado, si el ventilador es demasiado pequeño, el flujo de aire puede ser inadecuado para esa área.
