

The AiroBlue® Bluetooth® Handsfree Carkit is the most advanced handsfree car kit on the market. With the AiroBlue® Bluetooth® Handsfree Carkit, you are able to handle calls in comfort and safety, without ever touching your mobile phone. Voice recognition enables you to place calls with both hands on the wheel, without taking your eyes off the road. The wireless connection between the Carkit and the mobile phone is enabled as long as the phone is turned on.

The AiroBlue® Bluetooth® Handsfree Carkit wirelessly connects with all phones featuring an audio profile, from makers such as Nokia, Sony Ericsson, Motorola, Philips, Siemens, and many more.

FEATURES

- Installation free: plugs into your car's cigarette-lighter jack
- Universal: compatible with all Bluetooth® enabled mobile phones
