TELEMATICS

THE LEADING INNOVATOR IN AUTOMOTIVE ENTERTAINMENT, SECURITY, AND ACCESSORIES SINCE '65

Founded over 60 years ago by John Shalam, VOXX ELECTRONICS CORPORATION began in 1965 as Audiovox and has carried on the tradition of innovation for over five decades. For years, we have been the #1 supplier of in-vehicle rear-seat entertainment systems, vehicle remote start & security systems, distracted driver Solutions, and telematics in the North American aftermarket. We have a diverse brand and product portfolio, a vast distribution network, and significant manufacturing and engineering capabilities. Today, we are proud to bring to market brands such as: Advent, Audiovox®, Movies2Go, Invision®, ADAS, Prestige, Pursuit, Omega, Crimestopper®, CarLink, and Flashlogic.

With the acquisition of Rostra® and the majority of Directed's automotive aftermarket business, consisting of Viper®, Autostart®, Astrostart®, Clifford®, SmartStart®, Python®, Automate®, Avital, and Install Essentials we have become the unquestioned #1 supplier of remote start and security systems, while significantly enhancing our telematics offering. To round out our business we are the exclusive North American distributor of SiriusXM® products as well as Gentex® mirrors. Our focus has always been on innovation and exceeding customer needs.

Through our world-class manufacturing facilities and technology solution centers in Auburn Hills, MI, Montreal, CN and Orlando, FL, we provide a comprehensive suite of services.

Our 115,000 sq. ft. facility in Orlando, FL houses our OEM engineering, quality, manufacturing, supply chain and operations teams, and the majority of OEM production and assembly for our security, keyless entry and remote start systems, as well as our award-winning rear-seat entertainment Solutions. Both facilities house design and development, engineering and sales and program management teams, with full test and validation labs to oversee vehicle and systems integration. Throughout each stage, we maintain our international status in quality management systems to supply the very best in product applications to the broadest range of automotive partners all while being ISO 9000, ISO 14001, and TS16949-certified.

Today, VOXX ELECTRONICS CORPORATION services a distribution network of aftermarket specialists, wholesalers and distributors, consumer electronics & auto aftermarket retailers, car dealerships, and expeditors.

ALL-NEW for '22, as the dominator in the Automotive aftermarket electronics industry our Product Managers have spent thousands of hours dreaming up the coolest, most tech-advanced accessories to entertain and protect your customer's vehicle. To that they have picked a handful of their favorite accessories. Look for the "Must Have" icon throughout the catalog and know by selling these, you're enhancing your customer's journey.

REAR-SEAT ENTERTAINMENT

ORBITAL VIDEO

SMART TV SEAT-BACK SYSTEMS

AMAVXSB10UHD2
 DUAL 10.1" SEAT-BACK ENTERTAINMENT SYSTEM
 DUAL ANDROID, SINGLE DVD, HDMI, SD, USB, AND TOUCH SCREEN INTERFACE

Download your favorite apps, play your DVD collection and control the seat-back system from anywhere in the vehicle.

- 10.1" digital LCD display (1024 x 600)
- Built-in DVD player
- Capacitive multi-touch panel
- Android 8.1+ operating system
- Quad core process – 8GB RAM
- 16GB built-in memory to download off-line content from apps such as Netflix and Prime Video
- Intuitive user interface
- WIFI: 802.11 b/n/g dual band (hot spot required)

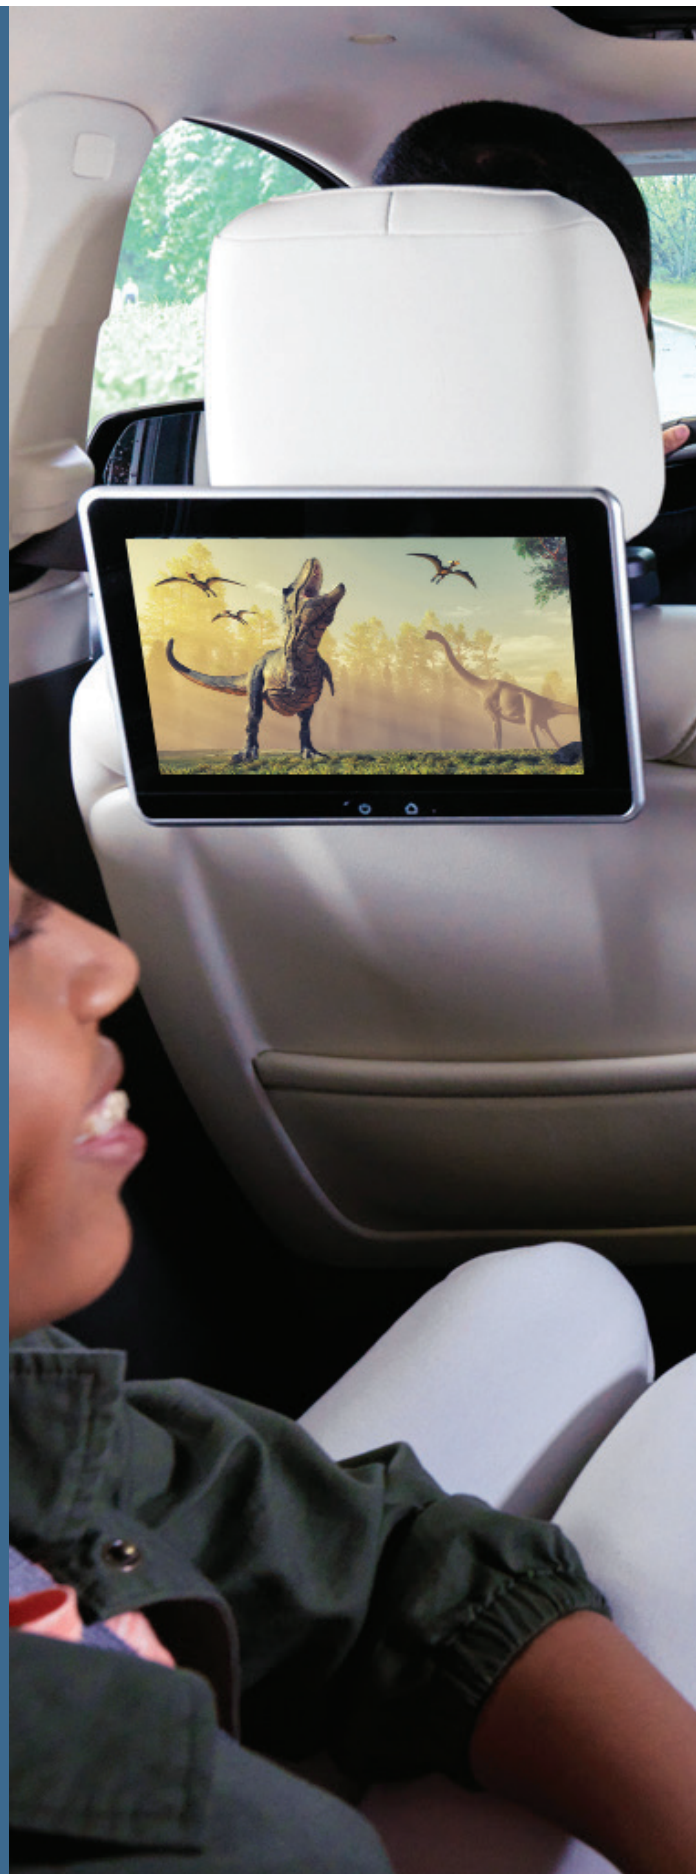

VOXXLINK™ FULL SYSTEM REMOTE CONTROL AND SYSTEM MONITORING VIA ANDROID & APPLE SMARTPHONES (FREE APP)

- Built-in access to your favorite apps
- Google Play Store
- USB input for digital media playback and smart device charging
- HDMI input to connect an external game system and connect smart devices such as smartphones and smart tv sticks (Amazon & Chromecast)
- Hi-def dual screen mirroring
- Micro SD input
- Built-in voltage stabilizer for vehicles with fuel saver (start/stop) feature
- 100 Channel FM modulator (transmits audio through the vehicle sound system)
- (2) Dual channel wireless headphones included
- Universal mounting bracket (does not interfere with factory headrest movement)
- Specialty mounting brackets available as optional accessories (see application guide)

Additional Seatback Versions:

- AVXSB10DD2 (does not include HDMI)
- AVXSB10MM2 (does not include DVD)

NOTE: Android OS includes Google Play app store to download and access all apps on the system. All apps shown are trademarks or registered trademarks of their respective owner. Based on availability.

BUILT-IN VOLTAGE STABILIZER
 FOR VEHICLES WITH FUEL SAVER (START/STOP) FEATURE

MOUNTING ACCESSORIES

FOR 10.1" SEAT-BACK ENTERTAINMENT SYSTEM

SBK-AUDI

Bracket accessory required for the following models:

- 2016-22 Audi® Q7
- 2018-22 Audi® Q8

SBK-VOLV

Bracket accessory required for the following models:

- 2018-21 Volvo® S60
- 2021 Volvo® S60 R
- 2018-21 Volvo® V90
- 2018-21 Volvo® XC60
- 2018-21 Volvo® XC90

SBK-LINC

Mounting bracket needed for installation of the Lincoln models with perfect position seat & active motion

- 2018-21 Lincoln® Navigator
- 2018-20 Lincoln® Continental
- 2020-21 Lincoln® Aviator
- 2020-22 Lincoln® Corsair

SBK-LIFT2

Universal mounting bracket designed to lift monitor 4.5".

- Allows the screen to clear interference from rear-facing child car seats

SBK-PORT

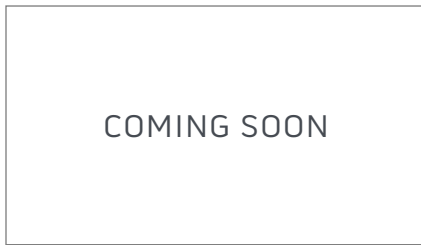

Bracket accessory designed to fit the Click and Go Base® for Landrover®, Jaguar®, BMW® and Mercedes®.

SBK-MBB1

Bracket accessory required for the following models:

- 2020 Mercedes GLE
- 2020 Mercedes GLS

SBK-LINC2

Bracket accessory required for the following models:

- 2022 Lincoln Navigator
- 2022 Lincoln Aviator

GUIDE POST LOCKS

For vehicles with floating guide sleeve caps or plastic trim seat tops

- SBKGS127 - 12.7 mm
- SBKGS14 - 14 mm
- SBKGS16 - 16 mm

*See application guide for applicable vehicle makes & models

SBK-EXT1

Extension bracket used for select applications Toyota®, Lexus® & Acura®

*See application guide for applicable vehicle makes & models

8" CUSTOM HEADREST SYSTEMS

COMPLETE KIT CONFIGURATIONS

AVX8SS02

8" DUAL HEADREST SYSTEMS WITH DVD/HDMI/USB

- DVD players play DVD's and CD's in both monitors
- USB reader with charging in both monitors
- Hidden HDMI/USB inputs via supplied 6' extension cable with finished connector end

MONITOR FEATURES

- Headrest monitors with 8" digital LED back-lit panels
- Resolution (800 x RGB x 480)
- Adjustable viewing angles
- HDMI input
- A/V output
- RF output for hard-wired FM modulator connection (FMDIRB required, sold separately)
- USB input with charging
- Headphone output
- Dual channel wireless headphones
- Full band FM transmitter
- (2) remote controls included

AVXSB8SS2

8" DUAL SEAT-BACK SYSTEMS WITH DVD/HDMI/USB

- DVD players play DVD's and CD's in both monitors
- USB reader with charging in both monitors
- Hidden HDMI/USB inputs via supplied 6' extension cable with finished connector end

MONITOR FEATURES

- Headrest monitors with 8" digital LED back-lit panels
- Resolution (800 x RGB x 480)
- Adjustable viewing angles
- HDMI input
- A/V output
- RF output for hard-wired FM modulator connection (FMDIRB required, sold separately)
- USB input with charging
- Headphone output
- Dual channel wireless headphones
- Full band FM transmitter
- (2) remote controls included

8" CUSTOM HEADREST SYSTEMS

COMPLETE KIT CONFIGURATIONS

AVX8DD02

8" DUAL HEADREST SYSTEMS WITH DVD

- Dual DVD players play DVD's and CD's
- USB reader with charging in both monitors
- RCA A/V input in both monitors
- Wired headphone output in both monitors

MONITOR FEATURES

- Dual replacement custom headrests (material, color, grain, stitch, piping match factory headrests)
- Dual 8" digital monitors with LED back-lighting
- Resolution (RGB 800 x 480)
- Adjustable viewing angles
- Both monitors incorporate dual channel wireless headphone transmitters
- (2) wireless remote controls
- Both monitors incorporate wired headphone input
- Full band wireless FM modulator
- Hidden away junction box
 - RCA A/V input
 - RCA A/V output
 - RF output for hardwired FM modulation connection (FMDIRB required, sold seperately)

AVXSB8DD

8" DUAL SEAT-BACK SYSTEMS WITH DVD

- Dual DVD players play DVD's and CD's
- USB reader with charging in both monitors
- RCA A/V input in both monitors
- Wired headphone output in both monitors

MONITOR FEATURES

- Dual replacement custom headrests (material, color, grain, stitch, piping match factory headrests)
- Dual 8" digital monitors with LED back-lighting
- Resolution (RGB 800 x 480)
- Adjustable viewing angles
- Both monitors incorporate dual channel wireless headphone transmitters
- (2) wireless remote controls
- Both monitors incorporate wired headphone input
- Full band wireless FM modulator
- Hidden away junction box
 - RCA A/V input
 - RCA A/V output
 - RF output for hardwired FM modulation connection (FMDIRB required, sold seperately)

8" CUSTOM HEADREST SYSTEMS / SUB ASSEMBLIES

SUB-ASSEMBLY PACKAGES HEADREST SHELLS ONLY

SUB801

8" REPLACEMENT HEADREST BUNS

- Dual replacement custom headrests (material, color, grain, stitch, piping matches factory headrests)
- Monitor cables and sub tray pre-installed

SUBSB8

8" ACTIVE SEAT-BACK SHELLS

- Dual seat-back with custom mounting brackets
- Monitor cables and sub tray pre-installed

SUB-ASSEMBLY PACKAGES ELECTRONICS ONLY

AVX802SUBPKGSS

8" DUAL MONITORS WITH DVD/HDMI/USB

AVX802SUBPKGDD

8" DUAL MONITOR WITH DVD.

OVERHEAD SYSTEMS

VODA10 SMART TV OVERHEAD SYSTEM 10.1" HI-DEF DIGITAL LED BACK-LIT MONITOR WITH BUILT-IN APP ACCESS & DVD PLAYER

- 10.1" hi-res digital LED back-lit touch screen monitor
- Android 8.1 operating system
- Quad core processor – 8GB RAM
- 16GB internal memory for offline content downloads
- WIFI: 802.11 b/n/g dual band (hot spot required)
- Built-in direct access to your favorite apps
- VOXX link full system remote control and system monitoring via Android & Apple smartphones (free app)
- HDMI input to connect an external game system and connect smart devices such as smartphones
- Built-in DVD player
- USB input for digital media playback. (USB will also provide charging for smartphones)
- SD input for media playback
- Audio video input/output
- Built-in voltage stabilizer with fuel saver (start/stop) feature
- Built-in dome lights
- 100 Channel wireless FM modulator (transmits audio through the vehicle sound system)
- Mounting bracket & hardware included
- Includes three snap-on bezels (● black, ● shale, ● pewter)

VODP10 SMART TV READY OVERHEAD SYSTEM 10.1" HI-DEF DIGITAL LED BACK-LIT MONITOR WITH BUILT-IN DVD PLAYER & HDMI INPUT

- 10.1" hi-res digital LED back-lit monitor
- HDMI inputs to connect smart devices such as smartphones & smarttv streaming sticks enabling access to your favorite apps
- Built-in DVD player
- USB input for digital media playback. (USB will also provide charging for smartphones or power for HDMI streaming sticks)
- Audio video input/output
- Built-in voltage stabilizer for vehicles with fuel saver (start/stop) feature
- Built-in dome lights
- Remote control
- Optional hidden USB and HDMI input capability via 24 pin connector located on top of the unit (optional HDH12)
- 100 Channel wireless FM modulator (transmits audio through vehicle sound system)
- FM out (for adding an optional FM adapter to hardwire the FM transmitter - model: FMDIRB)
- Dual channel IR headphone transmitter with (2) headphones included
- Mounting bracket & hardware included
- Includes three snap-on bezels (● black, ● gray, ● tan)

ADVEXL12A SMART TV READY OVERHEAD SYSTEM 12.1" DIGITAL HI-DEF OVERHEAD MONITOR SYSTEM WITH DVD PLAYER & HDMI INPUTS

- 12.1" Hi-res digital LED back-lit panel (1280 x 800 resolution)
- Enhanced graphical user interface
- DVD player with auto-on
- User accessible USB reader w. 2.1AMP charging support
- User accessible HDMI input
- Optional hidden USB and HDMI input capability via 24pin connector located on the top of the unit (optional hdh12)
- A/v inputs and outputs
- 100 Channel FM transmitter
- Dual channel ir headphone support
- FM out to hardwire internal FM transmitter to make a hardwired FM modulator solution for those who live in densely populated FM station broadcast areas (optional FMDirb required)
- (2) Single channel headphones included
- (1) Ir remote control included
- M1/M2 capable for connecting (2) overheads in (1) vehicle allowing independent ir remote control and independent ir headphone audio)
- Universal snap on bezels and trim rings (● black, ● gray, ● tan)
- Mounting bracket and hardware

MOVIES2GO OVERHEAD SYSTEMS

AVXMTGHR9HD SMART TV READY HEADREST SYSTEM

9" HEADREST SYSTEM WITH DVD/HDMI INPUT

- LED back-lit monitors for vibrant picture quality
- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- Audio / video inputs for additional source units
- Audio / video output
- USB inputs for digital media. USB will also provide charging for smartphones or power for HDMI streaming sticks.
- Independent switching
- Built-in FM modulator
- Shale, pewter and black covers
- Included remote control
- Built-in ir headphone transmitter (headphones optional)
- 3.5mm wired headphone jack
- Enclosed post wiring
- Adjustable headrest pole distance
 - 130mm – 170mm
 - Pole diameter (external size) -10mm, -12mm, 12.4mm, 13.8mm, 14mm and 16mm
 - Plastic pole adapter included

MTGHRD1 SMART TV READY HEADREST SYSTEM

7" HEADREST SYSTEM WITH DVD/HDMI INPUT

- Shale, pewter and black covers included
- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- Audio / video inputs for additional source units
- Audio / video output
- USB inputs for digital media. USB will also provide power for HDMI streaming sticks.
- Independent switching
- Built-in FM modulator
- Remote control
- 3.5mm to rca adapter cable (a/v in)
- Enclosed post wiring
- Adjustable headrest pole diameter

MTGHRM1 7" HEADREST SYSTEM

- Shale, pewter and black covers included
- Switchable 16:9 / 4:3 aspect ratio
- Adjustable viewing angles
- Audio / video inputs for additional source units
- Independent switching
- Remote control
- 3.5mm to rca adapter cable (a/v in)
- Enclosed post wiring
- Adjustable headrest pole diameter

AVX10USB SMART TV READY SEAT-BACK SYSTEM

10.1" UNIVERSAL SEAT-BACK SYSTEM

- 10.1" Digital LED back-lit panel
- 1024 X 600 resolution
- HDMI input for smart device connectivity
- Integrated DVD player
- Capacitive touch buttons
- USB input (for media playback)
- Micro sd card (for media playback)
- Av1 input / av2 input / av output / earphone output
- Ir transmitter (dual channel)
- Wireless FM modulator
- Universal mounting bracket
- 12V power adapter (can also be hardwired)
- Removable design

MOVIES2GO OVERHEAD SYSTEMS

VXMTG10 - SMART TV READY OVERHEAD SYSTEM

10.1" DIGITAL HI-DEF OVERHEAD MONITOR SYSTEM WITH DVD & HDMI INPUTS

- 10.1" hi-res digital LED back-lit monitor
- HDMI input to connect smart devices such as smartphones & streaming sticks enabling access to your favorite apps
- USB input for digital media playback. (USB will also provide charging for smartphones or power for HDMI streaming sticks)
- Built-in DVD player
- Audio video input
- Audio video output
- Built-in voltage stabilizer for vehicles equipped with fuel savings mode (start/stop)
- Built-in dome lights
- 100 channel wireless FM modulator (transmits audio through vehicle sound system)
- FM out (for adding an optional FM adapter to hardwire the FM transmitter - model: FMDIRB)
- Mounting bracket & hardware included
- Includes three snap-on bezels in black, shale and pewter
- Remote control

VXMTG13 - SMART TV READY OVERHEAD SYSTEM

13.3" DIGITAL HI-DEF OVERHEAD MONITOR SYSTEM WITH DVD & HDMI INPUTS

- 13.3" hi-res digital LED back-lit monitor
- HDMI input to connect smart devices such as smartphones & streaming sticks enabling access to your favorite apps
- USB input for digital media playback. (USB will also provide charging for smartphones or power for HDMI streaming sticks)
- Built-in DVD player
- Audio video input
- Audio video output
- Built-in voltage stabilizer for vehicles equipped with fuel savings mode (start/stop)
- Built-in dome lights
- 100 channel wireless FM modulator (transmits audio through vehicle sound system)
- FM out (for adding an optional FM adapter to hardwire the FM transmitter - model: FMDIRB)
- Mounting bracket & hardware included
- Includes three snap-on bezels in black, shale and pewter
- Remote control

HDMI CONNECTIVITY OPTIONS

ACCESSORY PARTS SOLD SEPARATELY

VISIBLE INPUT

WIRED CONNECTION

VISIBLE INPUT:

CONNECTIVITY WITH A WIRED CONNECTION USING A VISIBLE INPUT

- Overhead Models: VODP10, ADVEXL12A, VXMTG10, VXMTG13
- Headrest Models: AVX8SS2, AXMTGHR9HD, MTGHRD1 & AVX10USB

OPTIONAL ACCESSORIES

IR1

PREMIUM SINGLE CHANNEL FOLD-FLAT WIRELESS HEADPHONE

- Auto shut-off
- Upgraded ear piece
- Batteries included

IR2

PREMIUM DUAL CHANNEL FOLD-FLAT WIRELESS HEADPHONES

HDH12

12' HDMI/USB EXTENSION HARNESS

- Allows for a hidden connection for HDMI devices
- Offers charging support via USB
- Finished connector end to replace an existing 12V socket or can be cut-in to add a remote connection location
- For P10 Series Overheads and ADVEXL12A

FMDIRB

FM MODULATOR RELAY BOX

- For use with overheads and headrest systems
- Converts our RSE system FM transmitter to an FM modulator

FMM100A

FM MODULATOR

- Wired FM modulator with isolation transformer

EMERGENCY ON-DEMAND JUMP STARTER

POWV3.5 THE POWER YOU NEED WHEN YOU NEED IT MOST

- Provides an emergency jump-start when your vehicle's battery won't start
- Self-monitoring to prevent overcharging
- No need to rely on expensive roadside assistance, jumper cables, or portable jump packs that cost you time and money
- Can be installed in trunks, hatches, or under seats ensuring valuable space is kept
- Wires directly to the vehicle's battery so you never need to go outside in the cold, heat, snow, or rain to hook up jumper cables
- Worry-free & hassle-free operation via the Smartphone app
- Works with all gas and light diesel vehicles
- Waterproof - IP67 rated so it's perfect for boats, RVs, and All-terrain vehicles
- Great for municipalities, fleet, commercial, and residential vehicles

JEEP WRANGLER RUNNING LIGHT KIT

260-1024-JEEP

Jeep Wrangler LED Daytime Running Light Kit
2007-20018

Introducing a first of its kind LED daytime running lamp system for the 2007-2018 Jeep Wrangler JK and JKU. We've crafted a unique LED lamp mounting system by utilizing the unused space of the Wranglers front fender flares. Featuring two ultra-bright 5-LED lamps, custom cut-in fender bezels, and vehicle-specific wiring harnesses, our DRL system provides a complete solution for increasing a vehicle's on-road visibility. And with their ability to automatically dim when a vehicle's headlights are powered on, so the lights are not a distraction to other drivers at night.

FEATURES

- (2) 5-LED lamps
- (2) Black custom bezels
- Fender cut-out templates
- All necessary mounting hardware
- Durable plastic construction
- Black interior finish
- Weatherproof connectors
- Intensive illumination
- 4800K Color temperature
- Superior quality build
- Maximized lifespan LED performance
- Custom power and ground harnesses
- Pulse-width modulated ballast
- 3 year / 36,000 mile warranty

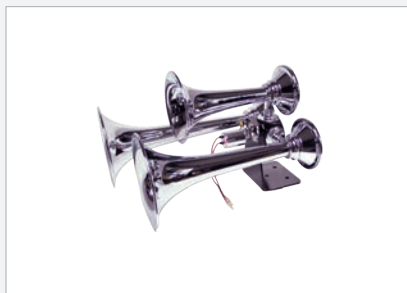

OMEGA TRAIN HORNS

AH-D300+ DETACHABLE TRAIN HORN

- 10.5", 14.5", & 15" trumpets
- Chrome-plated brass construction, like a musical instrument
- Compatible with AC-1.5, AC-200-PSI & AC-2.0
- 12V DC solenoid with 1/2" inlet fitting
- 130DB @ 110 PSI
- Includes inlet hose
- Includes mounting hardware
- Trumpets are detachable, and can be reconnected to the manifold using a braided air hose. This is convenient if tight spaces

AH-300 CHROME TRAIN HORN

- 130DB @ 110 PSI
- 10.5", 14.5", & 15" trumpets
- Compatible with AC-1.5, AC-200-PSI & AC-2.0
- 12V DC solenoid with 1/2" inlet fitting
- Chrome-plated brass construction, like a musical instrument
- Includes inlet hose
- Includes mounting hardware

AH-300BLK BLACK-PAINTED STEEL TRAIN HORN

- 130DB @ 110 PSI
- 10.5", 14.5", & 15" Trumpets
- Compatible with AC-1.5, AC-200-PSI & AC-2.0
- Steel construction, coated with a corrosion-resistant black coating
- 12V DC solenoid with 1/2" inlet fitting
- Includes inlet hose
- Includes mounting hardware

AH-250 SMALL HORN & COMPRESSOR KIT

- 110DB
- Dual horn assembly with 12" & 10" trumpets
- Chrome-plated brass
- Tank-less compressor included
- Mounting hardware included

OMEGA STROBE LIGHT

OMEGA

STR-F09

EXPANDABLE, PUSH-IN STYLE LED KIT

- Included (2) bulbs –white LEDs
- Bulbs can be inserted into headlight housing or surface mounted
- Selectable low or high power
- Operates on 12V power supply
- (9) flash patterns with (1) kit, (19) flash patterns with (2) kits
- Includes flange kit for surface mounting
- Includes compact, low heat controller
- Includes extension cable
- Wire multiple kits in parallel to synchronize
- Can use existing analog strobe wiring for upgrading
- "On" mode for fog light function

OMEGA COMPRESSORS

AC-1.5MP

1.5 GALLON COMPRESSOR - 110 PSI

- 150 PSI maximum working pressure
- 1.5 Gallon tank
- 12V operation
- 25% duty cycle at 100 PSI & 72°F
- Tank refill rates: 0 to 120 PSI - 2 min. 15 Sec.
- 90 To 120 PSI - 35 sec.
- Pressure switch: 90 PSI on, 120 PSI off
- Dimensions: 15"l x 6"w x 13" h
- Net weight: 15.65 Lbs.
- Max AMP draw: 20 AMPS
- Permanent magnetic motor
- Safety valve
- Drain cock
- Leader hose with check valve

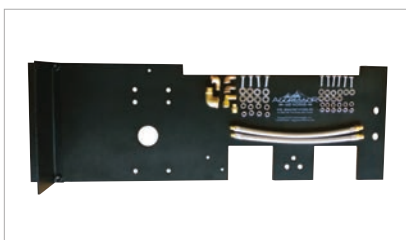

AC-2.0MP

2.0 GALLON COMPRESSOR – 145 PSI

- 150 PSI maximum working pressure
- 2 Gallon tank
- 12V operation
- 30% duty cycle at 100 PSI & 72°F
- Tank refill rates:
 - 0 to 145 PSI – 3 min. 40 Sec
 - 110 to 145 PSI – 1 min. 15 Sec
- Pressure switch : 110 PSI on, 145 PSI off
- Dimensions: 18.9"L x 5.9" W x 13.7"H
- Max AMP draw: 20 AMPS
- Permanent magnetic motor
- Safety valve
- Drain cock
- Leader hose with check valve

OMEGA BRACKETS

BRACKET-FORD-SD-KIT

- Fits 1999-2016 Ford Super Duty trucks
- Mounting points for AC-1.5 or AC-2.0 Compressor & tank with AH-D300+ air horn
- Black powder coated finish
- Built from 3/8 aluminum for strength and corrosion resistance
- Mounts under truck bed in the spare tire location using existing frame, bolts & nuts
- Compressor and horn mounting hardware included
- Hose extension and coupler included
- Also compatible with Vair 20003 & 20005 compressors

SEAT HEATERS

These seat heater systems can be installed in most vehicles to add warmth and comfort to either cloth or leather seats. They do not change the look of the seats and include everything you need for one vehicle seat. All of our seat heaters come with a 3-Year Nationwide Travelers Warranty, or 4 years, if installed at a new car dealer.

SHSP1 Split Pad, Flex Wire

- (4) 17 X 4 1/2 thin flex wire heating pads.
- (1) 3-Position Control Switch (High/Low/OFF)
- Quick heat-up time – less than 1 minute.
- Perfect for seats with occupant pressure sensors. Allows you to mount to the outer part of the seat.
- Continuous temperature monitoring to prevent overheating.
- Relay included.
- Harness with locking connectors and protective sleeve.

SHSB2 Large Kit, Flex Wire

- (2) 10 1/2 X 18 3/4 thin flex wire heating pads.
- (1) 3-Position Control Switch (High/Low/OFF)
- Quick heat-up time – less than 1 minute.
- Continuous temperature monitoring to prevent overheating.
- Super strong adhesive for mounting heating pad to seat foam.
- Relay included.
- Harness with locking connectors and protective sleeve.

SHSB1 Large Kit, Carbon Fiber

- (2) 10 1/2 X 18 3/4 thin carbon fiber heating pads.
- (1) 3-Position Control Switch (High/Low/OFF).
- Quick heat-up time – less than 1 minute.
- Continuous temperature monitoring to prevent overheating.
- Super strong adhesive for mounting heating pad to seat foam.
- Relay included.
- Harness with locking connectors and protective sleeve.

SHHR1 36" SWITCH EXTENSION HARNESS

SHSW1 REPLACEMENT CONTROL SWITCH

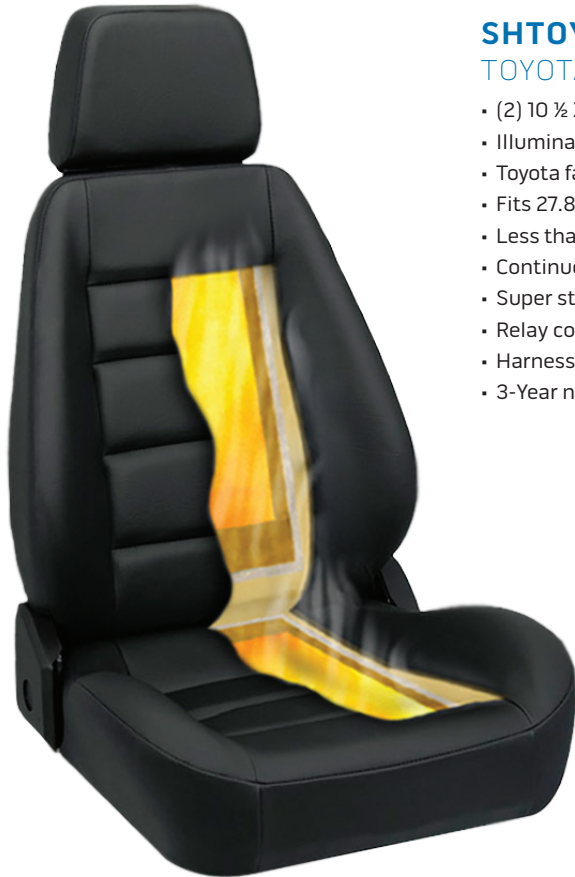

USBCHG2 USB CHARGING ADAPTER

- Adds USB charging to any vehicle
- Charges up to 2 devices at one time
- Allows for 2.5 AMP charging
- Includes USB pre-wired adapter
- Meets current cell phone standards for fast charging

TOYOTA® FACTORY-FIT SEAT HEATER SYSTEM

Toyota factory fit seat heater system can be installed on select Toyota vehicles using the factory “knock-out” locations or any vehicle with a 27.8mm (1.1in) by 19.5mm (0.77in) opening. The SHTOY does not change the look of the seat and includes everything you need to add warmth and comfort to one vehicle seat. The system includes an illuminated adjustable control switch and comes with a 3-Year Nationwide Travelers Warranty or 4 years if installed at a new car dealer.

SHTOY TOYOTA SWITCH SEAT HEATER

- (2) 10 ½ X 18 ¾ thin flex wire heating pads.
- Illuminated adjustable temp switch.
- Toyota factory fit on select models.
- Fits 27.8mm X 19.5mm “knock-out”.
- Less than 1 minute heat-up time.
- Continuous temperature monitoring to prevent overheating.
- Super strong adhesive for mounting heating pad to seat foam.
- Relay controller included.
- Harness with locking connectors and protective sleeve.
- 3-Year nationwide travelers warranty.

REAR-VIEW MIRRORS

GENFDM3LN

THE BEST OF A MIRROR AND DISPLAY IN ONE!

- New gen III design
- Full display mirror
- Auto-dimming for glare elimination at night
- Mirror mode: operates as standard mirror
- Display mode: integrated LCD display for optimal rear vision
- Includes custom designed, interior mount camera with high dynamic range

MIRROR MODE

- Mirror view available should camera or display become non-operational
- Allows driver to view vehicle interior, rear seats, passengers, etc.
- Fully functional auto-dimming mirror

DISPLAY MODE

- Radically improved rear view enhances driver safety
- Ideal for vehicles with limited rear visibility
- Camera view not hindered by headrests, pillars, small rear window, passengers, etc.

BACKUP CAMERA MODE

- All-new functionality!
- Provides rear vision and backup display simultaneously while reversing
- Inset backup camera display from any NTSC camera – camera not included
- Requires GENCAMHAR when using backup camera – not included

GNTXR

HIGH PERFORMANCE REAR VISION SYSTEM FOR PROFESSIONAL RACE TEAMS

From Gentex, the leader in digital vision systems and full display mirrors comes the GNTXR!

- Ideal for closed cockpit environments
- Easily mounts to roll bar – mirror and camera mounts not included and should be fabricated by the race team
- Kit includes: camera, display mirror and cables

SYSTEM SPECIFICATIONS

DISPLAY

- High-definition display
- Anti-reflective (AR) coated glass
- Integrated pivot mount
- PC + ABS aluminum construction
- Dim-able LCD display for Night Racing

CAMERA

- Excellent high dynamic range
- Best-in-class low-light performance
- Compact, rugged design
- Designed for harsh environments
- Designed to IP6K9K automotive standards
- Waterproof

TXRCAM

Replacement Camera and Harness for GNTXR above.

HOMELINK®

HomeLink is the most widely used and trusted car-to-home automation system that uses RF and Wireless cloud-based transmission to operate gates, garage doors, home lighting, thermostats, locks, security systems and other compatible home automation devices.

- Auto-dimming: automatically darkens to eliminate glare
- Frameless design: enhanced aesthetics to complement any vehicle interior
- Car-to-home automation: control garage doors, gates, home lighting, and more
- Integrated HomeLink 5: 99% compatibility with garage door openers and security gates
- Compatibility: compatible with any wedge mount vehicle along with others using adaptors
- (GENMNN1, GENMM2, GENMM3, GENMM4)

HOMELINK® CONNECT™

Drivers can take advantage of cloud-based wireless communication with the HomeLink Connect app — a new home automation app that grants drivers access to an increasing array of cloud-based home automation devices.

Once configured, the app pairs with your Bluetooth-enabled rearview mirror, allowing you to activate compatible home automation devices with your vehicle-integrated HomeLink buttons.

Download and configure the app by searching for HomeLink Connect in the App Store/Google Play to control a myriad of individual home automation devices or set up entire home automation “scenes.” Available for iOS and Android, free for 1 year — \$1.99 renewal after the first year (exchange rates apply).

Available in the United States, Canada, and Mexico

HomeLink® and the HomeLink House® logo are registered trademarks of Gentex Corporation. The Bluetooth® word mark and logos are registered trademarks owned by Bluetooth SIG, Inc. and any use of such marks by Gentex Corporation is under license.

GENHLBP1

HOMELINK® UTILITY MODULE

HomeLink is a universal, programmable transmitter for operating garage doors, security gates and more. Millions of HomeLink units are sold annually on cars and trucks around the world. This unique utility module brings the safety and convenience of HomeLink to your tractor, utility vehicle, motorcycle or ATV.

- Two, easy-to-program buttons
- Acts as a universal remote for garage doors, state/security gates, home lighting and more
- Rugged, waterproof construction
- Works with over 99% of garage door and gate opening systems
- Conveniently replaces bulky remote transmitters
- Mounts easily in dash for factory-install look
- Long-life, self-contained battery
- 3-year warranty

ADVGENHL5ALL

- High performance 1089 HD CCD
- Includes license plate bracket and adjustable surface mount
- (2) Mounting options - license plate mount or adjustable surface mount
- Selectable parking lines: on/off
- Dynamic Parting Lines
- 180° viewing angle
- Compact design
- Low light sensitivity <0.1 LUX
- Waterproof IP68 rated
- Video - NTSC/PAL
- 1-year warranty

ACAM4 UNIVERSAL MOUNT BACK-UP CAMERA

- Selectable image: normal/mirror
- (2) mounting options - license plate mount or adjustable surface mount
- Selectable parking lines: on/off
- 150° viewing angle
- Compact design
- Low light sensitivity <0.3 LUX
- Waterproof IP67 rated
- Resolution: 670 x 490
- 1-year warranty

ACAJPCAM1 JEEP WRANGLER SPARE TIRE MOUNT CAMERA & BRACKET

- Wide-angle vision: 150° viewing angle offers great visibility with virtually zero blind spots.
- Sight in low light: high-sensitivity optics provide excellent low-light performance for maximum visibility after dark.
- IP67 waterproof: camera is fully sealed inside a water-tight casing rated for immersion up to 1m.
- Guide grid: distance measurements are displayed as a grid overlay to assist with tricky parking.
- Mounts behind the spare tire.
- 1-year warranty

UNIVERSAL BLIND SPOT DETECTION

VOXX Blind Spot Detection systems are equipped with interior LED indicators for audio and visual alerts that are activated with rear cross traffic feature which senses vehicles approaching while in reverse as well as vehicles, people or objects entering the blind spot of the vehicle.

ADVBSD30

VOXX Blind Spot Detection 3.0 is equipped with interior LED indicators for audio and visual alerts that are activated with the new added overtaking feature which alerts when the equipped vehicle passes another vehicle, rear cross traffic feature which senses vehicles approaching while in reverse as well as the standard vehicles, people or objects entering the blind spot of the vehicle.

- New overtaking alert – alerts when equipped vehicles pass another vehicle
- Standard driving blind spot alerts are shown when other vehicles, people or objects enter the blind spot of the vehicle
- Equipped with rear cross traffic which alerts the driver of vehicles approaching from the left or right while in reverse
- Blind spot radar sensors located behind the bumper for simplified professional installation
- Blind spot speed activation at 15MPH via built-in GPS technology
- Audible & visual LED indicator alerts
- Waterproof IP67 rated
- Includes new mounting bracket options for faster installation
- Sensor alignment tool included in every kit
- 3-year warranty

ADVBSD25

The VOXX Blind Spot Detection 2.5 is equipped with interior LED indicators for audio and visual alert. The rear cross traffic feature which senses vehicles approaching while in reverse as well as the standard vehicles, people or objects entering the blind spot of the vehicle.

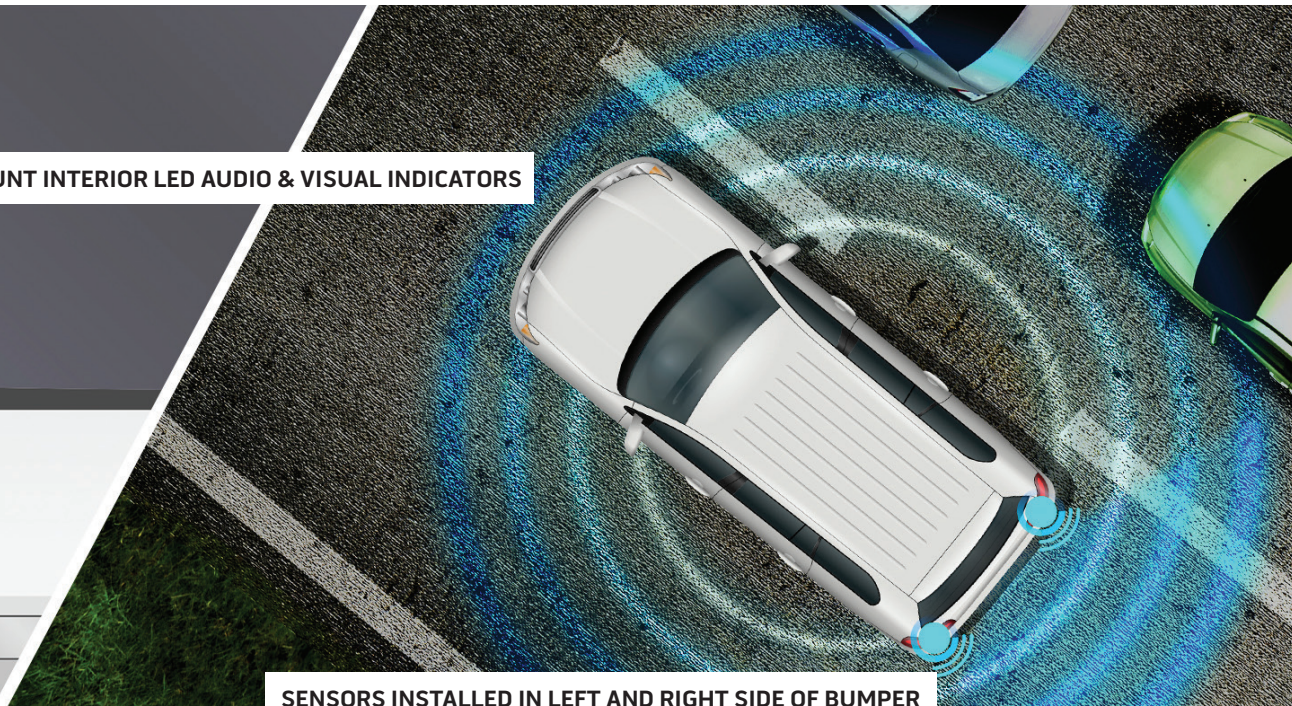

- Standard driving blind spot alerts are shown when other vehicles, people or objects enter the blind spot of the vehicle.
- Equipped with rear cross traffic which alerts the driver of vehicles approaching from the left or right while in reverse.
- Blind spot radar sensors located behind the bumper for simplified professional installation.
- Blind spot speed activation at 20MPH via built-in GPS technology.
- Audible & visual LED indicator alerts.
- Waterproof IP67 rated.
- 3-year warranty.

ACABSDLP

LICENSE PLATE BLIND SPOT DETECTION SYSTEM

- Equipped with rear cross traffic which alerts the driver of vehicles approaching from the left or right while in reverse
- Built-in blind spot radar sensors located at the bottom for simplified professional installation
- Blind spot speed activation at 20MPH via built-in GPS technology audible and visual interior LED indicator alerts
- Includes flush mount LED indicator lights
- Waterproof IP67 rated
- 1-year warranty

*Professional installation required

ACABSDLP2

LICENSE PLATE BLIND SPOT DETECTION SYSTEM

- Standard blind spot alerts when vehicles, people or objects enter the blind spot of the vehicle
- Built-in blind spot radar sensor mounts to license plate.
- Blind spot activation at 20MPH via built-in GPS technology.
- Audible and visual indicator alerts.
- Includes flush mount and surface mount LED indicators.
- Waterproof IP67 rated
- 3-year warranty

*Professional installation required

VOXX PARKING SENSORS

PSDBSN2

Rear Parking Assistance System

The VOXX vehicle parking assistance system provides both visual and audible alerts to the potential dangers of nearby obstacles with an included buzzer built into a digital display that can be mounted on your sun visor or dashboard. The system will alert the driver to the presence of obstacles with each of its detection zones.

- (4) four flush mount paint-able ultrasonic sensors
- (4) four rubber insulator sensor sleeves for mounting to steel bumpers
- 8' weatherproof harness
- Control module with advanced firmware
- Multi-color audible/visual display, can be mounted to dashboard/sun visor

VOXX PARKING SENSORS

PSDFSNI

Front Mount Parking Assistance System

Designed to give every driver peace-of-mind while parking their vehicles in cramped quarters. The system provides both visual and audible alerts to the potential dangers of nearby obstacles with an included buzzer built into a digital display that can be mounted on your sun visor or dashboard, and engages automatically when the vehicle is traveling at low speeds.

- (4) four flush mount paint-able ultrasonic sensors
- (4) four rubber insulator sensor sleeves for mounting to steel bumpers
- 8' weatherproof harness
- Control module with advanced firmware
- Multi-color audible/visual display, can be mounted to dashboard/sun visor
- Stand-alone buzzer
- On/off toggle switch
- Vehicle CAN integration for sensor activation at low speeds

TELEMATICS

CARLINK TELEMATICS CONTROL

EXPAND YOUR REACH. WHY NOT PUT YOUR BRAND ON REMOTE START?

NEW TO CARLINK 6 CELLULAR & CARLINK LONG RANGE

You now have the ability to offer your customers a Remote Start APP with your BRAND allowing you to raise brand awareness and connect your customers directly with specials and promotions via customized push notifications.

YOUR BRAND. YOUR APP.

Take your business to a whole new level by offering your customers their own branded personal app.

THE BENEFITS OF GETTING YOUR OWN CUSTOM BRANDED APP:

INNOVATIVE PRODUCTS

Offer unique connected products that will provide your customers with a new experience of connectivity between them and their vehicle.

PERSONALIZED

Provided a more personalized experience to your customers.

PROFESSIONAL

Get ahead of retailers who don't offer a branded app.

BRANDED

Raise more brand awareness and get discovered in the market. Connect directly to you customers through customized push notifications.

CONVENIENT

My branded app dashboard is easy to use and will create your custom APP in a simple breeze.

CARLINK TELEMATICS CONTROL

CONNECT WITH CELLULAR 6

CARLINK™

TELEMATICS

ASCL6 - CARLINK™ 6

Cellular 6 offers today's most complete convenience and security Solution. Cellular 6 transforms traditional Smartphones into a virtual transmitter to communicate with vehicle when hardware is installed to allow Smartphone app virtually unlimited range (based on cellular coverage) to operate remote start and security system.

- Remote start/ keyless entry
- Door lock/unlock
- Door lock status
- Battery voltage status
- Vehicle locator / GPS
- First year service included

CARLINK LONG RANGE

CONNECT WITH LONG RANGE

Long Range when Smartphone communicates with 2-way remote (150' range) to windshield mount LoRa BLE for over 3 miles of operating range to operate remote start and security system.

CLLRCC

ASCLBTLR

- No monthly fees
- Rapid response
- Real time smartphone interaction
- Intuitive user display
- Alarm notification with zone identification
- True runtime mode
- Vehicle & transmitter battery level indicator
- Multi-vehicle operation
- 2-way remote with 1 mile+ of operating range
- Micro USB rechargeable battery
- Alarm notification
- Low vehicle battery detection
- True 2-way communications powered by Lora technology
- Compatible with most digital remote start and security systems
- BLE direct connect pair up to (4) smartphones directly to transceiver

OEM INTEGRATION

O E M I

INTEGRATION

FLASHLOGIC

FULLY INTEGRATED REMOTE START/SECURITY SYSTEM WITH BUILT-IN FLCAN

The Flashlogic line of Remote Start, Vehicle-Specific Data Start Modules and Transponder/Door lock Interface Modules are the most advanced and comprehensive line-up in the Industry today. The program consists of three separate product offerings, designed to meet the needs of every security and remote start installation for today's complex vehicles. The entire Flashlogic line-up was developed in conjunction with Automotive Data Solutions (ADS) and brings together the advanced technology of ADS with the core security and remote start features of the VOXX product lines. Flashlogic is the gateway to the vehicle's electronic system – the ultimate in vehicle integration.

FLRSBA PROGRAMMABLE REMOTE START & SECURITY SYSTEM

The FLRSBA Security & Remote Start System can be updated with over 100 different firmware versions, covering 7600+ vehicle applications, and installation is a breeze with the Built-In dual FLCAN. It also incorporates dual Built-In data converters allowing dealers to add any Prestige, Code Alarm or Pursuit transmitter kit without the need of an external data converter. The FLRSBA is also compatible with SmartStart & Carlink, for Telematics control. The FLRSBA is also compatible with available t-harnesses for thousands of plug-in vehicle applications.

FLRSBA COMPONENTS AND OPTIONAL ACCESSORIES

ADSAHRPWR HIGH CURRENT 8-PIN STARTER HARNESS

The high current (HC) harness is used for analog remote start applications where the heavier gauge wire is required.

DSM550 DIRECTED SMARTSTART® PRO

Rebuilt from the group up, the Directed SmartStart® Pro takes our connected car offering to a while new level. Optimized for the fastest vehicle response times, and engineered to be our platform for the next decade. Start, control or locate your vehicle anywhere with the all new Directed SmartStart® Pro.

- FLRSBA compatible
- Real time status
- Small fleet & family plans available
- Start, lock and unlock your car using your smartphone
- High-performance Directed SmartStart® with 4G LTE technology
- Coverage throughout all North America
- Digital remote engine starter
- Web-configurable digital module
- 3X Lock start - use your factory fob to start vehicle
- Locate your vehicle with SmartStart® GPS
- Full security system with siren and shock sensor
- Retrieve vehicle status
- Control auxillary features
- Receive alerts if alarm is triggered
- The fastest Directed connected car yet!

FLRSBA PROGRAMMING

The installation instructions and programming are the most advanced, installer friendly instructions on the market today. Compatible with Weblink Mobile and FLPROG Web-Based Programming.

DYNAMIC INSTALLATION GUIDES

- Application and vehicle specific based on flash-update selection
- Complete installation wiring information provided
 - Vehicle wire colors and location
 - Only required connection shown
 - Includes pre-configured inputs and outputs
- No more external wiring database required
- New format allows quick "pre-wire" and "bench prep"
- Improved and easy to read 1-page wiring schematic

AUTOMATIC SYSTEM CONFIGURATION

- System inputs and outputs will be auto configured when flashed
- The system will be configured per application
- Second IGN/ACC/STT
- Low power ignition harness
- (-) IGN/ACC/STT when required
- Parking lights lock/unlock confirmation

FLASHLOGIC FLRSBA PROGRAMMERS

Update/flash your FLRSBA & Flashlogic modules from your PC or compatible smartphone.

FLWLMAPI FLASHLOGIC WEBLINK PROGRAMMER FOR APPLE

Update / flash your Flashlogic module from your smartphone. Apple iPhone, iPad compatible.

FLWLMANI FLASHLOGIC WEBLINK PROGRAMMER FOR ANDROID

Programmer for Android smartphones or tablets.

FLPROG FLASHLOGIC PROGRAMMER / UPDATER

FlashLogic PC to module USB interface cable. Required to program / upgrade FlashLogic transponder / door lock interface kits, and new Prestige/Pursuit "Z" series models.

FLRSBA COMPATIBLE T-HARNESS KITS

The FLRSBA compatible t-harness program allows you to mix and match vehicle specific t-harness kits while using a single module (FLRSBA) controller Solution. For a complete list of vehicle applications go to www.flashlogic.com.

DATA START MODULES

REMOTE START DATA MODULES WITH CUSTOM T-HARNESS

The Flashlogic Data Start Modules with custom t-harness will allow you to remote start vehicles from the OEM keyless entry transmitter to create an affordable "factory like" remote start system, eliminating the need for a traditional remote start system. Please note that some systems require the optional RF kit to control remote start functions. Optional RF kits or Carlink can also be added for increased operating range. For a complete list of vehicle applications go to flashlogic.com.

DATA START SYSTEMS

- Enables remote start from factory key fob (3XLOCK) on most models
- Advanced, fully integrated remote start technology
- No need to relinquish or purchase a costly key
- 'Plug & play' wiring harness for non-invasive installation
- Compatible with long range remote controls and smartphone solutions sold separately
- 3-year warranty

FLCMVW

VW/AUDI DATA START MODULE

For select Volkswagen & Audi models, 2006 & up. Enables remote start, security, convenience integration & more.

Compatible with long range RF kits & ADSTHRVW1, and ADSTHRAU3 T-harness sold separately.

ADSTHRAU2 / ADSTHRAU3 AUDI/VW T-HARNESSES

Factory fit installation T-harness for select Audi/VW models.

ADSTHRVW1 VOLKSWAGEN / AUDI T-HARNESSES

Factory fit installation T-harness for select Volkswagen/Audi models from 2006 and up (VW1).

FLASHLOGIC INTERFACE KITS

Flashlogic Transponder and Door Lock Interface Modules and exclusive DBI Port are the gateway to the vehicle's electronic system-the ultimate in integration. Our Smartphone app or long range transmitter kits can be paired with the FLCAN or Data Start Modules when long range operation is needed.

FLCAN CAN DOOR LOCK & TRANSPONDER INTERFACE WITH KLON TECHNOLOGY

The FLCAN is a CAN BUS interface control module that has all of our Flashlogic applications built into one programmable module. The FLCAN also enables remote start from the factory key fob (3XLOCK) for many vehicles. Compatible with long range remote controls and smartphone solutions sold separately. For a complete list of specific vehicle applications, go to flashlogic.com.

FLCART CAN DOOR LOCK & TRANSPONDER INTERFACE WITH KLON TECHNOLOGY – PLUG-IN CARTRIDGE

The FLCART is a CAN BUS interface control module that has all of our Flashlogic applications built into one slide in cartridge. This solution allows for a cleaner installation, and is only compatible with Prestige, Pursuit or Code Alarm products with FLCART port. For a complete list of specific vehicle applications, go to flashlogic.com.

FLTB1 TRANSPONDER DATA INTERFAC

Data transponder interface module that is programmable with specific transponder Interface firmware from the FlashLogic library.

ADSTBSLVW1 VW/AUDI IMMOBILIZER BYPASS

Web-programmable Immobilizer bypass for multiple VW/Audi vehicle models from 2006 to present.

FLASHLOGIC ACCESSORIES

MBTOOL

Mercedes Benz Ignition Switch Removal Tool

This tool allows for easy removal of the Mercedes Benz Ignition Switch for installation of our Mercedes Data Start Remote Start Systems.

KITB

Universal Transponder Interface Kits

Universal Remote Start Transponder Interface with key sense shut-off for most vehicles (key required). New larger case capable of holding larger key-headed transmitters.

FLCL6HAR

ASCL6 to FLCAN Harness

Required when adding the ASCL6 to the FLCAN in a stand alone FLCAN 3X lock to start application for Smartphone control.

ADSHRNRSL02

Adapter harness for DEI RF Kits for Data Start Systems (10 per pack)

ADSHRNSM01

Adapter harness for DEI Start for Data Start Systems (10 per pack)

HRNPKAL2

COMPLETE HARNESS PACK FOR FLCAN (8 per pack)

INSTALLATION ESSENTIALS

DB3

All-in-one comfort and override module that covers over 95% of vehicles on the road today. Featuring multibus and advanced OBD2 connectivity for SmartStart.

GMDLBP

Data Bus Doorlock Alarm & GM Passkey/Passlock Interface: Lock/Unlock, Driver's Priority Unlock, Trunk/Hatch, OEM Security Arm/Disarm, Door trigger Output (-) & Override the 2nd /3rd generation GM Passkey3 Transponder Immobilizer & Passlock 2 Immobilizer via data bus.

XK05

XK05 Programmable Immobilizer Data Override z: New '09 firmwares cover Ford, Mazda & Toyota/Lexus with connection at the Rx/Tx ignition switch. XK05 temporarily overrides the factory immobilizer when remote starting while maintaining the integrity of the manufacturer's anti-theft system.

556UXL

The 556UXL is a larger version of our popular 556UW designed to handle larger keys which don't fit into the 556UW. The 556UXL remote start immobilizer interface module is used when installing remote start products in vehicles equipped with a transponder or RF (Radio Frequency) based immobilizer system.

XL202

RF To Data Interface module compatible with Directed 5 volt LE & SST transceiver (IVU) in addition to some AstroStart and Autostart transceiver (IVU). The 2-way RFTD module acts like a hub to add long range 1-way or 2-way remote control to any RSR applications.

SECURITY ACCESSORIES

SECURITY A

ACCESSORIES

SECURITY ACCESSORIES

CPT2

ADD ON INTERIOR THEFT & DIGITAL TILT SENSOR

The CPT2 sensor picks up where your factory (OEM) security sensor leaves off. If you don't know, most OEM security systems simply offer a device that prevents the vehicle from starting, and does little to protect the contents, wheels & tires and your personal belongings.

535T

WINDOW AUTOMATION SYSTEM

The 535T replaces the 530T and allows the operation of two windows in both directions, and can provide "one touch" up and down operation from both factory power window switches. The 535T is compatible with most factory power windows systems and most Directed remote start and security systems.

103T

FAILSAFE® DIGITAL KEYPAD WITH STARTER KILL

Advanced electronics make the 103T a powerful anti-theft accessory, with 11 billion possible combinations which can be changed as often as your customers want. Controls the included Failsafe Starter Kill.

520T

STEAL STOPPER™ BACKUP BATTERY SYSTEM

Sealed 0.7 amp/hour 12v DC lead acid battery powers and triggers the alarm when vehicle's battery is disconnected. A must for every high-security installation.

MBS

The MBS is a compact multi-tone siren designed for vehicles with limited space in the engine compartment. A built-in back up battery provides additional protection in the event the vehicle's battery becomes disconnected or discharged.

AS9903E

ULTRA MINI ALARM SIREN

The AS9903E is a compact multi-tone siren designed for vehicles with limited space in the engine compartment.

SECURITY ACCESSORIES

513T MINI PIEZO SIREN

Special-application siren often used as a pain generator inside the vehicle.

514L SOFT CHIRP 6-TONE SIREN

Smaller size with a bigger punch, this bad boy produces between 2 and 5 dB more output than conventional sirens.

504K OEM INTERFACE SHOCK SENSOR

Now you can interface the best shock sensor to factory alarms with the 504K. Specifically designed to deliver the right pulse, the 504K interfaces with the hood switch circuit.

516U VOCALARM® UNIVERSAL VOICE MODULE

The 516U is a universal voice add-on. It can be programmed to generate voices in English or Spanish as well as generic or Viper-specific messages. The 516U can also read the siren output of most VOXX•DEI systems and followS the Silent Mode™ protocol. The unit can be used to generate the Warn Away® message only.

ALL-NEW for '22, as the dominator in the Automotive aftermarket electronics industry our Product Managers have spent thousands of hours dreaming up the coolest, most tech-advanced accessories to entertain and protect your customer's vehicle. To that they have picked a handful of their favorite accessories. Look for the "Must Have" icon throughout the catalog and know by selling these, you're enhancing your customer's journey.

SECURITY ACCESSORIES

DUB1

The DUB1 Digital Tilt Sensor is activated by the armed output of your vehicle's alarm system. Once activated, the DUB1 instantly and continually analyzes all pitch, yaw and motion data. The result is a tilt sensor that, regardless of conditions, detects less than one degree of lifting or any motion of the vehicle without error.

507M DIGITAL TILT/MOTION SENSOR

Registers between 1 and 3 degrees of tilt and 4 degrees of motion: off, low, medium and high. 3-wire install (ground/arm/trigger).

MV3

The MV3 is the most reliable vehicle intrusion sensor on the market today. Detects moving objects within the vehicle using a unique RF technology. Ideal for convertibles.

508D INVISIBEAM® FIELD DISTURBANCE SENSOR

This dual zone radar sensor detects moving high-density objects using RF field-disturbance technology. Ideal for convertibles or any application where zone-intrusion protection is desired. Interfaces directly with optional 516U Vocalarm® module or any VOXX-DEI system. New custom-chip design for outstanding stability and performance.

CAGBS

The CAGBS provides protection against entry to the vehicle when the security system is armed by detecting the breaking of vehicle glass. The remote microphone is designed to analyze the frequency of breaking glass to eliminate false trigger conditions.

509U ULTRASONIC SENSOR

The 509U Ultrasonic Sensor is used to provide coverage of a vehicle's interior cabin area. The sensor detects movement inside the vehicle by sensing air disturbance.

SECURITY ACCESSORIES

506T
AUDIO SENSOR

Provides pre-entry protection by detecting tampering and breaking of vehicle's glass. Reliable CMOS design with remote microphone analyzes frequency, intensity and timing of intrusion sounds to eliminate false alarms.

AS9492A
DUAL STAGE PIEZO SHOCK SENSOR

This dual stage sensor sounds the siren on "light touch" impact to the vehicle and instantly triggers the security system upon a harder "full" impact.

AS94954P

Dual stage infrasonic shock sensor. This dual stage sensor sounds the siren on "light touch" impact to the vehicle and instantly triggers the security system upon a harder "full" impact

504D
STINGER DOUBLEGUARD SHOCK SENSOR

Uses electromagnetic technology to eliminate mechanical parts. Two outputs provided, the first offers a Warn Away® response on light impact and the second instantly triggers the alarm on hard impact. Draws less than 1mA. Includes the plug-in harness for all alarms with the standard 4 pin sensor input plug. Plug may be cut off harness for non-plug-in applications.

DA1

Standard 2-wire door lock actuator for adding power door locks to most vehicles.

524T
2-WIRE POWER DOOR LOCK MOTORS

Standard door lock motors for adding power doorlocks to most vehicles.

SECURITY ACCESSORIES

PROPDA1

Deluxe 2-wire door lock actuator for adding power door locks to most vehicles.

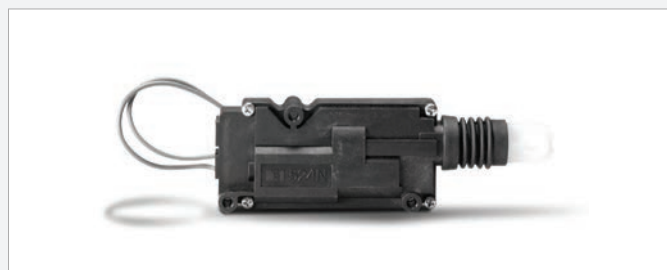

DA2 DOOR LOCK ACTUATOR.

Deluxe 2-wire heavy duty door lock actuator for adding power door locks to most vehicles.

524F HEAVY DUTY DELUXE 5-WIRE DOOR LOCK MOTORS

Super heavy-duty door lock motors for adding power doorlocks to most vehicles. New compact, low friction design can pull up to 10 lb. 524F can be used in conjunction with the 524N and 451M to create central locking. Includes hardware and wire.

524N HEAVY DUTY DELUXE 2-WIRE DOOR LOCK MOTORS

Super heavy-duty door lock motors for adding power doorlocks to most vehicles. New compact, low friction design can pull up to 10 lb. 524N can be used in conjunction with the 524F and 451M to create central locking. Includes hardware and wire.

PROPDL25

Two door heavy duty power door lock kit. Includes everything you need to add power door locks to a two door vehicle.

PROPDL45

Four door heavy duty power door lock kit. Includes everything you need to add power door locks to a four door vehicle.

SECURITY ACCESSORIES

524CL
CABLE LOCK BRACKET ASSEMBLY (2 PACK)

Cable door lock bracket kit. Takes the trouble out of integrating with modern vehicles that have a cable driven door lock systems. The 524Cl can be used in conjunction with all VOXX•DEI Door Lock Motors.

522T
TRUNK-RELEASE SOLENOID

Interfaces with existing latch or release cable to provide power trunk/hatch release by switch or remote control. Comes with mounting bracket, hardware and momentary switch.

ASRLY
30/40 Amp S.P.D.T. Relay.

ASRLYH
Universal 5 wire relay socket with 12" wires. 5-pack - Price is for a package of 5.

OBJECTS IN MIRROR ARE GONE

SECURITY ACCESSORIES

610T

INSTALL ESSENTIALS RELAY

Heavy-duty automotive SPDT 40/30A relay.

8617

DIRECTED RELAY ASSEMBLY

Heavy-duty 40A automotive relay plugged into 5-wire socket.

8616

PRE-WIRED MINI RELAY

SPDT 20/10A relay. Cost-efficient solution for domelight supervision, trunk release, and more.

MRLY

20 AMP MINI RELAY.

The MRLY is designed for low current applications.

451M

DOOR LOCK RELAY ASSEMBLY

Pre-wired door lock relay assembly. This great time-saver also comes with resistors for some vehicles applications. Requires alarm-supplied momentary negative pulses. Plugs into most VOXX•DEI systems. (Two 10/20-amp relays built-in.)

DLVI

DOOR LOCK VOLTAGE INVERTER.

Converts a negative Input to a positive 1A output. Ideal for switching a (-) alarm door lock / unlock output to a (+).

SECURITY ACCESSORIES

452T DOOR LOCK PULSE GENERATOR

Converts a latched trigger input to momentary pulsed negative or positive outputs for interfacing with door locks. Can be used to add door lock control with systems without door lock outputs. Includes dual polarity outputs for cars that require double pulse to unlock, and can provide ignition-controlled door locks.

NCTM

- Simplifies door trigger connections on Ford, Lincoln and Mercury vehicles.
- (5) normally closed trigger inputs. (1) negative trigger output. Connect to trailer wiring and detect trailer disconnect. Small compact housing – 55mm x 35mm x 13 mm.

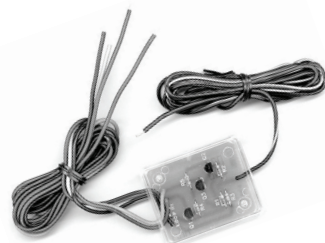

DTD11 Door trigger diode Interface.

611T ACTIVE LATCHING SWITCH

The Rattlesnake® 611T is a versatile solid-state switch that can be programmed normally open/normally closed, switched on with positive or negative input pulse, programmed to act as a latch or a timer. In latched mode, will toggle on/off each time an input is sensed. In timer mode, can be programmed from 1-100 seconds. For precision operations, can be used to obtain output times in the 0-1 second window.

502T CLOSED LOOP SENSOR

Perfect for monitoring auxiliary lights, car covers, trailers or anything that you might want to trigger the alarm when you disconnect it. Extremely low current consumption, and compact transistorized design provides both positive and negative output triggers when input trigger is disconnected.

454T ALTERNATOR RPM DETECTOR/TACH SIGNAL GENERATOR

For use with remote start systems that require an RPM input. Detects spikes in the vehicle's electrical system and converts them into simulated tachometer output.

SECURITY ACCESSORIES

8613

BALL BEARING TILT SWITCH

Waterproof switch protects entry points where conventional switches won't work. Perfect for hoods, hatches, camper shells and the like.

8607

HEAVY-DUTY PIN SWITCH

Sturdy, easily adjusted switch used for protection of entry points. Self-grounding through chassis. 5 pack.

8608

EUROPEAN PIN SWITCH

Adjustable right-angle switch for a clean, factory look. Self-grounding through chassis. Genuine Harrison pin switch covered under U.S. Patent No. 4,775,768. 5 pack.

8614

STRAIGHT PIN SWITCH BRACKET

Straight-steel sliding bracket allows mounting of a pin switch. For 8607. 10 pack.

8615

ANGLE PIN SWITCH BRACKET

Right-angle steel sliding bracket allows mounting of a pin switch. 10 pack.

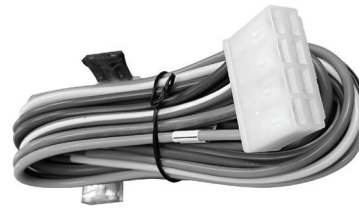

SECURITY ACCESSORIES

6LCHARZ

LOW CURRENT 22GA 6 PIN REMOTE START HARNESS.

Some new vehicles today are using smaller gauge wires at the ignition switch and trying to connect a 14GA wire can be a hassle. Compatible with most Prestige / Pursuit "Z and TM" models that use the 6 Pin Starter Harness.

8LCHARZ

LOW CURRENT 22GA 8 PIN REMOTE START HARNESS.

Some new vehicles today are using smaller gauge wires at the ignition switch and trying to connect a 14GA wire can be a hassle. Compatible with most Prestige / Pursuit "Z and TM" models that use the 6 Pin Starter Harness.

ABOUT VOXX ELECTRONICS CORPORATION (VEC)

VOXX Electronics Corporation (VEC) is a wholly-owned subsidiary of Voxx International Corporation (NASDAQ:VOXX), a global supplier of mobile and consumer electronics products. VEC is a recognized leader in the marketing of Automotive Entertainment, Vehicle Security/Tracking, Remote Start Systems, Telematics and Advanced Driver Assistance Systems (ADAS).

VEC sells its products through an extensive distribution network that includes expeditors, mass merchandisers, regional mobile electronics chains and independent specialist both domestic and internationally. VOXX Electronics possesses a strong brand portfolio and its products rank among the top ten in almost every category in which they sell. Primary brands include: Advent®, Audiovox®, Rosen®, Invision®, Movies to Go®, CarLink®, Flashlogic®, Prestige®, Pursuit®, Pursuit SVR®, CrimeStopper® and Omega® Rostra®, Viper®, Autostart®, AstroStart®, Automate®, Avital®, Clifford®, Install Essentials®, Python®, Onkyo®, Energy®, Jamo® and Integra®. VOXX Electronics has strategic Distribution relationships with Gentex® and SiriusXM®.

For additional information, please visit our website at voxxelectronics.com

ABOUT VOXX CORPORATION

We are a leading global manufacturer and supplier of Automotive and Consumer Electronics products, with an expanding portfolio of iris-based authentication Solutions for the rapidly growing biometrics industry. We have a broad range of products sold under a portfolio of over 35 well-known Consumer Electronics brands in the premium audio and accessories categories, including Klipsch®, RCA®, Acoustic Research®, Audiovox®, 808 Audio®, Magnat®, Heco®, Schwaiger®, Oehlbach®, and more. We also have an array of products within our Automotive Electronics segment, with brands such as Invision®, Rosen® and Advent®, as well as the recently acquired brands of Rostra®, Vehicle Safety Manufacturing®, Viper®, Autostart®, AstroStart®, Automate®, Avital®, Clifford®, and Python®. We supply our products to a diversified customer base consisting of automotive OEMs, specialty CE-retailers, mass merchandise and power retailers, 12-volt specialists, and other commercial entities.

We hold market-leading positions across many categories within our Automotive Electronics and Consumer Accessories segments. For years, we have been the #1 provider of rear-seat entertainment systems and believe we are the #1 supplier of vehicle security and remote start systems to domestic OEMs and to the automotive aftermarket. We are the #1 premium loudspeaker company in North America and believe we are the #1 supplier of antennas and TV Remote Controls at retail (also in North America). Our other brands typically hold top 5 or top 10 market positions within the categories we operate.

For additional information, please visit our website at www.voxxintl.com

 Vision Zero Automotive Network is a 501(c)(3) non-profit entity dedicated to educating and encouraging the saving of lives through the addition of life saving technologies in existing vehicles.

VOXX International and all of its family of brands are committed to helping save our environment. To that end, all printed materials produced by us are printed on recyclable paper using only biodegradable ECO friendly coatings. We use soybean rather than petroleum based inks. Our printing presses have "Purge on Press" capability; use no alcohol and therefore result in no vapor pollutants in the air.

IMPORTANT SAFETY NOTICE

It is unlawful in most jurisdictions for a person to drive a motor vehicle which is equipped with a television viewer or screen that is located in the motor vehicle at any point forward of the back of the driver's seat, or that is visible, directly or indirectly, to the driver while operating the vehicle. This product should only be installed to the rear of the back of the driver's seat where it will not be visible, directly or indirectly, to the operator of the motor vehicle. In addition, the state of Rhode island forbids the installation of such a device in a motor vehicle.
