# Elite® Series G60 Furnace

Innovation never felt so good.™

Two-stage operation provides greater temperature control on even the coldest days

Low-speed, continuous fan setting ensures quiet operation

Eighty percent efficiency rating can result in significant energy savings

The Elite® Series G60 gas furnace surrounds you with quiet, cozy comfort all season long. Its two-stage design accommodates two levels of heating: high heat for extremely cold days, and low heat for mild days.

## ENGINEERED FOR QUIET COMFORT AND EFFICIENCY

Because the G60 operates at low capacity about 80% of the time, it provides quieter, more even heat distribution and regulates the temperature to within as little as one degree of the thermostat setting. And with an 80% efficiency rating, the G60 can reduce your energy bills when compared with less efficient furnaces.

### EFFICIENCY RATING

**80% AFUE** (Annual Fuel Utilization Efficiency).

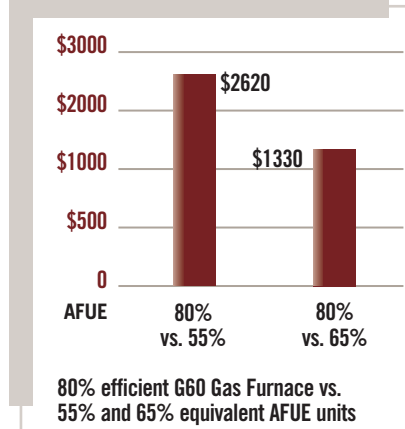

### WARRANTY\*

20-year limited warranty on the heat exchanger.

5-year limited warranty on all remaining covered components.

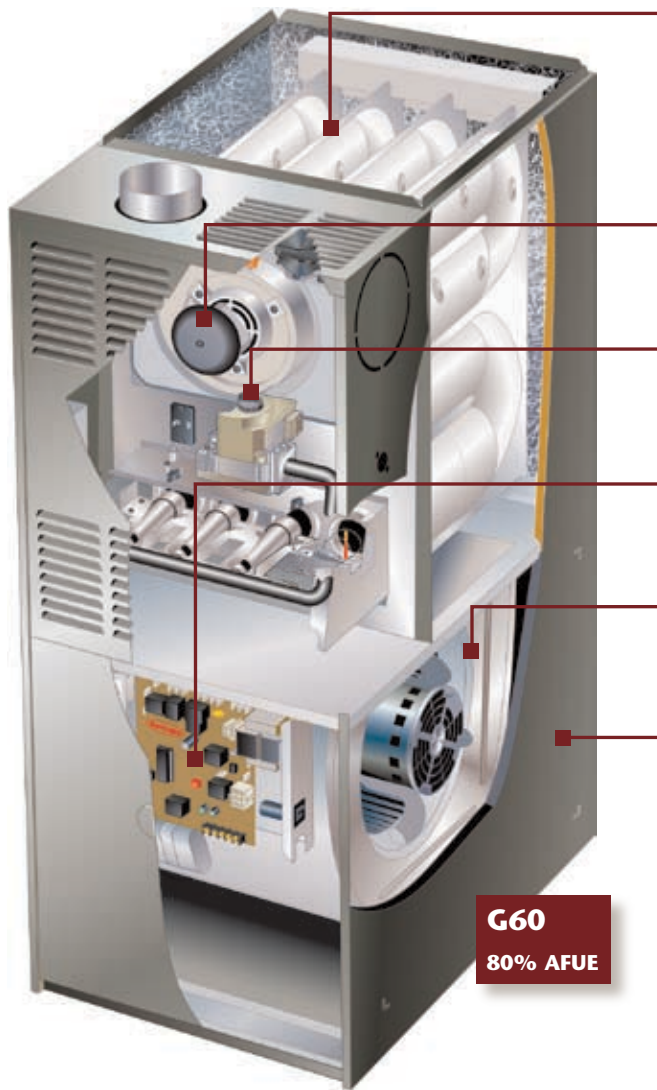

\*Applies to residential applications only. See actual warranty certificate for details.

### 3-YEAR HEATING SAVINGS

This chart depicts potential energy savings you can expect from the G60 gas furnace versus older furnaces with lower efficiency ratings. Criteria used in this example are 2,000 full-load heating hours, with a 60,000-Btuh heating design load and \$1.281 ccf for gas. Your actual savings will vary depending on the weather, local fuel rates and your lifestyle. Source: EPA national average energy rates.

## INNOVATIVE FEATURES FOR ENHANCED COMFORT AND EFFICIENCY

**Duralok® Heat Exchanger** – Made of high-quality, patented ArmorTuf™ aluminized steel. Life-tested to 2-1/2 times agency requirements (ANSI standard Z21.47) for long life and durability.

**Two-Stage Heating** – Provides two levels of heat output for greater temperature control.

**Two-Stage Gas Valve** – Quietly adjusts the amount of gas to accommodate two levels of heating.

**SureLight® Control Board** – Ensures reliable and efficient operation.

**Insulated Blower Compartment** – Minimizes operating sounds.

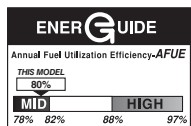

**Durable Steel Cabinet** – Built to last and coated with a high-quality textured-paint finish.

## CUSTOMIZE YOUR COMFORT

Lennox® heating, cooling and Healthy Climate® indoor air quality products are designed to provide efficient, economical comfort—not only as individual units, but also together as an integrated system. This combined network of products delivers on every comfort count, from consistent temperatures and balanced humidity to improved indoor air quality.

## DEALERS YOU CAN COUNT ON

Choosing the right dealer for your home's heating, cooling and air quality needs is every bit as important as choosing the right brand. We think you'll agree our independent dealers are a big reason you can count on quality customer service whenever you call. Your Lennox dealer's dedication to quality shows in his knowledge, training and expertise in designing the right system for your home, installing it properly and keeping it running perfectly for many years to come.
