**VERSATILITY COOKERS.**

West Bend®'s line of Versatility™ slow cookers offers true one-pot meal preparation. Unlike ceramic-crock slow cookers, the Versatility™ cooking pot can be placed directly onto the range top – perfect for browning meat – and returned to the heating base for slow-cooking. The non-stick pot is so versatile that it can also be used on the table, in the oven or freezer and cleans up easily in a dishwasher! The versatility doesn't stop there, the base doubles as a light-duty griddle.

## COMMERICAL COFFEE URNS.

As the inventor of the first automatic drip coffee maker in 1922, West Bend® has a solid history of innovation in coffee makers. The newest line of large-capacity West Bend® commercial coffee makers are the freshest on the market! Contemporary, brushed, stainless finish helps hide fingerprints. These urns, all with upgraded technology, brew coffee faster than 1 cup per minute! Users enjoy single-hand or continuous-flow dispensing.

## STAINLESS COMMERCIAL COFFEE URNS

Our Commercial Coffee Urns offer the latest coffee-making designs and functions on the market. The brushed, stainless steel exteriors conceal smudges and fingerprints that other coffeemakers show. The hands-free, no-drip dispenser is perfect for filling a single cup or a whole carafe. Automatic keep-warm feature, triggered after brewing is complete, will keep coffee hot for hours. Perfect for break rooms, large gatherings or church functions.
