Advantage Metro.

Looking for high-touch services?

Metro can make everything from application visualization to custom packaging easy.

Professional Services Available:

- “Space Audits” to Maximize Your Storage Potential
- Product Planning and Room Layout
- Project Quoting and Management
- 3D Product and Application Visualization
- Custom Product Design and Engineering
- Product Prototyping and Samples
- Custom Packaging

“Let us help manage your space. Take advantage of our layout and design services.”

Visit MetroConfigurator.com to test drive our web based software, developed to give you the power to manage your space. You can configure individual products or do an entire room layout.

Try it today!

Protect your investment with our Enhanced Service Program,

Metro ESPSM

Deployment Services

Preventive Maintenance

Extended Warranty

Metro[®] Advance

Time is money...

Metro has created a seamless process designed to get you up and running as quickly as possible. Certified technicians and professional support ensure proper installation of all your critical components and training of your staff.

Metro[®] Maintain

Free up your valuable resources and get proactive...

Preventive maintenance is a critical step to enhanced efficiency, and Metro helps you think ahead. Timed inspections by our trained and certified technicians will help lower your total cost of ownership and maximize the life of your investment.

Metro[®] Assurance

Protect your investment and keep clinicians efficient...

Safeguard your equipment against unplanned downtime. Extended warranty options and rapid response from Metro help increase system reliability and keep operating costs under control.

Fast, responsive, courteous service—
with the knowledge and expertise
that only Metro can provide.

MICROBAN[®] and the MICROBAN[®] symbol are registered trademarks of the Microban Products Company, Huntersville, NC.

SUPPORTS GOOD HACCP PROCESSES

- Microban[®] antimicrobial product protection helps keep shelves “cleaner between cleanings” by inhibiting the growth of mold, mildew, fungus, and bacteria that cause odors and stains on the shelf surface.
- Advanced polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning

MetroMax i®

*Evenly distributed weight.

MetroMax i

All polymer with type 304 stainless corners designed for the heaviest loads.

The most unique applications.

For itemized, compartmentalized solutions, use drop in baskets with MetroMax i shelf frames on any MetroMax family unit.

MetroMax 4

Built to handle what you store the most.

MetroMax i

MetroMax i bottom shelf shown. Consult your Metro representative for configuration requirements.

"We needed corrosion proof shelving to manage our heavy yet sensitive testing equipment. These devices can weigh up to 400 lbs. (181kg) and stand on narrow legs. MetroMax i mobile shelving was the ideal solution. The sturdy mobile units allow us to reconfigure our workspace easily."

"The choice was easy. Our facility needed a solution that could organize and protect sensitive packaged items so I chose MetroMax i. In fact, I realized the payback versus wire shelving within two years by dramatically reducing my sterile pack reprocessing costs."

MetroMax Q[®]
Hybrid Polymer/Wire

15 years
Corrosion Resistant
Up to 2,000 lbs. (907kg)
Up to 1,000 lbs. (454kg)
800 lbs. (363kg)
> Depths: 18", 21", 24" [457, 530, 610mm]
> Lengths: 24/30/36/42/48/54/60/72" [610/760/914/1060/1219/1372/1524/1829mm]

MetroMax Q

Quick-to-clean.
Quick-to-adjust.

MetroMax i

Use MetroMax i solid bottom shelf on MetroMax Q units as a dust barrier or when containing spills is important.

What makes the MetroMax platform more advanced than other shelving?

- > Long, useful life.
- > Stability – Stationary and Mobile. Shelving units can stand alone.
- > Reliable carts for transporting supplies.
- > Easy to clean (lift off shelf mats).
- > Microban antimicrobial product protection.
- > 1" (25mm) shelf adjustment and space saving accessories.
- > Interchangeable shelves, posts and accessories.

MetroMax i® Replacement Wedges

Bag of (4)
 Cat. No. **MX9985**
 MetroMax i® Wedges are not compatible with original MetroMax shelves and posts.

Post Clamp

Adds stability by joining posts of two separate units together. With it, each unit is supported by four posts and buttressed by the adjacent unit.
 Cat. No. **9994X**

Foot Plate

Use to add stability to the shelving unit or to bolt units to the floor.
 Cat. No. Zinc **9993Z**
 Cat. No. Stainless Steel **9993S**

NOTE: For maximum rigidity on heavily loaded carts, the steel posts may be used. See page 16 for models.

✓ Indicates antimicrobial product.

Note: MetroMax i® shelves, posts, and wedges are not compatible with original MetroMax shelves and posts.

MetroMax i® Shelving Starter and Add-On Units

- Save time and money by eliminating adjacent posts and replacing with “S” hooks.
- Starter Units consist of four polymer posts and indicated number of MetroMax i shelves.
- Add-On Units consist of two polymer posts, indicated number of shelves, and two “S” Hooks per shelf, for attaching shelf to adjacent unit. To attach shelves at right angles, Intermediate “S” Hook Kits must be ordered separately.

Add-On units with “S” hooks can only be attached to shelves supported by two or more posts.

Shelving Starter and Add-On Units – Easy Order Guide

Note: "Right Angle" Add-On Units require one additional Intermediate "S" Hook kit per shelf level.

“S” Hook
Cat. No. **M9995**
(also includes collar plug [pictured below])

Intermediate “S” Hook Kit
Cat. No. **MX9996**
(also includes two collar plugs [pictured below])

Corner adapter (plug)
fits MetroMax i

MetroMax i “S” Hook Kit — 9.25

Add on shelving to existing units using two posts instead of four. Kit includes one “S” hook and one corner adapter plug. Two kits required per storage level when configuring units end-to-end.
Cat. No. **M9995**

MetroMax i Intermediate “S” Hook Kit

Required when joining units at right angles with open corner and no post. Intermediate bracket connects a shelf corner to the front beam of the adjoining shelf. Kit includes one intermediate bracket, two “S” Hooks, and two corner adapter plugs. See illustration for quantity required per level.
Cat. No. **MX9996**

☑ Indicates antimicrobial product.

Removable shelf mat

MetroMax 4 Polymer Shelves — 9.22

Standard Shelves.

- All-polymer shelves with removable 6" (152mm) wide shelf mats.
- Compatible on the same shelving units with MetroMax i and MetroMax Q shelves.
- Part number includes shelf with removable shelf mats and one bag of wedges.

Actual Dimensions: Width: Add 3/16" (10mm) to nominal size.

Length: Subtract 3/16" (5mm) from nominal size.

Maximum weight capacity evenly distributed: Up to and including 48" (1220mm) long shelf, 800 lbs. (363kg); 54" (1372mm) and longer, 600 lbs. (272kg).

NOTE: The current MetroMax Q® shelves with the blue S-hook plugs have different actual measurements than original MetroMax Q shelves manufactured in March 2009 and earlier and cannot be mixed on the same shelving units.

Solid Mat Overlays

- Overlays snap onto the open grid mats to create a solid surface.
- Available for 21" (530mm) deep MetroMax Q shelves.
- For 18" (457mm) and 24" (610mm) deep solid shelves, please see Models MX***F on page 12.

MetroMax Q® Replacement Wedges

Bag of (4)
Cat. No. **MQ9985**

MetroMax Q® Wedges are compatible with original MetroMax Q shelves and posts.

Posts

- Epoxy coated steel and polymer posts have Microban antimicrobial product protection.
- Stationary posts include an adjustable leveling foot to compensate for uneven floors. Leveling foot can be adjusted 1" (25mm).
- When mounting a shelving unit to a dolly base, stationary posts are used.

MetroMax Q® Shelving Starter and Add-On Units

- Save time and money by eliminating adjacent posts and replacing with “S” hooks.
- Starter Units consist of four epoxy-coated steel posts and indicated number of MetroMax Q shelves.
- Add-On Units consist of two epoxy-coated steel posts, indicated number of shelves, and two “S” Hooks per shelf, for attaching shelf to adjacent unit. To attach shelves at right angles, Intermediate “S” Hook Kits must be ordered separately.

END-TO-END

“S” Hook Kits (M9995 – qty. 2)

RIGHT ANGLES

Intermediate “S” Hook Kit (Q9995Z – qty. 1)

“S” Hook Kits (M9995 – qty. 1)

COMBINATION

“S” Hook Kit (M9995 – qty. 3)

Intermediate “S” Hook Kit (Q9995Z – qty. 1)

Add-On units with “S” hooks can only be attached to shelves supported by two or more posts.

“S” Hooks — 9.25

Add on shelving using two posts instead of four. Includes one “S” hook. Two kits required per level when configuring units end-to-end. Cat. No. **M9995**

“S” Hook
Cat. No. **M9995**

Note: Collar/hole plug is designed for use with MetroMax i shelves only.

MetroMax Q® Intermediate “S” Hook Kit

Use when configuring MetroMax Q Starter and Add-On Units at right angles. Cat. No. **Q9995Z**

Intermediate “S”
Hook Kit

Go mobile.

Add casters to any shelving unit to add versatility.

MetroMax Stem Casters — 9.25

For use with either polymer or steel stem caster posts.

- Promotes easy cleaning. Casters allow shelving units to be moved easily for access to floors and walls.
- Efficient Transport: Create a cart to efficiently move supplies throughout a facility or campus.

5PCX

5PCBX

5MPX

Rigid stem casters are often ordered two per unit for improved tracking and handling. Rigid caster channel are provided with each two rigid stem casters at no charge.

Polymer Stem Casters — 9.25

Innovative polymer stem casters offer corrosion resistance and enhanced durability. Appropriate for all medium-duty mobile applications. Bumpers included.

- All-polymer horn, stainless axle, and hardware.
- 5" (127mm) diameter polyurethane, flat wheel tread.
- Sleeve style axle bearing and optional toe-operated brake mechanism

Push ahead.

Give yourself the versatility you need with Metro Utility Carts.

Utility Carts

- Can be used in a variety of unique transport applications.
- Durable materials, ergonomic handles, and premium casters promote long life and ease of use.
- Microban product protection built into the shelf mats, frames, and posts.
- Easier to clean with removable shelf mats.

MetroMax i® Utility Carts

- Corrosion proof shelves, posts, and Type 304 stainless steel handle.
- Corrosion resistant 5PCX casters with 5" (127mm) polyurethane wheels, polymer horns, and stainless steel axles.
- 39 1/4" (997mm) tall. Weight capacity of cart: 900 lbs. (408kg) evenly distributed.

Helpful Hints

- Configure a cart to your exact needs using a combination of MetroMax i®, MetroMax 4, and MetroMax Q® shelves and posts.
- Consider MetroMax i solid shelves when spill containment is required or to protect supplies from dirt during transport.
- A typical utility cart will be configured using 27" (685mm) or 33" (875mm) stem caster posts with 5" (127mm) casters.

Solid bottom shelf and 5PCX/5PCBX casters pictured

Shelves and posts: pages 12, 14, 16 Casters: page 18 Handles: page 19

Indicates antimicrobial product.

Organize.

Organize supplies to improve operational efficiencies.

- Well-organized storage results in fewer expired supplies and less waste.
- Innovative shelf and accessory designs have smooth surfaces that protect vacuum sealed and other packaged items from damage.
- Flexible compartments help sort supplies for faster access and maximize the use of storage space.

A Dividers **B** Ledges **C** Enclosure Panels **D** Metro Totes **E** Metro Bins

Flexible Compartments

Dividers and Ledges can be used to create flexible compartments that most efficiently use available storage space. When combined with open grid shelves this minimizes dust accumulation.

Bins offer removable compartmentalized storage for easy access or as part of an exchange system. See page 60 for Bin options.

8" (203mm) Shelf Dividers — Standard Duty — 9.25

- Use to create organized compartments or to simply separate shelf contents.
- Easily repositioned on grid and solid shelves.
- Corrosion proof: Polymer (High-Density Polypropylene).
- Three-piece design — Ships assembled.

Nominal Length (in.) (mm)	i Cat. No.	4 Cat. No.	Q Cat. No.
24 610	MXD24-8	MX4-D24-8	MQD24-8

*Note: Can be retrofitted to original MetroMax and MetroMax Q.

Universal 8" (203mm) Shelf Dividers — Light Duty, for open grid shelves — 9.25

- For use with grid shelves (MetroMax i, MetroMax 4, MetroMax Q, and Super Erecta Pro), Super Erecta wire shelves, and Super Adjustable wire shelves.
- Easiest divider to install.
- Maximum flexibility: Can be repositioned along the entire shelf.
- Each divider includes a panel and two clips to connect to any open grid or wire shelf. Does not attach to solid shelves.
- Corrosion proof.

*Note: Can be retrofitted to original MetroMax and MetroMax Q.
Additional clips: Cat. No DCLIP, 2 per bag.

Shelf-to-Shelf Dividers — 9.25

- Full height dividers efficiently compartmentalize the space between two shelves.
- Smooth surfaces protect packaged items from damage.
- Corrosion proof.
- Compatible with open grid polymer shelves, Super Erecta wire shelves, and Super Adjustable wire shelves. Does not work with solid shelves.

Contain it.

Efficiently enclose and contain with Enclosure Panels.

Enclosure Panels — 9.25

- An efficient way of enclosing the sides and back of all shelves in a unit to contain stored contents.
- Slot opening: 3" W x 37/8" H.
- Designed to work with MetroMax i®, MetroMax 4™, and MetroMax Q® shelves. Mounting clips included.

Use shelf to shelf dividers with enclosure panels to create full height compartments to organize bulky, hard-to-handle supplies.

Enclosure Panel

74" (1880mm)	(2) MEP37E	(2) MEP57E	(2) MEP57E

Configuration Notes

1. **Handles and enclosure panels** can be used on the same end of the cart. Please note the following details: 21" (530mm) wide units: use the 12³/₈" (315mm) wide panel on the same end as the handle.
2. **Top-Track:** When using on the ends of a Top-Track mobile unit the enclosure panel must be mounted so that it does not interfere with the overhead tracks. Mobile posts on Top-Track are 74" (1880mm). The standard enclosure panel for 74" (1880mm) posts can be used but must be mounted in a lower position on the unit. As an alternative, the standard panels for a 63" (1600mm) post can be used.

Progress.

Super Erecta Pro™
Durable & cleanable.
The original — **re**innovated.

Epoxy coated Super Erecta-style frames with removable polymer shelf mats.

Stays cleaner between cleanings.

Polymer shelf mats and Metroseal 3 epoxy coated shelf frames and posts have built-in Microban® antimicrobial product protection.

*Microban® antimicrobial product protection helps keep shelves "cleaner between cleanings" by inhibiting the growth of bacteria, mold and mildew that cause odors and stains on the shelf surface. MICROBAN® and the MICROBAN® symbol are registered trademarks of the Microban Products Company, Huntersville, NC.

Easy to clean.

Lift-off mats can be easily removed and washed by hand or in a wash machine.

Prolonged durability.

Polymer shelf mats withstand daily abuse from containers and sharp edges. Robust design provides the strength and rigidity of Super Erecta...holds up to 800 lbs. (363kg) per shelf.

Interchangeable.

Super Erecta Pro shelves can be configured with traditional shelf and accessory options on the same unit for maximum flexibility.

Super Erecta Pro™ Shelving — 10.80

SiteSelect™ Posts

Stationary Super Erecta SiteSelect posts are fitted with adjustable leveling bolts to compensate for uneven surfaces. Mobile posts come without leveling bolt assembly to accommodate stem casters.

Special length posts are available.
See page 50 for stem caster options.

SiteSelect posts provide a visual guide for positioning and adjusting shelves, saving considerable time during assembly and adjustment. An easy-to-identify double groove, every 8" (203mm), offers a quick way to align all shelves.

These posts come without leveling bolt assembly to accommodate stem casters. Casters for mobile applications can be found on pages 50 & 51.

*Height includes leveling bolt and cap.
****Stainless stationary post includes stainless leveling bolt.**
*****96P** should not be used on units less than 24" (610mm) deep. Consult Metro Engineering for alternate recommendations.
†Note: Special length posts are available, priced at next higher length plus a cutting charge.
 Post lengths to be specified as cut to a round number, ie: 74P cut to 69" (1753mm) ...
 This will result in an overall post height with adjustment of 69 5/8" (1762mm) to 69 1/8" (1775mm).

Indicates antimicrobial product.

Shelving Starter and Add-On Units

Save time and money by eliminating adjacent posts and replacing with “S” hooks.

- Starter Units consist of four posts and indicated number of Super Adjustable Super Erecta shelves.
- Add-On Units consist of two posts, indicated number of shelves, and two “S” Hooks per shelf, for attaching shelf to adjacent unit.

Replacement “S” Hook
2 are required for each storage level.
Cat. No. **9995Z**

For additional wire shelves, order from page 37.

Add-on units with “S” hooks can only be attached to shelves supported by two or more posts.

Security “S” Hook
2 are required for each storage level.

Super Adjustable Super Erecta® Stem Caster Carts — 11.01a

- Four- and five-tier models available.
- Consists of Super Adjustable Super Erecta wire shelves.
- 5" (127mm) resilient rubber or polyurethane casters with donut bumpers.
- Super Adjustable Super Erecta shelves allow for quick and easy adjustability.
- Open-wire shelf design minimizes dust and increases air circulation and visibility.
- Strong and versatile. (See Metro Fact below)
- For additional storage levels, Super Adjustable shelves may be added as desired. (See page 37.)

Super Adjustable Super Erecta® Wire Stem Caster Cart

Metro Fact:
Carts with polyurethane casters are designed to hold up to 900 lbs. (408kg). Carts with rubber casters can hold up to 600 lbs. (272kg) of evenly distributed weight. Heavier weight loads should be stored as low as possible on cart for safe maneuverability.

Lift the release at each corner to adjust Super Adjustable shelves at 1" (25mm) increments in seconds.

Use a solid shelf on the lowest levels to protect contents on the bottom of the cart from debris and dripping. (See page 67).

Genuine Quality.

Genuine Metro!

Super Erecta® Shelving System The original wire storage system.

A storage system that defines the extent of space, Super Erecta's revolutionary concept was fresh and innovative from its start — nearly 50 years ago. It has continued to evolve, with nearly 100 highly specialized accessories, aimed at meeting the diversity of today's challenges.

- Adjustable: Shelves can be repositioned at precise 1" (25mm) increments along the length of the numbered posts.
- Unique Design: Open-wire design minimizes dust accumulation, allows a free circulation of air, and greater visibility of stored items.
- Mobile: Full choice of caster types available for mobile applications.

SiteSelect posts provide a visual guide for positioning and adjusting shelves, saving considerable time during assembly and adjustment. An easy-to-identify double groove, every 8" (203mm), offers a quick way to align all shelves.

Metro Fact:

Genuine Metro!

Metro created the original post-based shelving unit in 1965. Still today, Metro Super Erecta Shelving is recognized worldwide as the most popular commercial shelving system ever.

Strong to the Finish.

Shelving Finishes Guide

Wire & Solid

Type 304 Polished Stainless Steel

Addresses the most aggressive applications and environments. All-stainless solid and wire options exist for high temperature automated cart wash and autoclave applications.

Metroseal 3™ Epoxy

Corrosion resistant finish for wet or high humidity environments with a 12 year warranty against rust and corrosion. Microban antimicrobial is built into the finish to keep the product “cleaner between cleanings”.

Chrome Plating

The “real” nickel-chrome finish for dry, low humidity environments. Metro’s durable chrome finish includes a protective lacquer coat.

Brite

Economical, chromate finish for dry, low humidity environments. Metro’s Brite finish provides the look of chrome and includes a protective lacquer coat.

Standard Epoxy and Designer Finishes

A pleasing aesthetic and basic protection for dry environments.

Shelving Post Guide

Standard Stationary Post with adjustable leveling foot. Stainless models also feature a stainless leveling foot. Use Foot Plates for greater stability.

Standard Stem Caster Mobile Post accepts a Metro stem caster. Use these for the majority of standard duty transport and movable storage applications.

Cart Wash and Autoclave Applications

Swaged stainless post has a fastened aluminum post cap and is specifically designed to withstand high temperatures. See page 50 for part numbers.

Heavy Duty Transport

Staked post attaches to a dolly truck to address abusive transport applications. The reinforced connection between the base receptacle and post provides a more secure connection to the dolly truck. See page 52 for part numbers.

Wire Shelves — 10.01a 10.10a

Packaging: Wire shelves are priced individually and packaged no more than 4 per carton except 60" (1524mm) and 72" (1829mm) lengths and 30" (760mm) and 36" (914mm) widths, which are packaged no more than 2 per carton. Plastic sleeves and wedges are included with each shelf.

Note: With 14" (355mm) shelving, stationary units taller than 63" (1600mm) must be properly fastened to the floor or wall using Metro foot plates or wall brackets. On mobile units maximum post height is 54" (1370mm).
 Note: The actual length of the shelves is 1/8" (3.2mm) shorter than the nominal dimension shown. The actual depth of the shelves is 1/8" (3.2mm) greater than the nominal dimension shown.

Note: Metroseal 3 is not cart-washable.

Note: Super Erecta wire shelves up to 48" (1219mm) long have a weight capacity of 800 lbs. (363kg) per shelf evenly distributed. Shelves longer than 48" (1219mm) have a weight capacity of 600 lbs. (272kg) per shelf evenly distributed.

SiteSelect™ Posts — 10.01a 10.10a

Stationary Super Erecta® SiteSelect posts are fitted with adjustable leveling bolts to compensate for uneven surfaces. Mobile posts come without leveling bolt assembly to accommodate stem casters. Special length posts are available.†

These posts come without leveling bolt assembly to accommodate stem casters. Casters for mobile applications can be found on pages 50 & 51.

*Height includes leveling bolt and cap.

**Stainless stationary post includes stainless leveling bolt.

***96P should not be used on units less than 24" (610mm) deep. Consult Metro Engineering for alternate recommendations.

†Note: Special length posts are available, priced at next higher length plus a cutting charge of \$7.00. Post lengths to be specified as cut to a round number, ie: 74P cut to 69" (1753mm) . . . This will result in an overall post height with adjustment of 69 5/8" (1762mm) to 69 1/8" (1775mm).

Indicates antimicrobial product.

†Contact your Metro representative for pricing on Stationary and Mobile Designer Color Posts.

*For Designer Colors: BM, HG, CH, SH

*To order a Designer Color, add the appropriate color suffix to the desired catalog numbers above.

Example: 18" x 36" (457 x 914mm) Hunter Green Shelf = 1836N-DHG
 74" (1880mm) stationary Hunter Green Post = 74P-DHG.

Shelving Starter and Add-On Units

Save time and money by eliminating adjacent posts and replacing with “S” hooks.

- **Starter Units** consist of four posts and indicated number of Super Erecta shelves.
- **Add-On Units** consist of two posts, indicated number of shelves, and two “S” Hooks per shelf, for attaching shelf to adjacent unit.

Replacement “S” Hook
2 are required for each storage level.
Cat. No. **9995Z**

For additional wire shelves, order from page 42.

Security “S” Hook
2 are required for each storage level.
Chrome. Cat. No. **H9995C**
Bag of 2
Black. Cat. No. **H9995B**
Bag of 2

Important: In stationary shelving, stability decreases as the ratio of height to width increases and when heavier loads are placed on upper shelves. Shelving stability is attained by keeping units as wide and low as possible, and placing heavy loads low on the shelving unit.

Cantilever Shelves

Cantilever Shelves — 10.06

Adds convenient space above a storage unit. Drop mat design creates a retaining ledge around the entire 12" (305mm) deep shelf. Remember to order rear posts taller than front posts to accommodate these shelves.

Super Erecta Mobile Shelving and Transport Carts

Stem Caster Carts (Standard-Duty Mobile Shelving)

- The most common configuration for mobile shelving.
- They are primarily used for applications where the shelving is periodically moved to clean or to transport goods short distances within a facility.
- The weight capacity of the cart is determined by the casters. Typical configurations range from 600-900 lbs. (272-363kg) total unit capacity.

Dolly Trucks (Heavy-Duty Mobile Shelving)

- Carts configured with dolly bases are recommended for heavier duty applications. The dolly base is shock absorbent and the heavier duty plate casters are designed to withstand abusive conditions.
- Dolly trucks are recommended when the carts must travel longer distances, over thresholds, and/or between facilities on a regular basis.
- Dolly trucks can transport up to 1,000 lbs. (454kg) evenly distributed.

Consult your Metro representative to configure a solution to fit your needs.

Wire Stem Caster Cart

Stem Caster Carts — Wire — 11.01

Open-wire shelf design minimizes dust and increases air circulation and visibility. Casters included.

Overall Height 67⁷/₈" (1724mm). Carts are configured with 63UP posts.

Note: Models with Resilient Rubber casters can hold up to 600 lbs. (272kg) evenly distributed. Models with Polyurethane casters can hold up to 900 lbs. (409kg) evenly distributed.

Solid Stem Caster with galvanized shelves

Stem Caster Carts — Solid — 11.10

- Consist of four shelves, posts, plastic split sleeves, donut bumpers and 5" (127mm) poly casters (2 swivel; 2 brake).
- Strong and versatile
- Solid Shelf Stem Caster Carts feature a 1/8" (3mm) raised "ship's edge" around perimeter of shelves to help contain spillage.

With Four Galvanized Flat Shelves and Chrome-Plated Posts

63" (1600mm) Posts — Overall Height 67⁷/₈" (1724mm)

Overall heights: JC, LC models — 68⁷/₁₆" (1739mm), MC models — 70¹/₁₆" (1800mm).

- JC models: Standard swivel plate casters, two with brake; resilient rubber tread.
- LC models: Standard swivel plate casters, two with brake; polyurethane tread.
- MC models: Larger plate casters; two swivel; one swivel/brake set; polyurethane tread.

Metro Tip:
 In applications where thresholds are frequently encountered, Metro Super Erecta Trucks provide durability and increased stability.

Super Erecta Wire Truck

Slanted Shelf Trucks and Carts — **31.05**

Shelves slope backwards 2" (51mm) to keep items from falling during transport. Standard-duty carts have four poly stem casters. Heavy-duty trucks are dolly mounted.

Note 1: Rigid casters are held in place by a connecting channel. When ordering, shelf width must be provided. Rigid connecting channel (stainless steel): Cat. No. 14RS, 18RS, 21RS, 24RS, 30RS, or 36RS.

Note 2: Load Height for all 5M and 5MP casters — 6 3/32" ± 1/16" (155 ± 1.5mm).

Note 3: Load Height for 4LD caster — 4 5/8" ± 1/16" (118 ± 1.5mm).

Note 4: Load Height for 5LD caster — 5 5/8" ± 1/16" (143 ± 1.5mm).

Note 5: Brakes are foot-operated.

5PC

5PCB

Polymer Casters — 11.20

Innovative polymer stem casters offer corrosion resistance and enhanced durability. Appropriate for all medium-duty mobile applications. Donut bumpers included.

- All-polymer horn, stainless axle, and hardware.
- 5" (127mm) diameter polyurethane, flat wheel tread.
- Sleeve style axle bearing and optional toe-operated brake mechanism

Wheel Diameter (in.) (mm)	Face (in.) (mm)	Load Rating (lbs.) (kg)	Type	Wheel Tread	Temperature Range (Continuous Usage) (Fahrenheit) (Celsius)	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No.	Antimicrobial

Swaged Posts — For cart wash and autoclave applications

Each Type 304 stainless post has an aluminum cap swaged into the top of the post. For use with standard stem casters.

Description	Dimensions (in.) (mm)	Cat. No.
Stem Caster Post	33 875	33UPS-SW
Stem Caster Post	54 1370	54UPS-SW
Stem Caster Post	63 1600	63UPS-SW

Note: For special height posts, please consult your Metro representative.

Swaged Post

Donut Bumpers — 11.40

Diameter (in.) (mm)		Height (lbs.) (kg)		Cat. No.
3 1/2	89	3/4	19	9992DB*
5 1/2	140	1 3/16	21	9992N

*Included with each Super Erecta stem caster as noted on previous page.

Donut Bumper

Decorative Casters — 10.06

- Black nylon housing with non-marking polymer tread.
- 2 1/2" (63mm) models have threaded stem and attach to stationary shelving posts.
- 4" (100mm) casters include threaded insert for use with mobile posts.

HDC5B HDC5BB

Type	Diameter (in.) (mm)		Fits Post Type	Cat. No.
Swivel/Brake	2 1/2	63	Stationary	HDC3BB
Swivel	4	100	Mobile	HDC5B
Swivel/Brake	4	100	Mobile	HDC5BB

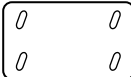

Castors shipped with post inserts (as shown left) for adaptability to mobile posts.

The following information is to assist you in the selection of the appropriate caster for your specific application. Remember, the selection of the proper caster is determined by the load requirements, the operating environment, and other special conditions.

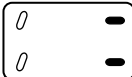

Wheel Material	Resistance to Oil & Grease	Rollability	Floor Protection	Noise
Resilient Rubber	Low	Fair	Good	Low
Neoprene	High	Good	Good	Low
Polyurethane	High	Good	Good	Moderate
High Modulus Rubber	High	Good	Good	Low
Conductive	Low	Fair	Good	Low

Caster Tips:

1. The total weight of the equipment and its load should not exceed three times the load rating per caster.
2. Given the same wheel material, the larger the wheel diameter, the greater the load capacity and the better the rollability.
3. Caster mounting patterns affect maneuverability and steering of the equipment.

For maneuverability, use 4 swivel casters.

For steering control use 2 swivel and 2 rigid casters.
4. Plate casters generally have wheels of larger diameter and can usually carry more weight and take more abuse than stem casters.
5. Ball bearings and roller bearings in the wheel generally perform better and carry more weight than engineered plastic bearings or sintered metal bearings. Metro stem casters in the 5MP and the 5MDA series have ball bearings in the swivel and the wheel. Most plate casters have ball bearings in the swivel and ball or roller bearings in the wheel.
6. Wheel tread shapes are generally flat, rounded or tapered. Tapered wheels, like donut-shaped wheels, tend to roll more easily. High-modulus donut wheels offer resiliency and mobility, reduce noise, and absorb shock on uneven or rough floors.

Additional stem and plate casters, in various sizes, are available.

Made-To-Order Truck Dollies (Aluminum)* — 11.37

Select the desired dolly size from the chart below and combine with the desired plate casters found on page 53. The caster plate style must be specified at the time of order — “B” or “C” plate. The dollies are modified at the factory prior to shipment. For example, D2448NCB, four #B5P = one aluminum dolly frame with four 5” B-plate swivel polyurethane casters designed to accommodate nominal 24” x 48” (610 x 1219mm) shelves.

Dolly Frame

Metro Fact:

Metro dolly frames and stock truck dollies add 3 1/8” (78mm) to the length of the unit and 3 3/8” (87mm) to the unit width.

Stainless steel frames and staked posts are recommended for heavy-duty applications.

Pitched Aluminum Dust Cover

Plate Casters — 11.37

Use in conjunction with Metro “Made-to-Order” truck dollies to assemble a heavy-duty mobile base for your needs. Important: The caster plate style must be specified at the time of order — “B” or “C” plate. The dollies are modified at the factory prior to shipment.

Top view of caster plates

B-plate casters offer good impact resistance for common thresholds.

C-plate casters offer the thickest metal chassis and largest wheels for the most abusive conditions and heaviest storage loads.

B5PGSA

Dolly Adapter Kits for MetroMax i, MetroMax 4, or MetroMax Q

Required when mounting a MetroMax family unit to a dolly frame.

Cat. No. **DMK-2X**

General Guidelines for Metro Carts Used in Over-the-Road Applications

For applications where carts are loaded on to or off of trucks for transportation, and/or where thresholds exceeding 3³/₈" in height are repeatedly encountered:

- A dolly is recommended for maximum useful life.
- Casters of at least 6" diameter are recommended. Consideration should be given to the shock absorbing ability of the caster wheel, but selection will need to be based upon the specifics of the application.
- Aluminum split sleeves and staked posts should be used.

- Weight load should be limited to approximately 750 lbs. depending on the specifics of the application.

Consult your Metro representative with the details of the Over-the-Road application. Each application is unique, and the preceding points are intended only as general guidelines.

Brake Lock/Swivel Lock Combination Casters — 11.70

Patented, foot-operated design enables a single pair of casters to serve as swivel, rigid or brake casters. Conveniently positioned on the dolly, not on the wheels, the downward pressure pedals prevent scuffing of shoes.

Brake Lock/Swivel Lock combination casters

- **How It Works**
Brake lock/swivel lock caster sets are operated by two separate foot pedals. One pedal locks the two wheels in a rigid position or releases them to swivel; the other pedal engages and releases brakes on the same two wheels.
- **Convenient**
Pedals are on the dolly, not the wheels, making operation more convenient. Downward pressure on the pedals save shoes from scuffing.
- **Casters**
Long wearing polyurethane. Resists abrasion. Non-marking, shock absorbing. Wheels are available in 6" (152mm) and 8" (203mm) size.
- **Recommended Caster Selection**
Two swivel casters at one end and brake/swivel lock set at the other end. Other caster combinations can be used, however, including brake/swivel lock sets at both ends. Wraparound bumper recommended.

Type	Wheel Diameter (in.) (mm)		Face (in.) (mm)		For Use With	Load Rating (lbs.) (kg)		Weight (lbs.) (kg)		Cat. No.
*Brake/Lock	6	152	2	51	24" (610mm) Deep Dolly and 6P Caster	600	272	7 ¹ / ₄	3.3	BL6P24
*Brake/Lock	8	203	2	51	24" (610mm) Deep Dolly and 8P Caster	600	272	9	4.1	BL8P24
Swivel	6	152	2	51	BL6P24 Brake/Lock Set	600	272	5 ¹ / ₄	2.3	6P
Rigid	6	152	2	51	6P Swivel Caster	600	272	5	2.26	6PR
Swivel	8	203	2	51	BL8P24 Brake/Lock Set	600	272	6 ¹ / ₂	2.9	8P
Rigid	8	203	2	51	8P Swivel Caster	600	272	6	2.7	8PR

*Above part numbers include the brake/lock mechanism with two casters. Order dolly separately (see page 28). In addition order either two 6P or two 8P casters. Example: (1) D2436NP and (1) BL6P24 or (1) BL8P24 and two 6P or two 8P.

Tow Bar Assembly — 11.70

Attaches to underside of dolly to facilitate transport of dolly carts in tandem. Must be factory assembled and ordered with desired dolly frame (see page 52).

Tow Bar Assembly

Length (in.) (mm)	Cat. No.
48 1219	TBA48

Note: "C" plate caster must be used with Tow Bar Assembly. Tow Bar Assembly for use with 24" (610mm) units only.

Note: Number of carts to be towed, weight on carts, and towing route affect operation of tow bar assembly. **Before ordering, contact your Metro representative.**

Tow Bar Assembly not appropriate for use with Brake Lock/Swivel Lock system.

Push Handle

Handles — 11.40

Use on corresponding width Super Erecta units to provide additional maneuverability to dolly carts or stem caster carts. Split sleeves included for attaching to cart.

Length (in.) (mm)	Cat. No. Chrome	Push Handles		Extended Handles

Enclosure Panel

Enclosure Panels — 10.04 10.30

An efficient way to enclose space for stationary or mobile applications.

- Can be used with Super Erecta® and Super Adjustable wire shelving, and Super Erecta solid shelving.
- Appropriate mounting hardware supplied with each panel for stationary applications.

Label Holders

It's easy to identify shelf contents with these snap-on plastic holders, available in four styles and a variety of sizes. Labels not included.

1¹/₄" (32mm) Label Holders — 10.05

Gray. Holds most commercial labels. Available in a variety of lengths.

Label Size		Fits Shelf Length		Cat. No.
(in.)	(mm)	(in.)	(mm)	
3x1 ¹ / ₄	75x32	All		9990P
13x1 ¹ / ₄	330x32	18	457	9990P1
19x1 ¹ / ₄	480x32	24	610	9990P2
25x1 ¹ / ₄	635x32	30	760	9990P30
31x1 ¹ / ₄	725x32	36	914	9990P3
43x1 ¹ / ₄	1090x32	48	1219	9990P4
55x1 ¹ / ₄	1395x32	60	1520	9990P5

For Cantilever Shelves, use 3" (75mm) label holder only.

1¹/₄" (32mm) Label Holder

Clear Label Holders — 10.05

Clear plastic allows decorator colors to show through. Holds most commercial 1¹/₄" (32mm) labels.

Label Size		Fits Shelf Length		Cat. No.
(in.)	(mm)	(in.)	(mm)	
3x1 ¹ / ₄	75x32	All		9990CL
13x1 ¹ / ₄	330x32	18	457	9990CL1
19x1 ¹ / ₄	480x32	24	610	9990CL2
25x1 ¹ / ₄	635x32	30	760	9990CL30
31x1 ¹ / ₄	725x32	36	914	9990CL3

Shelving and Cart Covers — 11.80

- Help protect contents from dust and other air-borne contaminants.
- This allows units to be loaded and stored for longer periods of time before being transported. Covers also deter pilferage.
- Reinforced Corners: Help prevent tears and add greatly to durability of covers.
- Closure: Available in hook/loop or heavy-duty nylon zipper

Uncoated — machine washable:

- White: Knitted polyester, 4 oz. per square yard
- Mariner Blue: Woven polyester, 3.2 oz. per square yard.

Coated — waterproof, perfect for indoor/outdoor use:

- White or Mariner Blue — vinyl-coated nylon, 10 oz. per square yard
- Specially treated to resist bacteria, odor, mildew and flames

Super Erecta® Solid Shelving

Setting the standard for solid shelving.

Perfect for applications involving spillage. Provides barrier between floor and bottom shelf contents to deter contamination.

- Shelf design features a 1/8" (3.2mm) raised "ship's edge" on all four sides to contain spills.
- Louvered/embossed shelf allows air circulation.
- Available in several styles and materials for a variety of applications. Shelves are constructed with 18-gauge stainless steel (Type 304) or galvanized materials.
- **Galvanized shelves** with uncoated cast corners are ideal for applications requiring a solid shelving or work surface and minimum resistance to corrosion. Available in flat solid and louvered/embossed styles.
- **Standard Stainless Steel solid shelves** (Type 304) with epoxy-coated cast corners address the majority of applications for solid, corrosion resistant shelves or work surfaces. Available in flat solid and louvered/embossed styles.
- **Premium Autoclave/Cart Washable Stainless Steel solid shelves** (Type 304) feature an all-stainless construction to withstand high temperature, corrosive applications. Available in flat solid style.

Flat Solid Stainless Shelves with black powder-coated corners

Metro Tip:
Use Metro Flat Solid Shelving at the bottom of a storage unit to maintain cleanliness by providing a barrier between floor and shelf contents above.

SiteSelect Posts for Super Erecta® Solid Shelving — 10.20

Stationary posts are fitted with adjustable leveling bolts to compensate for uneven surfaces. Mobile posts come without leveling bolt to accommodate stem casters. Special length posts are available.†

Metro Tip:

Order aluminum split sleeves with stainless C-rings for corrosive, high-temperature autoclave or cart washing applications. (Cat. No. 99865, one bag required per shelf).

Super Erecta® Counter Units — 10.35

To create a counter unit, select the following components:

- 2 each — 14" (355mm) deep upper shelves, listed above
- 2 each — 24" (610mm) deep lower shelves, listed above
- 2 each — upper front posts, listed below
- 2 each — lower front posts, listed below
- 2 each — 63" (1600mm) or 74" (1880mm) high back posts (page 66).

Special Posts For Counter Units — 10.35

	Unit Height (in.) (mm)	Post Height* (in.) (mm)	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No. Plated	Cat. No. Stainless
Upper Front Posts	63 1600	28 ⁵ / ₈ 727	1 ¹ / ₂ 0.7	27PF	27PFS
	74 1880	40 ⁵ / ₈ 1032	2 0.9	39PF	39PFS
Lower Front Posts	All Heights	34 ¹ / ₂ 877	2 0.9	33PM	33PMS

*Height includes leveling bolt and cap.

Counter Unit with galvanized shelves.

Shelf Ledges for Solid Shelves — 10.25

Sturdy 4" (101mm) ledges contain items on shelves. Spring-clip tabs included for attachment.

4" (101mm) Ledges

Fits Shelf Length (in.)	(mm)	Approx. Pkd. Wt. Per 6 Pieces		Cat. No. Plated	Cat. No. Stainless
		(lbs.)	(kg)

HD Super Stem Casters — 10.65

Includes donut bumpers with each caster.

Wheel Diameter (in.) (mm)	Face Diameter (in.) (mm)	Type	Wheel Tread	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No.
5 127	1 ¹ / ₂ 38.1	Swivel	Polyurethane	3 ¹ / ₂ 1.5	5HHP
5 127	1 ¹ / ₂ 38.1	Brake	Polyurethane	3 ³ / ₄ 1.5	5HHPB

Load rating per caster: 400 lbs. (182kg).

HD Super™ Dunnage Shelves — 10.67

Static load capacity (uniformly distributed)

- 48" (1219mm) shelf: 3,000 lbs. (1361kg).
- 60" (1524mm) shelf: 2,400 lbs. (1089kg).
- For use on H.D. 1⁵/₈" (41mm) posts only.
- Removable wire deck.

HD Super Dunnage Shelf

Width/Length (in.)	Width/Length (mm)	Approx. Pkd. Wt.		Cat. No. Chrome	Cat. No. Metroseal 3 with Microban®	Cat. No. Stainless
		(lbs.)	(kg)			
18x48	457x1219	35	15.7	1848HDRC	1848HDRK3	1848HDRS
18x60	457x1524	43	19.3	1860HDRC	1860HDRK3	1860HDRS
24x48	610x1219	38	17.1	2448HDRC	2448HDRK3	2448HDRS
24x60	610x1524	47	21.1	2460HDRC	2460HDRK3	2460HDRS

Important: In stationary shelving, stability decreases as the ratio of height to width increases and when heavier loads are placed on upper shelves. Keep units as wide and low as possible, using the dunnage shelf as the bottom shelf. If two dunnage shelves are being used, both should be placed within the lower half of the unit.

Note: Not compatible with Super Erecta or Super Adjustable Super Erecta components.

- Polymer Utility Carts84-86
- Utility Carts87-88
- Heavy-Duty Utility Carts89

Wall-to-wall efficiency.

SmartWall G3™ Productivity System
Organized, efficient wall space at work.

A unique storage and work station system for often underutilized wall space.

Wall-mounted tracks are the foundation for attaching . . .

- Productivity stations with grids, accessories, and storage shelves
- Wall Shelving using uprights and Metro shelves
- Customizable storage space using combinations of shelving, grids, and specialized accessories

SmartWall G3 will keep these areas cleaner and more organized.

- Prep areas
- Janitorial supply
- Above carts that are in a staging area or a storage room
- Above sinks, work tables, casework, equipment, or bulk floor storage

Flexible, Robust Design: Wall tracks and uprights are designed to interface with wood studs, plywood, concrete, and other suitable wall structures.

Easy to Adapt: Uprights and grid brackets can be easily repositioned along the track before being fastened to the wall. Shelves and accessories are easy to add and remove.

Easy to Install: Once the tracks are installed level, shelving and task stations can be quickly configured.

Easy to Clean: Shelves, shelf supports, and grids can easily be removed for thorough cleaning of walls. Wall tracks and uprights can easily be wiped clean.

Durable Finishes: Super Erecta Brite for dry environments; Metroseal 3 epoxy for wet or damp environments with built-in Microban® antimicrobial product protection to inhibit the growth of bacteria, mold, mildew, and fungus that cause odors and product degradation.

General Guidelines

Selecting Wall Tracks.

Wall track or combination of tracks must be at least 2" (51mm) longer than the desired span of shelves. 1" (25mm) on each end of the span of tracks is reserved for hardware that acts as a stop. *(Example: If 152" (3860mm) of wall track could be mounted, then the length of a shelf tier cannot exceed 150" (3810mm).*

Uprights.

- 15" (381mm) uprights: 1 shelf tier maximum
- 30" (762mm) uprights: 3 shelf tiers maximum
- 45" (1143mm) uprights: 4 shelf tiers maximum

Shelves.

When configuring side-by-side shelving units, the adjacent shelves on the same tier must have the same depth. Minimum space between shelf tiers is 9" (229mm).

Note: When using MetroMax i shelves with SmartWall G3 shelf supports, order one adapter kit per shelf (Cat. No. M9997-4).

Shelf Supports.

Order to match up with the depth of the shelf.

Configuring Basic Wall Shelving

Ordering Guide

Single Shelving Unit

1. Select a wall track or tracks.
2. Select two uprights.
3. Select from Super Erecta wire or solid shelves, Super Erecta Pro, MetroMax Q, or MetroMax i shelves.
4. Select single shelf supports (2 per shelf)

To order the unit pictured:

Qty.	Cat. No.	
1	SW40BR	Wall Track
2	SWU45BR	Upright
1	2436BR	Wire Shelf
2	SWS24BR	Single Shelf Support
2	1836BR	Wire Shelf
4	SWS18BR	Single Shelf Support

Side-by-Side Shelving Unit

To order the unit pictured:

Qty.	Cat. No.	
1	SW56K3	Wall Track
1	SW40K3	Wall Track
4	SWU30K3	Upright
6	1830NK3	Wire Shelf
4	SWS18K3	Single Shelf Support
4	SWD18K3	Double Shelf Support

Single shelf supports are used on the ends of the wall shelf unit. Double (or Intermediate) shelf supports are used to join adjacent units.

S
Single Shelf Support

D
Double (Intermediate) Shelf Support

Configuring Basic Task Stations

General Guidelines

Selecting Wall Tracks

Wall track or combination of tracks must be at least 2" (51mm) longer than the desired span of shelves. 1" (25mm) on each end of the span of tracks is reserved for hardware that acts as a stop. (Example: If 152" (3860mm) of wall track could be mounted, then the length of a shelf tier cannot exceed 150" (3810mm).

Grids

Grids may attach directly to the uprights. Grids may not overhang the uprights by more than 6" (152mm). When uprights are not used, select the appropriate grid bracket kit based on the configuration.

Uprights and Shelf Supports

Enable standard Super Erecta, Super Erecta Pro, MetroMax Q, and MetroMax i shelves to be used as part of the task station.

Combinations of Grids and Shelves

Grids can be mounted directly behind shelves, but shelf supports and grids cannot occupy the same slots on the upright. Once the grid has been mounted to the upright, the shelf support can be mounted to its own slots and can be adjusted on 3" (76mm) increments within the grid space.

Consists of:

Qty.	Cat. No.	
1	SW40K3	Wall Track
2	SWU30K3	Upright
1	1836NK3	Wire Shelf
2	SWS18K3	Single Shelf Support
1	WG1836K3	Wire Grid
1	SWA1	Accessory Pack

Consists of:

Qty.	Cat. No.	
1	SW40K3	Wall Track
1	WG3036K3	Wire Grid
1	SWGB1	Grid Bracket Kit
1	GS1836K3	Grid Shelf
1	SWA2	Accessory Pack

Ordering Guide

Medium-Duty Task Station — up to 400 lbs. (181kg) unit capacity

1. Select wall track or tracks.
2. Select uprights. (two per task station)
3. Select shelves and single shelf supports. (two supports per shelf)
4. Select grid and accessories.

Notes:

- Most often shelves and grids of the same length are used together.
- Maximum unit capacity when mounted to wood studs or plywood is 400 lbs. (181kg).

Note: Refer to catalog sheet 10.42 for weight capacities in other types of wall construction.

Standard-Duty Task Station — up to 250 lbs. (113kg) unit capacity

1. Select wall track or tracks.
2. Select grid or multiple grids.
3. Select SWGB1 grid bracket kit. (one per grid)
4. Select accessories including bulk grid shelves (pictured).

Notes:

- Maximum unit capacity when mounted to wood studs or plywood is 250 lbs. (113kg).

Note: Refer to catalog sheet 10.42 for weight capacities in other types of wall construction.

- Grids may be mounted to the wall without wall tracks using SWGB2 or WGBRKT grid bracket kits.

Medium-Duty Task Station — 10.42b

Cat. No. SWK36-1

- Bulk overhead storage space with a 1836NK3 wire shelf
- 18" x 36" (457 x 914mm) grid space
- 40" (1016mm) track
- Overall dimensions: Length x Height
40" x 31 1/4" (1016 x 793mm)

Consists of:

Qty.	Cat. No.	
1	SW40K3	Wall Track
2	SWU30K3	Upright
2	SWS18K3	Single Shelf Support
1	1836NK3	Shelf
1	WG1836K3	Wire Grid

Standard-Duty Task Station — 10.42b

Cat. No. SWK36-2

- Standard duty 50 lb. capacity overhead shelf
- 40" (1016mm) track and 30" x 36" (762 x 914mm) grid space
- Overall dimensions: Length x Height
40" x 39 11/16" (1016 x 1008mm)

Consists of:

Qty.	Cat. No.	
1	SW40K3	Wall Track
1	SWG B1	Grid Bracket Kit
1	WG3036K3	Grid
1	GS1836K3	Grid Shelf

Accessory Pack — Sink — 10.42b

Cat. No. SWA1

- Packaged in one carton
- To fit minimum 18" x 36" (457 x 914mm) grid space
- Grids not included

Consists of:

Qty.	Cat. No.	
1	H210K3	Wire Basket
1	IWA-11K3	Lid Holder
1	FCH	Utensil Cylinder
1	FC1	Cylinder Holder
2	PGHK6K3	Prong Hook
6	HK23C	Standard Hook

Wire Grid and Grid Brackets Not Included.

Accessory Pack — Prep — 10.42b

Cat. No. SWA2

- Packaged in one carton
- To fit minimum 18" x 36" (457 x 914mm) grid space
- Grids not included

Consists of:

Qty.	Cat. No.	
1	PBA-GSDK3	Small Shelf
2	H210K3	Wire Basket
1	DD3722A	Bin Holder
1	MB30230B	Small Bin
2	PGHK6K3	Prong Hook
6	HK23C	Standard Hook

Wire Grid and Grid Brackets Not Included.

SmartWall G3 can be configured in endless combinations of storage shelves, task station grids, and space management accessories. Visit metro.com/SWG3 for more ideas on how to put wall space to work.

SmartWall G3 Components — 10.42

Wall Track

Hardware

Wall Tracks (minimum one per system)

- Joiner plates and stop fastener hardware included. Does not include hardware to mount wall tracks to the wall.
- Replacement joiner plate (1) and stop fastener hardware (2 sets): Cat. No. RPTRK-HDWE

Units must be secured to sufficient wall support structure.

Direct Wall Mount Shelving — 9.20

Use standard Super Erecta stainless steel direct wall mount shelf supports with MetroMax shelves or open frames with wire drop in baskets. Order one MetroMax corner adapter kit with each shelf or shelf frame. Shelf supports are sold individually.

Single — Use at shelf ends; two are required for a stand-alone shelf.

Shelf Width (in.)	(mm)	Approx. Pkd. Wt.		Cat. No. Stainless Steel
		(lbs.)	(kg)	
18	457	2	0.9	1WD18S
24	610	2 ¹ / ₄	1.0	1WD24S

Double — When constructing a run of shelves, use double shelf supports to join adjacent shelves.

Shelf Width (in.)	(mm)	Approx. Pkd. Wt.		Cat. No. Stainless Steel
		(lbs.)	(kg)	
18	457	3	1.4	2WD18S
24	610	4 ¹ / ₄	2.0	2WD24S

For MetroMax i Open Frame and Drop-In Basket, see page 27.

Wall Mount Brackets shown with MetroMax i Open Frame and Drop-In Basket.

NSF Note: Wall shelving is NSF listed.

Corner Adapters for MetroMax i shelving

Use when joining MetroMax i shelves with wire shelf supports. Box of 4. Use one box per shelf. Cat. No. **M9997-4**

Corner Adapters for MetroMax 4 shelving

Use when joining MetroMax 4 shelves with wire shelf supports. Box of 4. Use one box per shelf. Cat. No. **MX4-9997-4**

Wall Mounts

An ideal method for storing items overhead or above work surfaces.

- Brackets accommodate all Super Erecta® sizes and types of shelves.
- Use double supports to mount adjacent shelves, single supports at ends.
- Metal caps to cover openings are provided.
- Available in chrome, Metroseal 3 or stainless steel.

Post-Type Wall Mounts — 10.40

Standard Units

Post-type wall mounts are available in pre-packaged “End Units” and “Mid Units; complete with all needed components except shelves, wall bolts or screws, which must be selected according to type of wall. *Shelf supports are chrome-plated.

- A** “End Unit” consists of two posts with wall mounting brackets, and two single shelf supports for each shelf level.
- B** “Mid Unit” consists of one post with brackets and double support for each shelf.

If shelving is to be the length of one shelf, order End Unit only.

If two-shelf lengths, order one End Unit and one Mid Unit; three lengths, one End and two Mid Units; four lengths, one End and three Mid Units; etc.

Single Shelf Support

Double Shelf Support

Hole Plugs — 10.06

This chrome-plated cover is used to fill shelf-corner openings. Use wherever posts have been eliminated by "S" hooks.

Cat. No. **9997C**

Corner Adapters for MetroMax i shelving

Use when joining MetroMax i shelves with wire shelf supports. Box of 4. Use one box per shelf. Cat. No. **M9997-4**

Corner Adapters for MetroMax 4 shelving

Use when joining MetroMax 4 shelves with wire shelf supports. Box of 4. Use one box per shelf. Cat. No. **MX4-9997-4**

Metro Tip:

MetroMax Q, MetroMax 4, and MetroMax i shelves can be used with Super Erecta Post Mounting Shelf Supports and Direct Wall Mounts.

✓ Indicates antimicrobial product.

Push ahead.

Give yourself the versatility you need with Metro Utility Carts.

Premium Polymer Utility Carts

- Can be used in a variety of unique transport applications.
- Durable materials, ergonomic handles, and premium casters promote long life and ease of use.
- Microban product protection built into the shelf mats, frames, and posts.
- Easier to clean with removable shelf mats.

MetroMax i® Utility Carts

- Corrosion proof shelves, posts, and Type 304 stainless steel handle.
- Corrosion resistant 5PCX casters with 5" (127mm) polyurethane wheels, polymer horns, and stainless steel axles.
- 39 1/4" (997mm) tall. Weight capacity of cart: 900 lbs. (408kg) evenly distributed.

Helpful Hints

- Configure a cart to your exact needs using a combination of MetroMax i® and Q™ shelves and posts.
- Consider MetroMax i solid shelves when spill containment is required or to protect supplies from dirt during transport.
- A typical utility cart will be configured using 27" (685mm) or 33" (875mm) stem caster posts with 5" (127mm) casters.

This is myCart... get your own.

myCart Series™

Designed for your transport needs...
making every step count.

Corrosion proof
& impact resistant
polymer shelves.

Easy to clean
surface

Personalization Label

Better Containment!

Ship's edge retains small spills
and prevents items from sliding
off during transport.

Easy & Useful

Easy-grip handle
and roomy
utility tray

More Legroom!

50% more legroom than
conventional carts!
You won't hit your shins
or kick the cart!

Cleanable

- > NSF Listed.
- > Smooth surfaces easily wipe clean and won't stain.
- > Specific models available with Microban® Antimicrobial product protection.

Durable

- > Corrosion proof, impact resistant shelves are designed to withstand daily abuse.
- > Sturdy construction: 300lb. (136kg), 400lb. (181kg), and 500lb. (227kg) capacity models available.

User Friendly

- > Additional legroom puts more distance between the shelves and you. You can push the cart more freely without hitting your shins and feet off the cart.
- > Right-sized for common containers and racks.
- > Large covered utility tray organizes small items and easily wipes clean.
- > Easy-grip handle and four swivel casters ensure easy maneuvering.
- > Each cart comes with two personalization labels for easy identification.

Foodservice

Allergen Free Zone myCart!
Help control cross-contact and protect your customers by using this cart to prep/transport food for allergen sensitive customers.

Healthcare

A unique color to help distinguish specific products or applications. A cool color with nurturing qualities for departments like pediatrics, labor and delivery.

Grocery

Ideal for storing and transporting items that are required to be kept separate from other items, such as organics.

myCart Series™ — 12.29

- > Available in 2-shelf and 3-shelf configurations.
- > 7/16" (11mm) deep ship's edge lip around shelf perimeter.
- > MY1627 and MY2030 Base Model specs: Chrome posts, 4" (102mm) non-marking swivel casters. 150 lbs. (68kg) capacity per shelf.
- > MY2636 Base Model specs: Chrome posts, 5" (127mm) swivel resilient rubber casters, 200 lbs. (90kg) capacity per shelf.

MW200 Series

MW Series Utility Carts — 12.01 NSF

- Consist of Super Erecta wire shelves with plastic split sleeves, two one-piece handles of matching finish, and designated casters with donut bumpers.
- Two- and three-tier models available.
- 375 lbs. (170kg) weight capacity per cart. MW carts use light-duty resilient casters.
- 18" (457mm) wide carts have 4" (102mm) casters. Cart is 38" (965mm) high.
- 21" and 24" (530 and 610mm) wide carts have 5" (127mm) casters. Cart is 39" (990mm) high.

BOOST
STORAGE SPACE
BY UP TO
50%
WITH NO ADDED
CONSTRUCTION
COSTS.

qwikTRAK key facts

The aluminum and stainless steel floor tracks provide a smooth, gliding surface for mobile units.

- Mobile units are designed to move easily and store heavy weight loads. MetroMax i mobile qwikTRAK units can hold up to 1,200 lbs. (544kg). MetroMax Q, Super Adjustable, and Super Erecta mobile qwikTRAK units can hold up to 2,000 lbs. (907kg). MetroMax 4 units can hold up to 800 lbs. (363kg).
- Floor tracks protect the floors from wear and tear and do not require to be mounted to the floor.
- Floor tracks compensate for rough or choppy floor surfaces.

Double-Deep Configurations can be created where two systems are joined together to increase the overall depth of the storage system for even greater storage capacity.

Choose the shelving type based on the application.

Both single- and double-deep systems can be used with Metro wire shelving (Super Erecta or Super Adjustable Super Erecta) and polymer shelving systems (MetroMax i and MetroMax Q).

Note: MetroMax 4 can be used on single-deep systems.

THE SECRET TO
HIGH-DENSITY
STORAGE IS THE
**ACTIVE
AISLE**
CONCEPT.

it's dense.

Top-Track® High-Density Storage

ADA Compliant

Top-Track key facts

The guide track is positioned above the shelving system.

- Floors are easy to clean.
- Utility carts can easily be rolled into and out of the active aisle.
- The guide track compensates for uneven floor surfaces and keeps units in alignment.
- Mobile units are designed to address medium-duty applications. The weight capacity of a Top-Track mobile unit is 900 lb. (410kg).

Choose the shelving type based on your application.

Top-Track (single deep) can be used with Metro wire shelving (Super Erecta or Super Adjustable Super Erecta) and polymer shelving systems (MetroMax i and MetroMax Q).

Double-Deep configurations can be created when two systems are joined together to increase the overall depth of the storage system for even greater storage capacity. Double-Deep Top-Track is only available for Super Erecta and Super Adjustable Super Erecta style shelving.

HIGH DENSITY STORAGE . . . THE SMART WAY TO PUT SPACE TO WORK.

High-Density qwikTRAK® Storage Systems for: Super Erecta, Super Erecta Pro, Super Adjustable, MetroMax Q, MetroMax i, and MetroMax 4 Systems.

Note: BTS2.5NA includes a joining kit to connect the tracks to other track sets.

Indicates antimicrobial product.

Notes:

1. All end, intermediate, and mobile units must be 18" (457mm) or wider.
2. Each stationary end and intermediate unit must have a minimum of four shelves. Super Adjustable shelves may be used for all tiers.
3. qwikTRAK is available with 74" posts (1880mm) as standard. Requests for TALLER posts must be reviewed by Metro Engineering. For applications requiring posts SHORTER than 74" (1880mm), contact your Metro representative.
4. Existing Metro Super Erecta, Super Adjustable, MetroMax Q, and MetroMax i shelving units can be retrofitted as part of a HD qwikTRAK installation.
5. Under normal conditions, aisle width of 30"-36" (760-914mm) is recommended. The storage of very large objects within the system, however, may require an aisle width larger than 36" (914mm).
6. A stationary intermediate unit is required when the track length exceeds 21 feet (6400mm). A stationary intermediate unit may be used at the discretion of the user when the track lengths are less than 21 ft. (6400mm).
7. It is recommended that the tracks are installed a minimum of 1 3/4" (45mm) from the wall.
8. Actual width of a qwikTRAK system is the Nominal Shelf length + 3 1/2" (89mm).
9. Actual height of a mobile qwikTRAK unit is: Nominal post height + 4.5" (115mm)
10. Actual length of a qwikTRAK system is: Nominal track length + the nominal width of each end unit + 3" (76mm)
11. Weight capacities for standard qwikTRAK: Super Erecta, Super Adjustable, MetroMax Q systems are designed to hold up to 2,000 lbs. (907kg) per shelving unit. MetroMax i stationary units can hold up to 2,000 lbs. (907kg); MetroMax i mobile units can hold up to 1,200 lbs. (544kg) per unit. MetroMax 4 stationary units can hold up to 2,000 lbs. (907kg); MetroMax 4 mobile units can hold up to 800 lbs. (363kg) per unit; mobile MetroMax 4 unit must use a MetroMax i bottom shelf.
12. Added rigidity for heavily loaded systems. Super Erecta standard adjustment shelves provide the most rigid wire shelving mobile units; Recommended when configuring systems using 60" and 72" long shelves subject to the heaviest loads and frequent movement (multiple times daily). MetroMax Q epoxy coated steel posts may be used with MetroMax i shelves for added rigidity when managing sensitive packaged items and heavier unit loads; steel posts are corrosion resistant.

Notes:

1. All end, intermediate, and mobile units must be 18" (457mm) or wider.
2. Each stationary end and intermediate unit must have a minimum of four shelves. Top and bottom Super Erecta shelves are required on all units with Super Adjustable shelves.
3. For applications with Super Adjustable wire shelves, the top and bottom shelf of every double deep mobile unit MUST be standard Super Erecta wire shelves.
4. qwikTRAK is available with 74" posts (1880mm) as standard. Requests for TALLER posts must be reviewed by Metro Engineering. For applications requiring posts SHORTER than 74" (1880mm), contact your Metro representative.
5. Under normal conditions, aisle width of 30"-36" (760-914mm) is recommended. The storage of very large objects within the system, however, may require an aisle width larger than 36" (914mm).
6. Two stationary intermediate units connected end to end are required when the track length exceeds 21 feet (6400mm). Stationary intermediate units may be used at the discretion of the user when the track lengths are less than 21 ft. (6400mm).
7. It is recommended that the tracks are installed a minimum of 1 3/4" (45mm) from the wall.
8. Maximum allowable shelf length for use with a double deep system is 60" (1524mm).
9. The maximum width of a double deep configuration is 10'6" (3200mm). (i.e., two systems, each having 60" (1524mm) long shelves, plus 6" (150mm) for qwikTRAK components).
10. Actual width of a double deep configuration is the Nominal Shelf Length + 3 1/2" (89mm).
11. Weight capacities: Double Deep Mobile Units — Super Erecta/Super Adjustable, Super Erecta/MetroMax Q: 3,000 lbs. (1364kg) evenly distributed. MetroMax i: 1,800 lbs. (818kg) evenly distributed. Stationary End and Intermediate Units — Each end and intermediate double deep unit consists of two independent stationary shelving units positioned side by side. Each shelving unit has a maximum weight capacity of 2,000 lbs. (907kg).

Wire Shelving — Super Erecta®, Super Erecta Pro™ and Super Adjustable Top-Track — 11.12

Super Erecta® Top-Track®

- A = Stationary End Units
- B = Stationary Intermediate Unit (Optional)
- C = Track Set
- D = Mobile Units
- E = Open Aisle

Stationary End Unit Kits

Includes hardware necessary for connecting stationary end units to track. One kit is required per single system. 86" (2185mm) posts are included. Shelves sold separately — See pages 34, 37 and 42.

Shelf Width (in.)	Shelf Width (mm)	Approx. Pkd. Wt. (lbs./kg)		Cat. No. Chrome-Plated	Cat. No. Metroseal 3 with Microban®	Cat. No. Stainless Steel

13	3962	92	41.4	TTS13NA					

Note: TTS2.5NA includes a joining kit to connect the tracks to longer track sections.

Mobile Unit Kits (shelves sold separately — see pages 34, 37 and 42)

One kit required per mobile unit. Kit includes posts, casters/caster channels, donut bumpers, and roller bearing assemblies.

Shelf Width (in.)	Shelf Width (mm)	Overall Width (in.)	Overall Width (mm)	Approx. Pkd. Wt. (lbs./kg)		Cat. No. Chrome-Plated	Cat. No. Metroseal 3 with Microban®	Cat. No. Stainless Steel
18	457	20 1/4	514	32	14.4	TTM18C	TTM18K3	TTM18S
21	530	23 1/4	590	33	14.8	TTM21C	TTM21K3	TTM21S
24	610	26 1/4	667	34	15.3	TTM24C	TTM24K3	TTM24S

Note: Casters feature wheels with polyurethane tread. Chrome plated kits include casters with plated steel components. Metroseal 3 and Stainless Steel kits include casters with stainless steel components.

Shelving Tips:

Mind your industry and local regulations. When required, select solid shelving or inlay options for the bottom shelves as a dust/dirt barrier.

Notes:

1. Each stationary end and intermediate unit must have a minimum of four shelves. For all Super Adjustable applications, the top and bottom shelves must be round collar Super Erecta shelves.
2. The standard Deep Top-Track system requires the use of 86" (2185mm) posts (i.e., 86P, 86PK3, or 86PS) on the stationary end and intermediate units. Shelves for the stationary end and intermediate units are sold separately.
3. The mobile unit kit includes special 74" (1880mm) posts with casters. Shelves for mobile units are sold separately.
4. Mobile units: If 18" wide mobile units are planned, the maximum allowable length shelf is 60" (1524mm) long. If 18" (457mm) wide by 60" (1524mm) long mobile units are planned, a maximum of five 18" (457mm) mobile units are allowable between two stationary units. 18" (457mm), 21" (530mm), 24" (610mm) wide mobile units can be intermixed in a given system. Recommended maximum load rating for a mobile unit is 900 lbs. (410kg). Floor should be level, smooth, and free from large cracks and raised obstacles.
5. Under normal conditions, an aisle width of 30"-36" (760-914mm) is recommended. The storage of very large objects within the system, however, may require an aisle width larger than 36" (914mm).
6. A stationary intermediate unit is required when track length exceeds 21 feet (6400mm). A stationary intermediate unit may be used at the discretion of the user when track lengths are less than 21 feet (6400mm).
7. To accommodate bumpers, the actual size of a mobile unit is 2.5" (63.5mm) wider than the shelf width shown. For example, an 18" (457mm) wide unit is actually 20.5" (52mm).
8. To calculate the overall length of a Super Erecta Top Track System, add the following: Nominal track length + Nominal widths of each end unit + 1.5" (38mm).
9. Added rigidity for heavily loaded systems. Super Erecta standard adjustment shelves provide the most rigid wire shelving mobile units; Recommended when configuring systems using 60" (1524mm) and 72" (1829mm) long shelves subject to the heaviest loads and frequent movement (multiple times daily).

Indicates antimicrobial product.

Refer to pages 55-62 for a complete selection of Super Erecta Shelf accessories. For Top-Track accessories, see page 100.

Super Erecta® and Super Adjustable Double-Deep Top-Track® — 11.12

Stationary End Unit Kits

Includes hardware necessary for connecting stationary end units in Double Deep systems and connecting to an overhead track set. One kit is required for the entire double deep configuration. Shelves sold separately — See pages 37 and 42. 86" (2185mm) posts included.

Shelf Width (in.)	Shelf Width (mm)	Approx. Pkd. Wt.		Cat. No.
		(lbs.)	(kg)	Chrome-Plated
18	457	33	14.8	LTTE18C
21	530	37	16.6	LTTE21C
24	610	41	18.4	LTTE24C

Note: for other finishes please contact your Metro representative.

Stationary Intermediate Unit Kits

Includes hardware necessary for connecting intermediate units in Double Deep systems and connecting to an overhead track set on each side. One kit is required for Intermediate units connected end-to-end. Shelves sold separately — See pages 37 and 42. 86" (2185mm) posts included.

Shelf Width (in.)	Shelf Width (mm)	Approx. Pkd. Wt.		Cat. No.
		(lbs.)	(kg)	Chrome-Plated
18	457	18	8	LTTA18C
21	530	20	9	LTTA21C
24	610	22	9.9	LTTA24C

Track Sets

Includes necessary sections of track for assembling track runs up to 21' (6400mm). For track sizes within the even 1-foot (305mm) increments, contact your Metro representative. Only one track set is required between stationary units.

A = Stationary End Units
 B = Stationary Intermediate Unit (Optional)
 C = Track Set
 D = Mobile Units
 E = Open Aisle

Note: TTS2.5NA includes a joining kit to connect the tracks to longer track sections.

Mobile Unit Kits

Includes posts, casters, caster channels, donut bumpers, roller bearing assemblies, and tie-together hardware to connect two mobile units (i.e., one in each system). Shelves sold separately — See pages 37 and 42.

Shelf Width (in.)	Shelf Width (mm)	Overall Width		Approx. Pkd. Wt.		Cat. No.
		(in.)	(mm)	(lbs.)	(kg)	Chrome-Plated
18	457	20 1/4	514	72	32.4	LTTM18C
21	530	23 1/4	590	75	33.7	LTTM21C
24	610	26 1/4	667	78	35	LTTM24C

For Top-Track accessories, see page 100.

- Notes:**
- Each stationary end and intermediate unit **must** have a minimum of four shelves. For all Super Adjustable applications, the top and bottom shelves must be non "quick adjust" Super Erecta shelves.
 - The standard Double Deep Top-Track system requires the use of 86" (2185mm) posts (i.e., 86P) on the stationary end and intermediate units. **Shelves for the stationary end and intermediate units are sold separately.**
 - The mobile unit kits include special 74" (1880mm) posts with casters. **Shelves for mobile units are sold separately.**
 - Under normal conditions, an aisle width of 30"-36" (760-914mm) is recommended. The storage of very large objects within the system, however, may require an aisle width larger than 36" (914mm).
 - Two intermediate shelving units connected end-to-end are required when the track length exceeds 21 feet (6400mm). Stationary intermediate shelving units may be used at the discretion of the user when track lengths are less than 21 feet (6400mm).
 - The maximum Double Deep system configuration is 10'6" (3200mm) (i.e., two systems, each having 60" (1524mm) long shelves, plus 6" (150mm) for Top-Track components).
 - Ease of rollability for the mobile units is an important consideration in evaluating Top-Track as a possible storage alternative. The floor should be level, smooth, and free from large cracks and raised obstacles. Two mobile shelving units connected end-to-end and loaded with between 800 to 1,200 lbs. (365-550kg) will require a human effort range (in lbs. of human force) of between 18-24 lbs. (8-11kg) to move the unit from a complete stop. Subjectively, an average 110 lb. (50kg) person will perceive this as acceptable effort levels. For loads over 1,200 lbs. (550kg), contact your Metro representative.
 - Mobile units should have the top shelf positioned as close as possible to the track.
 - To accommodate bumpers, the actual size of a mobile unit is 2.5" (63.5mm) wider than the shelf width shown. For example, an 18" (457mm) wide unit is actually 20.5" (52mm).
 - To calculate the overall length of a Super Erecta Top Track System, add the following: Nominal track length + Nominal widths of each end unit + 1.5" (38mm).

Seismic Top-Track® Single Length System

End Unit Kit:

Includes four shelves, four staked posts, bracket bars, sway braces (for top, back, and end), anchor plates, foot plates, tubular braces, clamps, and assembly hardware.

Description	Cat. No.
Kit for 48" (1219mm) Stationary End Unit	SA48TTTS
Kit for 54" (1370mm) Stationary End Unit	SA54TTTS
Kit for 60" (1524mm) Stationary End Unit	SA60TTTS

Strut Kit:

Description	Cat. No.
Kit for 48" (1219mm) Wide Unit	TTB48STRUT
Kit for 54" (1370mm) Wide Unit	TTB54STRUT
Kit for 60" (1524mm) Wide Unit	TTB60STRUT

Note: Floor anchoring hardware not included.

Example: For a complete "Single-Length Top-Track® System," the following would be required: Two Stationary End Units, One Track Set* (11-foot [3355mm] maximum), One Center Strut (if track length exceeds 7 feet), Mobile Units.

Note: Posts and shelves are included in the end and intermediate unit kits. Shelves are sold separately for the mobile unit.

Add track sets and mobile unit kits, refer to page 96.

Single-Length System

Seismic Top-Track® Double Length System

End Unit Kit:

Includes four shelves, four staked posts, bracket bars, sway braces (for top, back, and end), anchor plates, foot plates, tubular braces, clamps, and assembly hardware.

Description	Cat. No.
Kit for 48" (1219mm) Stationary End Unit	SA48TTTS
Kit for 54" (1370mm) Stationary End Unit	SA54TTTS
Kit for 60" (1524mm) Stationary End Unit	SA60TTTS

Intermediate Unit Kit:

Includes eight shelves, eight staked posts, bracket bars, sway braces (for top, back, and end), anchor plates, foot plates, tubular braces, clamps, and assembly hardware.

Description	Cat. No.
Kit for 48" (1219mm) Stationary Intermediate Unit	SA48TTIS
Kit for 54" (1370mm) Stationary Intermediate Unit	SA54TTIS
Kit for 60" (1524mm) Stationary Intermediate Unit	SA60TTIS

Strut Kit:

Description	Cat. No.
Kit for 48" (1219mm) Wide Unit	TTB48STRUT
Kit for 54" (1370mm) Wide Unit	TTB54STRUT
Kit for 60" (1524mm) Wide Unit	TTB60STRUT

Note: Floor anchoring hardware not included.

Example: For a complete "Double-Length Top-Track® System," the following would be required: Two Stationary End Units, Two Track Sets* (11-foot [3355mm] maximum), One Intermediate Unit, Two Center Struts (if track length exceeds 7 feet [2135mm]), Mobile Units.*

Note: Posts and shelves are included in the end and intermediate unit kits. Shelves are sold separately for the mobile unit.

Notes:

- Each installation must have two stationary end units for a single-track length of 7' (2135mm) to 11' (3355mm).
- A center strut is required for each track section over 7' (2135mm).
- For track lengths over 11' (3355mm), an intermediate unit is required, thus creating a double-length system.
- Seismic Top-Track is based upon a weight-loading capacity of 25 lbs. (11kg) per square foot on a four-shelf stationary and mobile units, with maximum of 900 lbs. (408kg) per mobile unit. Additional shelves may be added, but are limited to a maximum load of 25 lbs. (11kg) per cubic foot per unit.
- A maximum of four 21" (6400mm) or 24" (610mm), or five 18" (457mm) mobile units are allowed per an 11' (3355mm) track length, with no more than a 900 lb. (408kg) weight capacity per mobile unit.
- Stationary End Units are available in 24"x48" (610x1219mm), 24"x54" (610x1370mm), and 24"x60" (610x1524mm).
- Seismic Top-Track design is based on the use of HR concrete, at least 5 1/2" (140mm) thick, with a compressive strength of 3,000 psi (211kg/cm). Anchorage is not included.
- To calculate the overall length of a Super Erecta Top Track System, add the following: Nominal track length + Nominal widths of each end unit + 1.5" (38mm).

Double-Length System

Add track sets and mobile unit kits, refer to page 96.

See page 108-109 for Stationary Seismic shelving.

Notes:

- Floor anchors are not included. The structural engineer of record must verify that the anchorage bolt and building structure are adequate for the applied load.
- For Seismic Top-Track, the highest load shelf must be no more than 60" (1524mm) from the floor.
- For Seismic Top-Track, a unit must have no more than four loaded shelves within 60" (1524mm) height.
- If a fifth shelf is used, it must serve only as a cover and not be used for load bearing.
- Each shelving unit, whether single or "back-to-back" cannot connect to other shelving units or walls.

METROMAX i® AND METROMAX Q® TOP-TRACK®

MetroMax i/MetroMax Q Top-Track — 9.29

The system compensates for uneven floor surfaces. Floor should be smooth and free from large cracks or raised obstacles. Maximum load capacity for mobile units is 900 lbs. (400kg).

Maximizes Storage Capacity: Top-Track can increase the storage capacity of a given area by 30% to 40%. Put more storage units into a defined space. A movable, open aisle allows full access to each entire shelving unit — eliminating hard to reach or “dead” spaces.

Easy Access: The overhead track system guides the mobile units and opens an access aisle between any two units. The track is above the storage units enabling easy access.

Clean Design: Guide tracks are installed overhead enabling easy cleaning of floors. MetroMax i® and MetroMax Q shelves feature removable polymer shelf mats and built-in Microban antimicrobial product protection to promote easier routine cleaning.

Uniquely Interchangeable: Mix and match MetroMax i® and Q shelves and posts based on the application. Corrosion proof MetroMax i® offers solid shelf option and better chemical resistance. Corrosion resistant MetroMax Q steel posts can improve the overall rigidity of the Top-Track system in higher weight bearing applications.

Stationary End Unit Kit — Order one per Top-Track system.

- Includes hardware and components to connect track sets to two stationary end units. 86" (2185mm) posts included. Shelves are ordered separately (see pages 14 and 16).

13	3962	92	41.4	TTS13NA					

Note: TTS2.5NA includes a joining kit to connect the tracks to longer track sections.

Configuration Guidelines

- Standard Top-Track models include 86" (2185mm) stationary posts and 74" (1880mm) stem caster mobile posts. If a taller system is required, consult Metro Engineering.
- Mobile, stationary end, and intermediate units must have a minimum of 4 shelves.
- Stationary Intermediate Unit is required when the track length exceeds 21' (6405mm). Intermediate kits include special support rails that attach to the overhead tracks on both sides of the intermediate unit. A stationary intermediate unit may be used at the discretion of the user when track lengths are less than 21' (6405mm) for the purpose of adding greater stability to the overall system.
- Mobile Units: If 18" (457mm) wide mobile units are planned, the maximum allowable size shelf is 60" (1524mm) long. If 18" (457mm) wide by 60" (1524mm) long mobile units are planned, a maximum of five 18" (457mm) mobile units are allowable between two stationary units. 18" (457mm), 21" (530mm) and 24" (610mm) wide mobile units can be intermixed in a given system. The standard system requires 74" (1880mm) posts on the mobile units. Recommended maximum load rating for a mobile unit is 900 lbs. (410kg).
- Under normal conditions, an aisle of 30" to 36" (760-914mm) is recommended. The storage of very large objects within the system, however, may require an aisle width larger than 36" (914mm).
- To accommodate bumpers, the actual size of a mobile unit is 2.5" (63.5mm) wider than the shelf width shown. For example, an 18" (457mm) wide unit is actually 20.5" (521mm).
- To calculate the overall length of a MetroMax i or MetroMax Q Top-Track System, add the following: Nominal track length + Nominal widths of each end unit + 2" (51mm).
- MetroMax Q epoxy coated steel posts may be used with MetroMax i shelves for added rigidity when managing sensitive packaged items and heavier unit loads; steel posts are corrosion resistant.

- A = Stationary End Units
- B = Stationary Intermediate Unit (Optional)
- C = Track Set
- D = Mobile Units
- E = Open Aisle

Top-Track® Floor Pad Protectors — 9.29 11.12

Use for both MetroMax Top-Track and Super Erecta Top-Track Systems.

Top-Track® Floor Protectors

Top-Track® Wall Mount Bracket

Top-Track® Wall Mount Bracket — 11.12

Used to attach one set of tracks to the wall. Eliminates the need for a stationary end unit. Includes one pair of wall brackets and hardware to attach tracks to the wall brackets. Hardware to attach the wall brackets to the wall is NOT included.

Cat. No. **TTWM**

Top-Track® Stop Plate Kit

Top-Track® Stop Plate Kit — 11.12

Used in conjunction with the Wall Mount Bracket Kit. The stop plates bolt to the underside of the track next to the wall brackets to prevent the mobile units from bumping into the wall.

Cat. No. **TTSTP**

Metro Tip:

Floor pad protectors compensate for soft flooring materials by protecting the floor from wear and tear. For new construction projects, it is recommended that flooring of suitable durability is used in areas where Top-Track will be installed.

qwikTRAK Stop Plate Kit

qwikTRAK Stop Plate Kit

Eliminates the need for a stationary end unit. The kit contains two “L-shaped” stop plates that mount to the ends of the floor tracks. The stop plates prevent a mobile unit from rolling off the end of the tracks.

Cat. No. **BTSP**

Consult your Metro representative for guidance on configuring a qwikTRAK system using this kit.

Stop plates (kit of two) shown mounted to the end plates on the floor tracks.

Super Erecta® Hi-Rise Shelving — 10.17

- For light-duty storage applications where floor space is at a premium.
- Construct shelving up to 24 feet (7315mm) high — 3 times the height of conventional shelving
- Metro’s computerized engineering system assures correct specifications and load rating of Hi-Rise materials for your application.

All Hi-Rise installations must be reviewed and approved by Metro Engineering. Hi-Rise certification plate supplied. Only Super Erecta and Super Adjustable Super Erecta wire shelves (found on pages 37 and 42) can be used in Hi-Rise applications. Contact Metro customer service or your local Metro representative for details.

Material part numbers will be provided by Metro Product Development upon review of application.

Metro Tip:

One frequently overlooked opportunity to gain additional storage capacity is the efficient use of vertical space. By connecting Super Erecta posts, storage areas may be created that utilize every available cubic foot of unused vertical air space.

Super Erecta Hi-Rise Shelving

Off-the-floor efficiency.

Bow-Tie™ Dunnage Racks — 9.09

12" (305mm) high; 22" (559mm) wide.

- Metro Bow-Tie Dunnage Racks are available with built-in Microban® antimicrobial product protection to protect from bacteria, mold, mildew and fungi that cause odors, stains and product degradation. Standard models, without Microban, are also available.
- Rust and corrosion-proof polymer material.
- Helps protect floors: legs have a larger radius than traditional dunnage racks and distribute the storage load across a wider area.
- Racks join together easily without tools in “end-to-end” and “back-to-back” configurations with the exclusive Bow-Tie™ feature.
- Heavy-duty construction gives racks the strength to hold up to 1,500 lbs. (683kg) for 30" (760mm) and 36" (914mm) long racks, and 3,000 (1365kg) for 48" (1219mm) and 60" (1524mm) racks.

Microban

Dunnage Platforms (Standard Duty) — 10.44

Space-saving platforms let you keep bulky items off the floor.

- Open wire provides air circulation and minimizes dust.
- All platforms use 13P or 13PS posts — height 14⁵/₈" (371mm) including cap and leveling bolt.

24x48	610x1219	54	24.3	MHP55C	MHP55K3	MHP55S

Maximum distributed static load capacity is 800 lbs. (363kg).

Note: These units are designed for only the 5HP and 5HPB casters, which are shipped assembled with the special posts.

HD Super Duty Dunnage Racks — 10.68

Stores more than a ton safely off the floor.

- 48" (1219mm) rack has a 3,000 pound (1361kg) static load capacity (uniformly distributed); 60" (1524mm) rack carries up to 2,400 pounds (1089kg).
- HD Super™ design features fast, secure assembly without tools.
- Posts of 1⁵/₈" (41mm) diameter provide greater rigidity.
- HD Super™ Dunnage Racks are 16¹/₄" (413mm) high including cap and leveling bolt.

HD Super Dunnage Rack

Width/Length (in.)	Width/Length (mm)	Approx. Pkd. Wt. (lbs.) (kg)		Cat. No. Chrome	Cat. No. Metroseal 3 with Microban®	Cat. No. Stainless
18x48	457x1219	52	23.4	HDP35C	HDP35K3	HDP35S
18x60	457x1524	62	27.9	HDP36C	HDP36K3	HDP36S

24x60	610x1524	66	29.7	HDP56C	HDP56K3	HDP56S

Maximum capacity 2,400 pounds (1089kg) uniformly distributed static load on the 60" (1524mm) length racks; 3,000 pounds (1361kg) on the 48" (1219mm) length racks.

Note: Capacity will be reduced and the unit will become less stable if the 3-sided frame is mounted higher than 6" (152mm) from the floor.

Indicates antimicrobial product.

Keep out!

Security Units

Protect valuable materials and sensitive items from loss or pilferage.

- Ready View of Contents: Heavy-gauge open wire construction keeps contents visible at all times, making it easy to check inventory.
- Optional Adjustable Intermediate Shelves: Patented easily adjustable shelf designs — Super Adjustable Super Erecta, MetroMax Q, and quikSLOT — allow flexibility to meet changing needs. Can be positioned in 1" (25mm) increments along the entire height of post.
- Double Door: Each door opens 270 degrees and can be secured along the sides of the unit.
- Shipped Knocked-Down: Saves on freight costs. Easily assembled.

MetroMax Q Security Unit

Casters: 5MP and 5MPB (with locking brake) feature a polyurethane tread. 5PC and 5PCB (with locking brake) casters feature a polymer horn and resist rusting. They are recommended for high moisture environments. Large casters can create a tipping hazard. On security units using 18" (457mm) deep shelving, do not use casters larger than 5" (127mm) in diameter. Overall height: Models with 5MP casters — 67¹⁵/₁₆" (1726mm) high. Models with 5PC casters — 68⁷/₁₆" (1739mm) high.

SEC55LC shown with optional Super Adjustable intermediate shelves.

Heavy-Duty Models — Chrome and Metroseal 3 — 68⁷/₁₆" (1739mm) high
Chrome and Metroseal 3 models feature aluminum dollies with wraparound bumpers and 5" (127mm) diameter casters.

☑ Indicates antimicrobial product.

Standard-Duty Stem Caster Models — Stainless Steel — 62" (1575mm) high

Casters must be ordered separately. See pages 50-51, or consult your Metro representative for the proper caster for your application. Intermediate shelves are not included with base models and must be ordered separately.

Description	Width		Length		Fits Shelf		Approx. Pkd. Wt.		Cat. No. Stainless Steel
	(in.)	(mm)	(in.)	(mm)	(in.)	(mm)	(lbs.)	(kg)	
Standard Duty	21½	546	40¾	1035	18x36	457x914	138	63	SEC33S-SD
Standard Duty	21½	546	52¾	1340	18x48	457x1219	157	71	SEC35S-SD
Standard Duty	27¼	692	40¾	1035	24x36	610x914	154	70	SEC53S-SD
Standard Duty	27¼	692	52¾	1340	24x48	610x1219	174	79	SEC55S-SD
Standard Duty	27¼	692	65	1651	24x60	610x1524	195	89	SEC56S-SD
Standard Duty	33½	851	40¾	1035	30x36	760x914	167	76	SEC63S-SD
Standard Duty	33½	851	52¾	1340	30x48	760x1219	193	88	SEC65S-SD
Standard Duty	33½	851	65	1651	30x60	760x1524	215	98	SEC66S-SD

Note: Given height is for unit without casters. For approximate overall unit height add chosen caster diameter plus 1" (25mm).
Note: Large casters can create a tipping hazard. On security units using 18" (457mm) deep shelving, do not use casters larger than 5" (127mm) in diameter.

Heavy-Duty Models — Stainless Steel — 62" (1575mm) high

Heavy-duty stainless steel models include staked posts for use with standard Metro dollies. Dolly bases and plate casters must be ordered separately. See pages 52-54, or consult your Metro representative for the proper caster for your application. Intermediate shelves are not included with base models and must be ordered separately.

Description	Width		Length		Fits Shelf		Approx. Pkd. Wt.		Cat. No. Stainless Steel
	(in.)	(mm)	(in.)	(mm)	(in.)	(mm)	(lbs.)	(kg)	
Heavy Duty	28½	713	38½	980	24x36	610x914	154	70	SEC53S-HD
Heavy Duty	28½	713	50½	1285	24x48	610x1219	174	79	SEC55S-HD
Heavy Duty	28½	713	63½	1600	24x60	610x1524	195	89	SEC56S-HD

Note: Given height is for unit without a Metro dolly or casters.
Note: To calculate the actual height of the unit using plate casters: 62" [1575mm] + ¼" [6mm] for dolly + load height of the caster (found on page 51).

Dolly bases are recommended for applications where security units will be transported over the road. Please consult your Metro representative for the appropriate casters and accessories for these applications.

Note: Standard Super Erecta shelves can also be used as intermediate shelves. Refer to page 42 for more information.

Super Erecta Security Modules — 14.01

Convert a standard 24" (610mm) wide unit into a security module with this convenient kit.

- Used to enclose one or more areas of a unit.
- Fits between shelves spaced 20" (510mm) apart on any Super Erecta Shelving unit.
- Adapts to 24" (610mm) wide shelves in 30," 48" and 60" (760, 1219 and 1524mm) lengths.

Casters: 5MP and 5MPB (with locking brake) feature a polyurethane tread. 5PC and 5PCB (with locking brake) casters feature a polymer horn and resist rusting. They are recommended for high moisture environments.
NOTE: Large casters can create a tipping hazard. On 18" (457mm) security units, do not use casters larger than 5" (127mm) in diameter.

Clips snap easily into slots along post length to support shelves.

Heavy-Duty Models: feature aluminum dollies with wraparound bumpers and 5" (127mm) diameter casters.

MetroMax Q[®]

Security.

MetroMax Q Security Units — 14.01

Protects valuable materials and sensitive items from loss or pilferage.

- Ready view of contents: Heavy gauge open wire construction keep contents visible at all times, making it easy to check inventory.
- Microban antimicrobial product protection is built into the enclosures, doors, handles, and shelves to keep the product “cleaner between cleanings.”
- Optional intermediate shelves: MetroMax Q quick adjust shelves or corrosion proof MetroMax i.
- Double door with ergonomic ¼-turn handle: Each door opens 270 degrees and can be secured along the sides of the unit.
- Shipped knocked down to save on freight costs. Assembles in minutes.

MQSEC53VE with optional intermediate shelves

MetroMax Q Stationary Units — 66³/₁₆" (1681mm) High

Four-Post Bolt Plate, 1/2" (13mm)	1	7x12x ¹ / ₂	178x305x13	SAQHD50BP-4

Required Components:
For seismic requirements, simply add floor bolt-plates to standard Metro stationary shelving configurations and follow the installation and usage guidelines. Just add floor plates

Example A
Requires one 1-post starter kit. (ie. SASES25BP-1).

Example B
Requires one starter kit, (ie. SASES25BP-1) and one 2-post adder kit, (ie. SASES25BP-2). Include one additional adder kit for each subsequent shelving unit added to the run.

Example C
Requires one 1-post starter kit, (ie. SASES25BP-1), two 2-post adder kits (ie. SASES25BP-2), and one 4-post adder kit, (ie. SASES25BP-4). Include one of each adder kit, (ie. one 2-post kit and one 4-post kit), for each additional pair of shelving units.

STARSYS™

Carts

Tall Units

Mobile WorkCenters

WorkCenters

Overheads

The Starsys Modular System creates flexible space.

No matter what you need — open, closed, short, tall, mobile, stationary elements, preconfigured WorkCenters or carts... Starsys has the elements for you.

With Starsys, you choose from an array of modular units to fit the space and work specifications. It's that easy and that flexible.

Starsys Benefits:

- Flexibility to design a storage solution to meet your needs.
- Corrosion-proof polymer components for a contamination-free product.
- Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas “cleaner between cleanings.”
- Facilitates fast, efficient product installation.
- The ability to reconfigure unit design.
- The ability to easily reconfigure your furniture layout as needs change.
- Durable, easy-to-clean, polymer enclosures that won't chip, dent or rust ever.
- Rigid aluminum and epoxy-coated metal substructure combined with advanced polymers provides a robust stable work environment for even the most sensitive equipment.
- A high level of organization with easy access to supplies.
- Greater storage density in a smaller footprint.

CLEANER BY DESIGN*

- Microban® antimicrobial protection helps to keep products “cleaner between cleanings.”
- Advanced polymer and other proprietary finishes provide corrosion resistance.
- Smooth, rounded corners to allow for easier cleaning.

*Microban protection is not designed to protect users against disease causing microorganisms.

STARSYS™

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas “cleaner between cleanings.”

Easy to clean advanced polymer material is a marked improvement over traditional metal carts: won't dent, chip, rust, flake or corrode.

Interchangeable 3", 6" and 9" (76, 152 and 230mm) drawers with removable totes can be fully extended for easy access.

Color-coded drawer pulls are available in an array of choices to fit any system or decor.

Label holders available to quickly identify drawer contents.

Each drawer face has a 1/2 x 18 3/8" polished area allowing for secure adhesion of DYMO and Zebra labels (not supplied by Metro).

The convenient overbridge can be fitted with a wide selection of baskets, shelves, and bins to keep necessary items within reach.

Swing-out Side Storage units increase work surface up to 135%.

Side storage allows easy customization of a wide variety of accessories from trash can and Sharps container to storage bins and shelves.

5" (127mm) polyurethane casters with easily accessed toe brake make for easy rolling.

Starsys Carts

Starsys provides a complete system of enclosed carts in a wide variety of heights and system widths. When mobility is a key part of your storage needs, Starsys carts provide a broad selection of unique solutions. This modular system approach allows you to create a cart to meet your exact needs.

Starsys cart widths and depth:

The Starsys cart system is built upon a square module. Multiplying this storage module results in system widths of single 22 3/4" (578mm), double 42 1/2" (1080mm) and triple 62 1/2" (1588mm) widths. The depth on all carts is 24.9" (632mm).

Starsys cart heights:

Starsys carts are available in the following working heights: 36" (907mm), 39" (983mm), 42" (1060mm), 45" (1136mm) and 48" (1212mm)

General Overview:

Starsys carts feature 5" (127mm) polymer swivel casters. The front two casters have a Total-Lock Toe Brake (locks both the wheel and the horn).

Starsys carts feature a smooth polymer top/worksurface. If chemical resistance is a concern or heavy equipment is likely to be placed on the top of the cart, Starsys Mobile WorkCenters may be a more appropriate product selection.

An extended mobile base is required when Heavy-Duty drawers, Active Level shelving or qwikSLOT shelving is specified in a Starsys configuration. The extended mobile base adds an additional 3" (76mm) to the overall depth of the cart. The extended base combines additional counter weights with a deeper footprint to reduce any chance of overbalance when active level shelving is fully extended.

Mechanical Keylocks

The new M300 Series Keylocks have an "Ignition-Style" design to protect keys from bending or breaking. Mechanical keylocks are a good choice for all kinds of applications and work on all types of units and accessories — carts, cabinets, drawers, doors and wall cabinets. They are available as primary locks or as backups for other types of locking systems. Each lock includes a set of two keys. Extra keys available upon request.

Electronic Touchpad Locking System

Our most advanced full-feature keyless electronic drawer locking system designed for use on single-, double- and triple-wide carts in heights from 36" to 48" tall.

Features:

- 2,000 User/Supervisor Codes
- Auto-relock with Motion Sensors
- Proximity & Magnetic Card Reader Options
- Cart Management System Software — see page 158 for additional information.
- Multiple Bay Security

M300 Series Lock

Electronic Touchpads & Options

Description	Cat. No.
Keyless Entry Touchpad-Single Bay Locking	SXR420
Wireless Enabled Touchpad with LCD Screen, Auto Lock (Cart Reader Upgradeable), Single Bay	SXR420W

Electronic Touchpad Locking System

*Readers may not be compatible with all cards. A sample card must be submitted to verify compatibility. Contact your Metro representative.
†Available in U.S. and Canada only.

Tamper-Evident (Passive Security) Locks

Provides passive security for each drawer individually. Quick visual confirmation of broken seals indicates which drawers have been opened. Includes factory-installed lockbar, drawer locktabs permanently riveted to each drawer, and 100 security seals.

Description	Cat. No.
24" (610mm) Security Bar, Drawer Tabs & Seals	SXRPSLK-24
27" (686mm) Security Bar, Drawer Tabs & Seals	SXRPSLK-27
30" (762mm) Security Bar, Drawer Tabs & Seals	SXRPSLK-30
33" (839mm) Security Bar, Drawer Tabs & Seals	SXRPSLK-33
36" (914mm) Security Bar, Drawer Tabs & Seals	SXRPSLK-36

Tamper-Evident Locks

Starsys Carts — Security Options

Hinged Push-Button Lockbars

These versatile push button lockbars can be used to lock both drawers and doors. Because the push button mechanism is purely mechanical, no wiring, electronic or batteries are required. Each lockbar includes a backup M300 series keylock, 2 keys, and a passive security locktab (security seals ordered separately: LEC320 = Bag of 100).

For Factory-Assembled Units

Starsys™ Single Bin Access Cassette System

Starsys Carts are built to exact customer specifications, therefore, they are non-cancelable, non-returnable.

STARSYS™

Mobile Units are stand-alone products. Mobile units are available in single (22³/₄" [578mm]), double (42¹/₂" [1080mm]) and triple (62¹/₂" [1558mm]) widths. The overall height of a tall mobile unit is 78¹/₃" (1990mm). Add 11³/₄" (299mm) with sloped tops. All units are 24⁷/₈" (632mm) deep.

General Overview:

The configurable interior space is 66" (1676mm) on a tall unit. Short units interior space from 24" (610mm) to 48" (1219mm) in 3" (76mm) increments.

Triple-width units must be divided into a single & double bay or three single bays — there are no triple wide accessories.

The specification of a qwikSLOT interior or an empty interior will necessitate an extended mobile base as part of the configuration.

Starsys Mobile Units have a total recommended load rating of 900 lbs. (408kg) including the weight of the Starsys unit.

Units feature two 5" (127mm) casters — the front two casters have color-matched toe-brakes.

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas "cleaner between cleanings."

Drawer/Door Pulls (one required per drawer or door) To specify color for pull, order following catalog numbers for each drawer or door:

Dark Taupe **SXRDP-TP** White **SXRDP-WH** Cobalt **SXRDP-CB** Red **SXRDP-RE** Orange **SXRDP-OR** Green **SXRDP-GR** Yellow **SXRDP-YL** Slate Blue **SXRDP-BL** Violet **SXRDP-VL** Pink **SXRDP-PK** Black **SXRDP-BK**

Tall Stationary Units are stand-alone products or may be used in conjunction with other tall units or Starsys product families. Tall stationary units are available in single and double widths only.

General Overview:

The overall height of a tall stationary unit is 72¹/₂" (1842mm). Add 11³/₄" (299mm) with sloped tops. Overall widths are 21¹/₂" (546mm) for singles and 41¹/₃" (1049mm) for doubles.

The configurable interior space is 66" (1676mm).

Filler kits are available to fill gaps between units, between the back of a unit and the wall (25" [635mm] & 30" [762mm] depths) and between tall units interfacing at 45 or 90 degrees.

All tall units must be affixed to the wall with appropriate mounting hardware utilizing the attached Starsys mounting bracket or affixed to the floor with the optional floor mounting kit.

Tall units are not intended to support cantilevered countertop sections.

Removable drawer totes allow for exchange or convenient access outside of cart

Heavy-Duty Drawer

Starsys™ Drawers

Starsys offers two types of drawers to address varying user requirements. Below is a feature comparison to help determine the appropriate drawers system for a desired application.

Feature	Polymer Drawers	Heavy-Duty Drawers
Light to medium weight capacity (25-40 lbs.)	X	
Heavy weight capacity (up to 100 lbs.)		X
Removable tote	X	
Inner panel compatible	X	
Slotted post insert compatible		X
Ball bearing slide		X
Full extension	X	X
Stainless steel interior		X
Polymer interior	X	
Easy to clean	X	
Easily removed/reconfigured	X	
Adjustable dividers	X	X
Lockable	X	X
Optional lock cover	X	
Label kits	X	X
Accommodate hanging files		X

Starsys™ Doors

Starsys offers two types of doors, hinged and tambour. The hinged doors are available in a choice of solid or clear. Each offers unique benefits to address varying user requirements. Below is a feature comparison to help determine the appropriate door selection for a desired application.

Feature	Hinged Solid Door	Hinged Clear Door	Rollup Tambour Door	Benefit
Visual Security	X		X	Puts inventory out of plain site
Hides clutter	X		X	Enhances department aesthetics
Visual inventory		X		Protection is not compromised when looking for supplies
Lockable	X	X	X	Added security
Space saving			X	Does not encroach on work space
Door swing overlaps adjacent storage spaces	X	X		Promotes door closure to protect supplies (Joint Commission requirement)
90 degree hinge	X	X		Prevents door from overlapping adjacent space
270 degree hinge	X	X		Allows door to swing to side of cabinet or cart
Polymer	X	X	X	Impact and corrosion protection
Left or right hinge	X	X		Provides appropriate swing direction
Center closing	X	X		Allows for double wide storage compartments
Door label holders	X	X		Provides clean replenishable labeling option
Non-locking	X	X		Lower cost alternative

STARSYS™

Overhead cabinet shelves are removable, easy-to-clean, and are available in both solid polymer and epoxy-coated, open-wire shelf designs.

Overhead cabinets can be specified with a variety of available doors, clear or solid style, locking or non-locking.

Standard countertop choices include laminate, stainless steel, phenolic and solid surface.

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas "cleaner between cleanings."

Starsys drawer options include choice of polymer drawers or heavy-duty drawers featuring stainless steel drawer interior. Heavy-duty drawers are available in both single- and double-wide modules.

Starsys mobile workcenter units can be specified with or without overhead cabinets attached. Available overhead heights include 24", 27", 30", and 36".

Overhead cabinet accessories include light fixture, cassette bins for small item storage and organization, and poly shelf dividers.

Color-coded drawer pulls are available in an array of choices to fit any system or decor.

Starsys Doors, available in multiple heights, can be specified with or without window, as well as locking and non-locking.

Additional caster options are available through Starsys configurator.com or by contacting your Metro representative.

5" (127mm) polyurethane casters with easily accessed toe brake make for easy rolling.

Starsys Mobile WorkCenters are built for change. They allow you to easily adapt to a changing work environment and even inspire change in your work environment.

Available Widths: Starsys Mobile WorkCenters are available in four widths; single: 24" (610mm), double: 44" (1118mm), triple: 63" (1600mm) & single-kneewell-single: 73" (1854mm).

Kneewell Options: Starsys Mobile WorkCenters configurations have several kneewell options including a keyboard tray, pencil drawer and support bracket. The triple unit has a right oriented kneewell option with a nominal opening of 42" (1067mm) and the single-kneewell-single configuration has a nominal opening of 30" (762mm).

Total Unit Height: All units with overhead storage have a total height of 82" (2083mm) (with 5" casters). Deduct 2" from unit height when specifying 3" Total-Lock casters or Leveling casters.

Working heights with Overheads: 33", 36", 39", 42" (45" height is not available with overhead storage)

Working Heights: Available working heights without overhead storage: 33", 36", 39", 42", 45" (with 5" casters). Deduct 2" (51mm) from unit height when specifying 3" Total-Lock casters or Leveling casters.

3" Total-Lock Caster:
Utilize 3" total-lock plate casters for limited mobile applications or when additional storage area is required.

B3P-TL

5" Total-Lock, All-Polymer Caster: Recommended for corrosive environments. All-polymer total-lock plate caster is an economical alternative to stainless casters.

B5PC-TL

Stabilizer/Leveling Caster: Recommended for applications where benchtop equipment demands unit stability and/or a level worksurface. Engage caster foot for stability, release for mobility.

B3N-AS

Starsys Carts are built to exact customer specifications, therefore, they are non-cancelable, non-returnable.

STARSYS™

Starsys WorkCenters

Starsys WorkCenters are designed to be a fully integrated, fully adaptable, modular system. WorkCenters can be stand alone products or can be a configured section within a larger product configuration. WorkCenters combine valuable lower storage areas with finished modular countertops to offer a complete storage and work area solution. Starsys WorkCenters are made up of two key components: base units and countertops. Understanding how these two elements work together is the key to understanding the Starsys WorkCenters line. While sections of Starsys WorkCenters can be configured into many physical combinations, these sections are typically divided into two categories: “straight run” or “corner” configurations.

Working Heights: Starsys WorkCenters are available in the following working heights: 30" (762mm), 33" (838mm), 36" (914mm), 39" (990mm) and 42" (1067mm). Within each working height there is up to 2.5" (64mm) of additional height adjustment via the four adjustable leveling feet in each base unit.

WorkCenter Countertop Colors

- Laminate and solid surface offerings provide a variety of color options that work flawlessly with all body and pull combinations.
- Multiple color options to compliment any decor.
- Special colors and materials are available upon request.

Solid Surface Colors

Nickel EV

Carbon EV

Note: Colors may be discontinued at any time. Please verify with your local representative.

Starsys Base Units

Base units are the products that provide valuable lower storage areas, as well as providing the necessary support for countertops. Base units are the most critical part of a configuration with countertops. Their total combined length and placement will determine the length of the associated countertops in the design. Their placement will determine the placement and size of necessary knee wells and provide support for valuable corner work areas. All Starsys base units are available in light taupe but have the flexibility to be accented with various door & drawer handle colors. Countertop color selection and cove base color selections may be used to accent the base unit color.

System Widths: Base Units are available in Single and Double widths.

System Heights: Base Units are designed to work with the following nominal countertop heights: 30" (762mm), 33" (838mm), 36" (914mm), 39" (990mm) & 42" (1067mm).

For overhead units and accessories, see page 136.

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas “cleaner between cleanings.”

Starsys Carts are built to exact customer specifications, therefore, they are non-cancelable, non-returnable.

STARSYS™

StarSYS Overhead Storage Solutions: The Starsys line offers two solutions when additional wall storage is required above a WorkCenter or when overhead storage is required above a Mobile WorkCenter.

StarSYS Tambour Door Units — are not available in modular sizes, they have a fixed height, width & depth. The door, lock and bottom shelf are always included in the Tambour Door units. Accessories ship separate. Mounting hardware not included.

Height: 30" (762mm)
 Depth: 14" (356mm)
 Width: 19.5" (492mm)

Available accessories include: full depth shelves, tilt-bins, shelf bins, under-cabinet shelves, under-cabinet lighting and back filler kits. The necessary wall mount rails/hardware are included with each wall cabinet. (wall anchoring hardware is not supplied by InterMetro).

StarSYS Half-Depth Overhead Storage Units — are built on the same widths as Starsys base units utilizing very similar construction, insuring that wall cabinets align with the lower product configuration in your application. Starsys Overhead Cabinets are available as single or double width cabinets in the following interior heights:

24", 27", 30", 33", 36" [610mm, 686mm, 762mm, 838mm, 914mm] (add 2.5" [64mm] for overall exterior height).

All Starsys overhead cabinets include corrugated polymer inner panels in their assembly as well as a clean-design back panel, molded with the cosmetic side facing the inside of cabinet, creating a much cleaner appearance — especially when used without doors or in conjunction with a clear door. The necessary wall mount rails/hardware are included with each wall cabinet. (wall anchoring hardware is not supplied by InterMetro).

Microban® antimicrobial protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas "cleaner between cleanings."

StarSYS Carts are built to exact customer specifications, therefore, they are non-cancelable, non-returnable.

Starsys™ Secure I.V. Cart

The Starsys Secure I.V. Cart is a system of polymer components that offers security in a flexible storage/transport solution.

- **Easily Accessible:** Full extension shelves allow for I.V. solution bags to be stored standing upright or lying down while providing complete access to the entire product.
- **Joint Commission Compliant:** The locking feature is in compliance with the Joint Commission’s medication storage standards.
- **Corrosion Resistant:** Corrosion-proof polymer components ensure a contamination-free environment.
- **Durable:** Easy to clean polymer enclosures won’t chip, rust, or dent.
- **Easily Maneuverable:** The lighter polymer design and 5" (127mm) casters, two with brakes, allow for easier movement and transfer of product.
- **Microban®** Antimicrobial product protection inhibits the growth of stain and odor-causing bacteria on Starsys, keeping the surface areas “cleaner between cleanings”.

 Single Wide 1 = 1 - 270° locking door; 1 Catheter Module with 3 slides, 30 labels and 15 hooks.
 Double Wide 1 = 2 - 270° locking doors; 2 Catheter Modules each with 3 slides, 30 labels and 15 hooks.
 Double Wide 2 = 1 - 270° locking door; 1 Catheter Module with 3 slides, 30 labels and 15 hooks plus 1 - 3" (76mm) drawer, 2 - 6" (150mm) drawers and 2 - 9" (230mm) drawers, 3 shelves, a 270° non-locking door and a push handle.

Accessories

Description	Overall Dimensions		Cat. No.
	(in.)	(mm)	
Catheter Storage Module (Consists of 1 shelf, 3 slides, 30 labels, 15 hooks)			SXRCATH
5 pack Catheter Hooks (Holds up to 12 catheters)			SXRCATHHK
Catheter Shelf			SXRCATH-SHF
1 Slide, 10 Labels, 5 Hooks			SXRCATHSLD
*Extended Handle Assembly	4x21 ¹ / ₂ x4 ¹ / ₂	102x546x114	SXREHAN

*Field retrofittable. Order as SXREHAN-KD.

SXRD76MCATH1

SXRD76MCATH2

SXRD72SCATH1

SXRD72SCATH2

Catheter Shelf (SXRCATH-SHF)

- Shelf locks into place so it does not pull out as slide is extended.
- Removable without tools.
- Adjustable on 1¹/₂" (38mm) increments.
- Dual role:
 - Stores hanging catheters below
 - Also serves as a shelf for supplies
- Shelf is epoxy-coated steel
- Weight capacity: 75 lbs. (34kg) (includes weight of slides, catheters and supplies)
- Dimensions: 6³/₈"Hx17¹/₈"Wx21"D (162x454x533mm)

Catheter Slide (SXRCATH-SLD)

- Built-in stop keeps slide from extending when closed.
- Can hold up to total of 10 hooks.
- Hooks can be oriented in one of three ways: Left, right or straight forward.
- Pull handle also serves as label holder.
- Label size: 2¹/₂"Wx3⁷/₈"H (64x98mm)
- Weight capacity (per slide): 25 lbs. (11.3kg)
- Slide Extension: 20" (508mm)
- Accommodates maximum length of 60¹/₂" (1527mm).

Catheter Hook (SXRCATHHK)

The catheter hook can be installed on the slide without tools. The hook can be rotated on 90 degree intervals so the catheters can hang off to the left of the slide, to right of the slide or directly below the slide. Maximum storage capacity can be attained with three slides (10 hooks per slide) when the hooks alternate left to right from slot to slot.

- Consists of 1 bag of 5 hooks
- Capacity: Up to 12 catheters
- Maximum Weight Capacity (per hook): 5 lbs. (2kg)

Starsys Scope Cabinet

The Starsys scope cabinet is a high-density storage solution, which provides quick access and retrieval, visual inventory and easy identification.

Scope brackets, cord managers, and bottom hoop are all adjustable in 1" (25mm) increments. This allows you to raise or lower them (without tools) to accommodate the scope length you are storing.

The mid-level cord manager is used for all types of scopes, and is also orange coated. It keeps cords from tangling and provides strain relief for light boxes or connectors.

Two-piece plastic drip pan contains remaining fluids and is easily removed for cleaning and drying.

The Metro® Carousel™ rack rotates, giving you easy access to any scope.

More choices, better solutions. Advancing the way you work.

Our MetroCarts™ line features premium solutions with many things in common: our carts are easy to roll for less effort and greater control; each is engineered with greater maneuverability for enhanced ergonomics; all have flexible options created to give you more choices for highly specified tasks; and all are designed to adapt to changing technology for long-term utility and value.

Enabling technologies to drive efficiencies in Anesthesia,
Critical Care Units, Emergency Department and more.

Solutions for a more efficient healthcare environment.

Medication & Transfer Carts

Our complete line of Metro Lionville Series medication and transfer carts are built with nurse-friendly features developed to save time and enhance performance. Metro's 400, 600, 800 line of medication carts are designed for visual appeal without compromising function and quality. Our transfer solutions are packed with functionality. The two-sided configuration provides easily accessible storage of exchange cassettes while compact cart body and wide wheelbase help to prevent tipping. Lower height carts provide personnel with good visibility during transport - virtually eliminating any blind spots.

800

600

400

Transfer Cart

Computerized Medication

The Lionville Series i800 & i600 medication carts provide a wide assortment of drawer configurations and an extensive range of accessories that can be customized to meet the current and future storage and medication management requirements of any nursing unit. Configured to combine the security features of a full size medication cart with the time-saving efficiency of mobile computing, the Lionville Series i800 & i600 delivers.

i800

i600

FEATURES:

- Integrated power supply with cart top LED battery status indicators
- Keypad or card reader unlocking and an automatic relocking security
- Multiple drawer arrangements with a secure technology compartment
- Accommodates various pharmacy distribution methods, such as cassette exchange, robot filled envelopes or direct drawer fill
- Barcode medication administration (BCMA) support
- Access to facility's clinical information systems
- Electronic medical record (EMR) integration

Cassette Cabinets

Locking cassette cabinet has space for a four tier combination of patient and/or storage drawers. The cabinet can be wall or counter mounted and includes a roll-up tambour door that snap locks when it is closed.

FEATURES:

- Adds secure med/supply storage to work top area
- Holds up to 4 levels of patient bins or 12" of storage
- Tambour door does not impede work space
- Keyless push-button or key lock entry

Lifeline™

Metro incorporates several elements in its product design to support a facility's infection control processes:

- Microban® antimicrobial protection helps keep products "cleaner between cleanings"
- Advanced polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning

Look for the "red check" symbol for this added protection.

Lifeline. Save lives together!

FIND IT FAST.
Get organized with Lifeline. Drawer dividers and trays make finding critical medications and supplies easy.

BE EFFICIENT.
Have simultaneous access to medications and supplies by multiple code team members.

TAKE CONTROL.
5th wheel steering Assist assures maximum control in transit and maneuverability during a code.

Designed for a code. Not adapted for one.

STANDARD DRAWER PULL COLOR

PEDIATRIC COLOR KIT

- > Advanced polymer construction, rounded corners and Microban antimicrobial product protection help maintain a cleaner cart to improve infection control.
- A. Lightweight polymer construction, ergonomic handle and proprietary 5th-wheel steering system assures maximum control in transit and maneuverability during a code.
- B. Tilt out side bins, top storage compartment and drawers provide simultaneous access to multiple stored products.
- C. Cord management and restraint system keeps cords neatly organized and protects equipment from accidental damage.
- D. Strapless defibrillator platform adjusts to accommodate various defibrillators.
- E. Swingarm positions defibrillator closer to the patient; clears top work area.
- F. Recessed top storage with a clear removable cover provides instant access to first line meds or airway equipment without impeding access to drawers.
- G. Convenience features include an extendable I.V. Pole, O₂ Tank Storage, Suction Pump Shelf, Glove Box Holder, Lockable Sharps Container, Hospital Grade Outlet Strip, Cord Management, Trays & Dividers.
- H. Full extension drawers have self-closing ball bearing slides to provide easy access to medications and supplies. (Drawer depths: 3", 6", 9", 12")
- I. Lock mechanism secures top compartment, drawers and side bins and can be sealed in segments or one seal secures all.
- J. Backboard can be mounted to the front or back of the cart.
- K. Two brake casters positioned in the front of the cart to provide stability.

Packages include cart and accessories.

Upgradeability.

Basic Cart with side bins and tank holder

Time.
Budget.
Needs.

Upgrade with defibrillator arm, storage bin and suction shelf

Time.
Budget.
Needs.

Upgrade again with drawers, trays & dividers

One of the best features about Lifeline is its upgradeability. Start with a basic model based on budget or current requirements and buy the confidence that it can change as your needs change.

Note: Model Numbers shown for carts with open storage below drawers do not include security mechanism for open space. Contact your Metro Representative for a quotation with secure storage space.

See pages 136-137 for Metro's Enhanced Service Program that supports the Lifeline cart offering.

Code Response Preconfigured Carts

Carts shown on the previous pages are configured with the components and accessories listed here.

Flexline™

Flexline is constructed of advanced polymers, designed with rounded corners and infused with Microban antimicrobial product protection for a clean, durable solution that withstands the rigors of a healthcare environment.

Metro incorporates several elements in its product design to support a facility's infection control processes:

- Microban® antimicrobial protection helps keep products "cleaner between cleanings"
- Advanced polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning

Look for the "red check" symbol for this added protection.

Standardized options. Configured by you.

DRAWER PULL COLORS

CODE CART DRAWER PULL COLOR

PEDIATRIC COLOR KIT

> Advanced polymer construction, rounded corners and Microban antimicrobial product protection help maintain a cleaner cart to improve infection control.

- A. Pull out side shelf provides additional work space.
- B. Pull out interior shelf accommodates equipment or used as a seated writing surface.
- C. Laptop arm and keyboard shelf accommodate technology needs.
- D. Full extension drawers have self-closing ball bearing slides to provide easy access to medications and supplies. (Drawer depths: 3", 6", 9", 12")
- E. Auto Lock Keyless Entry Touchpads, Card Readers, Cart Management System Software (Wireless/USB), Key Locks and Passive Locks are available for every security need.
- F. Spacious work surface provides a smooth writing surface or ample space for prep work.
- G. 5" (127mm) polymer caster, 2 directional and 2 total lock casters provide control and stability.
- H. Overbridge Storage creates additional space and clears clutter without expanding the cart footprint.
- I. Recessed side storage holds tilt out bins, wastebaskets, lockable sharps containers, O₂ tanks, glove boxes, and suction pump shelves.
- J. Strapless defibrillator platform adjusts to fit various defibrillators and can be moved away from work surface and towards the patient.
- K. The backboard can be mounted to the front or back of the cart.
- L. Passive security seals for the entire cart or individual drawers.

Clinical Integrated Technology

Many applications in healthcare today are utilizing a form of technology. Applications that are integrating technology into their process need a cart that can accommodate those components. The needs can range from a simple hospital grade strip and articulating laptop arm, to a fully integrated solution with onboard power and a full complement of technology accessories.

Features Include:

- Articulating arm options to hold laptops, tablets, LCD monitors, and all-in-one computers
- Overbridge computer monitor mounting options
- Retractable keyboard tray
- Available with narcotic drawer option
- Premium power supply supporting all-in-wone computers
- Internal/external wire management protects cords from snags and damage
- Tech trays for battery or computer storage
- Automatic electronic locking system

Cat. No. **FLTMENT-KL**
Computerized Treatment Package
(All-in-one computer, keyboard, mouse and power supply included)

Lock Alert™ Touchpad Options

FL410 — Basic Keyless Entry Touchpad

- No display touch pad that provides keyless entry, no auto relock
- No recharge required Battery is non-rechargeable, but replaceable
- Holds 1 user, 1 supervisor, 1 setup code
- Similar functionality as provided by mechanical locks

FL411 — Basic Keyless Touchpad with Auto Relock

- Offers same options as FL410 with the addition of auto-relock mechanism that includes rechargeable batteries and charger

FL420 — Full Feature Touchpad with USB

- USB port for PC upload & download
- LCD screen provides easy programming
- Optional 10 readers (proximity, magnetic, bar code)
- Low battery indicator - charge rechargeable batteries once a week for 6-8 hours
- Holds 1,998 user codes and 2,000 CS codes
- Separate controlled substance (CS) security for carts with optional keyless narcotic drawers
- Auto-relock with adjustable time (10-99 seconds or 1-99 minutes)
- Software packages that manages users. Configurations and views audit logs.

FL420W — Full Feature Touchpad with Wireless

- Offers same solutions as the FL420 USB Full Feature Touchpad with the addition of secure wireless, remote connectivity

Cart Management System Software

FL421 — Cart Management System — USB, Local

Cart Management System USB software connects via USB and manages user 10's and views audit logs. Allows for tracing and tracking cart access errors

FL422 — Cart Management System — Wireless

Cart Management System Wireless Software, is an application that communicates through a facility's network to centrally manage user ID's and configurations.

Basix™

BASIX OVERVIEW

BASIX PLUS

BASIX

Basix Plus — all the basics plus lighter, cleaner, easier.

CLEANER

Infection control: Cleanliness is improved by removing unsightly accessory holes found in traditional metal carts.

LIGHTER

Lightweight aluminum drawers and polymer components make Basix Plus lighter and easier to move than typical all-steel carts.

EASIER

Ergonomic push handles molded into the cart top minimize the cart's footprint and provide a natural location for maneuvering the cart. Side mounting channels allow for easy and flexible accessorization.

A color code must be included with each cart/drawer ordered. The color code determines the color of the drawer and on solid carts the color of the cart. The quantity should equal the total number of carts.

LATEST CONTEMPORARY COLORS

Traditional materials. Inspired design.

DRAWER COLORS

- A. Touchpad and proximity reader feature auto re-lock and tamper-resistant programming.
- B. Pass thru shelf can be accessed from either side of the cart to maximize functionality.
- C. Self-closing ball bearing slides allow for smooth action of drawers to provide complete access to contents.
- D. Accessories including overbridge, extendible I.V. pole, and side storage allow supplies to be organized and easily accessible.
- E. Ergonomic polymer work surface has molded in handles to minimize cart footprint as well as a raised perimeter for spill containment .
- F. Polymer corner accessory channels improve cleanliness by eliminating dirt catching holes on sides and back of typical metal carts.
- G. Lightweight, full extension aluminum drawers make Plus lighter than all steel carts.
- H. Double-wall steel body with powder coated finish provides structural integrity.
- I. Polymer base reduces weight of cart and provides impact protection to cart and surroundings.

**25 lbs. (12kg) weight capacity.

[†]Not for compact cart.

MetroBasix.

Performance for any Application.

Convenience features include: extendible I.V. pole, overbridge storage, wire basket, side shelf, push handles and more...

Polymer top work surface with 1/8" (3mm) lip is standard on all Basix carts.

Polymer drawer pulls conveniently located at the top of the drawer.

Choice of locking: security seals, key-lock or push-button keyless lock.

Double-wall steel body with powder-coated finish provides structural integrity.

Full extension drawers (with interchangeable/removeable color drawer fronts) provide complete access to contents. Available in 3", 6", 9", 12" (76, 152, 229, 305mm).

Polymer base reduces weight of cart and provides impact protection to cart and surroundings.

5" (127mm) total lock casters on the front of the cart and directional lock casters on the rear of the cart.

A color code must be included with each cart/drawer ordered. The color code determines the color of the drawer and on solid carts the color of the cart. The quantity should equal the total number of carts.

Case Carts — 33.10

The functional design of Metro Case Carts maximize usable inside space for handling storage and transport tasks efficiently. Carts can be used wherever contents must be protected from an “unclean” environment, including free-standing ambulatory care centers, surgicenters, and hospital based or out-patient surgeries.

- **Quiet:** Embossed sides and back, reinforced top and floor, softer wheels and other noise dampeners, provide a noticeably quieter ride.
- **Efficient:** Stainless steel cabinet and optional shelves have smooth or protected edges to eliminate ripping of packs that can cause costly waste or reprocessing.
- **Proficient:** Carts are designed to maximize interior cubic storage space and minimize the exterior footprint delivering the most cubic storage capacity per square foot to provide ample capacity for transport and efficiency for staging.

CASE24-H6S-P
High-profile cart saves floor space and minimizes bending. Medium capacity, small footprint.

CASE36-H6S-P
Cart for large or multiple cases, commonly used for orthopedics. High capacity, moderate footprint.

CASE24-L6S-P
Cart is space efficient and can be used for minor surgery, labor and delivery and outpatient procedures. Low capacity with functional work surface.

CASE36-L6S-P
Cart for the majority of applications. Medium capacity with functional work surface.

CASE48-L6S-P
Cart for large cases commonly used for orthopedics. High capacity with functional work surface.

Shelves

For Use with Cart Model No. Prefix	Shelf (Depth x Width) (in.) (mm)	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No. Wire Shelf	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No. Roller Shelf	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No. Solid Shelf
CASE24-	24x24 610x610	9 4.1	CASE-24WS	12 5.5	CASE-24RS	15 6.8	CASE-24SS
CASE36-	24x36 610x914	13 5.9	CASE-36WS	16 7.3	CASE-36RS	19 8.6	CASE-36SS
CASE48-	24x48 610x1219	19 8.6	CASE-48WS	21 9.5	CASE-48RS	25 11.3	CASE-48SS

Each shelf includes two attachment brackets. Shelf weight capacity is 150 lbs. (68kg) evenly distributed.

Optional wire roller shelf, pulls out halfway, easily and quietly, even at the bottom level where accessibility is vital. Also available in solid or wire pullout without roller.

Ergonomically designed, full length handles (on both sides of the low profile carts) allow for convenience in pushing or pulling from either end and provide better cart control.

Detachable brackets, which hold shelves, remove for faster and easier cleaning and drying. Brackets attach and detach quickly from “keyhole” slots for easy shelf adjustability at 2" (51mm) increments.

Double panel door for optimum strength. Recessed latch eliminates a catch point. Two door models have a center flange to stop splashes from entering cart.

All stainless steel construction. Grease sealed stainless steel ball-bearings with zerk fittings. Available in 6" (152 mm) diameter, swivel, brake-lock and swivel-lock tracking options. Rounded wheel tread provides less surface contact, improving rollability. Softer tread absorbs more energy while rolling — reducing overall cart noise.

Open Case Carts

Stainless steel provides excellent corrosion resistance and its tendency to conduct heat accelerates the drying process. Super Adjustable shelves allow you to configure a cart to your specific needs and easily reposition them as needs change.

Preconfigured Carts

As shown on this page include (handle) posts,* casters, and shelves. Other accessories shown are optional and ordered separately.

Starsys™ Secure I.V. Cart — 45.10

The Starsys Secure I.V. Cart is a system of polymer components that offers security in a flexible storage/transport solution.

SXSIVSTOR

- Easily Accessible: Full extension shelves allow for I.V. solution bags to be stored standing upright or lying down while providing complete access to the entire product.
- Joint Commission Compliant: The locking feature is in compliance with Joint Commission’s medication storage standards.
- Corrosion Resistant: Corrosion-proof polymer components ensure a contamination-free environment.
- Durable: Easy-to-clean polymer enclosures won’t chip, rust, or dent.
- Easily Maneuverable: The lighter polymer design and 5" (127mm) casters, two with brakes, allow for easier movement and transfer of product.

Description	Height/Width/Length		Total Totes	Cat. No.

Super Adjustable™ Super Erecta® Exchange Carts — 30.05

Super Adjustable™ Super Erecta Shelves have a patented release lever to allow for easy reconfiguration of shelves as supply dimensions change. Carts within each series (as noted) feature dividers, ledges, enclosure panels, Super Erecta® Slides and tote boxes in various combinations, all of which can be removed and reconfigured to adapt to changes in supply, volume, and packaging. Also available in stainless steel. Cart covers are available.

Par Level/Stock

For moveable storage of supplies in nursing units and other functional departments. Par Level carts utilize stem casters to provide a smaller footprint for more efficient space utilization in storage areas.

Standard

With four chrome-plated Super Adjustable™ wire shelves, one solid bottom shelf, chrome-plated posts, 5" (127mm) high-modulus donut stem casters (two with brakes), and six label holders.

MetroMax i stem caster cart provides organization and easy access to sterile packs.

MetroMax i® Storage and Transport Carts

- Lightweight polymer construction.
- Lifetime guarantee against rust.
- Choice of open grid or solid shelves that hold up to 800 lbs. (363kg).
- Shelves are adjustable in 1/2" (13mm) increments.
- Available with stem casters or heavy-duty dolly base.
- Bumpers protect walls and doorways.
- A wide variety of accessories including ledges, dividers, totes, drop-in baskets, bins and more.
- Removable shelf mats promote easy cleaning.
- All MetroMax i Shelving comes standard with *Microban® antimicrobial product protection.

*MICROBAN® and the MICROBAN® symbol are registered trademarks of the Microban Products Company, Huntersville, NC.

Metro incorporates several elements in its product design to support a facility's infection control processes:

- Microban® antimicrobial protection helps keep products "cleaner between cleanings"
 - Advanced polymer and other proprietary finishes provide corrosion resistance
 - Smooth rounded corners to allow for easier cleaning
- Look for the "red check" symbol for this added protection.

MetroMax i stem caster cart with Super Slides, tote boxes and lift-out baskets allow storage of a wide range of supplies.

MetroMax i heavy-duty linen cart, mounted on a smooth-rolling aluminum dolly with 6" (152mm) casters, stores and transports sheets and blankets, with ease.

MetroMax i Exchange Carts

MetroMax polymer carts provide a smooth surface that won't snag sterile packs or sealed supplies. The shelves also contain Microban antimicrobial protection that keeps the shelves cleaner between cleanings (see Index Microban protection). Carts within each series (as noted) feature dividers, ledges, enclosure panels, MetroMax slides and tote boxes in various combinations all of which can be removed and reconfigured to adapt to changes in supply, volume and packaging.

Par Level/Stock

For moveable storage of supplies in nursing units and other functional departments. Par Level carts utilize stem casters to provide a smaller footprint for more efficient space utilization in storage areas.

Standard

Includes four open grid shelves, one solid bottom shelf, polymer posts, four polyurethane stem casters (2 with brakes) and six label holders.

MetroTrux™ — 31.43

Units are constructed of an advanced polymer material with molded contours that provide a ruggedized body to endure the toughest daily use. Its contemporary aesthetic provides elegance to fit into any décor. Its innovative design is lightweight and ergonomic and includes “Clean Design” elements featuring Microban® antimicrobial product protection and corrosion proof components for years of reliable service.

Height (in.) (mm)	Description	Approx. Pkd. Wt. (lbs.) (kg)	Cat. No.

73 ¹ / ₃ 1863	Trux, Bulk with 2 Swivel/2 Rigid Casters, with Closures	148 67	TXPB-BLK48SEC
	Trux, Cart Cover, Uncoated, Velcro Close, Navy Blue	5 2	TX-48CVUCNB

All MetroTrux units measure 29¹/₂" W x 48" L (749 x 1219mm)
Drain holes and routing slip clips are standard on all MetroTrux units.

Convertible Trux

Cart covers are a darker blue than the truck color.
Color block is an approximate shade of Navy Blue color.

Metro incorporates several elements in its product design to support a facility's cleaning protocols:

- Microban® antimicrobial protection helps prevent the growth of stain and odor causing bacteria on the product.
- Advanced polymer and other proprietary finishes provide corrosion resistance
- Smooth rounded corners to allow for easier cleaning

Look for the “red check” symbol for this added protection.

MetroMaxi® Worktables — 52.01

- Corrosion-resistance advanced polymer construction.
- Smooth surfaces are easy-to-clean.
- Mobile units can be easily moved into a new configuration for cleaning.
- Available top materials include Type 304 stainless and TRESPA gray phenolic resin.
- Accessories and caster options (page 237) available for specific applications.

Stainless Steel: Worksurfaces are fabricated from Type 304 stainless steel which provides excellent protection in corrosive environments.

QB12WPS

QB12WPS

Standard Terms and Conditions of Sale

1. Prices:

Unless otherwise specified in writing by Seller, Seller's price for the goods shall remain in effect for sixty (60) days after the date of Seller's quotation or acknowledgment of Buyer's order for the Goods, whichever occurs first, provided an unconditional, complete authorization for the immediate shipment of the Goods is received and accepted by Seller within such time period. If such authorization is not received by Seller within such sixty (60) day period, Seller shall have the right to change the price for the Goods to Seller's price for the Goods at the time of shipment.

2. Taxes:

Any current or future tax or governmental charge (or increase in same) affecting Seller's costs of production, sale, or delivery or shipment, or which Seller is otherwise required to pay or collect in connection with the sale, purchase, delivery, storage, processing, use or consumption of Goods, shall be for Buyer's account and shall be added to the price or billed to Buyer separately, at Seller's election.

3. Terms of Payment:

Subject to the approval of Seller's Credit Department, terms are 1% ten (10) days net thirty (30) days from date of Seller's invoice in U.S. currency. Freight and handling charges are not subject to discount. If any payment owed to Seller is not paid when due, it shall bear interest at a rate to be determined by Seller, which shall not exceed the maximum rate permitted by law, from the date on which it is due until it is paid. Should Buyer's financial responsibility become unsatisfactory to Seller, cash payments or security satisfactory to Seller may be required by Seller for future deliveries and for the Goods theretofore delivered. If such cash payment or security is not provided, in addition to Seller's other rights and remedies, Seller may discontinue deliveries. Seller shall have the right among other remedies, either to terminate the Agreement or to suspend further performance under this and/or other agreements with Buyer in the event Buyer fails to make any payment when due, which other agreements Buyer and Seller hereby amend accordingly. Buyer shall be liable for all expenses, including attorneys' fees, relating to the collection of past due amounts.

Minimum Order:

Orders under Seller's Minimum Order Net will be charged a then-current Freight and Handling Fee or a then-current Handling Fee plus actual freight costs when applicable. See www.metro.com/Terms for Seller's current Minimum Order value and associated Fees.

Returns of Non-Defective Goods:

Written approval from Seller's customer service is required to return merchandise. All merchandise must be returned within 45 days from the invoice date and be returned in original, unopened, and resalable packaging.

Returns must meet Seller's then-current Minimum Return value and may be subject to a then-current restock charge. See www.metro.com/Terms for Metro's current Minimum Return value and restock charge.

Exceptions — Special orders of cut posts, made to order dollies, cart covers, Designer Color product, Configured Products, and custom or made-to-order Goods are not returnable (See Section 17).

4. Shipment and Delivery:

While Seller will use all reasonable commercial efforts to maintain the delivery date(s) acknowledged or quoted by Seller, all shipping dates are approximate and not guaranteed. Seller reserves the right to make partial shipments and to segregate Configured Products and other made-to-order Goods from normal stock Goods. Seller, at its option, shall not be bound to tender delivery of any Goods for which Buyer has not provided shipping instructions and other required information. If the shipment of the Goods is postponed or delayed by Buyer for any reason, Buyer agrees to reimburse Seller for any and all storage costs and other additional expenses resulting therefrom. Risk of loss and legal title to the Goods shall transfer to Buyer for sales in which the end destination of the Goods is outside of the United States immediately after the Goods have passed beyond the territorial limits of the United States. For all other shipments, risk of loss for damage and responsibility shall pass from Seller to Buyer upon delivery to and receipt by carrier at Seller's shipping point. All shipments are F.O.B. Seller's shipping point. Any claims for shortages or damages suffered in transit are the responsibility of Buyer and shall be submitted by Buyer directly to the carrier. Shortages or damages must be identified and signed for at the time of delivery. Order consolidation may be available for an additional charge and Buyer may contact Seller's customer service for more information.

5. Limited Warranty:

Subject to the limitations of Section 6, Seller warrants that the Software will execute the programming instructions provided by Seller and that the Goods will be free from defects in material and workmanship under normal use, service and maintenance for a period of one (1) year from the date of shipment of the Goods by Seller, unless otherwise specified by Seller in writing. Seller does not warrant that the operation of the Software shall be uninterrupted or error free. THE WARRANTIES SET FORTH IN THIS SECTION 5 AND THE WARRANTY SET FORTH IN SECTION 7, ARE THE SOLE AND EXCLUSIVE WARRANTIES GIVEN BY SELLER WITH RESPECT TO THE GOODS AND ARE IN LIEU OF AND EXCLUDE ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, ARISING BY OPERATION OF LAW OR OTHERWISE, INCLUDING WITHOUT LIMITATION, MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE WHETHER OR NOT THE PURPOSE OR USE HAS BEEN DISCLOSED TO SELLER IN SPECIFICATIONS, DRAWINGS OR OTHERWISE, AND WHETHER OR NOT SELLER'S PRODUCTS ARE SPECIFICALLY DESIGNED AND/OR MANUFACTURED BY SELLER FOR BUYER'S USE OR PURPOSE.

These warranties do not extend to any losses or damages due to misuse, accident, abuse, neglect, normal wear and tear, negligence (other than Seller's), unauthorized modification or alteration, use beyond rated capacity, or improper

installation, maintenance or application. To the extent that Buyer or its agents has supplied specifications, information, representation of operating conditions or other data to Seller in the selection or design of the Goods and the preparation of Seller's quotation, and in the event that actual operating conditions or other conditions differ from those represented by Buyer, warranties or other provisions contained herein which are affected by such conditions shall be null and void.

If within thirty (30) days after Buyer's discovery of any warranty defects within the warranty period, Buyer notifies Seller thereof in writing, Seller shall, at its option, and as Buyer's exclusive remedy, repair, correct or replace F.O.B. point of manufacture, or refund the purchase price for, that portion of the goods found by Seller to be defective.

Failure by Buyer to give such written notice within the applicable time period shall be deemed an absolute and unconditional waiver of Buyer's claim for such defects. All costs of dismantling, reinstallation and freight and the time and expense of Seller's personnel and representatives for site travel and diagnosis under these warranties shall be borne by Buyer unless accepted in writing by Seller. Goods repaired or replaced during the warranty period shall be covered by the foregoing warranty warranties for the remainder of the original warranty period or ninety (90) days from the date of shipment, whichever is longer.

Buyer assumes all other responsibility for any loss, damage, or injury to persons or property arising out of, connected with, or resulting from the use of Goods, either alone or in combination with other products/components.

Section 5 applies to any entity or person who may buy, acquire or use the Goods, including any entity or person who obtains the Goods from Buyer, and shall be bound by the limitations therein, including Section 6. Buyer agrees to provide such subsequent transferee conspicuous, written notice of the provisions of Sections 5 and 6.

Buyer assumes all other responsibility for any loss, damage, or injury to persons or property arising out of, connected with, or resulting from the use of Goods, either alone or in combination with other products/components.

In addition to the above standard warranty, Seller offers a MetroESP Parts-Only Extended Warranty Option, a MetroESP Parts & Labor Extended Warranty Option and MetroESP Preventive Maintenance Option. To learn more about the terms of these options, see Seller's website at www.metro.com/terms. If Buyer elects to purchase a MetroESP Option, Buyer will be bound to the terms and conditions, which are contained on such website address, at the time of Buyer's order submission. Seller reserves the right to change the terms of such MetroESP Options at any time in its discretion; provided, that the terms in effect at the time of Buyer's order shall remain the terms applicable to such order.

6. Limitation of Remedy and Liability:

THE SOLE AND EXCLUSIVE REMEDY FOR BREACH OF ANY WARRANTY HEREUNDER (OTHER THAN THE WARRANTY PROVIDED UNDER SECTION 7) SHALL BE LIMITED TO REPAIR, CORRECTION OR REPLACEMENT, OR REFUND OF THE PURCHASE PRICE UNDER SECTION 5.

SELLER SHALL NOT BE LIABLE FOR DAMAGES CAUSED BY DELAY IN PERFORMANCE AND THE REMEDIES OF BUYER SET FORTH IN THIS AGREEMENT ARE EXCLUSIVE. IN NO EVENT, REGARDLESS OF THE FORM OF THE CLAIM OR CAUSE OF ACTION (WHETHER BASED IN CONTRACT, INFRINGEMENT, NEGLIGENCE, STRICT LIABILITY, OTHER TORT OR OTHERWISE), SHALL SELLER'S LIABILITY TO BUYER AND/OR ITS CUSTOMERS EXCEED THE PRICE PAID BY BUYER FOR THE SPECIFIC GOODS PROVIDED BY SELLER GIVING RISE TO THE CLAIM OR CAUSE OF ACTION. BUYER AGREES THAT IN NO EVENT SHALL SELLER'S LIABILITY TO BUYER AND/OR ITS CUSTOMERS EXTEND TO INCLUDE INCIDENTAL, CONSEQUENTIAL OR PUNITIVE DAMAGES. The term "consequential damages" shall include, but not be limited to, loss of anticipated profits, business interruption, loss of use, revenue, reputation and data, costs incurred, including without limitation, for capital, fuel, power and loss or damage to property or equipment.

It is expressly understood that any technical advice furnished by Seller with respect to the use of the Goods is given without charge, and Seller assumes no obligation or liability for the advice given, or results obtained, all such advice being given and accepted at Buyer's risk.

7. Patents and Copyrights:

Subject to the limitations of the second paragraph of Section 6, Seller warrants that the Goods sold, except as are made specifically for Buyer according to Buyer's specifications, do not infringe any valid U.S. patent or copyright in existence as of the date of shipment. This warranty is given upon the condition that Buyer promptly notify Seller of any claim or suit involving Buyer in which such infringement is alleged and cooperate fully with Seller and permit Seller to control completely the defense, settlement or compromise of any such allegation of infringement. Seller's warranty as to use patents only applies to infringement arising solely out of the inherent operation according to Seller's specifications and instructions (i) of such Goods, or (ii) of any combination of Goods acquired from Seller in a system designed by Seller. In the event such Goods are held to infringe such a U.S. patent or copyright in such suit, and the use of such Goods is enjoined, or in the case of a compromise or settlement by Seller, Seller shall have the right, at its option and expense, to procure for Buyer the right to continue using such Goods, or replace them with non-infringing Goods, or modify same to become non-infringing, or grant Buyer a credit for the depreciated value of such Goods and accept return of them. In the event of the foregoing, Seller may also, at its option, cancel the agreement as to future deliveries of such Goods, without liability.

8. Excuse of Performance:

Seller shall not be liable for delays in performance or for non-performance due to the following (none of which is as a result of Seller's negligent or intentional conduct): acts of God, acts of Buyer, war, riot, fire, flood, power surges, other severe weather, sabotage, or epidemics; strikes or labor disturbances; governmental requests, restrictions, laws, regulations, orders or actions; unavailability of or delays in transportation; default of suppliers; or unforeseen circumstances or any events or causes beyond Seller's reasonable control. If Seller determines that its ability to supply the total demand for the Goods is made impracticable due to causes addressed in this Section 8, Seller may allocate its available supply of the Goods or such material (without obligation to acquire other supplies of any such Goods or such materials) among itself and its purchasers on such basis as Seller determines to be equitable without liability for any failure of performance which may result therefrom. Deliveries suspended or not made by reason of this section may be canceled by Seller upon notice to Buyer without liability, but the balance of the agreement shall otherwise remain unaffected as a result of the foregoing.

If Seller determines that its ability to supply the total demand for the Goods, or to obtain material used directly or indirectly in the manufacture of the Goods, is hindered, limited or made impracticable due to causes set forth in the preceding paragraph, Seller may allocate its available supply of the Goods or such material (without obligation to acquire other supplies of any such Goods or material) among its purchasers on such basis as Seller determines to be equitable without liability for any failure of performance which may result therefrom.

9. Cancellation:

The Buyer may cancel orders only upon written notice and upon payment to Seller of cancellation or restocking charges which include, among other things, all costs and expenses incurred and commitments made by the Seller and a reasonable profit thereon. Large requirements of made-to-order products may require a non-cancelable purchase order. Provided, however, Buyer shall incur no costs for canceling orders in which seller has not timely delivered. Once ordered, MetroESP options may not be cancelled, and are not refundable, in whole or part.

10. Changes:

Buyer may request changes or additions to the Goods consistent with Seller's specifications and criteria. In the event such changes or additions are accepted by Seller, Seller may revise the price and delivery schedule.

Seller reserves the right to change designs and specifications for the Goods without prior notice to Buyer, except with respect to Goods being made-to-order for Buyer.

11. Tooling:

Tool, die, and pattern charges, if any, are in addition to the price of the Goods and are due and payable upon completion of the tooling. All such tools, dies and patterns shall be and remain the property of Seller. Charges for tools, dies, and patterns do not convey to Buyer, title,

ownership interests in, or rights to possession or removal, nor prevent their use by Seller for other purchasers, except as otherwise expressly provided by Seller and Buyer in writing with reference to this provision.

12. Assignment:

Buyer shall not assign its rights or delegate its duties hereunder or any interest therein or any rights hereunder without the prior written consent of the Seller, and any such assignment, without such consent, shall be void.

13. Software:

Notwithstanding any other provision herein to the contrary, Seller or applicable third party licensor to Seller shall retain all rights of ownership and title in its respective Software, including without limitation all rights of ownership and title in its respective copies of such Software. Except as otherwise provided herein, Buyer is hereby granted a nonexclusive, non-transferable royalty free license to use the Software incorporated into the Goods solely for purposes of Buyer properly utilizing such Goods purchased from Seller. All other Software shall be furnished to, and used by, Buyer only after execution of Seller's (or the licensor's) applicable standard license agreement.

14. General Provisions:

These terms and conditions supersede all other communications, negotiations and prior oral or written statements regarding the subject matter of these terms and conditions. No change, modification, rescission, discharge, abandonment or waiver of these terms and conditions shall be binding upon the Seller unless made in writing and signed on its behalf by a duly authorized representative of Seller. No conditions, usage of trade, course of dealing or performance, understanding or agreement purporting to modify, vary, explain, or supplement these terms and conditions shall be binding unless hereafter made in writing and signed by the party to be bound, and no modification or additional terms shall be applicable to this agreement by Seller's receipt, acknowledgment, or acceptance of purchase orders, shipping instruction forms, or other documentation containing terms at variance with or in addition to those set forth herein. Any such modifications or additional terms are specifically rejected by Seller. No waiver by either party with respect to any breach or default or of any right or remedy, and no course of dealing, shall be deemed to constitute a continuing waiver of any other breach or default or of any other right or remedy, unless such waiver be expressed in writing and signed by the party to be bound. All typographical or clerical errors made by Seller in any quotation, acknowledgment or publication are subject to correction.

The validity, performance, and all other matters relating to the interpretation and effect of this agreement shall be governed by the law of the State of Pennsylvania without regard to its conflict of laws principles. Buyer and Seller agree that the proper venue for all actions arising in connection herewith shall be only in Pennsylvania and the parties agree to submit to such jurisdiction. No action, regardless of form, arising

Standard Terms and Conditions of Sale

(continued)

out of transactions relating to this contract, may be brought by either party more than two (2) years after the cause of action has accrued. The Convention for the International Sales of Goods shall not apply to this agreement.

15. Buyer's Compliance with Laws:

In connection with the transactions contemplated by this agreement, Buyer is familiar with and shall fully comply with all applicable laws, regulations, rules and other requirements of the United States and of any applicable state, foreign and local governmental body in connection with the purchase, receipt, use, shipment, transfer and disposal of the Goods.

16. Export/Import:

Buyer agrees that all applicable import and export control laws, regulations, orders and requirements, including without limitation those of the United States and the European Union, and the jurisdictions in which the Seller and Buyer are established or from which Goods and Services may be supplied, will apply to their receipt and use. In no event shall Buyer use, transfer, release, import, export, Goods in violation of such applicable laws, regulations, orders or requirements.

17. Additional Terms & Conditions Expressly Related to Configured Products*:

The following Terms and Conditions provided expressly for Configured Products supersede those stated for all other Goods of Seller. Those situations not specifically addressed by the following Configured Products Terms and Conditions are governed by Seller's standard Terms and Conditions of Sale as provided above.

A. Configured Products — Order Change/Cancellation Policy:

All order change requests must be requested through Seller's customer service. Changes/cancellations requested within 7 workdays of the scheduled ship date that will impact order production, will incur, a then-current minimum Change/Cancellation Fee, up to the full order value, depending on the percentage of the order completed. See www.metro.com/terms for Metro's Configured Products minimum order Change/Cancellation Fee. Customer service will relay percentage of order completed along with the Change/Cancellation Fee amount. Prior to Seller accepting the change, a revised purchase order (including associated Fee) is required. Orders for C5 cabinets with an "A" suffix are non-cancellable and non-returnable.

B. Configured Products — Return Policy

— Accessories are returnable at the sole discretion of Seller.

- A Return Merchandise Authorization (RMA) must be obtained through Seller's customer service prior to returning the product.
- All returns will be coordinated by Seller's customer service and return freight costs will be charged back.
- All returns must be in original packaging, unused and in saleable condition.
- All returns must be made within 45 days of invoice date.

Returns must meet Metro's then-current Minimum Return Value and may be subject to a then-current restock charge. See www.metro.com/Terms for Metro's current Minimum Return Value and Configured Product Restock Charge.

**Configured Products apply to thermal holding and transport cabinets, healthcare carts, point-of-care workstations, automated dispensing products, modular work centers, countertops, fixtures and medication carts.*

Most Metro Foodservice Products are listed by National Sanitation Foundation. For specific items, please check the latest NSF foodservice listing.
